Long To Address Solons Tonight On Tax Measures

Slates Appeal For Passage Of Major Raises

Governor Expected To Seek Action On Program This Week

BATON ROUGE, June 16 (AP)—Gov. Earl K. Long braced today for an all-out effort to shove his administration program, much of it bogged down in the House, through the Louisiana Legislature.

When lawmakers come back tomorrow night to open the sixth week of their 60-day session, Long will address a joint session.

He said he would explain to the lawmakers' their "responsibility" to pass his tax bills.

Administration leaders dodged showdowns last week on a series of administration bills, primarily four tax raises requiring a two-third vote. They remain on the House calendar subject to call.

But with the session well past the mid-point, the bills face the threat of being lost in he rush to adjourn.

"They'll have to come off next week or it won't do much good," Long said.

Tax bills pushed by the governor still facing the hurdle of a two-thirds House vote include:

1. An increase from $1.03 to $3 per ton in the sulphur severance tax. Long has mentioned shaving this to $2.75.
2. A doubled timber severance levy, from 2.25 per cent to five per cent.
3. A boost from one cent to 3½ cents per 1,000 cubic feet in the gas gathering tax, although there has been talk the increase might be reduced in size.
4. An increase, from 13 per cent to 17 per cent, in the total take from parimutuel betting at New Orleans racetracks. Long wants the tax raise reduced to 16 per cent in a floor amendment.

Taxes are not the only problem for the Long leaders.

The governor's plan to call a Constitutional Convention next year, also on the House calendar awaiting call, has roused opposition from rural members.

And Long's name-calling feud with the Martins, secretary of state Wade O. Martin Jr. and his father, chairman Wade O. Martin Sr. of the Public Service Commission, is set for legislative action on three fronts.

On the House calendar is an administration bill to increase the Public Service Commission from three to five members.

Chairman Martin, forced out of the race for re-election when two Long candidates entered against him, calls the proposal a bid by Long to take over regulation of Louisiana utilities, transportation and telephone service.

Commission John J. McKeithen, a Long political ally, also opposes the bill.

The House Ways and Means Committee set a hearing Tuesday on the administration bill taking the State Insurance commissioner job away from he sectetary of state, already passed by the Senate.

Awaiting a floor vote in the Senate is a bill to strip the younger Martin of another duty, state custodian of vote machines.

As the bill passed the House, it merely increased the membership of the board to purchase voting machines. In the face of a hostile House, Long leaders wiped out provisions which would have removed voting machines from low-vote precincts.

But although it was tagged an administration setback Long told a press conference, "I could have passed the bill. But a lot of people

Shepilov In Cairo To Seek Mid-East Ties

Red Leader Raps Oil Monopolies, Colonial Empires

CAIRO, Egypt, June 16 (AP)—Bushy-haired Dmitri Shepilov, the strapping new Soviet foreign minister, flew into Cairo today for the obvious purpose of driving new bargains in the Middle East.

Shepilov, who is credited with initiating the deal last year by which Egypt traded cotton for Czech arms, arrived with his beautiful brunette daughter and a party of Soviet officials as Moscow announced official diplomatic recognition of Morocco and Tunisia.

Egypt has openly taken under her wing the nationalist movements which have won almost complete independence for the two North African states from France, and Moscow has encouraged the movements as a part of its "anti-colonial campaign."

The timing of the recognition of the two states appeared to be part of the many-sided Soviet campaign to woo the nations of the Middle East, Asia and the Arab world.

Shepilov's first words, as he stepped from his plane were tuned to that theme.

He said he had come from a country of socialism "which totally repudiated the policy of colonial expansion, a country whose economic structure has no place for oil monopolies or any other kind of imperialist monopolies which suck the vitality of less-developed nations."

Egyptian Foreign Minister Mahmoud Fawzi, Soviet Ambassador E. D. Kisselev, diplomatic representatives of all Communist countries, the head of Communist China's trade delegation and the Indian ambassador were on hand to greet him.

Mrs. Kisselev presented a bouquet of flowers to Shepilov's daughter, Victoria, a tall 20-year-old girl in a grey suit.

Shepilov will have talks with Premier Gamal Abdel Nasser and Hassan Ibrahim, minister of state for production affairs. The talks with Ibrahim suggested that he might have something new to offer on the Aswan Dam.

President Laughs Off Questions On Running Again

WASHINGTON, June 16 (AP) — President Eisenhower today laughed off an attempt by newsmen to find out whether he intends to stay in the presidential race. And he got his first bit of nonliquid food since undergoing major abdominal surgery a week ago.

"The doctors tell me," press secretary James C. Hagerty reported, "that you would have thought the President was eating the best steak in the world when he got those four ounces of cream of wheat, and he really enjoyed it."

Before taking an early afternoon nap Eisenhower had a soft-boiled egg and a half-slice of unbuttered whole wheat toast.

A late afternoon bulletin, at 5:30 p.m., said the President "has had another good day" and was in excellent spirits.

It was announced that he would receive custard and a glass of skim milk during the evening.

Eisenhower was propped up in bed late in the afternoon to watch the National Open golf tournament at Rochester, N. Y. on television.

Starting his second week of convalescence, Eisenhower got still another "tremendous kick," Hagerty said, out of receiving at Walter Reed Army Hsopital a cartoon signed by all the golfers taking part in the National Open tournament at the Oak Hill Country Club, Rochester, N. Y.

The cartoon carried the names of several top golfers with whom the President has played, including Ben Hogan, Carey Middlecoff, Byron Nelson and Sam Snead featuring a golfer driving, the cartoon by E. R. Messner of the Rochester, N. Y., Times-Union is captioned:

"To Ike, who has done the most for golf, get well fast."

23 Beauties Entered For 'Miss Louisiana' Contest On July 2-4

LAKE PROVIDENCE, June 16 (Special)—Plans are nearing completion for the seventh annual "Miss Louisiana, 1956" pagent to be held in Lake Providence July 2, 3 and 4, James T. Herrington, president of the sponsoring local Junior Chamber of Commerce, said today.

Twenty - three entrants have placed their names on the contestants' list so far from all over the state, Herrington said. He added that a number of others are expected, because of so many local beauty contests now being held.

Entrants who have already filed formal registration papers will represent the following cities and colleges: Amite, Arcadia, Bossier City, Baton Rouge, Delhi, Ferriday, Haynesville, Lake Charles, Lake Providence, Monroe, Oak Grove, Rayville, Ruston, Tallulah, Winnsboro, Shreveport, Minden, New Orleans. Jena, Jonesville, Natchitoches, Louisiana Tech and Northeast State College.

The pageant parade of floats will start the long list of activities at 2 p.m. Monday, July 2.

Floats from organizations within East Carroll parish and from neighboring towns, will parade down Main street to the Legion Pier. The parade will give spectators a first look at the contestants, one of whom will be chosen as "Miss Louisiana" and crowned in regal ceremonies on the night of July 4.

The all-important "Judges' tea" will be held at the American Legion Home on July 3, giving the judges a chance to become personally acquainted with the contestants.

Contesting beauties will be judged on beauty of form and face; talent; personality; charm; and intelligence.

Preliminary contests are sched-

Long Denounced By Martin; Called 'Political Madman'

BATON ROUGE, June 16 (AP)—Secretary of State Wade Martin Jr., fighting Gov. Earl Long's move to oust him as custodian of vote machines, today called Long "a political madman."

In radio and television talks Martin said "the faster the Legislature and people of Louisiana realize this, the better off every one will be."

Martin denied what he said were Long's published statements that "I threatened several members of the Legislature with recall."

Awaiting House action is an administration-backed bill to remove Martin's job as custodian of vote machines. When the bill first passed the House it only increased membership of the board which buys vote machines.

But Senate administration leaders amended it in committee to incorporate provisions of a House bill to remove Martins' job as custodian. The House was openly hostile to Long's efforts in the original bill to take vote machines out of precincts with 200 or less voters.

The governor said yesterday he could have passed the bill as he wanted, but didn't want some of his legislators to get in the habit of voting against him.

Martin said Long had persuaded the Legislature he had a mandate from the people to oust constitutional board members.

"Now he is trying to indirectly address me out of office," Martin said, "and lacking even this argument because I received a bigger vote from the people than he did—he is using tactics that cannot be explained in a democracy."

Martin contended Long had endorsed him for re-election but now he is trying to "make it appear to you (the people) and the Legislature that he has 'taken out' after me."

"Had he really wanted to take out after me, he would have picked a fight on something be-

Bloodhounds Hunt Handcuffed Negro

CLINTON, La., June 16—UP—Sheriff's deputies and bloodhounds sought today for a handcuffed Negro, who was being held for questioning in a strychnine poisoning case.

East Feliciana sheriff Arch Doughty said Willie Williams eluded deputies and no trace of him could be found.

He was being asked about the strychnine poisoning of Isiah and Hamp Matthews, who were undergoing treatment at the Clinton infirmary after drinking poisoned whisky.

Miscellany In The News

NATCHEZ, Miss., June 16 (AP)—Gov. J. P. Coleman today denied he had ordered Adams County gambling establishments to close by midnight.

Earlier, a spokesman close to the sheriff said Coleman had sent the notice to city and county officers but that the warning was not accompanied by threat of a raid.

Coleman, who was on the Gulf Coast, said in his denial that his platform last year included an anti-gambling plank but he added, "I give no warning to gamblers and other lawbreakers."

NEW ORLEANS, June 16 (AP)—Fishermen today found the body of Charles E. Morris, 43, Jackson, Miss., driver of a trailer truck that jack-knifed on the Lake Pontchartrain bridge on highway 11.

The body was taken to a Slidell funeral home, but officials said it would be brought here at the request of New Orleans police for an inquest.

Dr. H. E. Gautreaux, St. Tammany Parish coroner, said death was due to accidental drowning.

Morris was hurled into the lake when the crash occurred during rough weather Wednesday.

Ellender To Seek Further Slash In Aid

Says It Is Time To Let World Know U. S. 'Purse Flat'

WASHINGTON, June 16 —UP—The Senate Foreign Relations committee bogged down Saturday on minor amendments to the foreign aid bill and delayed until Monday a final vote on its $4.5 billion measure.

The $4.5 billion price tag represents a slash by the committee of $400 million from President Eisenhower's original request for $4.9 billion, and a restoration of $702 million of the $1.1 billion cut imposed by the House. The biggest increase was an additional $600 million for military aid, which the House cut by $1 billion.

Sen. John J. Sparkman (D-Ala.) a member of the committee, said chances were "pretty good" for the Senate retaining the $600 million in military aid. But he admitted the increase faces a hard floor fight.

Sen. Allen J. Ellender (D-La.) a persistent advocate of lower foreign aid spending, said that regardless of what the foreign relations committee recommended he would seek to cut the bill even below the House-approved total of $3.8 billion.

Ellender said in his weekly broadcast prepared for a Louisiana station that he will try to "cut the program down to the bone." He said "it is time for us to let our friends across the seas know that the era of billion dollar boondoggles has ended, that Uncle Sam's purse is flat."

Ellender, a member of the Sen- appropriations committee, said "I believe that while the House made a good beginning in cutting the President's request by $1.1 billion, further cuts can and should be made."

The Foreign Relations committee finished the major money sections of the bill Friday. It had

Former Partner Criticizes Long's Tax Measures

NEW ORLEANS, June 16 (AP) — Clem Sehrt, a close friend and former law partner of Gov. Earl Long, today urged him to go easy on taxes.

Sehrt's advice came in a lengthy telegram sent to the governor. The message reviewed Long's big victory at the polls, recounted the taxes he has proposed and listed some of the industrial expansions which Sehrt said "have begun to shrink away from us." Sehrt said, however, that "it is not too late to turn back."

"You have proposed major tax increases on gas, timber, sulphur, alcoholic beverages and the Fair Grounds race track, for which you profess love and affection, not to mention the other tax increases proposed," the telegram said.

"During that short period McGraw-Hill Publishing Company, an unbiased national publication, has stated, 'the business climate in Louisiana may be changing for the worst.'

"The Texas daily newspapers are writing that you are performing a great service for their state by making it a natural for industry to settle there instead of here.

"Already committed industrial expansion in this state in the fields of paper, chemicals, sulphur, oil, nickel and others have begun to shrink away from us. Are not those significant facts that your tax program will do damage to the economy and industrial welfare of our state?

"I firmly believe that prior to

18 Wounded By Blast Of Grenade At Constantine

ALGIERS, Algeria, June 16 (AP)—Moslem rebels dropped a hand grenade outside a busy department store in Constantine today, wounding 18 persons.

French headquarters said the grenade was lobbed from an overhanging terrace into a crowd of shoppers along the Rue Curaman, one of the busiest streets in the city of 118,000. French women and children were among the wounded.

It was the second grenade throwing of the day in the eastern Algerian city. Earlier, a nationalist threw a grenade at a police box. The grenade fell among a groop of Moslems, killing one and wounding six.

Near Constantine, rebels opened fire with a marhine gun on a passenger train, killing two Moslems.

Speed Boat Events To Be Returned To Monroe In 'Race Of Champions'

"Speed boat racing will return to the Ouachita river on July 1, when the sports committee of the Monroe Chamber of Commerce will promote the first annual Silver Cup Race of Champions," Sports Committee Chairman Slim Scogin announced Saturday.

The races will be sanctioned by the National Outboard association, which will furnish officials and judges for the big event, and $1,300 in cash awards will be offered by local donors.

"This renewal of speed boat racing on the Ouachita at Monroe is being made possible by civic-minded business firms who believe that this clean sport should be revived in the interest of family recreation," Sports Co - chairman F. N. Steele said.

A series of 13 heats will be staged, according to the present plans offered by sports committee officials and a special scoring system will be devised, in order to determine the winner of the rotating silver cup. The giant silver cup will be engraved each year with the high-point winner's name and boat class inscribed.

"Since the races will be an annual affair, the racing sportsmen, in order to retain the giant cup, must win the Silver Cup top honors for three years," Sports Chairman Scogins said.

It was pointed out that the renewal of speed boat racing would be staged on Sunday annually in order that the entire family may plan to witness the colorful heats.

"The races definitely will not start until 1 p.m. aso as to afford ample opporunities for spectators to attend church services in their home towns or visit their congregations in the Twin Cities," Chamber Secretary Jim Williams said.

France's Pineau In U. S. To Seek Backing In Africa

WASHINGTON, June 6—UP—French Foreign Minister Christian Pineau arrived here Saturday to confer with U. S. leaders about Russia's new tactics and to seek support for France's position in troubled North Africa.

Before beginning his top-level talks with Secretary of State John Foster Dulles and other officials, Pineau spent the weekend visiting his son, 29-year-old Claude C. Pineau, manager of the local Air France office, and his two grandchildren, Claudia, 8 and Johnny 2, at their home in suburban Alexandria, Va.

Pineau's "official" visit begins Monday when he will move into Blair House, the government's guest house across Pennsylvania Avenue from the White House. He will open talks with Dulles Monday and may see President Eisenhower at Walter Reed Army hospital before leaving Friday.

Pineau, who arrived by train from New York, said in a brief speech at Union Station that he brought to Mr. Eisenhower "best wishes for a prompt recovery" from the people of France who are "united in a feeling of deep gratitude to the commander-in-chief of the army which liberated our country."

There are several U. S.-French differences which diplomats will try to straighten out during the meetings.

Pineau, who visited Moscow last month, is more optimistic about recent changes in the Soviet Union than are American leaders. He has been rather outspoken in criticizing U. S. reluctance to accept the French view that the new Soviet leaders really are seeking better relations with the West. In a recent speech, Pineau said the West "should respond to the Soviet overtures, while maintaining the necessary precautions."

Pineau also would like some public statement of U. S. support for the course France has been following in its efforts to cope with Arab nationalism in Algeria, Tunisia and Morocco.

Jes' Ramblin'

Today is Father's Day, a time when many in the United States and Canada will give expression to the love that binds fathers and their children in ties that can never be easily broken.

Through the work-a-day-year, often a father is taken for granted, little or no one thinks of what he produces by dint of hard labor, and often personal sacrifice. It is all in a day's work, a week's or month's or year's experiences. Dad too often is taken for granted by those very persons who owe so much of the necessities and joys of life to this parent.

Some such line of thought must have caused Mrs. John Bruce Dodd of Spokane, Wash. to start something at the time really new. She originated Father's day in 1910.

U. S. Vice Consul In Cyprus Slain By Bomb Attack

NICOSIA, Cyprus, June 16—UP—Cypriot extremists tossed two bombs into a downtown restaurant Saturday, killing a U.S. vice consul and wounding two other Americans.

The dead man was identified as William Boteler, U. S. vice consul in Nicosia. He was transferred here from Ankara, Turkey, just four weeks ago.

The two wounded men were believed to be U.S. Marines. One was reported in critical condition.

(In Washington, the U. S. State Department officially announced Boteler's death several hours after the bombing. The State Department gave his home address as 2480 16th St., Washington, D. C. The State Department spokesman said he had no information on other Americans who were in the restaurant at the time of the bombing.)

They were the first American casualties on Cyprus since Greek Cypriots began fighting last year to break their ties with Britain.

The three Americans were eating at the little Soho restaurant in Regina Street when the bombs were thrown. Two Cypriot youths were believed to have tossed two homemade gas-pipe grenads into the dining room.

The blasts struck with full force at the table occupied by the Americans.

Boteler was fatally wounded and died a short time later at the British military hospital. A second American was gravely wounded, and the third was only slightly hurt.

Quarles Confirms H-Bomb Dropped Far Off Target

WASHINGTON, June 16 (AP) — Secretary of Air Quarles said today that "due to human error" the H-bomb dropped by a B52 at Bikini last month burst "somewhat less than four miles short of the planned position."

In a brief formal statement answering inquiries about the missing of the target in the first American drop of a live H-bomb Quarles said.

"The error was in the manipulation of the bombing equipment and did not involve malfunction of the aircraft or any of the equipment that it carried."

He said that "while the error was considerbaly more than normally expected, it was not great enough to have a serious effect on the success of the experiment."

Quarles was asked by a newsman if the marginal error would have been serious under actual combat conditions. He replied laconically, "The arithmetic is pretty obvious."

He referred to the fact that the area of total or major destruction by an air burst of an H-bomb of about 10 megatons — the equivalent of energy yielded in the explosion of ten million tons of ordinary TNT — is estimated at about 12 miles.

Quarles said "the initial thinking" was not to make any official announcement regarding the incident. This, he said, was "not to shield any error but because it seemed wiser not to talk about the subject."

Cloudy And Damp Forecast Locally

A couple of days of cloudy, soggy weather appear to be in prospect for the Twin Cities area, the federal forecaster said last night. The outlook is for scattered showers and thunderstorms Sunday and Monday.

Scattered showers and thundershowers with little change in temperature are forecast for the Arkansas area.

Prospects Grow Dim For Pre-Election Tax Cuts; Slash In U. S. Debt Seen

WASHINGTON, June 16 —UP—Prospects for a pre-election income tax cut grew dimmer Saturday despite the certainty of a sizeable budget surplus in the fiscal year which ends July 1.

There were these developments:

1. Democrats and Republicans backed an administration proposal that the legal limit on the national debt be scaled down by $3 billion, starting July 1. This will tend to offset the budget surplus and leave less elbow room for a tax cut.

2. House Democratic leaders held a secret 90 - minute caucus Friday with Democrats on the tax writing House Ways and Means committee to consider the committee's agenda for the rest of the session. Several participants said Saturday that no one at the launch a last-minute drive to cut income taxes.

This was considered significant since a similar strategy caucus in April, 1955, signalled the start of the Democrat's abortive drive last year to cut income taxes $20 a person. The administration-opposed measure passed the House last year but was killed in the Senate.

Another setback to tax - cutting prospects is bipartisan support developing for legislation to lower the temporary ceiling on the national debt from $281 billion to $278 billion.

The debt ceiling is scheduled to drop to its permanent level of $275 billion on July 1.

Chairman Harry F. Byrd (D-Va.) of the Senate Finance committee has persuaded the administration to ask for a temporary one-year increase of only $3 billion instead of seeking another one-year extension of the temporary $6 billion increase that expires June 30.

Members predicted the $3 billion temporary increase will be approved overwhelmingly by the Ways and Means committee next Tuesday. The committee plans to vote on the legislation immediately after hearing testimony from Secretary of the Treasury George M. Humphrey at a public hearing.

250 Relatives Attend Reunion Of Russell Family

JENA, June 16 (Special) —Some 250 persons from throughout Louisiana, Arkansas and Texas attended the first annual reunion of the Russell family, held near Jena last Sunday at the Camp of E. E. Jones, a grandson of the late George Guest Russell, II.

Members of the Russell family attending the gathering all were descendants of Elijah Russell, born in England in 1793. Those present were representatives of of the eight children of George Guest Russell, oldest son of Elijah Russell, and of Thomas Russell, youngest son.

The largest family represented was that of the late James D. Russell, a son of George Guest Russell and grandson of Elijah Russell, Sr.

The oldest descendent of the Russell family present was Bingham Russell, 76, of Rusk, Texas, son of the late Elijah Russell, II. The youngest family member present was Joy Lynne Patterson, 10 months, of Sulphur, grand-daughter of Mrs. May Russell Windham who is the grand-daughter of the late William T. Russell, a son of Elijah, Sr.

Mrs. Anna Russell, 89, of Jena, wife of the late James D. Russell, also was present. She is the only living spouse of any of the children of George Guest Russell.

Moving pictures and snapshots of the gathering were made by family groups and during the afternoon, the Rev. J. P. Owens, pastor of the First Baptist church of Jena, spoke briefly, pointing out the advantages of large families and the privileges and freedom enjoyed by those present whose ancestors played their part in establishing those blessings.

The Russell family is descended from a father and three sons who came to America in the early 1800's from England. Shortly after their arrival in the United States, they became enbroiled in the War of 1812, taking up their arms for their adopted country against their homeland.

The youngest of the three sons was Elijah Russell, Sr. Emigrating from South Carolina, the family of Elijah, Sr., stopped off in Mississipi and several of his children remained there to make their home. Elijah, Sr., and sons George Guest Russell and Thomas Russell accompanied their father on into Louisiana.

George Guest Russell's descendants were Sarah (Tullos) and 24 of her descendants were present at the gathering; Elizabeth (Tullos), five descendants present; Elijah, II, six descendants present; William T., 38 descendants present; James D., 48 members of his family present; Benjamin F., 40 descendants present; George Guest, Jr., 43 members present, and Alice Jane (Sanders), seven members present.

Although there were some 250 present, "there was food enough for 500," according to A. B. Russell, of Jena.

Dr. W. Robinson To Do Research At Wayne University

NATCHITOCHES, June 16 (Special) — Dr. Walter Robinson, head of the industrial education department at Northwestern State College, will leave for Dearborn, Mich., June 25 where he will serve as a judge for the Ford Industrial Arts Awards and do research work at Wayne University in Detroit.

From July 10 to July 13, Dr. Robinson will be guest of Ford Motor Company at Dearborn Inn, along with 32 other judges selected from all over the country. He will judge projects made in industrial arts shops in junior high and secondary schools and vocational schools throughout this country and Canada.

Dr. Robinson will begin research work at Wayne University the latter part of June. Working on a post-doctoral fellowship, he will do six weeks of research in connection with the major industries of Detroit.

Dr. Robinson is serving his second year as a member of the Ford Industrial Arts advisory council. This national group sets up policies and standards for the awards program.

Leo Lambertson To Be Speaker At Ahepa Meeting

Attorney Leo J. Lamberson, of South Bend, Ind., past supreme president of the Order of Ahepa, National Hellenic Fraternity, will visit Monroe to address Ahepa's district convention banquet, next Monday, June 25, according to Gus Antipas, general chairman.

Lamberson is a native of Indiana. An attorney for 19 years, Ahepa's dignitary has been active in fraternity affairs for 25 years, and visited every district in the Ahepa Domain from coast to coast, Canada, Bahama Islands, and Greece. He has personally initiated into Ahepa and signed up more governors, senators, congressmen and mayors than any other Ahepan in the fraternity's 34 year history.

He has served the fraternity for 20 consecutive years, and held various posts in his chapter, state and supreme counsellor, secretary, vice - president, and the retiring supreme president of the order last year. He is now national chairman of it's refugee program in the U. S. A., in charge of Greek refugee and orphan's program. Ahepa R. R. C. is one of 32 voluntary agencies accredited by the U. S. State Department, and gained fourth place in U. S. refugee program.

Lamberson flew to Greece last summer for negotiations with the Greek government and orphanages under current Refugee Relief program which expires Dec. 1956, unless this session of Congress votes for a brief extension of the act and to increase the quotas for orphans and Greek Veterans of the Korean War.

He is a member of the Indiana U. S. Supreme Courts, has served as St. Joseph County (Ind.) election commissioner, special judge, and deputy prosecuting attorney. Also present will be Rep. Otto Passman; Jimmy Cokinos, mayor of Beaumont, Texas; and many other distinguished guests.

Two cannon balls from the siege of Yorktown, Va., are still imbedded in the walls of the Nelson House there. The owner himself, American General Thomas Nelson, ordered the shots fired, knowing that Lord Cornwallis was using the house as headquarters.

BIG HOLE IN ROAD—There is a gaping 8 foot sewage-filled hole larger than a car at the intersection of Mouton and Dick Taylor street, near the city bus barn on Lee avenue, that is polluting the air in that neighborhood with—needless to say—an unpleasant odor. The cave in, was caused by a leak in the sewer line that carried the soil away, Mrs. Marvin Foster, 3501 Dick Taylor, who reported it said the cave-in occured either April 9 or 16. Brownell Resigns As Commissioner Of U.S. Education

WASHINGTON, June 16 (AP)—Samuel M. Brownell resigned yesterday as U.S. commissioner of education to become superintendent of schools in Detroit at $30,000 a year. This is a higher salary than is paid any other official in Michigan, including the governor.

As commissioner, Brownell has received $14,800. The governor of Michigan is paid $22,500.

Brownell, 56. told a news conference shortly after President Eisenhower accepted his resignation that the Detroit offer had come up suddenly — "as a complete surprise to me" — and that his first and only personal conference with the Board of Education there was within the past two weeks.

There was no indication who would succeed Brownell, brother of Atty. Gen. Herbert Brownell Jr. He has served as commissioner for 2½ years, on leave from Yale University, where he was a professor of educational administration.

Brownell told reporters that government pay is so low in some cases that officials are not willing to stay and this poses "one of the big problems."

Brownell said he thought chances that federal school building aid legislation will pass in this session of Congress are "favorable" in view of the fact that the House Rules Committee has set hearings on the $1,600,000,000 measure for next Tuesday.

Brownell said he expects to start work at Detroit Sept. 1, under a five-year contract.

In a letter accepting the resignation, Eisenhower spoke of "the administration's loss" but said "I know that your decision has taken many days of careful thought during which you reached the conviction that in your new duties you can continue to contribute greatly to the betterment of American education and to the general good of the nation."

The bidding:

North, 1 diamond; East 1 spade; South, 2 hearts; West, Pass.

North, 3 diamonds, East, Pass; South, 4 diamonds; West, Pass.

North, 4 hearts; East, Pass; South, Pass; West, Pass.

Opening lead: King of clubs.

Having carefully set he stage for a clear-cut victory over the opposition, East found it necessary to change horses in midstream due to a neat but unforeseen maneuver of the enemy.

The final contract of four hearts was logical enough, tho some may take issue with North's final bid. Supporting with three small trumps a suit which had not been rebid will appear rather drastic. But North made the bid under circumstances which establish that he has only three hearts, for if he had four he would have raised the major suit on the previous round instead of rebidding diamonds.

West opened the king of clubs. East saw that unless a ruff could be obtained there was no hope for the defense, whereupon he overtook West's king and returned the nine of diamonds. It was, of course, his intention to run up with the ace on the first lead of trumps, put partner in by means of the queen of clubs and obtain the necessary ruff.

His purpose did not escape declarer, who improvised a method to prevent East from reaching partner's hand. That East held the queen of spades, there could be no doubt, and the bidding also rendered it highly likely that he had the ace of hearts. South therefore led a spade to his hand and returned the jack, which was overtaken with dummy's king. Then came the ten of spades, and when East covered with the queen, South declined to ruff, discarding his remaining club instead.

This put an end to East's aspirations for a ruff, for there was no way to reach partner's hand. However, another line of defense suggested itself. It depended upon West having at least three hearts headed by the nine. East continued with a fourth round of spades. South was compelled to ruff with an honor, and lead a heart honor from his hand. East won with the ace, returned the fifth round of spades, and declarer was helpless, for he could not prevent West from scoring a trick with the nine of trumps.

Shortle Qualifies For Entrance To Military Academy

NATCHITOCHES, June 16 (Special) — Dickson Shortle, a letterman on the Northwestern State College swimming team last year and a member of the student newspaper staff, has qualified for entrance into the United States Military Academy at West Point, New York, next year. He will report July 13.

Shortle, who came to Northwestern from Sewanee Military Academy of Sewanee, Tenn., received his appointment through Representative Frank Smith of the third district in Mississippi.

At Sewanee he received athletic awards in swimming, track and football, was nominated to the Cum Laude Honorary Academic Society, and was one of the very few cadet lieutenants in the history of Sewanee.

He lettered on Northwestern's swimming team this year as a freestyle sprinter, but the New Orleans freshman switched to high-diving after the season began with marked success. At New Orleans recently, he took second place in the men's three meter Junior National AAU Diving meet at a representative of NSC.

The Sulphur Severance Tax Boost

The Earl K. Long-sponsored proposal to increase the sulphur severance tax in Louisiana from $1.03 to $3 per ton has been approved by a House committee and now awaits floor action.

This proposed hike of nearly 300 per cent in the State levy upon sulphur is an ill-devised raid upon a natural resource produced in Louisiana under highly competitive conditions with those of other states, notably Texas, and foreign countries such as Mexico.

The Engineering and Mining Journal, a highly respected national publication founded in 1866, comments editorially upon the proposed sulphur tax hike, in its June issue, saying:

"JUST ONE YEAR AGO we ran an editorial showing that such countries as Peru, Canada and Southwest Africa which provide a fair and favorable economic climate for venture capital have benefited by such policies; and that other countries which resorted to high taxes and confiscation have suffered economically. We don't have to go out of the United States to study the impact of taxation. If, for instance, Minnesota had levied unrealistic taxes on new taconite industry, she would have automatically cut herself off from investments which will ultimately total $½-billion or more.

"Now we note an ominous development in Louisiana, where Earl K. Long, brother of Huey Long, has recently taken office as governor. Under a newly introduced bill H.R. 671, the Governor and his strong following would increase the severance tax rate on sulphur from $1.03 to $3 per ton.

"If imposed, this tax will be a serious blow to Louisiana's sulphur producers and shut down some of the high-cost properties. The sulphur industry is highly competitive, and a $3 tax would put Louisiana sulphur at a severe disadvantage with sulphur from Texas where the tax is less than half of this amount. Equally serious is the fact that Mexican sulphur production is now having an appreciable effect on U. S. exports. U. S. sulphur exports are expected to fall from about 1.65-million tons in 1954 to less than 1-million tons in 1956, largely due to Mexican exports.

"With American producers facing this kind of competition, and Louisiana's economy so heavily dependent upon sulphur, the contemplated tax increase seems hard to justify. The increased revenue will not be nearly so important to Louisiana as would be convincing evidence that Louisiana wishes to offer a favorable climate for venture capital and industrialization.

"Just because a state happens to be endowed by Nature with rich deposits of major mineral does not give that state a right to extort high levies which consumers in the rest of the states will eventually have to pay. What would happen to the U. S. if Minnesota with its iron, and Arizona with its copper, and the Plateau states with their uranium resorted to economic hijacking with unreasonable severance taxes? We'd end up with an economic war between the states.

"The plain facts are that the strength of the United States rests upon the resources and industrial production which the states share with each other, and employ in the mutual defense of the nation in time of crisis. It is equally important that this relationship be maintained in time of peace."

Under the Kennon administration, Louisiana made tremendous strides toward industrialization; and the root and basis of the Kennon policy, as implemented by the Governor and the Legislature, was to encourage industrial expansion, assuring industry it would be treated fairly from a tax standpoint.

The splendid work done by civic organizations throughout the State in attracting new industries and bringing about vast expansion of existing plants brought jobs to many thousands of workers, and prosperity to many communities.

But now, industry is warning the people and the Legislature that such injustifiable tax hikes as the gas-gathering increase, the 300 per cent hike in the sulphur severance tax, and the wholly indefensible timber-taxing proposals create a climate not conducive to industrial growth.

The "political immaturity" of the Long administration and the Long-dominated Legislature threatens to undo much of the fine work done under the Kennon administration; and bring industrial growth in Louisiana to an abrupt halt.

Unless the people themselves make their sentiments known overwhelmingly, forcibly and immediately, in protest against these ill-advised tax raid upon natural resources, irreparable damage may be done to the economy of Louisiana and its communities and parishes.

Two-Way Obligation

The president of the Chamber of Commerce of the United States recently said that businessmen have both the obligation and the right to speak on political and other issues of the time. He then mentioned certain things that businessmen should be solidly against—among them, government in business, and high taxes.

This is a logical position. At the same time, businessmen must realize that what is sauce for the goose is sauce for the gander. If, as they should, they oppose costly special favors for other groups, they should be as adamant in opposing special favors for themselves. Business groups have often and deservedly lost public regard because they have supported proposals for government spending that would benefit them—while urging strict economy when it came to the other fellow.

Rain Maker At Work

The following advertisement, "WANTED—GENERAL SOAKING RAIN. PLEASE RUSH. CLIFF PERKINS," appeared in the West Branch, Iowa Times—Herbert Hoover's birthplace—on April 26. The paper went into the mail about 8 in the morning. By suppertime the rain came and brought an end to a 8-month dry spell.

It is estimated this advertisement was worth millions to the residents of Cedar County and the state of Iowa. You don't have to argue with Cliff Perkins and his friends on the [illegible].

IN WASHINGTON

Eisenhower's Illness

WASHINGTON, D. C. — There are short and long range views of the latest Eisenhower illness.

The short - rangers wonder whether the president will change his mind about running and whether he can be reelected if he does run.

Realizing that critical decisions face him in coming months and—if he is continued in office — for the ensuing years, the long-rangers wonder whether he will be in physical shape to stand the continual pressures of another four years. They recall that the late President Roosevelt was known to be in failing health before his fourth term election, and that he made a very limited campaign, which taxed his physical stamina and possibly contributed to his sudden death five months later.

Naturally neither question can be answered with much assurance. The president might have a setback during his convalescence or in case he is renominated, during the election campaign. Physicians attending him have given opinions, based on medical histories, that if he is reelected, he will be able to function for an undeterminable time, much as he has since his announcement on Feb. 29 that he would accept renomination.

Meanwhile, despite the evident agreement of physicians and surgeons who participated in the consultations before and after his operation that he will soon be back at work, a number of other members of the medical profession, who have had no opportunity to study his case at first hand, have raised doubts whether his recovery will be as complete as the consulting doctors seem to believe.

The principal point of disagreement is whether the intestinal "detour" which the operation provided will function adequately without a subsequent operation to remove the congested portion of his intestines which resulted in an obstruction that made surgery necessary. The attending surgeons were unanimously of the opinion that no second operation, involving part of the intestine would be necessary.

In contrast to the apprehension which his close White House associates felt after his heart attack, they are now obviously confident of his early recovery and his continuance as a candidate.

Singularly, there is no recurrence of speculation heard after last September's attack that Mrs. Eisenhower and other members of his family were firmly of the opinion that he should not be a candidate. This was apparently ended by his statement at the time of his announcement that none of his relatives had at any time urged him not to run again.

If his recovery proceeds on schedule, it is now assumed in most circles that he will reaffirm his candidacy. The assumption is supported by a reliable story told this writer before the Feb. 29 announcement, to the effect that the president, during his illness, had acquired a new feeling of dedication, which he had not experienced before, to the maintenance of world peace and to the other points of his program.

Franklin D. Roosevelt undoubtedly had a similar feeling when he ran for a fourth term in the last year of World War II, though he knew that his own health was breaking. It is not uncommon for presidents of the United States to become so dedicated to the causes they espouse, accompanied by the conviction that they must continue in office.

If he declares that he feels physically fit, and there is no evidence to the contrary, the impression here is that he will defeat any candidate whom the Democrats nominate. The alternative would be that he should feel at the end of six weeks from now that he is not strong enough to carry on through the campaign, and should therefore withdraw. Of that, there is no present prospect.

In Roosevelt's case an infinitesimal portion of the electorate, including few in Washington, had any idea of his poor physical condition. Then there was no physicians' consultation and the facts disclosed after his death leave doubt that had there been one, the recommendation would have been that he withdraw. His decline became apparent only during the fall of 1944, when the most anyone heard was that he was a "very tired man".

President Eisenhower has been obviously tired at no time since he returned to his White House duties. If he accepts a renomination, he will have additional reason to hold to his limited campaign of five or six speeches, and in those his television audiences will be as attentive to his physical appearance and vigor as to this presentation of issues.

For the long rangers, there is no certain answer. The next four years can be as tough on the White House occupant as any term in modern history. How Ike or any other president will stand them is something that even the best medical science cannot predict.

What Are Fathers Made Of?

A father is a thing that is forced to endure childbirth without an anesthetic.

A father is a thing that growls when it feels good . . . and laughs very loud when it's scared half to death.

A father is sometimes accused of giving too much time to his business when the little ones are growing up.

That's partly fear too.

Fathers are much more easily frightened than mothers.

A father never feels entirely worthy of the worship in a child's eyes.

He's never quite the hero his daughter thinks. . . never quite the man his son believes him to be. . . and this worries him, sometimes.

So he works too hard to try and smooth the rough places in the road for those of his own who will follow him.

A father is a thing that gets very angry when the first school grades aren't as good as he thinks they should be.

He scolds his son . . . though he knows it's the teacher's fault.

A father is a thing that goes away to war, sometimes . . .

And learns to swear and shoot and spit through his teeth and would run the other way except that this war is part of his only important job in life . . . which is making the world better for his child than it has been for him.

Fathers grow old faster than people.

Because they, in other wars, have to stand at the train station and wave goodbye to the uniform that climbs aboard. . .

And while mothers can cry where is shows. . . .

Fathers have to stand there and beam outside . . . and die inside.

Fathers have very stout hearts, so they have to be broken sometimes or no one would know what's inside.

Fathers are what give daughters away to other men who aren't nearly good enough . . . so they can have grandchildren that are smarter than anybody's.

Fathers fight dragons . . . almost daily.

They hurry away from the breakfast table. . .

Off to the arena which is sometimes called an office or a workshop. . . .

There, with calloused, practiced hands they tackle the dragon with three heads. . .

Weariness, Work and Monotony.

And they never quite win the fight but they never give up.

Knights in shining armor. . .

Fathers in shiny trousers. . there's little difference. . .

As they march away to work each workday.

Fathers make bets with insurance companies about who'll live the longest.

Though they know the odds they keep right on betting. . .

Even as the odds get higher and higher. . . they keep right on betting. . . more and more.

And one day they lose.

But fathers enjoy an earthly immortality. . . and the bet's paid off to the part of him he leaves behind.

I don't know. . . where a father goes. . . when he dies.

But I've an idea that after a good rest. . . wherever it is. . he won't be happy unless there's work to do.

He won't just sit on a cloud and wait for the girl he has loved and the children she bore. . .

He'll be busy there, too. . . repairing the stairs . . . oiling the gates. . . improving the streets. . . smoothing the way.

McClellan Investigation Promises Headlines

WASHINGTON, June 16 (CQ)—The Senate investigation of lobbying is about to produce some headlines after four months of unspectacular spade work.

Sen. John L. McClellan's (D Ark.) special investigating committee begins hearings Thursday (June 14) on eight organizations it says were active in the battle over the bill to exempt independent natural gas producers from federal regulation.

The hearings will involve big name politicians, businessmen, labor leaders and lobbyists who figured in the fight over the controversial measure vetoed by President Eisenhower last Feb. 17.

McClellan and his fellow investigators are trying to learn if gas bill lobbyists tried "to further their own interests by highly questionable activities," as the president charged in his veto message.

Slated to lead off the testimony very soon is the Natural Gas and Oil Resources Committee, which backed the vetoed legislation. Others who worked for the bill and have been called to testify are the Mid-Continent Gas and Oil Assn., the Joint Committee of Consumers and Small Producers of Natural Gas and the Committee for Pipe Line Companies.

Anti - gas bill groups listed by McClellan are the Council of Local Gas Companies, the National Institute of Municipal Law officers, the Mayors' Committee on Natural Gas and the United Automobile Workers (AFL-CIO).

Members of Congress from both parties reported heavy pressure on them from opposing groups in the gas bill fight. One of them, Sen. Alexander Wiley (R Wis.), has hinted that proponents of the gas bill which he opposed are working against him in his primary fight against Rep. Glenn Davis (R Wis.) Davis voted against the bill when it was before the House.

Wiley worked with at least two of the groups opposing the bill. Last Jan. 9 he addressed a Washington meeting of the council of Local Gas Companies and urged the 60-member group to use "phone calls, personal visits, telegrams, letters, postal cards, petitions and every other means available" to defeat the gas bill. The council reported spending $27,849 in its effort to beat the bill.

Wiley also led 16 "representatives of consumers" March 18 to see President Eisenhower and urge him to oppose the gas bill. Eleven of the 16 persons in the group were members of the National Institute of Municipal Law Officers.

The Mayors' Committee on Natural Gas was sparked by four prominent Democratic politicians. Directing its activities in 1955 was Joseph S. Clark, former mayof Philadelphia and now Democratic Senatorial candidate in Pennsylvania. Two other Pennsylvania Democrats, Mayors David L. Lawrence of Pittsburgh and Richardson Dilworth of Philadelphia, are on the committee's executive board.

The chairman of the mayors' group in 1956 is Mayor Robert F. Wagner of New York City, mentioned as a possible Democratic vice presidential nominee or New York Senatorial candidate.

The mayors' committee, like NIMLO, did not register or report its spending under the Federal Regulation of Lobbying Act. Spokesmen have said they were exempt as representatives of municipalities.

The United Automobile Workers president, Walter P. Reuther, also is a powerhouse in the Democratic party. The UAW led labor's fight against the measure, but the extent of its effort is unavailable. It is not registered as a lobby.

The most prominent public figure among the groups supporting the natural gas bill that will testify is Alex M. Clark, former Republican mayor of Indianapolis. Clark drew a $5,500 salary for the first three months of 1956 as chairman of the Joint committee of Consumers and Small Producers of Natural Gas.

Clark's organization claimed support from "more than 500 mayors, small producers and consumers in more than 30 states" and reported spending $37,686 in the first quarter of 1956.

A New York public relations office, Hill and Knowlton, has been called to testify as a result of its work for the Natural Gas and Oil Resources Committee. L. F. McCollum, president of the Continental Oil Co. of Houston, Texas, and chairman of this committee, also has been called as a witness. The Gas and Oil Resources Committee represented 1,500 individuals and companies and did not register as a lobby or report its spending.

Likewise unregistered as a lobby is the Mid-Continent Oil and Gas Assn., representing more than 3,000 independent oil producers, with headquarters in Tulsa, Okla. Charleton H. Lyons of Shreveport, La., is president of the association. Claude C. Wild is registered as its lobby agent, but his last spending report was filed in 1954.

A Representative of the final group listed by McClellan, the committee for Pipe Line Companies, told Congressional Quarterly it "didn't have anything to do with the natural gas bill itself." Its concern, Executive Secretary Gordon C. Locke said, was exclusively with an amendment that would have affected petroleum pipe lines.

Louisiana Needs A Strong Second Political Party

New Orleans, La.

Editor, Morning World:

Like many sincere southern voters I believed in the conservative platform of the 1952 Republican party. I believed Eisenhower when he stated in New Orleans that he did uphold the principal of States Rights and that he did not approve of any federal interference with local educational matters.

I was then a member of the Republican party and worked for the election of "Ike" I hoped and believed that a second political party would become a reality in Louisiana. Later I was invited to run on the GOP ticket for the New Orleans Commission Council.

But then came the Republican inspired integration decision of a strangely influenced Supreme Court.

Then the Eisenhower administration conspired to bring about the completely false charges that resulted in the "censure" of the great Senator McCarthy who was exposing Communist influence in government departments. In this action the plotters in the White House followed exactly the demands being made in the Communist party newspaper, the Daily Worker.

The Eisenhower administration then proceeded to follow more advice from the Daily Worker. This was a demand for a "meeting at the Summit". Here the president gave the prestige of the United States to the ruthless rulers of the Soviet slave empire. As a result there has been a suicidal relaxation of anti-communism throughout the yet-free world.

For these and other reasons I changed my voting registration to independent.

I did not register as a Democrat because that party, both at the state and national levels through its present spokesmen have indicated that they are for Stevenson who recently bragged of his strong stand on "civil rights" to the voters of California.

What Louisiana needs is a strong second political party to properly represent all Conservative voters who believe in the preservation of Constitutional States Rights, free competitive enterprise, and in decent well - ordered representative government.

League Of Disgusted Citizens

Editor, Morning World:

So the League of Women Voters endorses bills S-252 and H-818 giving any yap the right to vote. I am a member of the League of Disgusted Citizens (also a pressure group) and I demand that my fox terrier have the right to vote, for if given an I. Q. test by a competent person, I am sure he is a much more qualified member of the electorate than some of the voters I have seen waiting in line to cast their ballot.

I can now understand what Karl Marx meant when he said, "Universal Suffrage will ultimately bring about the destruction of property rights."

I feel sure the League of Disgusted Citizens is not alone in wanting fox terriers and other dogs to vote. One thing for sure, they can't be bought for $5.00.

Hitler And Earl Long

Editor, Morning World:

Never before have I written to a newspaper with reference to politics, but I am thoroughly convinced that the time is here for the people to begin to speak. I enjoy your editorials very much. Hitler and Earl Long are two of a kind, and I sincerely agree with the man in Texas. Maybe some day the people of Louisiana will educate themselves and get rid of this type of government. Most of our Legislators don't have the guts to stand up for what is right. Louisiana is the laughing stock of the nation to have a man as governor who can't even carry on a decent conversation.

One of the best ways to fight is through our paper. Keep up your good work.

JOHN A. CUNEY.

(Editor's Note — The man in Texas referred to, is Joseph C. Self of Victoria, Tex., who was quoted as saying, "Texas doesn't want to see Louisiana's throat cut, industry wise, but there is no reason why we shouldn't be the beneficiary if our sister state wants to commit industrial suicide".)

NEW ORLEANS, June 16 (AP) — The Central Jurisdictional Conference of the Methodist Church today elected Dr. Prince Albert Taylor Jr., bishop.

He will be assigned supervision of the Monrovia-Liberia area for the next four years.

Dr. Taylor, 49, of New Orleans, will be consecrated at services at 2:30 p.m. tomorrow at Dillard University.

Bishop Willis J. King, formerly of the Monrovia-Liberia area, has been assigned to the New Orleans area.

GULFPORT, Miss., June 16—UP—The bodies of three seamen who drowned when a raging Gulf storm sank the Tug Mary Dee Wednesday were to be shipped to their homes today.

All three bodies washed ashore yesterday, ending a two - day search by the Coast Guard which managed to save 13 crewmen of the ill-fated vessel.

S. O. Morris, Logtown, Miss., was found on the beach just hours after the bodies of Chief Engineer Louis Lynch, 55, and Negro Samuel Weston, 40, were washed ashore at Long Beach.

WASHINGTON, June 16—UP—Louisiana would get $45 million during the next two fiscal years starting July 1 in new interstate funds under the highway conference bill.

The Pelican State would get about $28.5 million in regular federal aid for primary, secondary and rural roads.

BATON ROUGE, June 16—UP—Police said today a 19-year-old Monroe woman was injured yesterday in an automobile accident on Airline highway near Baton Rouge.

They identified her as Mary Catherine Price. She apparently lost control and the car she was driving rolled over three times.

HAMMOND, La. June 16—UP—Farmer Floyd Calmes of Hammond said today his prize bull suddenly became vicious and attacked him.

Calmes received three broken ribs, and slight arm, back and head injuries.

NEW ORLEANS, June 16—UP—A Coast Guard pilot who guided a crippled helicopter through gale-force winds to rescue 10 persons will be recommended for the Air Medal.

Lt. Nicholas Ivanovsky of New York made the rescues in the tropical disturbance Wednesday at the mouth of the Mississippi River.

Lt. Cmdr. Milton B. Williams said he would recommend the medal for Ivanovsky, who aided six men marooned on the fishing vessel Milmar grounded in mud flats in Southeast Pass. He then picked up four Coast Guardsmen stranded in a wooden lighthouse.

Skelton Quips To Ease Tension On Stricken Plane

SAN FRANCISCO, June 16 (AP)—Sixty passengers, including Red Skelton, who took off last night from Los Angeles for Honolulu, left here this morning for the same destination.

The big Pan American plane departed at 11:45 p.m. from Los Angeles. Passengers included Skelton and his family, and singer Bob Crosby and his family.

When the plane was 300 miles on its way oil pressure trouble developed in the No. 4 engine. The pilot asked headquarters whether he should return to Los Angeles, or go to San Francisco.

He was instructed to land at San Francisco, where a spare plane was available.

Passengers said Skelton kept up a constant chatter during the flight.

Cocking an ear to strains of soothing music coming from the loudspeakers, he cracked: "It seems to me they ought to be playing 'The High and the Mighty.' "

After this reference to a movie about a transpacific plane in difficulty, he told his children sternly:

"I warned you brats not to fool with that motor."

Red's wife, Georgia, said Valentina, 10, and Richard, 9, had been up front with the captain earlier.

As the airliner neared the San Francisco runway, the comedian turned to his fellow passengers and announced:

"Ladies and Gentlemen, this is indeed an occasion. It has just taken us almost four hours to fly from Los Angeles to San Francisco in an airplane going nearly 400 miles an hour."

Los Angeles and San Francisco are approximately 350 airline miles apart.

Long also is backing legislation to oust Martin as state insurance commissioner.

Martin said Long was trying to ram through the Legislature "the same kind of insurance setup that they have in the state of Texas. . . where 41 Texas companies went broke in the last 12 years."

He also accused Sen. C. H. Downs, a Long leader and chairman of the Senate Judiciary "B" Committee, and its members, of "the lowest type of political trickery" in amending the House-passed vote machine bill.

The weight of public opinion, Martin contended, has forced Long to abandon his efforts to remove vote machines in small precincts.

uled to begin on the night of July 2, when half of the contestants will appear in bathing suit competition and the other half in talent.

On Tuesday night, second day of the contest, the first night's order will re reversed and each entrant will be judged on both classifications.

Wednesday night, July 4, third and final day of the event, will feature the top ten contestants, who will return in both bathing suits and evening gowns. Eliminations will be made until "Miss Louisiana" is selected by the judges.

The "Miss Louisiana" pageant, held in conjunction with the July 4 celebration, annually attracts thousands of visitors, some from great distances.

Always exciting, the three day event features inboard motor boat races on the beautiful Lake Providence; the pageant parade of floats; and three nights filled with gay entertainment, climaxed with the selection of Louisiana's entry into the "Miss America" contest at Atlantic City, N.J.

Herrington said today that applications for participation in the inboard motor boat races have been pouring in. He added that this portion of the program promises to be bigger than ever.

The Jaycee president also said that his organization, pageant sponsors, has secured the services of Robert William (Bob) Evans, of Helena, Ark., who will be the master of cermonies for the entire event.

Evans is well known in many parts of the nation for his Emcee ability.

planned to complete work on it Saturday and have it ready for the Senate Tuesday. But the committee mired down in a slough of lesser amendments and recessed. It will meet again Monday.

The committee rejected 9 to 4 an attempt to write into the bill a provision to tighten restrictions on imports which compete with U. S. surplus commodities. The proposal, strongly opposed by the administration, was referred to the Senate Finance committee on grounds that it is primarily a tarif matter.

The committee partially reversed itself and voted to require that at least 75 per cent of a $243 million economic aid fund for the Near East, Asia, Middle East, and Africa must be in the form of loans.

Negro Is Treated For Injury To Head

Godfrey Hill, Negro of Rayville, was receiving treatment at E. A. Conway Memorial Hospital last night after being struck on the back of the head with a brick in a disturbance at 700 DeSiard street.

Witnesses told investigating officers of the Monroe police department that Hill was struck by Mack Wallace, Negro, of Oak Ridge, when he sought to intervene in behalf of a Negro girl who Hill was chasing with a knife. The girl was identified as Margaret Jiles, of Columbia Road, Monroe. Wallace was taken into custody by police.

Long Calls For Caution On 'Mixed Sports' Bill

BATON ROUGE, June 16 (AP) — Sen. W. M. Rainach, Louisiana segregation leader, said today he will study a House-passed bill outlawing interracial athletics to see how far it goes.

The Summerfield senator is chairman of the Joint Legislative Committee on segregation. His group did not sponsor the bill now ready for a Senate committee assignment.

Gov. Earl Long, asked for comment on the measure which cleared the House unanimously Thursday, said "I wish the people would be calm and not be too hasty about these things. They might learn too late how far reaching the effects would be."

The Rainach group, which initiated the successful court move outlawing activities of the National Assn. for the Advancement of Colored People in Louisiana, has won unanimous approval when either house acted on its segregation bills.

Five bills awaiting Long's promised signature will tighten segregation in classrooms, parks and waiting rooms at travel terminals.

The proposed barrier against mixed sports, affecting the Sugar Bowl and its annual bid for the nation's top teams, professional baseball and university sports, was introduced by Reps. Lawrence Gibbs of Ouachita Parish, and E. D. Gleason of Webster Parish.

Rainach also is president of the Louisiana Assn. of Citizens Councils. He has been the legislative segregation leader under both former Gov. Robert Kennon and Long.

Commenting on the Gibbs-Gleason measure, Rainach said he strongly favored it in principle, but was undecided whether legislation or public opinion should stop whites and Negroes mixing in athletic events.

Earlier this week Rainach asked postponement of another segregation bill, not offered by his group, to ban Louisiana network television programs showing whites and Negroes "as social equals." A Senate committee promptly delayed its decision.

The segregation chairman had suggested the TV matter be studied until the 1958 Legislature contending "as to this measure, segregation is accomplished by public opiniin, tradition and custom. . I hope to maintain segregation without too many laws. . . . no law is stronger than public opinion."

The proposal to ban mixed athletics probably will be assigned to a Seante judiciary committee tomorrow, or Monday, with a hearing called when and if the chairman decides on one.

The Louisiana State University board last month rejected a proposal to ban its teams from playing against teams permitting Negroes to play.

The interracial sports bill also would bar dancing, social functions, entertainments, athletic training, games, sports or contests and other such activities involving personal and social contacts between the white and Negro races.

Segregated seating would be enforced. Only religious gatherings would be exempt.

The bill provides penalties ranging up to $1,000 fine and one year in jail.

The mixed sports barrier would affect such big Louisiana schools as LSU, Tulane and Loyola of the South.

LSU will play Wisconsin here in 1958, with no advance knowledge whether the Big Ten school will bring along a Negro player. Loyola has invited several northern basketball squads for next season

Senator Rejects Sen. Kefauver, Gov. Harriman

DENVER, June 16 (AP) — Neither New York Gov. Averell Harriman nor Sen. Estes Kefauver (D-Tenn) would be acceptable to voters in the southern states, Senator Allen J. Ellender (D-La) said in an interview today.

In his own state, he said, Adlai Stevenson currently is the most popular of any of the aspirants to the presidency.

Ellender, chairman of the Senate Committee on Agriculture and Forestry, also leveled criticism at President Eisenhower, Agriculture Secretary Benson, and the policies of the Bureau of Reclamation.

He said the President and Benson are violating the spirit and intent of the new omnibus farm law for their own political purposes to make a "showing in the corn belt where farmers have kicked up the most political dust."

He said it never was the intent of Congress that the $1,500,000 appropriated for the soil bank feature of the bill be used to pay farmers who have lost their crops through drought or flood.

outlining plans to care for the thousands of spectators that are expected in Monroe and a special traffic and parking system will be released next week when Major Jack Davis, director of the Monroe traffic department, finishes the final plan.

A special program saluting the Premium sponsors and listing the official heats along with the class races and drivers will be distributed at the races.

It was pointed out by Chamber officials that there would not be any admission charges of any type connected with the event.

"We definitely want to officially invite all sports fans in Northeast Louisiana and Southern Arkansas to come to Monroe and enjoy these colorful and thrilling races," Chairman Scogin said.

Pending official sanctions from the national office of the National Outboard Association the types of classes of boats to appear in the race will be announced just as soon as possible.

Widespread publicity has already been released in several sports publications including the "official" racing journal according to Chamber officials.

The Sports committee is expecting drivers from Texas, Louisiana, Mississippi, Arkansas, Alabama and Tennessee to compete in the renewal classic.

"Our roster of entrants will definitely include several nationally known figures with perhaps two National Racing Outboard Champions," Race coordinator Howard Griffin revealed.

Further details will be announced on completing the full program's plans.

PEACH QUEENS—Two queens of the Louisiana Peach Festival are shown as the 1955 and outgoing queen, Sharon Horne of Jonesboro, left, assists "Queen Dixie Gem VI," Miss Suzonne Lindsey of Bernice, with the queen's train. Miss Lindsey was chosen queen in the annual pageant, held at Ruston Friday night.

'QUEEN DIXIE GEM VI'—Miss Suzonne Lindsey, above, 18-year-old daughter of Mr. and Mrs. George E. Lindsey, Jr., of Bernice, was crowned "Queen Dixie Gem VI" at the annual Louisiana Peach Festival, held at Ruston Friday night. Miss Lindsey is five feet, three and a half inches tall; she has brown hair and blue eyes. She is State Sweetheart of the FFA, state president of the FHA, and has served as a state officer of the Methodist Youth Fellowship for three years.

Special Summer Session Sign-Up For Music Slated

Registration for a special summer session in music for high school musicians will be held in the Fine Arts building on the Northeast State campus on Monday, from 9 until 12 noon. The session, running from June 18 to July 3, is being sponsored by the Department of Fine Arts at Northeast to give talented high school musicians an opportunity for advanced music study. A limited number of vacancies exist,, and high school may apply for admission on Monday morning. A nominal fee will be charged to cover the costs of the session.

James F. Monroe, assistant professor of music at Northeast, will serve as director of the conference, Dr. Harry M. Lemert, Fine Arts Department head, announced. Other regular members of the music faculty will complete the session staff.

The conference is designed to appeal to the more serious minded music student by placing emphasis on purely musical study rather than on related activities such as marching and twirling. Students attending will receive an intensive program of instruction, including daily classes in music literature and appreciation, music theory, band, chorus, ensemble and private instruction.

In addition, students will be treated to a series of recreation activities of a diversified nature, including movies, swimming, picnics, tennis and other forms of outdoor recreation. The session will be staffed by regular members of the college music faculty.

In addition to students from Monroe and vicinity, the session will have in attendance a number of out-of-state people including groups from Natchez and Vicksburg.

High school students desiring to apply for attendance are urged to do so on Monday as none will be accepted after that date.

New Record Set In Enrollment At Northwestern

NATCHITOCHES, June 16 (Special)—Enrollment for a summer session at Northwestern State College reached an all-time high here today, with a total of 1,552 students reported registered for classes.

An incomplete tabulation submitted late this afternoon by NSC registrar Otis R. Crew showed (by undergraduate schools) a total of 141 enrolled in arts and science, 127 in applied arts and sciences, 312 in nursing, and 646 in the school of education.

Northwestern's graduate school enrollment continued to climb, with a peak registration figure of 325 reported.

Compared to last summer's total of 1,439, also a new record, the present enrollment figure represents an increase of eight per cent over the 1955 summer.

In curricula, upper elementary students led the count, with 141 enrolled, while primary education was second with 137.

Further breakdown of figures reveals that 999 women students are enrolled, while there are 553 men. Many of the women students are in-service teachers attending summer school for additional undergraduate credit.

Nearly 6,500 students, most of them American servicemen studying in off-duty time, are enrolled in the University of Maryland's overseas program.

MINATURE QUEEN — Wearing the crown and holding the trophy and red roses presented to her in the Little Miss Monroe-West Monroe contest Friday night is little Pamela Henderson, center. Pamela Kokinos, left and Betty Plair, right, tied for second place.

Monroe Teachers Will Study In Madrid, Spain

Miss Hazel Mitchell and Miss Carrie Dee Drew, both of Monroe, will study in Madrid, Spain, this summer with a Louisiana State University foreign study tour.

The tour is one of three offered by LSU to provide students an opportunity to study language in the country in which it is spoken. LSU faculty members teach University classes for three hours each day during the tour, and credit earned is applicable to an LSU degree or may be transferred to another university.

The students going to Spain sailed from Montreal, June 12. They will go to London, then to Paris and to Madrid. They will make their headquarters at the Ciudad Universitaria, Madrid, and will visit Cardoba, Granada, Murcia and Valencia.

Dr. John A. Thompson, chairman of the foreign languages department, will teach classes in lyric poetry of modern Spain and contemporary Spanish literature.

Miss Mitchell teaches at Northeast Louisiana State College, and Miss Drew teaches at a Monroe high school.

Flood Control's Grand Old Man To Retire Soon

K. R. (CY) YOUNG

One of the grand old men of flood control in the Mississippi Valley retires June 30 after more than 40 years of battling the waters of the Ouachita and Mississippi rivers.

Kenneth R. (Cy) Young, of Monroe, gets his plaudits from the chief of engineers, Lt. Gen. S. D. Sturgis, Jr., as well as from the many officers of the corps of engineers under whom he served long and faithfully, just 14 days after the 181st anniversary of the Corps of Engineers.

Cy Young is held in high esteem by every engineer in the entire valley. He is now and always will be the authority on flood fighting in the Ouachita area, and his presence will be sorely missed when high water time comes around this next spring.

Cy was born in Fairfield, Jefferson County, Iowa, not too far from the old Mississippi, which he has spent most of his professional life battling. He attended grade and high schools in Payne County, Okla., and in Stillwater, where he graduated in Civil Engineering in 1914 from Oklahoma A. and M.

He joined forces with the Corps of Engineers in the Vicksburg district in May of 1915 as a surveyman on contract levee construction at Yancopin, Ark. He went from there to Round Lake, Miss., in charge of a levee machine, the C-1, which was the first tower machine on the Mississippi river. In 1923 he was named resident engineer at Lake Providence field office, and from March 1929 to June 1946 as area engineer of the old Western area at Monroe. In June 1946, he went back to Lake Providence as resident engineer, and in 1949 came back to Monroe as area engineer again.

In 1916, just a year after joining the district, he was in the middle of his first flood fight — sacking sand boils and wave wash on the Dennis loop in the 1916 flood. He's been in the middle ever since.

In the 1922 high water — Cy doesn't call them floods, he had charge of the levees from Eutaw Landing to the upper end of Huntington Short Line New Levee or Mound Landing. Old-time levee men will know exactly where Cy was. He says he had to raise four miles of levee approximately three feet with sand bags. This was a four foot crown levee with a small banquette section, and it was necessary to mat the entire landside slope of the levee. This was the first time that the present V-shaped ditches for levee drainage were used in the Vicksburg Engineer district. The high-water fight was mobilized in the middle of March and demobilized in the middle of May. At the peak of the fight, Cy recalls, he had over 10,000 laborers loading and placing sand bags on the levee for a two-week period.

Then the biggest high water of all times came in 1927, Cy had charge of the levees from Luna Landing, Ark., to the Arkansas-Louisiana line. His major job was to raise a mile and a half of levee known as the Lakeport levee, five and a half feet. With the steep landslide slope, Cy remembers it was necessary to mat the entire landside slope. This was the first time that lumber instead of brush was used to build the mats under the sacks. Cy states, "If the Mound Landing hadn't failed when it did, we would have had a break on the Lakeport levee as we only had six inches on free-board and had raised it as high as we could."

Back in 1928, Lt. Gen. John C. H. Lee spoke of Cy Young as a "driver," with keen common sense and stated that he knew of no better man along the river.

In August of 1928, when the areas were formed in the Vicksburg district, Cy was made assistant to the area engineer in the southern area located at Lake Providence. In December of that same year he was transferred to the district office in Vicksburg as engineer in charge of the supply section. This bit of information will come as a surprise to many of his friends in Vicksburg. He was transferred to Monroe as area engineer in March 1929.

The history of Cy's work in and around the Ouachita river and Monroe reads like the flood control history of the entire area. Between fighting the highwaters of 1929, 1932, 1937 and 1945, the flood of record on the Ouachita river, and constructing levees, sub-levees, making reservoir location surveys, ring levee systems, levee walls in Monroe and West Monroe, interior drainage systems and pumping plants at Columbia, La., channel levees on the Red River and Cane River, Wallace Lake dam, and supervising airports for CAA at Texarkana, Natchitoches, and Mansfield, La., and constructing Fire Point, Shreve Island and Colfax Cutoffs on the Red River, he was kept pretty busy. He recalls that in the high water fight on the Ouachita river in 1932, he used two and a half million sacks constructing 18 miles of sack levee between 2 and 6 feet high from Sterlington to Monroe He said the Levee Board started the high water fight in the middle of January that year and that the forces of the engineers took over the middle of February and that all of them fought the flood waters until the middle of April.

Cy is one of the very few flood fighters left who learned flood fighting from actual experience and not from schools. The Vicksburg district will sorely miss him as the Grand Old Man of the Ouachita. Monroe will miss him, even though he will continue to live out his retirement in this city.

However, if the Ouachita begins to rise any time in the future, Cy's telephone will probably ring its' head off with the City of Monroe and the engineers calling him back to duty. It is not hard to reason why this might be a possibility. He probably knows more about the Ouachita river and its behavior as a flood swollen stream than anybody on earth. That is why it's going to be awfully hard to realize that June 30 is Cy's last day with the Vicksburg District, Corps of Engineers.

Cy married Miss Olivia Roberson of Linville, Union parish, and they live at 210 Grayling Lane, Monroe. He is a member of the American Society of Civil Engineers, American Society of Military Engineers and the National Federation of Federal Employees.

'PRINCESS PEACH'—Little Miss Barbara Sheralyn Evans, above, smiling three years and seven months old daughter of Mr. and Mrs. Bobby Evans of Ruston, was crowned "Princess Peach VI" at the annual Louisiana Peach Festival pageant in Tech's Howard auditorium Friday night. The new princess is three feet, three inches tall and has brown hair and brown eyes.

BEAUTY SHOW WINNERS — Miss Eleanor Cammack, Monroe, the newly crowned Miss Monroe-West Monroe, stands between Miss Doris Kitchens, right, of Vicksburg, the second place winner, and Miss Gerry Kenny, Monroe, left who placed third in the contest staged in the West Monroe High school gymnasium Friday night.

Pleasant Hill To Have Revival Last Week In Month

JENA, June 16 (Special) —Revival services will begin June 24, and continue through July 1 at the Pleasant Hill Baptist church near Jena, according to an announcement this week by the Rev. J. D. Thornhill, pastor.

Visiting evangelist for the series of services will be Dr. C. E. Wilbanks, a native and former resident of Jena, who now is with the department of evangelism, Home Mission board, Southern Baptist convention, with headquarters in Dallas, Texas.

Services will be held twice daily, with the morning service beginning at 9 o'clock and the evening service beginning at 7:30 o'cllock with song and praise, followed by the evangelistic message. The Rev. Oscar Bradford, pastor of Searcy Baptist church, will have charge of the song services, with Mrs. Vivian Lutrick at the piano.

DO YOU HAVE MONEY TO BURN?

FOREST FIRES COST EVERYBODY!

No, it's not just the woods owner who loses every time a wildfire burns in our forests. Money that would have gone into many other pockets is going up in smoke—money that would have gone into payrolls of people working in these burned-out forests . . . people employed in sawmills or paper mills . . . people employed by railroads that would have hauled the timber or timber products . . . people engaged in selling these products.

Then there's the money that truck dealers and service station operators would have made, that banks would have had on deposit, that people working in the wood-using industries would have had to spend with merchants. And money that would have gone into taxes for schools and roads.

Wildfires not only destroy timber. They kill wildlife and game, dry up streams, damage soil.

When fire burns in the woods, EVERYBODY LOSES.

YOU can help to prevent these losses by being careful with fire in the woods. You can also help by reporting immediately to law enforcement officials any person who intentionally sets fire to the woods. Yes, there are people who burn forests maliciously. These are the fires that generally do the most damage and are hardest to put out. Aroused citizens are urging a more strict policy of law enforcement to deal with these arsonists.

Keep in mind what wildfires can cost you, your family, your fellow citizens.
And Remember . . .

FOREST FIRE PREVENTION IS EVERYBODY'S JOB!

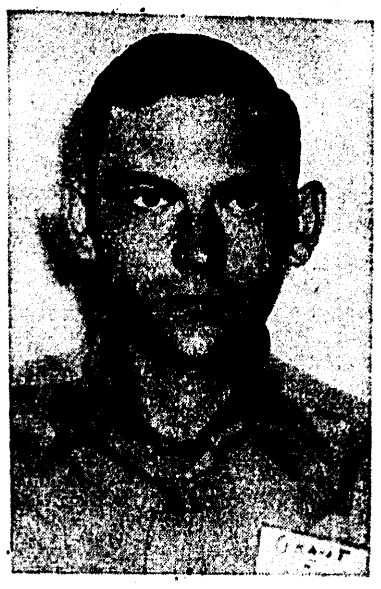
Re-enlistment rate of U. S. soldiers in Europe was up sharply in 1955 over 1954. During the first 10 months of the year, nearly 14,000 signed up for another hitch compared to slightly more than 4,500 in the same period of the preceding year.

BOBBY SHEFFIELD, grandson of Mr. and Mrs. W. M. Sheffield, was salutatoriun of the '56 graduation class of the Louisiana School for Deaf in Baton Rouge. Sheffield has been attending the institution since he was seven and has learned the printing trade.



FRED L. GRANT, son of Mr. and Mrs. A. R. Grant, Sr., of Kelly, is the youngest enrollee of the Monroe Police Academy. He will be 21 years of age in August. He attended Grayson High school. Married to a schoolmate, the former Miss Virginia Valentime, they have one child, Patsy Ann. "I have always wanted to join the police profession and am glad I had the chance to do so," he stated. Services Are Set Monday Morning For Mrs. Whatley

Death came to Mrs. Deas Summerlin Whatley shortly before midnight Friday, following a prolonged illness, in the home of her daughter, Mrs. Edward Parrish, with whom she had resided during the last ten years.

Funeral services are scheduled Monday at 10 a.m. at the Methodist Church of Rayville, and interment will be in the Masonic Cemetery under direction of Mulhearn Funeral Home, Monroe.

Officiating ministers will be Rev. Ralph Cain, pastor of Memorial Methodist Church, Monroe, who will be assisted by Rev. W. D. Boddie pastor of the Rayville Methodist Church.

Active pallbearers will include Joe Ineichen, Lee Ineichen, Hervey Mangham, William Norris Gaines, Wyatt Burk, all of Rayville, and Larkin Greer of Minden. Honorary pallbearers will be Horace Mangham, Dr. John C. Calhoun, Dr. Thomas Sayre, all of Rayville, and Dr. C. T. Yancey of Monroe.

Mrs. Whatley, 72, was a native of Rayville, where her parents, John Stalworth Summerlin and Lela McIntosh Summerlin were active and prominent citizens. Following her marriage to Hugh Walker Whatley, Sr., she continued to reside there until after her husband's death in 1934. Later she joined the Louisiana Tech staff, then resided in Farmerville until she came to Monroe to live.

For many years Mrs. Whatley was active in religious fields and Parent-Teacher work.

She was preceded in death by two brothers who were prominently identified· John Summerlin was president of the Tensas Levee Board for about thirteen years. Another brother, Tom Summerlin, gained outstanding recognition during a long period of service with the U.S. State Department here and in foreign countries. He was chief of protocol in Washington, D.C. at the time of his death in 1947.

Mrs. Whatley is survived by a sister, Mrs. Van W. Robinson of Monroe; two daughters, Mrs. Edward Parrish and Miss Ruth Whatley, both of Monroe; four sons, Edward Whatley of the Northeast State sience faculty; Maj. William Whatley, Mannheim, Germany; Hugh Walker Whatley, principal of Homer High School; John Whatley, teacher in Glendale, Arizona; and thirteen grandchildren.

Work Starting On New Radio Station Here

Howard Griffith stated Saturday that he is making progress on the construction of a new radio station on a five-acre site near West Monroe. The site is not far from Lenwil School on the Arant road. It is located at Martin and Glenn streets. It is already cleared off for the construction work.

The tower will be 290 feet tall. If the weather is favorable for outdoor work, it will be possible to get the setup ready some time in July, stated Mr. Griffith.

He stated that his downtown offices will be located at 218½ Trenton street, West Monroe, upstairs near Simmie's cafe.

The Griffith Electric company owned by Griffith, has sold its property at 3708 DeSiard street to Phillips 66 Service, which will order the razing of the building that the electric company now occupies. On this site the Phillips company will erect a large filling station that will have an entire block in the vicinity of the Northeast State college.

With the new radio station, there will be four radio stations and a TV in operation in the Twin Cities.

were on the spot. I would have been called a tyrant and dictator, and I didn't want the House members to get in the habit of voting against me."

After it got to the Senate, administration leaders, in a quick maneuver, amended the bill in committee to incorporate the provisions of a House bill which has not been heard in committee.

The bill now adds members to the Vote Machine Board, and the board has the power to name a custodian of vote machines.

After the Senate voted 22-16 Thursday to okay the committee amendments, administration leaders suspended the rules and set it for a vote on final passage tomorrow night. However, it must return to the House for concurrence in amendments, which probably will mean another bitter fight.

Clearing the Senate committee along with the voting machine bill were administration proposals to reorganize various agencies of the state, all a part of Long's plan to restore the organization to where it was when former Gov. Robert Kennon took office in 1952.

Surprisingly, these have caused little dispute, moving through the Legislature with little opposition. The game is true of a number of similar bills that breezed through the Senate and now await final House action.

The only uprising came over the Long proposal to wipe out a run-off for state officials where the governor's race is decided in the first primary.

It passed the Senate, but the House then passed Rep. J. Marshall Brown's bill, requiring a second primary in any race where a candidate didn't receive a majority.

The House probably will see the final action of the session on the controversial right to work law.

The Senate voted final passage Thursday to a bill repealing the two-year-old law banning compulsory unionism, and Long said he would sign it.

But the Senate tacked amendments on a bill restoring right to work or agricultural workers. House repeal forces asked time to study the amendments to see how far reaching they were before voting House concurrence.

The program designed by the Joint Legislative Segregation Committee to preserve racial segregation has proceeded smoothly through the Legislature.

Seven proposals already have won final passage. They include an interposition resolution declaring the Supreme Court decision unconstitutional, a resolution reestablishing the segregation committee and five bills designed to wave a legal tangle around segregation in schools, recreation facilities and travel waiting rooms.

Long has indicated he would sign the four legislative acts awaiting his signature.

Other segregation committee bills, permitting teachers to be fired for advocating racial integration, passed the House last week.

The House as passed a bill which would affect both professional baseball and college athletics. It awaits Senate commitee action as do the four segregation committee proposals.

And a Senate committee has okayed a proposal aimed at helping New Orleans bypass a federal court order to desegregate public schools. It would give the Legislaschools were for Negroes or whites, taking power to desegregate away from the New Orleans school board. It affects only Orleans Parish.

Three tax bills backed by the Louisiana Municipal Assn., to provide funds for the money-hungry cities, await House decisions. They include:

1. Authorize cities by constitutional amendment to levy a two per cent tax on gross revenues of local utilities, including telephones.
2. Raise the constitutional seven-mill property tax limit in cities to 10 mills.
3. Add 40 cents per gallon to the $1.58 per gallon liquor tax.

Blown-Out Gas Well Ignited By Naval Airmen

NEW ORLEANS, June 16 (AP) — Naval Reserve fliers today swooped down on a blown out coastal gas well and ignited it with high octane gasoline and incendiary bullets.

One pass by each of two planes reduced the well's danger to shipping and oil well operations in the area. The well blew out June 7 off Pecan Island in the Gulf off the central Louisiana coast.

Lt. Cmlr. Fred Hooks, command liaison officer of the air station, said Lt. Cmdr. Joe Morris, commanding officer of Attack Sqdn. 8-22 here, dropped two belly tanks of fuel slightly upwind from the ruptured well.

Behind Morris, Lt. Cmdr. Harold Wheelahan strafed the gasoline, igniting it and the erupting natural gas.

Hooks, who watched the operation from a third plane, said "it went off perfect."

He estimated that flames boiled up from 50 to 75 feet from the water level. That included a mound of water some 30 or 40 feet high and 500 feet across being thrown up by gas surging from ruptured pipes.

Navy officias said the Union Oil Co. of California requested their aid in igniting the well after company attempts failed.

The company said the flowing gas endangered navigation since ships' ventilation systems could take the gas inside and produce the danger of an internal explosion.

Oil experts say the well will continue to flow either until the underground reservoir is emptied or until the holes in the well's pipes can be plugged.

The company said it might try to drill a line into the well from another point and fill it with mud.

The first U. S. Census in 1790 listed 3,929,214 people.

(Continued From First Page)

So now for more than a half century we have observed the day, a companion piece to Mother's day. The idea spread like a forest fire and in the year 1936 a national Father's day committee was formed with New York City as headquarters.

This group just named has assumed authority of naming the Father of the Year, as an annual feature. In times past, men thus chosen have been Douglas MacArthur, Ralph J. Bunche, Dwight D. Eisenhower and Harry Truman.

The idea is fine and while not all fathers may be of such stamp as to qualify as outstanding examples, the greater number of fathers do contributte toward helping their offspring to grow up into useful lives.

Just don't overlook dad today, for he really has a reward that should be his lot in life.

Dr. James T. Horton will be missed from his pulpit which is being filled tonight by Bobby Courtney, one of the stalwart young men of the First Baptist Church. Dr. Horton is to start a revival in his brother's church at Clarksdale, Miss. that will continue all the week.

Bobby Courtney is a product of this church where he grew up and was active until the past four years which he has spent as student in L.S.U. He plans to enter a Seminary to fit for the ministry this fall.

A throw back of years in fancy resulted when the past week Monroe was host to a man who had as ancestor a man who played an important role with the founder of Monroe. Strangely enough this man had resided most of his life in Stockton, Calif· where for years he dreamed that sometime he would come to Monroe to give it a once over.

This will serve to introduce Redrick De Witt La Baume, whose great grandfather was Joseph de la Baume (Roderick has cut off as not necessary the de la to his name).

His ancestor just named was one of the chief aides of Don Juan Filhiol, this city's founder.

His father was Francis Marion La Baume, son of Hyppolite de la Baum.

The visitor stated that his father was born on the de la Baume land grant and lived there until he moved to Texas. He made the removal to escape from the scourge of yellow fever that visited Monroe.

The guest was well pleased with the cities of Monroe and West Monroe and impressed with their importance today.

His first visit here he declared was a delightful experience.

Here are some of the people who were in Monroe as guests the past week:

Billy and Charles Herring, Minden. Lt. and Mrs. Dan Trimble, Monterey, Calif., C. Douglas Jackson, Brinswick, Ga. Mrs. Lula Church, Kansas City, Kans. Mrs. M. W. Crowe, Cape Girardeau, Mo. "Auto Insurance at a Savings"

A TRIBUTE
TO FATHERS!

There's an old saying that "mother knows best." Well, it seems to us that Father, bless him, should come in for some compliments, too, once in a while. It is true, of course, that upon mother's patient shoulders rests the upbringing of the children. And that is as it should be. But let's not forget that Pa is generally the family breadwinner and it is up to him to pay the bills. When day is done and he comes home, make things as cheery and loving as you can. Have a nice dinner ready. Lay out his slippers and his beloved pipe. Show him how much you love him by being kind and considerate. He may not tell you how he appreciates these attentions. But he will . . . as all good fathers do!

Delta's new low rates are conclusive proof that

the auto INSURANCE "PRICE-FIXING" bills introduced in the legislature are HARMFUL to Louisiana motorists !!

If these bills are passed the right of DELTA and other insurance companies to offer lower auto insurance rates will be taken away! No longer will it be possible for a careful driver to buy auto insurance at a lower rate!!

Is YOUR Legislator acting in YOUR best interests if he votes IN FAVOR of the auto insurance "price fixing" bills ??

BAND MOURNING DOVES—Banding mourning doves caught in traps strategically located on old concrete slabs at Selman field are "Chili" Baur, left, biological aide, and Flavil Hollis, wildlife biologist, of the Louisiana Wildlife and Fisheries Commission. Selman field is thus proving a boon to Commission studies of dove habits. (Staff photo by Norris Vancleave.)

Doves Trapped, Banded In Study Of Their Habits

Concrete blocks scattered at random over old Selman field are proving valuable to District II of the Louisiana Wildlife and Fisheries Commission in the trapping and banding of mourning doves for migration, reproduction and general habit studies.

From grassy, secluded spots over the field, the doves gather on the concrete slabs in quest for food and find their way into grain-baited traps placed at strategic points by Wildlife and Fisheries Commission personnel. Usually from two to eight doves are found in the various traps when Commission personnel make their rounds at mid-morning and mid-afternoon.

The trapped doves are banded with the Wildlife and Fisheries tag and are then released to go their respective ways. Usually a particular drove of freed doves will fly off in the same direction, with the wind, even though individuals are released minutes apart. During the summer nesting season, adult birds trapped find their way back to nests containing on an average of two eggs.

Commission biologists explain that although doves are trapped and tagged during the nesting season, this operation does not interfere with nesting. They point out that the male bird sits on the nest while the female goes in search for food and vice versa, and that, consequently, only one bird is held away from the nest temporarily by trapping.

The frequency of re-trapping of doves indicates that the birds harbor little fear of the traps and that possibly the traps become no more than a "bread line" to more bold birds.

Selman field is one of two current banding places used by District II Commission personnel. The other, which is used entirely for banding little doves in nests, is located near Black Bayou Lake. Using ladders to climb to the nests, Commission men simply remove each little bird from a nest, band it, and then replace it.

In 1954, the first year of the dove-banding program in the district, personnel of District II banded 782 doves. Last year, in 1955, the total number banded increased to 1172 and thus far in 1956, a total of 1065 doves have been banded in the district. Among those trapped in 1955, a total of 185 were retraps. Approximately 300 have been re-trapped this year.

Wildlife biologists find the trapping and banding program very beneficial in their studies of migration, reproduction and other dove habits. Doves fly far and wide, according to migration statistics. Birds banded in District II have been killed in Texas, Georgia, Mississippi, California, Illinois, Indiana, and Arkansas, as well as at various points in Louisiana, according to bands returned to Commission personnel. On the other hand, doves tagged in Illinois, Virginia, Florida, Alabama and Mississippi and to a lesser extent in other states have been bagged in Louisiana.

Habit studies enable biologists to determine the effects of hunting pressure on dove populations and assists them in providing other information by which to regulate the hunting season and promote dove hunting in general.

The number of radios in the United States increased from 51 million to 140 million in the past 10 years.

North Dakota Agriculture College officials say it takes 12 months to produce a crop of wool, but that a few minutes careless shearing can reduce its value 10 to 25 per cent.

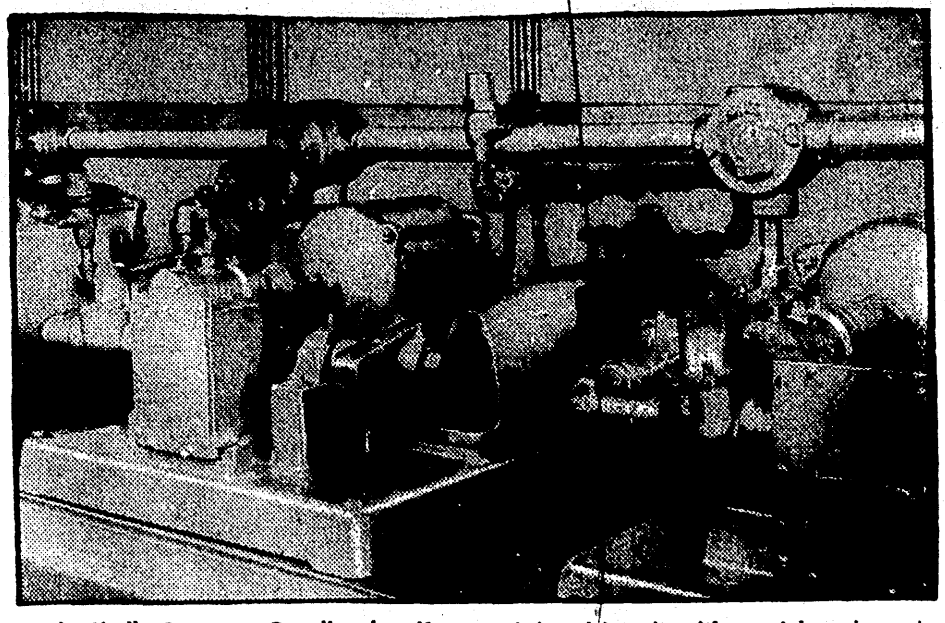
There IS A Difference In Gasolines

Only Skelly Supreme Gasoline HAS Keotane*



Only Skelly Supreme Gasoline has Keotane injected into it with special equipment like this at strategically located distributing points. That's why Skelly Supreme is actually different from any other gasoline—actually worth an estimated 6.1c more per gallon, at no extra cost to you.

So Different It Gives You 6.1¢ Extra Value Per Gallon At No Extra Cost To You!

6.1¢ makes other premium gasoline expensive to use;
6.1¢ makes any regular gasoline expensive to use;
6.1¢ makes any "cut-rate" gasoline expensive to use:

Now Skelly Oil Company brings you the result of over 10 years of research and testing . . . a gasoline component so different from any other that a patent application has been filed for its use. This difference between all other gasolines and Skelly Supreme is Keotane, the remarkable gasoline formulation developed by Skelly research.

How Keotane Works

In Skelly Supreme Gasoline, Keotane works as you drive to boost your car's horsepower and gasoline mileage. The secret of Keotane's performance is its ability to dissolve sticky gum in vital carburetor and combustion areas of engines.

By dissolving gum, Keotane solves many problems of engine performance. By reducing gum in carburetors, it helps to overcome rough idling, cuts down on sputtering, stalling, choking, and improper functioning of automatic chokes. Since cars used in "stop-go" driving seem to suffer most from gum in carburetors, they can benefit especially from a switch to Skelly Supreme Gasoline with Keotane.

Gum Is Like A Glue

Keotane works *inside* your engine, too. Gum is the "glue" that holds carbon and lead deposits in the combustion chambers. As carbon and lead build *up*, horsepower, pep, and gasoline economy go *down*.

Others have attempted to neutralize carbon and lead deposits, but Skelly actually reduces them with Keotane by dissolving the glue-like gum that holds these deposits.

Full-strength, Keotane dissolves glue-like gum quickly, yet won't harm metal. Injected into Skelly Supreme Gasoline, Keotane removes gum-stuck carbon and lead as you drive. Some cars may reach their peak results in 1,000 miles. Others may take 3,000. A few, perhaps, longer. But once you reach peak results, you will hold at that level as long as you continue to use Skelly Supreme Gasoline with Keotane.

And without gum to stick to, carbon and lead go out the exhaust.

By keeping new engines clean, their power and economy is preserved. And by cleaning up older engines, much of their new-engine performance can be restored.

Tests Prove Keotane Benefits

In actual dynamometer tests, engines run on Skelly Supreme with Keotane were compared against engines run on Skelly Supreme without Keotane. Based on Southwest Research Institute data, engines that had used Keotane averaged:

12.7% gain in mileage.

The performance effect of 3 more octane points.

14.6% more horsepower output.

These and other benefits of new Keotane formula are why Skelly Supreme Gasoline offers you over 6c worth of extra values you can't get in any other gasoline.

So see your Skellyman for your copy of illustrated folder on Keotane. Then fill up with Skelly Supreme with Keotane. Over 6c extra value—no extra cost!

Estimated Extra Value Per Gallon To You, Of Skelly Supreme Gasoline With Keotane:

(Based on average current premium gasoline prices in the Midwest)

12.7% average gain in mileage	3.8c
3 octane points extra performance effect	1.0c
14.6% more horsepower output (h.p. saved or added)	.8c
Less gum and cleaner carburetors, faster starts with fewer sputters, longer life for batteries	.5c
Estimated extra value per gallon to you.	6.1c

The extra values shown above are conservative estimates by our engineers. They are not figured against inferior premium gasolines or regular grade gasolines, but against Skelly Supreme Gasoline, the best top-octane premium gasoline previously made.

Paul Martin Looks 'Em Over

Boxing hits its high peak for Monroe this week when Promoter Gus Kallio presents his biggest card here Thursday night with 38 scheduled rounds of fighting headed by such nationally known battlers as Clarence Cook, Jimmy Perrault, Virgil Akins, Don Jose, Al Jones, and Ernie Burford for a double main event and an eight-round semi-final, plus six and four-round preliminaries.

"This is the best fight card Monroe has ever had and challenges the best New Orleans has offered outside that barge fight of Jim Corbett and John L. Sullivan for the heavyweight championship of the world in 1892," Kallio declared. "True, New Orleans goes great for Willie Pastrano and some of their home-grown boys right now, but Cook is probably more popular in this area, and Akins is a high ranking welter that even New Orleans would like to see."

Kallio looks for a jam-packed house, and if the fight fans of this area show they like the higher caliber boxing, then Kallio has aims of outdoing himself by bringing in even better cards. "I still look for a big outdoor card, and if this show Thursday is the success it seems sure to be, then I'll start working on a bigger one."

The Monroe Sports, still a far cry from the club that dominated the Cotton States League last year, are so far unable to show the Evangeline League the class they had a year ago. But Sports' followers are hopeful, remembering it was about this time a year ago before Manager Ed Head's boys really began to roll in the C.S.L.

Hitting remains the big problem with only Keith Mitchell doing constant work with a bat. Mitchell has hit .342 for his last 36 games to rank second in Evangeline batting behind Lafayette's Fred Caviness at .349 for 49 games. Bill Carr (.282) and "Blackie" Millet (.282) are the next top hitters for the Headmen. Biggest disappointment has been Roy Mantle who is far **below his '55 Cotton States average.**

Latest Evangeline figures show Roy a .216. He should be hitting at least a third better and will work during the current four-day lull of inaction in the league to start that batting average building when the Sports return to work against Lafayette Wednesday. The enforced idleness is the gap in the schedule caused by the collapse of New Iberia.

Young Jackie Rivers claimed his first club tournament of importance when the Monroe youngster won the annual Tallulah Golf Tournament last Sunday by beating out another Monroe golfer, Clyde Nash, in the finals.

Nash had earlier passed the semi-finals by beating out his own son, Roy. "The Old Man" must feel he's got lots of stamina yet for he wore out the kid in overtime to win in 25 holes. Of course, Roy isn't a kid anymore, and will be serving warning of revenge if they're ever paired together again.

On another golfing front, Clifford Ann Creed, the Opelousas Miss just out of high school, won her second straight Louisiana Women's Amateur when she defeated Wanda Sanches, Baton Rouge, in the 36-hole finals in Lafayette Friday, 1 up. It was a repeat final of a year ago when Miss Creed beat Miss Sanches in the state title meet at Bayou DeSiard Country Club here.

Allison Keeps New England Welter Title

BOSTON, June 16 (AP)—Barry Allison of Springfield scored a blood-soaked technical knockout over Don Williams of Worcester at 2:00 of the fifth round tonight to successfully defend his New England welterweight boxing championship at Fenway Park.

Allison weighed 151, Williams 154.

In a New England lightweight title match, busy Bobby Courchesne of Holyoke punched Curly Monroe of Worcester into exhaustion to lift his crown. The decision was unanimous. Courchesne weighted 132½, Monroe 135.

Hogan Shares 2nd Place With Boros In Tight Tourney

ROCHESTER, N.Y., June 16—UP—Dr. Cary Middlecoff, a man with a seven-year itch, scratched out a final round 35-35—70 Saturday to nose out record-hungry Ben Hogan for the U.S. Open golf championship with a 72-hole aggregate of 281.

Seven long years the slender dentist from Memphis and Dallas had waited since the day he first won "the big one." That time, back in 1949, Hogan was on the sidelines with near-fatal automobile accident injuries.

But Saturday as Middlecoff set the pace over rugged Oak Till Country Club, it was the mighty Hogan — seeking a record fifth championship — who took a run at him and failed to catch him.

Bantam Ben had his chance. And, as they hammered down the cloudy stretch, so did two others — former champion Julius Boros and 36-year-old Ted Kroll.

None of them could make it.

Hogan failed first, as the nervous Middlecoff fidgeted in the club house. But needing two final pars, Bantam Ben missed a three-foot putt on the 17th hole and finished with a 35-35—70 for a 282.

Thus, when it was over, Middlecoff stood alone at 281; Hogan and Boros at 282; Kroll all the way back at 285 with Peter Thomson and Ed Furgol; Arnold Palmer at 287; Ken Venturi, the low amateur at 289; and young Wesley Ellis, Doug Ford and Jerry Barber at 290 to round out the first 10.

And once again it was disappointment for Slammin' Sammy Snead as he turned in a 35-38—73 for a 26 which was 15 shots behind. But his loss was buried in the wake of the three who gave it the big try and failed.

Then it was Boros, the burly, quiet man with the ice-water nerves who took it away from Hogan at Dallas in 1952. The "Moose" had his shot for at least a tie when he went gunning for a birdie on the final hole — and missed a 14-foot putt by inches for a 35-34—69 which tied Hogan for second at 213.

But Middlecoff, so nervous he couldn't sit still and admitting "I'll settle right now to get into a playoff," still wasn't out of the woods. Because out there making another run was the pressurized Kroll, a man who learned how to take it as a sergeant on Anzio Beach.

Ted gave it the big try as he tried to cap his ..."long, hard scramble." He went ahead momentarily on the 14th with a birdie, lost that shot back with a bogey on the 15th — and then needed three pars in for a tie.

But once again the breaks went against the man from Fort Lauderdale, just as they did in the long ago when shrapnel cut him dow in Italy. For Kroll missed his tee shot, smashed grimly forward and, when that horrible hole was over, had hacked out a triple bogey seven.

That finished what was a real scrambling day for Middlecoff, because he almost kicked this one away after taking a one-stroke lead on the morning round with a 70. For as they went to it int he afternoon he looked like he was going to run away and hide — and he almost just ran away.

Because going to the last three holes Cary was two under par, and then he ran into a pair of frightening bogeys. Both times it was approach irons which went astray and then, on the 72nd hole he hooked his approach into the rough again.

But Middlecoff, who had said before the tournament "I'll take 281 and never leave the locker room," proved then that he was a real champion. Standing ankle deep in the rough, he flocked a wedge shot which rolled 60 feet across the green and bit to a stop a 70. For as they went to it in the ran it down for a par — and what finally proved to be his margin of victory.

DeMarco Claims Decision In Bout Against Martinez

BOSTON, June 16 (AP) —Chunky Tony DeMarco added boxing skills to his slugging power tonight for a unanimous 10-round decision over Vince Martinez at Fenway Park. The triumph moved DeMarco closer to a shot at the welterweight title he once held.

Demarco now has won 44 fights as against six defeats and a draw. Martinez record is 50-4.

Demarco is ranked the No. 2 welterweight contender and Martinez No. 4.

DeMarco had the Paterson, N.J., rhymba-master in trouble in the 10th round as he pounded him rubbery-legged at the ropes. But as in previous spots the game Martinez hung on and fought back.

However, it was DeMarco's ability to box with the clever Jersey cutie which enabled him to set up Martinez. Boston's Tony, a notorious head-hunter in his earlier days, landed damaging body blows that were decisive.

Judge John Norton voted 98-95 for DeMarco, Judge Joe Santoro had it 91-87 and Referee Jimmy McCarron 96-93. The AP agreed with McCarron.

Sturdivant's Two-Hitter Conquers Cleveland, 3-1

CLEVELAND, June 16 (AP)—Tom Sturdivant's 26-year-old righthander, handcuffed the Cleveland Indians with only two hits while striking out eleven tonight as the New Yor Yankees beat the Tribe, 3-1, before a crowd of 40,964 at Municipal Stadium.

The victory was the second straight for the Yankees in the current three-game series and the fourth for the season for Sturdivant against one loss.

Monroe Juniors Take Over Lead In West League

FARMERVILLE, La., June 16 (Special)—Jim Atlick tossed a one-hitter at the Farmerville Legion Juniors here tonight for the Monroe Legionaries to roll into first place in the West League, 2-0, Pinton, pitching for the Farmerville club, rapped the only safety of the evening off the fireballer the third base line in the fifth frame.

A two-run ralley in the first inning gave the Monroe youths the lead which they never relinquished. "Spec" Lewis singled to start the game and was brought home on Bob Groves' sacrifice and Mickey Yerger's hit. Lerger was thrown out but Dickie Crowe marked the other talley with a walk, Atlick's long single, and a wild pitch.

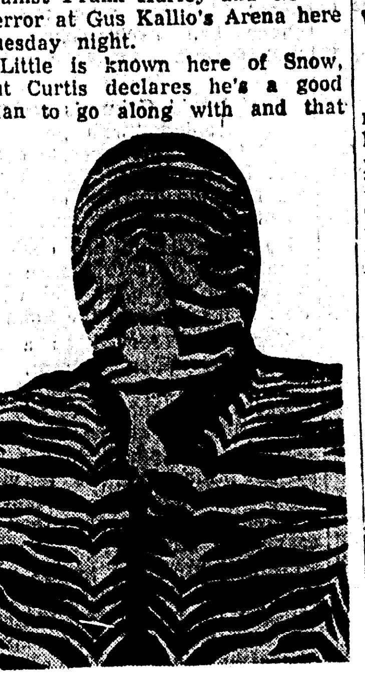
Curtis Joins Jack Snow Against Hurley, Terror

Jack Curtis, the Louisiana heavyweight wrestling champion from Vicksburgh, Miss., joins a new partner, Jack Snow of Marshall, Tex., for a tag team main event against Frank Hurley and Golden Terror at Gus Kallio's Arena here Tuesday night.



GOLDEN TERROR

Little is known here of Snow, but Curtis declares he's a good man to go along with and that should suit Kallio's customers who are already sold on the former world's light-heavy king.

Hurley, who made his debut here last week along with the Golden Terror, is claimant to the Australian heavyweight crown and the Terror is the latest of masked maulers to appear on the southern mat circuit.

The relay scramble will have a time limit of 90 minutes with two dalls to win.

Cornell Oarsman Cop Rowing Title

SYRACUSE, N.Y., June 16 (AP)—Cornell's smooth and powerful defending champions applied the pressure in the last quarter mile today to sweep their second straight Inercollegiate Rowing Association title by a whopping 2 1-4 lengths over surprising Navy on Onondaga Lake.

Favored to win, the rangy Big Red sweepswingers did it like true champions in a power-packed final drive that solidified their position as one of the prime favorites for the Olympic trials on Onondaga June 28-30.

Navy finished strong, too, to beat out a valiant Wisconsin eight, which had battled Cornell most of the way, by nearly a length for the place position. Washington's previously undefeated Huskies were fourth, just two-tenths of a second behind Wisconsin.

Stanford, a contender through the middle of the three-mile classic, faded to fifth followed by Pennsylvania, Princeton, Syracuse, Massachusetts Institute of Technology (M.I.T.), California, Boston University, and Columbia.

Friend Wins 11th As Bucs Shut Out Cardinals, 2-0

Lee Walls Socks Two-Run Homer To Save Triumph

PITTSBURGH, June 16 (AP)—Lee Walls, one of the "come-through" kids, preserved the Pittsburgh Pirates National League lead today with a 2-run homer that beat the St. Louis Cardinals 2-0 in a game called after 7 innings because of pouring rain.

The shutout was victory No. 11 for Bobby Friend, the major leagues' winningest pitcher. He has lost three games.

And he now has blanked the Cardinals for 27 consecutive innings, counting a recent 6-0 shutout in nine innings and a 2-0 victory in 11 frames.

Walls' homer came in the second inning and was the second and last hit the Bucs managed to muster off Herman Wehmeier. It came with Frank Thomas on base—he had singled—and soared over the scoreboard in left field to decide the game.

The victory was doubly sweep to the Pirates since it came at the expense of Wehmeier. The burly Cardinal pitcher had beaten the Bucs twice previously this season and has a lifetime record of 25-9 against Pittsburgh. For the season he now is 2-6.

Walls' homer was his sixth of the season, and together with Friends' courageous clutch pitching kept the Bucs safely in front of the onrushing Brooklyn Dodgers. At least three times previously this season the young rightfielder has come through with game-winning hits for extra bases, and time and again his sparkling play afield has choked off opposition threats.

Grimm Quits Milwaukee

NEW YORK, June 16—UP—Charley Grimm resigned Saturday night as manager of the Milwaukee Braves and was replaced by Coach Fred Haney.

The announcement of the change in pilots was made here by club president Lou Perini, about 24 hours after the United Press had exclusively reported that Grimm's ouster was imminent.

Perini said Grimm's resignation was accepted "with great reluctance" and the president added that he has asked Grimm to remain in the Braves' organization as director of player procurement.

He said Grimm has decided to take a few days to "make up his mind" on this offer and will return to his home in the meantime.

Haney has served as a coach this year under Grimm, being hired by the Braves after he was released as manager of the Pittsburgh Pirates at the end of the 1955 season. Regarded as a "pepper-pot" manager, he is viewed by many baseball observers as a different type leader than the easy-going Grimm.

Grimm, 57, came to the end of the line at a time when the Braves had lost 12 of their last 17 games. Although they had been expected to battle the Brooklyn Dodgers year-long for the pennant and did lead the league for some time, they now are in fifth place, four games out of first place.

Grimm has been the only manager the Braves have had in their Milwaukee home. He replaced Tommy Holmes as skipper in the middle of the 1952 season while the team still was based in Boston. Under him, the Braves finished seventh, second, third, and second again last year.

7 Of 20 Highest Rated Quints On Wildcats' Slate

LEXINGTON, Ky., June 16 (AP)—Seven of last season's top 20 collegiate powers appear on the 1956-57 Kentucky basketball schedule.

The 26-game card, announced today, also includes two major regular season tournaments, the Sugar Bowl at New Orleans and the Kentucky invitational at Lexington.

Newcomers are Washington and Lee, Miami of Florida and Loyola of Chicago, replacing Depaul, Idaho and a second game with Louisiana State. Miami will appear against Kentucky for the first time.

The schedule:

December:

1, Washington & Lee, Lexington; 3, Miami (Florida), Lexington; 8, Temple, Philadelphia; 10, St. Louis, Lexington; 15, Maryland, Lexington; 18, Duke, Durham; 21-2 , University Kentucky invitational, Dayton, Southern Methodist, Illinois, Kentucky, Lexington; 28-29, Sugar Bowl, Notre Dame, Dayton, St. Louis, Kentucky, New Orleans.

January:

5, Georgia Tech, Lexington; 7, Loyola (Chicago), Lexington; 12, Louisiana State, Baton Rouge; 14, Tulane, New Orleans; 19, Tennessee, Knoxville; 26, Vanderbilt, Nashville; 28, Georgia Tech, Atlanta; 30, Georgia, Lexington.

February:

2, Florida, Lexington; 8, Mississippi, Memphis; 11, Mississippi State, State College; 15, Loyola, Chicago; 18, Vanderbilt, Lexington; 23, Alabama, Lexington; 25, Auburn, Lexington.

March:

2, Tennessee, Lexington.

All-Stars Start Practice July 19 For Brown Tilt

CHICAGO, June 15—UP—Coach E. L. (Curley) Lambeau Friday announced selection of the 51-man college All-Star squad he is counting on to ring up a second straight victory over the pro champion Cleveland Browns.

Lambeau, veteran pro player and coach, personally selected this year's squad as he did the 1955 team which engineered a 30-27 triumph over the Browns.

The All - Star game, begun in by the Chicago Tribune Charities, Inc., will be played Aug. 10 in Soldiers Field here.

Assisting Lambeau in choosing the collegiate team were Heartley (Hun) Anderson, Hampton Pool and Steve Owen, who also were his assistants last year.

The All-Stars, all of whom have accepted invitations to play, will report July 19 at Northwestern University and begin practice the following day.

Here is the complete list of the 1956 all-stars:

Ron Beagle, Navy; Willie Berzinski, La Crosse, Wis., State; Bruce Bosley, West Virginia; M. L. Brackett, Auburn; Jim Brown, UCLA Harold Burnine, Missouri; Bob Burris, Oklahoma; Preston Preston Carpenter, Arkansas; Howard Cassady, Ohio State; Don Chandler, Florida; Joe Childress, Auburn; Erik Christensen, Richmond; Leon Clarke, Southern California.

Frank D'Agostino, Auburn; Art Davis, Mississippi State; John Dittrich, Wisconson; Gary Glick, Colorado AM; Don Goss, Southern Methodist; Forrest Gregg, Southern Methodist; Jim Haluska, Wisconsin; Bill Hercsman, Texas Tech; Don Holleder, Army; Chales Horton, Vanderbilt; Sam Huff, West Virginia; James Katcavage, Dayton; Dick Klawitter, South Dakota State; Joe Krupa, Purdue; Jack Losch, Miami; Don McIlhenny, Southern Methodist; Herb Nakken, Utah; Joe Marconi, West Virginia;

Jim Nense, Notre Dame; Henry Moore, Arkansas; Lenny Moore, Pennsylvania State; Earl Morrall, Michigan State; Cecil Morris, Oklahoma; Bob Moss, West Virginia; Dick Mruley, Purdue; Frank Pajaczkowski, Richmond; John Paluck, Pittsburgh; Bob Pellegrini, Maryland; Hugh Pitts, Texas Christian; Jerry Reichow, Iowa; Larry Ross, Denver; Don Schaefer, Notre Dame; Bob Skoronski, Indiana; Jim Taylor, Baylor; Ed Vincent, Iowa; Vere Wellman, Wichita; George Welsh, Navy, and Jim Wolf, Louisville.

19 Big 8 Batters Hit Better Than .300 First Round

RUSTON, La., June 16 (Special)—After one round of play in the Big Eight the scorekeepers report 19 men hitting better than .300. The two leading pitchers are Hollis Morton of Homer and Bill Halley of Bernice with three wins against no losses. Pel Austin of Bernice, who led the Cotton States League in hitting a few years back, along with teammate Bill Halley are the home run kings with three each. James Carroll Farrar of Minden has two homers to his credit.

Excellent crowds have attended the first round of games and this season has indications of being the best in the eleven years that the Big Eight has been in operation. Now that Springhill has been given permission to use Jerry White, a former Shreveport Sports pitcher, their win column should have a few additions. The teams are well balanced and so far the games have been very close.

The Big Eight will make an unusual experiment by playing seven inning ball games during the third round of play which begins June 26 and ends July 7. Some of the games have almost reached the three-hour mark and one or two lasted three and a half hours. Every effort has been made to speed up the games but modern techniques of stalling, too many mound changes and unnecessary delays have caused many baseball fans to stay away from the park.

COLUMBIA, La., June 16 (Special)—Jimmy Dale Hester barely missed a no-hitter as he hurled Columbia's American Legion Juniors to a 4-0 victory over Mer Rouge on the Grayson diamond this afternoon for Columbia's second East League victory of the season. Hester came through with a one-hitter, a fourth inning single by Sellers.

Smith and J. Hester led a seven-hit attack for Columbia, each with two safe blows in three times at bat.

Columbia backed Hester with errorless ball in the well played game that saw Mer Rouge charged with only one miscue.

Needles Drives To Belmont Wire For $83,600 Win

NEW YORK, June 16 (AP) — Florida's favorite horse, Needles, dawdled along in last place like an Everglades alligator for almost a mile today, then proved his claim to the 3-year-old championship by roaring down the stretch to win the 88th Belmont Stakes.

The handsome bay son of Ponder bounced back with the old last quarter kick that brought him victory in the Kentucky Derby May 5, as he zoomed home for a neck decision over C. V. Whitney's Career Boy.

The Calumet Farm's Fabius, who upset Needles in the Preakness May 19 and thus prevented Needles from becoming the first triple crown winner since 1948, finished third in the field of eight.

Fabius, who had taken the lead going into the final bend but couldn't hold it in the furious stretch drive, dropped back and finished third, a length and a half behind Career Boy. In fact, Fabius was lucky to have third money, beating out Laudy Lawrence's Beau Diable by a head for the show money.

A Belmont Park crowd of 32,441 had established Needles as the 13-20 favorite.

The winner, ridden by jockey Dave Erb, and owned by Bonnie Heath of Fort Lauderdale, Fla., and Jack Dudley of Stillwater, Okla., paid $3.30, $2.40 and $2.10 while Career Boy, coupled with Whitney's Jazz Age in the wagering, returned $2.90 and $2.20. Fabius paid $2.30 to show.

Bastrop Juniors Cut Down Delhi In 4-3 Contest

DELHI, La., June 16 (Special)—The Bastrop American Legion Juniors knocked Delhi out of a share of first place in the district's East League today, 4-3, as the Morehouse parish club strengthened its position in the league race. The same clubs meet here again Monday with second place in the circuit's standings at stake.

But Bastrop had to put down a last inning rally when Delhi, trailing 4-1, used a base on balls and two hits to fire a two-run uprising that was just short of catching the visitors.

Delhi, led by George Brown's two-for-three, and Hobson's double, longest hit of the game, outhit Bastrop, 7 to 6. Naff and Watson each got two hits for Bastrop.

Snider HR Makes Margin As Bums Fell Braves, 3-2

BROOKLYN, June 16 (AP)—Duke Snider, the big slugger of Brooklyn's surge toward the top, led off the eighth inning with his 15th home run today for Brooklyn's sixth straight victory, 3-2 over the slumping Milwaukee Braves.

While the Dodgers have moved into the thick of the pennant race by taking 10 of their last 12 games, the Braves dropped into fifth by losing 12 of their last 17.

Clem Labine was credited with his fifth victory and Ernie Johnson was charged with his first defeat.

In the ninth the Braves staged a threat when a single by Del Crandall, a sacrifice and a walk to pinch hitter Del Rice put men on first and second with only one out. Labine struck out Danny O'Connell and retired Bill Bruton on a force play.

Harshman Blanks Solons On 4 Hits; Chisox Win, 7-0

CHICAGO, June 16 (AP) — Lefty Jack Harshman yielded just four hits and Jim Rivera banged a three-run homer today to pace the second-place Chicago White Sox to a 7-0 triumph over the last-place Washington Senators.

In his shutout, Harshman struck out six, walked four and yielded harmless singles to Karl Olson in the second, Jim Lemon in the fourth, Pete Runnels in the eighth and Ed Fitzgerald in the ninth.

Shows Families How To Have More Money Each Month.

J. E. WOOD
Manager

Everyone would like more money every month.

The local manager of Aetna Finance Co. now offers families here a "fresh start" plan that provides $20 to $1500 cash to consolidate bills with one payment a month.

"Usually it means less to pay," he said "and the family then has more money each month for other needs."

Payments often can be reduced as much as 50%. Those interested are invited to call, J. E. Wood, Manager, Aetna Finance Co. at 204 North Second Street, Phone 3-6634.—Adv.

Hunt & Whitaker vs. Clay Oil & Gas, 1 p.m.

Best V-8 vs. People's Homestead, 2:30 p.m.

Dew Music took over the lead in the Southside "A" League yesterday with a 16-13 whipping of Monroe Glass. Mills and Walls were the Dew battery; Crews and Eppinette were the defeated mates. M.G.M. eked past Monroe Lions, 14-13, with each club getting three hits. Hill was the winner with McMillian serving as catcher. Lewis, Hammonds, and Welch formed the losing battery.

In Southside "B" League action, Hunt & Whitaker topped People's Homestead, 7-6. Skeen gave up only two hits to the Homesteaders to claim the triumph. Dossett was the loser. Stadtler led Hunt & Whitaker at the plate with three-for-three. Best V-8 climbed into first place via their 18-6 conquer of Clay Oil & Gas. Wilkerson was on the hill for the winners, and Howard hurled for the Oilers.

The Shreveport Sports are wallowing in seventh place in Texas League standings with no immediate prospects for getting out—but you wouldn't know it by club batting averages.

The Sports led the league in team hitting last week with a healthy .292 average while the Houston Buffs — number two in standings as of Friday — trailed with .287.

Shreveport's Ev Joyner was leading in individual batting through Wednesday with a gaudy .394. Ken Guettler continued to provide the long ball punch for the Sports, upping his home run total to 30 for the season.

Houston's Harry Walker was second among regular hitters with .356, closely pressed by Dallas catcher Ray Debek with .350.

Joyner also led in the total hits department with 97 to his credit while Houston's Bobby Smith chopped out 82. Dick Gray of Fort Worth and Bob Will of Tulsa each had 81.

In two-base hits, the Sports outfielder was far ahead with 23. Gray and Jasper Spears of Fort Worth held the honors in triples with 7 apiece.

The Cats' Rudy Paynich led the pitching parade with 10 victories against only a single loss. The Fort Worth twirler also had completed seven games to tie in that department with Bobby Greason of Houston, who had 9 wins against 4 losses.

Shreveport's Freddy Martin had toiled in the most games — 29 — and Tulsa's Al Larry had the most innings worked to his credit with 103.

Tom Hughes of Houston was the league's strike out king with 86.

COOK'S OPPONENT—Jimmy Perrault, (above), St. Paul, Minn., faces Clarence Cook, Oak Grove and Bastrop, in a scheduled ten rounds at Gus Kallio's Arena here Thursday in one half of a double main event card.

Capacity Turnout Expected To Jam Arena For Fights

Clarence Cook, Virgil Akins, Jimmy Perrault, Don Jose and others appearing on Promoter Gus Kallio's double main event boxing card here Thursday night see promise of a capacity house as advanced ticket sales are already booming for what Kallio labels as "the biggest" fight attraction ever brought to the Twin Cities.

Kallio announced lwst night that almost all of the $5.50 ringside tickets have already gone, and the lower priced pasteboards are being taken up faster than for any previous boxing shows of his promotion.

Cook, the classy middleweight from Oak Grove and Bastrop, is a local favorite and a big drawing card, but fight fans of this area are also offered Akins, the high ranked Negro welterweight from St. Louis Mo., who handed Cook one of the two defeats in his professional career at Dallas, Tex., last winter. Akins is also a television fighter, appearing on several TV fight programs, and he is considered an outstanding contender for the world's welterterweight title.

Cook, the ex-Oak Grove High School champion who left a paper mill job at Bastrop to work under fight manager Eddie Yawitz out of St. Louis last spring, is dated for half of the double main in a ten-rounder with Jimmy Perrault of St. Paul, Minn. Both are expected to weigh in at around 156 pounds.

Akins is matched for the other 10-rounder with Don Jose, an up-and-coming Negro battler from Oakland, Calif., who has nine victories against a single defeat in his pro career.

Undefeated Ernie Burford, unbeaten Memphis middleweight, is paired with Al Jones, St. Louis, Mo., for the eight-round semi-final. Burford, aiming for an autumn date with Akins, recently won four main events at New Orleans, and Jones, who has lost only his first pro match, is riding a string of eight consecutive victories.

A six-rounder has been scheduled for Jessie Goins, Negro welterweight of Monroe, against Hip Di Diddy Kid, Memphis, Tenn., and Promoter Kallio still hasn't announced the rivals for the four-round preliminary due to start the Thursday night fireworks at 8 o'clock.

Kallio last night said the Cook-Perrault scrap is being given special consideration as a Cook victory is expected to earn him the much-talked-about shot at Del Flanagan, while Perrault, if victorious, is due to get a fall appointment with Akins at St. Paul.

Bobby Manziel and Loy Scarborough are due to serve as referees.

The advanced ticket sale is being conducted from Kallio's Monroe residence office, 1101 Jackson street; at City C and A Club, Bastrop; and Pippin's Cafe, Oak Grove. The prices scale from $5.50 for the first four ringside rows, to $3.50 for other ringsides, $3.50 for first row balcony, and $2 for general admission.

Red Hose Shade Bengals In 12th For 6-5 Victory

DETROIT, June 16 (AP)—Slender Gene Stephens, a replacement for Ted Williams, singled across relief pitcher Dave Sisler with the winning run in the 12th inning today as the Boston Red Sox edged the Detroit Tigers, 6-5.

The victory, Sisler's third against two losses, returned the Bosox to sole possession of fourth place in the American League. The game-winning blow came off Virgil Trucks, third Detroit pitcher, and was only the second base hit the 37-year-old righthander permitted in four and one-third innings.

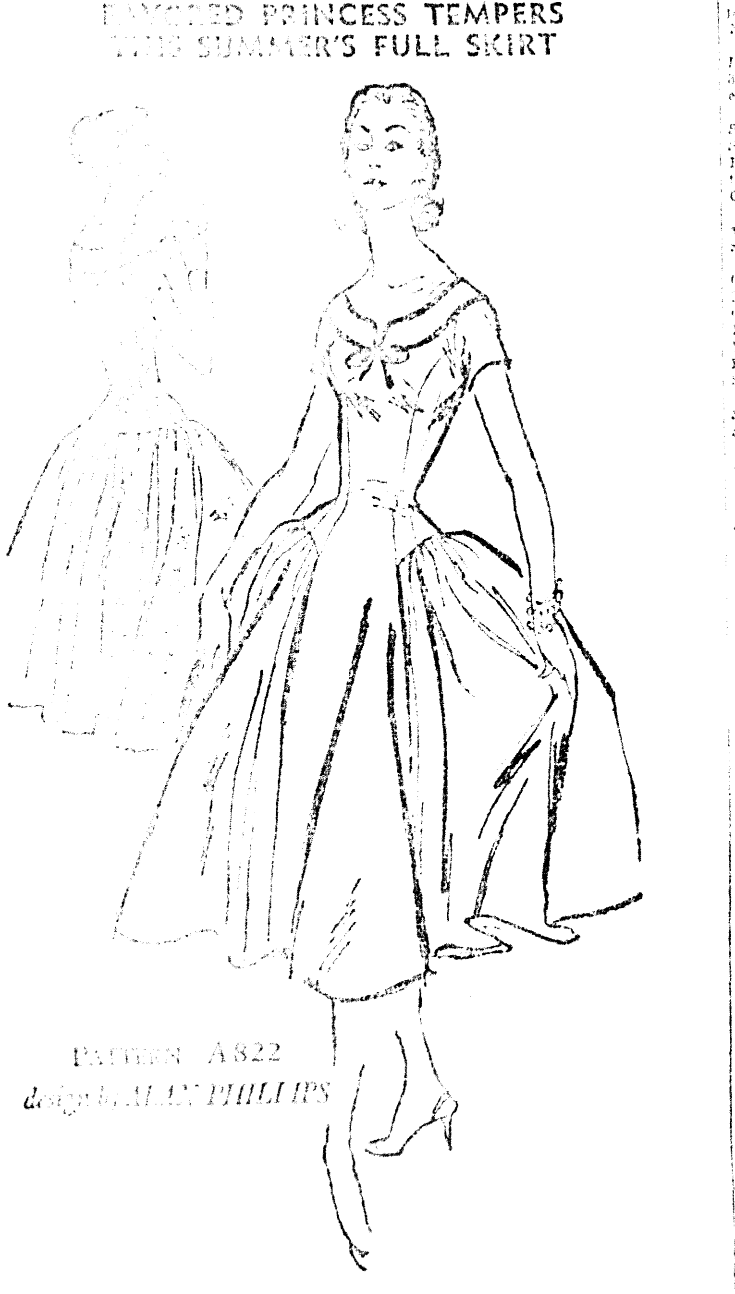
[illegible] PRINCESS TEMPERS THIS SUMMER'S FULL SKIRT



PATTERN A822 design by ALAN PHILLIPS

PROMINENT DESIGNER—Skirts in full motion—sway cooly to a summer's breeze, or the rhythm of a graceful dance. Pictured here, the new voluminous skirting at its beautiful extreme—smooth in princess effect, then paneled off into a myriad of soft gathers. Alan Phillips talented American designer, credits this dress with a wonderful way of flattering every figure! His Original for Richard Cole—a fine imported cotton; deep velvet ribbon imparting new emphasis to the cool yoked neckline. "Your readers might prefer a silk, or the sheer beauty of lawn and dotted swiss," adds this prominent designer. "And of course, my favorite cottons—blooming more brightly than ever this season."

Pattern A822 is available in Misses' Sizes 10, 12, 14, 16 and 18. Size 16 requires 5¼ yards 35-inch fabric.

Send fifty cents (in coins) for Pattern A822 to Morning World, Pattern Department, P. O. Box 59, Old Chelsea Station, New York 11, N. Y. Please print plainly your name, address with zone, style number and size.

9-Year-Old Negro Boy Injured When Struck By Truck

A nine-year-old Negro boy suffered minor bruises and scratches at about 1:15 p.m. yesterday when struck by a pickup truck at the intersection of Cypress and Benson the boy failed to look and stepped

West Monroe police identified the boy as Rufus Jensen, of 326 Benson street. Witnesses told police that the boy failed to look and stepped out in front of the truck when the vehicle was already too close to stop. He was treated at E. A. Conway Memorial hospital, where he was taken by a Kilpatrick Funeral ambulance.

Police identified the driver of the pickup truck as James Payne, 16, of Route 4, West Monroe.

FREDRICK ST.

YOU'LL FIND it hard to believe, but here's a "charmer-of-a" 2 bedroom home on the Northside of Monroe on a 75' corner lot that only $200 down on G. I. financing buys! It has: asbestos siding; spacious kitchen with natural wood cabinets and washer plumbing; new water tank and other features that we'll gladly show today.

HINKLE DRIVE

THREE BEDROOMS for only $10,150! Yep, and that ain't all, for this immaculate home also possesses: attic fan and wall furnaces, copper plumbing, excellent cabinet space, a relaxing 10'x14' screened porch, double carport, fenced backyard and . . . it's just a "stone's throw" to the W. Monroe High School.

SOUTH 6TH

LOOKING for a reasonably priced home that can be purchased on an assumption loan! Well . . . here's the place! It has: a 20'x12' living room; 2 bedrooms; walk-in closet in hall; it's only 3 years old and $1053 cash is all it takes!

1513 NORTH 6TH (W. MONROE)

ONLY $850 down on FHA buys all the following exciting features of this charmer; 2 nice bedrooms, carport and storage; copper plumbing; attic fan and wall furnaces; has a 75' lot (with several nice trees) and, it's just a couple' blocks to W. Monroe High and Millsaps Grammar School.

CIRCLE DRIVE

It's splendid value and . . . only $150 down on a G. I. loan turns the key! Among its 896 sq. feet are: (2) spacious bedrooms; nice size living room and separate dining room, oak floors, carport and 62'x198' lot. It's priced at $7500.

ISLAND DRIVE

Completely carpeted. Completely air-conditioned, and absolutely one of the better values on the Northside. Among the 1440 sq. feet are: (3) comfortable size bedrooms; tile bath; central heating; wall-to-wall carpeting throughout, well-portioned kitchen with nice cabinet space, tile counter tops and its all on a 100-x-150' lott in a wonderful neighborhood.

BAYOU DESIARD

Heres truly one of Monroe's showplaces in a bayou home! The 180' bayou lot has had meticulous attention from the beginning and the brick home is a wonderful combination of the following features: 3 nice size bedrooms (or 2 and a den); a 19'x14' living room and . . . a 12'x14' dining room; wall - to - wall carpeting throughout house; (2) complete tile baths; central heating; insulated throughout; the 12'x16' kitchen has spacious cabinet space, Formica cabinet tops, dishwasher, and breakfast area. There's also a double attached garage and separate utility room. We'll gladly show today.

SMITH

$200 down on a G.I. loan buys all the following good features in this College Area location: (3) roomy bedrooms; large living room and separate dining room; floor furnace; house insulated (wall and ceiling); 1153 sq. feet of living area and more! We'll gladly show today!

BELMONT DRIVE

How would you like to have 1¼ acres covered with trees plus a new 3 bedroom and den home on it! This fine brick has; 2 baths, central heating; beautiful kitchen with built-in range and oven; living room's carpeted; has double garage and "Loads" of other features. We'll gladly show today.

MILTON

Take a "gander" at what $700 down on a G.I. loan buys in Marie Place: (3) nice size bedrooms; tile bath; bleaming oak floors; forced - air heating; a 12'x20' living room; a 10'x12' pine-paneled kitchen with dishwasher and disposal; beautifully landscaped 75'x150' lot (back yards fenced!) And, (4) air-conditioning units go, too! It's "whooping" good value!

ESSEX

Here's a "charmer" that's just gone on the market in Marie Place with the following features: (2) bedrooms and a paneled den (all have sliding door closets); ceramic tile bath (with shower); glistening hardwood floors throughout; a very nice size living room (on the rear) with one wall mostly glass completely draped; has central heating; a 9'x20' kitchen with wonderful cabinet space and space for washer and dryer. This one has everything! It's vacant!

CIVIC

Here 'Tis! Yep, here's that well-located Northside home with a separate dining room, and 3 bedrooms "to boot"! Seriously, here's splendid value in a wonderfully-conditioned brick home with: 1452 sq. feet of living area; beautiful oak floors; tile bath; floor furnaces; fenced back yard; and its on a 75' corner lot.

GRAMMONT

It'll thrill you just to look at the inside of this good buy, for it's been completely redecorated from floor to ceiling. Among its 1100 sq. feet are the following: (2) spacious bedrooms; large living room and separate dining room; beautiful oak floors and a 200' corner lot! $1250 down on FHA buys it!

ALABAMA

Nope, it's no mistake . . . here's a 3 bedroom home, for only $7600, and . . . it's been completely redecorated! It possesses: 1156 sq. feet; hardwood floors; 50'x150' lot and other features! $750 down makes the move.

SOUTH 1ST

$600 DOWN on FHA makes the move into this "neat as a pin" 2 bedroom home with: 2 bedrooms; nice oak floors, 6'x7' store room and a host of other features that we'll gladly show today.

FLORIDA

Easy as pie to buy G. I., or for that matter, it's also easy to buy FHA! $150 down G. I., or $600 down FHA buys all the following: 2 bedrooms, nice size kitchen with excellent cabinet space, floor furnace; carport and storage and other features.

MITCHELL LANE

HERE'S THE ultimate in a well - located and well - planned home in W. Monroe! It consists of: nice size living room and separate dining room; roomy breakfast room; well - arranged kitchen; (2) comfortable bedrooms, one with walk-in closet, the other has a cedar closet; has central heating and attic fan; a 10'x24' screen porch; double garage and it's just one block to Mitchell Lane Grammar! $1,850 down on an FHA loan makes the move!

SPENCER

Here 'tis-Yep, it's got everything a fine home should have. Roominess, nice architectural style, wonderful location and large lot! Among this one's 2300 sq. feet of living area are: 3 large bedrooms (smallest is 15x13'); spacious 24'x14' living room with an elegant floor-to-ceiling Dormeyer window; separate dining room; a wonderful 21'x13' kitchen; a spacious 15'x24' paneled den; 2 full baths; more closet space than you could imagine; garage with 12'x12' storage room; servant's toilet and a 100'x150' lot. It's vacant !

Jane Fuller Leads Class Taking Test At Louisiana Tech

RUSTON, June 16 (Special) — Jane Fuller, daughter of Mr. and Mrs. Robert Lane Fuller of Ruston, led the class of beginning freshmen taking the College Ability Test at Louisiana Tech, the guidance office at Tech reported today. Miss Fuller, who graduated from the Ruston High School in May, scored 98 points out of a possible 110.

Two students tied for second place with 96 points. The were Gerald Dyson, son of Mr. and Mrs. G. I. Dyson of Ruston, and Gail Waugh, daughter of Mr. and Mrs. R. G. Waugh of Tallulah.

Ranking third was Harlan Humphries of Ouachita Parish High School, who tallied 95 points. He is the son of Mr. and Mrs. Jake B. Humphries of 607 Lakeshore Drive, Monroe.

In fourth place was Romona Neal of Ouachita Parish High School, whose score was 93. Her parents are Mr. and Mrs. W. A. Neal of Perryville.

Ennis Mitchell Midyett, son of Mrs. Grace R. Midyett of Pelican, ranked fifth with 92 points.

Two students trying for sixth place with 91 points were Marshall Bice, son of Mr. and Mrs. Clarence Bice of Ruston, and Jackie Lucille Martin, daughter of Mr. and Mrs. H. L. Martin of Columbia.

The College Ability Test used at Tech this summer replaces the psychological tests formerly administered to beginning freshman at the college. Word usage, mathematical problems and other questions comprise the College Ability Test, which is prepared for national use by the Educational Testing Service of Princeton, N. J. The test is designed to show how students rank with each other.

A PICTURE A DAY—Probably the most photographed infant in the Twin Cities is Sandra Rose Herring, daughter of Mr. and Mrs. Joe L. Herring, 1408 Filhiol Avenue, Monroe. Sandra Rose had her picture taken each day of her life until she attained the age of one year on June 13. Her father was the family photographer at the outset, but before the year-long ordeal was complete, Mrs. Herring, also, had become a photographer. Left to right, above photo, Sandra Rose is pictured at 14 days, 67 days, 123 days and 297 days.

Jena Doctor Is Recalled To Duty With U. S. Navy

JENA, June 16, (Special —Dr. W. D. Swackhamer, associated with the Jena hospital for the past five years, has been recalled to duty with the U.S Navy and will report to the Oakland (Calif.) Naval hospital effective June 23.

Dr. Swackhamer graduated from the Tulane university school of medicine in 1948 and served one year with the Navy after a year's internship at the Charity hospital in New Orleans. After his return from service, he took an additional year of internship at the Huey Long hospital in Pineville before coming to Jena to set up his practice where he is associated with the Jena hospital.

Since leaving active duty, Dr. Swackhamer has continued in the inactive Naval reserve in the rank of lieutenant (j.g.).

Until he receives his permanent duty station, Dr. Swackhamer's wife and three children will remain in Jena. As soon as he is permanently based, they will join him.

Following his 18-month tour of active duty, Dr. Swackhamer said he plans to return to Jena to resume his practice.

The loss of Dr. Swackhamer is the second within a short time from the staff of the Jena hospital. Dr. B. E. Doughty announced recently he plans to resign from the hospital and move his family to Vidalia where he will set up his practice "about the middle of July."

Sheriff Arrests Two Negroes In Slashing Cases

Two Negroes were placed in jail following two separate cutting scrapes, the Ouachita Sheriff's office announced Saturday.

Clara Mae Mack was lodged in jail and charged with aggravated battery after an investigation made by officers of a fight behind a house on Ridge Avenue about 1:30 a.m. Saturday, tht Sheriff's officer said.

Robert Mack, Negro, stated that his wife had attacked him with a broken wine bottle. He was bleeding profusely when officers reached him. They gave first aid until an ambulance arrived to take the man to a hospital, it was reported.

Charlie Bell, 44, was picked up and charged with aggravated battery on two counts, officers said.

About 9:15 p.m. officers were called to pick up Bell, who was said to have been drunk and to have admitted stabbing Felman Jackson and Herbert Young. He told officers that they jumped on him and he slashed them in self-defense, the sheriff's office reported.

Jackson and Young were getting medical attention when located, officers said. They told officers that they and four other witnesses found Bell drunk in a ditch and that when they picked him up to try to identify and help him home, he attacked two of them with a knife.

Will Atkinson Is Seriously Ill; Once City Officer

Will Atkinson, 103 Johnston street, has been removed to his home after six days in St. Francis hospital.

His condition was not greatly improved but he was anxious to get home and was removed Thursday to his residence.

He is well known here, where he has resided almost since the turn of the century. For a time he was associated with the real estate firm of Blanks and Breard, which was owner of extensive real estate interests.

Later Mr. Atkinson was elected, during the Bernstein administration, to the office of commissioner of parks and streets. The city of Monroe recreation department was formed when Mr. Atkinson served as official.

MRS WILLIAM HUGHES TUCKER

Quiet Ceremony Unites Miss Bogel And Mr. Tucker

Miss Llylwyn Elizabeth Bogel, daughter of Mr. and Mrs. Philip Raymond Bogel, became the bride of Mr. William Hughes Tucker in a quiet ceremony held Saturday morning, June 9, at 10 o'clock in Trinity Luthern Church. Mr. Tucker is the son of Mr. and Mrs. Richard Hale and the grandson of Mrs. William Clark Hughes and the late Mr. Hughes of Shreveport.

Officiating at the wedding was the Rev. Arthur Betz. Only members of the couple's immediate families were present for the occasion.

Arrangements of palms, white gladioli and stock formed a traditional background for the vows.

Nuptial selections including "O Perfect Love" and "The Lord's Prayer" were played by Mrs. Eloy Fominaya, organist.

Given in marriage by her father, the bride was wearing a waltz-length gown of champagne chiffon fashioned with sculptured bodice of pin-tucks and round satin-bound neckline complemented by cap sleeves. A satin cummerbund accentuated the waistline. Her shoulder-length veil was attached to a matching hat designed in leaf shape and embossed in seed pearls. She carried a white orchid enfolded by stephanotis and feathered carnations, mounted on a white Bible.

The bride's sister-in-law, Mrs. Ray E. Bogel of Dallas, Tex., was her only attendant. Her gown was also a chiffon creation in matching length and two shades of blue. She wore an identical hat and carried a modern cascade of rainbow daisies.

Ray E. Bogel, brother of the bride, served the bridegroom as best man.

Mrs. Bogel chose for her daughter's wedding a mauve dress with matching accessories complemented by an orchid.

Mrs. Hale was becomingly attired in a light blue model with white accessories. She also wore an orchid.

A reception followed the ceremony at the home of the bride's parents, 1002 Civic street.

For a wedding trip to Shreveport and Hot Springs, Ark., the bride wore a black and white linen suit with matching accessories.

The couple will soon reside on West Avenue in Monroe where their new home is nearing completion.

A member of Epsilon Mu and Beta Sigma Phi, the bride graduated from Waco schools in Waco, Texas.

Mr. Tucker attended Centenary College and Louisiana State University where he holds membership in Kappa Alpha fraternity.

Among those from out-of-town attending the wedding were Mr. and Mrs. Frank Walker and children, Ann Elizabeth, Frank, Jr., and Lila of Lake Charles, Mrs. William Clark Hughes of Shreveport and Mr. and Mrs. Ray E. Bogel and children, Phillip and Michael of Dallas, Tex.

Rehearsal Party

A private dining room at Bayou DeSiard Country Club provided the setting for the rehearsal dinner given Friday night by Mr. and Mrs. Richard Hale in honor of their son and his fiancee.

For the occasion, the room was beautifully decorated in pink and white. Centering the dinner table, overlaid in pink, was a silver epergne arrangement of white stock, agapanthus, white carnations and pink flocked fern. Pink tapers illuminated the room.

On the buffet was a similar composition in pink and white enhanced by a silver candelabra with pink candles.

Guests included members of the wedding party and their immediate families.

Church Ceremony Unites Couple

LAKE PROVIDENCE — A beautiful and impressive ceremony at seven in the evening of June 6th, united in marriage Miss Lola Janette Smith, daughter of Mr. and Mrs. Albert Graves Johnson and Roy Lee Gregory, son of Mrs. S. C. Johnston and the late Mr. Gregory of Transylvania.

A bridal theme of green and white was used throughout the decorations in the sanctuary of the Methodist Church. English ivy formed the background entwining the chancel rail and the wrought iron standards in which tall white tapers burned. White taffeta bows and fern marked the reserved pews for the families and relatives.

The double ring ceremony was performed by Rev. Thomas Major Lancaster.

David Tschabold, organist, provided a background of music.

Miss Tommie Sue Proctor, was soloist.

Miss Faye Smith, sister of the bride, and her only attendant, was lovely in a princess style ice silk nylon. The bodice had a V neckline, both front and back, and the skirt was eight-gored for fullness. Her headdress was a white floral bandeau and her bouquet of white carnations, was charmingly arranged with blue nylon net, to match her gown.

The bride, given in marriage by her father, wore a gown of antique taffeta, designed with decollete bodice. The Chantilly lace bolero had three-quarter length sleeves and a row of tiny pearl buttons down the front. The skirt dipped to a V- in the front, circled below the hipline with shirring to provide fullness. The fingertip veil of illusion fell from a pearl trimmed lace capulet. She carried a white Bible on which there were white carnations tied with cascaded loops of satin ribbon.

Bobby Fulmer of Baton Rouge served the groom as best man and Victor Whitehead and John Russell Davis were ushers.

For her daughter's wedding, Mrs. Johnson chose a light blue crystallized nylon with matching straw shell and a shoulder corsage of white carnations.

Mrs. Johnston, mother of the groom, was gowned in a one piece tan faille model, with white carnation corsage.

A reception was held, immediately following the ceremony, in Fellowship Hall. Receiving with the bride and groom were their parents and members of the bridal party.

Miss Tommie Joffrion, Marksville, presided at the crystal punch bowl. The bride's table was overlaid with a white linen cutwork cloth and decor of white gladioli, Queen Anne's lace and blue larkspur.

The wedding cake was decorated with pink roses and green leaves, topped with a miniature bride and groom.

Mrs. Edna Frantom presided at the guest register.

For traveling the bride wore a two piece suit of navy blue nubby linen, with narrow rounded collar and short puffed sleeves. The corsage from her wedding bouquet and a flat top straw sailor with ornamental bow and short mesh veil completed her ensemble.

Following a short honeymoon trip, the couple will make their home in New Orleans. Mr. Gregory will do research work at Charity Hospital during the summer months, returning to L.S.U. medical school in the fall as a second year student.

Rehearsal Supper

Mr. and Mrs. S. C. Johnston entertained at the family home at Transylvania, for members of the wedding party and guests at a rehearsal supper on the eve of the wedding date.

The bride chose this occasion to present her attendant with a lovely gift of costume jewelry. For his attendants, the groom had gifts of cuff links and matching tie pins, embossed with the medical emblem, Cadesus.

Those present to enjoy the buffet supper with the hosts, in addition to the bride and groom, were Reverend and Mrs. T.M. Lancaster, Mrs. C. R. Brown, Mr. and Mrs. A. G. Johnson, Victor Whitehead, Miss Faye Smith, Dale Johnson, Miss Tommie Sue Proctor, David Tschabold, John Russell Davis, Miss Tommie Gayle Joffrion of Marksville and Bob Fulmer of Baton Rouge.

Davis-McKinzie Vows Said In Church Ceremony

The First Methodist Church of Oak Grove was the scene on Saturday, June 2nd, of the wedding of Miss Beverly Fran McKinzie and William Horton Davis.

The beautiful candlelight ceremony was performed at 6 o'clock in the evening with the Reverend Eskel L. Tatum reading the impressive double ring service before an assemblage of relatives and friends.

The bride is the daughter of Mr. and Mrs. James L. McKinzie, Jr., of Oak Grove. His parents are Mr. and Mrs. Carl Lee Davis of Ruston.

Vows were pledged at the altar marked with a prie-dieu which was flanked with floor baskets of white carnations and greenery. Illuminating the scene were wrought iron floor candelabra holding burning white tapers. The pews were marked with white satin bows.

Preceeding the ceremony a program of nuptial music was presented by Mrs. Louise Butler, organist. Mrs. Butler accompanied the soloist, Miss Bennye Berry of Bastrop as she sang "Through The Years" and "Because".

The tapers were lighted by Miss Mary Alice Thomas and Miss Martha Anna Lipp. They wore identical frocks as the bride's maids with bandeaux of blush carnations.

Serving as bride's maids was Miss Jemmie Delle Holder, and the groom's sister, Mrs. Bryant Kennedy of Ruston was bride's matron. Miss Nancy Boyd, of Jackson, Miss. was maid of honor. All wore waltz length gowns of foam green organdie fashioned with long torso waistline, forming bows in the back. They carried lace fans adorned with blush carnations.

The bride who entered the sanctuary with her father was lovely in her wedding gown of imported eyelet organdie over white slipper satin. The long torso bodice, styled with a cowl neckline featured an eyelet yoke studded with irridescent sequins and seed pearls, which were repeated on the voluminous waltz length skirt. Her finger tip veil of illusion fell from a crownlet encrusted with sequins and seed pearls. She wore long lace gauntlets and carried a white Bible topped with a bridal bouquet of white orchids and stephanotis. Her only adornment was a string of pearls, gift of the groom.

Carl Davis, Jr., served his brother as best man. Usher-groomsmen were Larry Whitaker and Robert Cameron.

Mrs. McKinzie, mother of the bride chose a frock of blue lace with white accessories for her daughter's wedding. She pinned a corsage of gardenias at the neckline. Mrs. Davis, mother of the groom, was dressed in a gray sheer with white accessories. Her shoulder corsage was of pink gladiola.

Immediately following the ceremony a reception was held at the McKinzie home. A profusion of garden flowers were used at vantage points throughout the reception rooms. The Bride's table was overlaid with a lace cloth over pink. Placed at one end of the table was the three tiered wedding cake topped with miniature wedding bells. At the opposite end of the table was the crystal punch bowl. A mirrored garland of gardenias and burning white candles completed the table setting. Mrs. Maurice Boyd of Jackson, Miss., served the cake and Miss Nancy McCormick presided over the punch bowl. Guest were asked to sign the bride's book by Miss Martha Peden of Ruston. Miss Gail Sawyer played piano music during the evening.

Following a wedding trip along the gulf coast the couple will be at home in Ruston where both are students at La. Tech. For travel the bride changed into a toast colored silk shantung with white accessories. She pinned at her shoulder an orchid from her bridal bouquet.

There was a large number of out of town guest attending the wedding reception.

The Bride's table was overlaid with a lace cloth over pink. Placed at one end of the table was the three tiered wedding cake topped with miniature wedding bells. At the opposite end of the table was the crystal punch bowl. A mirrored garland of gardenias and burning white candles completed the table setting. Mrs. Maurice Boyd of Jackson, Miss., served the cake and Miss Nancy McCormick presided over the punch bowl. Guest were asked to sign the bride's book by Miss Martha Peden of Ruston. Miss Gail Sawyer played piano music during the evening.

Following a wedding trip along the gulf coast the couple will be at home in Ruston where both are students at La. Tech. For travel the bride changed into a toast colored silk shantung with white accessories. She pinned at her shoulder an orchid from her bridal bouquet.

There was a large number of out of town guest attending the wedding reception.

MRS WILLIAM HUGHES TUCKER

Quiet Ceremony Unites Miss Bogel And Mr. Tucker

Miss Llylwyn Elizabeth Bogel, daughter of Mr. and Mrs. Philip Raymond Bogel, became the bride of Mr. William Hughes Tucker in a quiet ceremony held Saturday morning, June 9, at 10 o'clock in Trinity Luthern Church. Mr. Tucker is the son of Mr. and Mrs. Richard Hale and the grandson of Mrs. William Clark Hughes and the late Mr. Hughes of Shreveport.

Officiating at the wedding was the Rev. Arthur Betz. Only members of the couple's immediate families were present for the occasion.

Arrangements of palms, white gladioli and stock formed a traditional background for the vows.

Nuptial selections including "O Perfect Love" and "The Lord's Prayer" were played by Mrs. Eloy Fominaya, organist.

Given in marriage by her father, the bride was wearing a waltz-length gown of champagne chiffon fashioned with sculptured bodice of pin-tucks and round satin-bound neckline complemented by cap sleeves. A satin cummerbund accentuated the waistline. Her shoulder-length veil was attached to a matching hat designed in leaf shape and embossed in seed pearls. She carried a white orchid enfolded by stephanotis and feathered carnations, mounted on a white Bible.

The bride's sister-in-law, Mrs. Ray E. Bogel of Dallas, Tex., was her only attendant. Her gown was also a chiffon creation in matching length and two shades of blue. She wore an identical hat and carried a modern cascade of rainbow daisies.

Ray E. Bogel, brother of the bride, served the bridegroom as best man.

Mrs. Bogel chose for her daughter's wedding a mauve dress with matching accessories complemented by an orchid.

Mrs. Hale was becomingly attired in a light blue model with white accessories. She also wore an orchid.

A reception followed the ceremony at the home of the bride's parents, 1002 Civic street.

For a wedding trip to Shreveport and Hot Springs, Ark., the bride wore a black and white linen suit with matching accessories.

The couple will soon reside on West Avenue in Monroe where their new home is nearing completion.

A member of Epsilon Mu and Beta Sigma Phi, the bride graduated from Waco schools in Waco, Texas.

Mr. Tucker attended Centenary College and Louisiana State University where he holds membership in Kappa Alpha fraternity.

Among those from out-of-town attending the wedding were Mr. and Mrs. Frank Walker and children, Ann Elizabeth, Frank, Jr., and Lila of Lake Charles, Mrs. William Clark Hughes of Shreveport and Mr. and Mrs. Ray E. Bogel and children, Phillip and Michael of Dallas, Tex.

Rehearsal Party

A private dining room at Bayou DeSiard Country Club provided the setting for the rehearsal dinner given Friday night by Mr. and Mrs. Richard Hale in honor of their son and his fiancee.

For the occasion, the room was beautifully decorated in pink and white. Centering the dinner table, overlaid in pink, was a silver epergne arrangement of white stock, agapanthus, white carnations and pink flocked fern. Pink tapers illuminated the room.

On the buffet was a similar composition in pink and white enhanced by a silver candelabra with pink candles.

Guests included members of the wedding party and their immediate families.

Church Ceremony Unites Couple

LAKE PROVIDENCE — A beautiful and impressive ceremony at seven in the evening of June 6th, united in marriage Miss Lola Janette Smith, daughter of Mr. and Mrs. Albert Graves Johnson and Roy Lee Gregory, son of Mrs. S. C. Johnston and the late Mr. Gregory of Transylvania.

A bridal theme of green and white was used throughout the decorations in the sanctuary of the Methodist Church. English ivy formed the background entwining the chancel rail and the wrought iron standards in which tall white tapers burned. White taffeta bows and fern marked the reserved pews for the families and relatives.

The double ring ceremony was performed by Rev. Thomas Major Lancaster.

David Tschabold, organist, provided a background of music.

Miss Tommie Sue Proctor, was soloist.

Miss Faye Smith, sister of the bride, and her only attendant, was lovely in a princess style ice silk nylon. The bodice had a V neckline, both front and back, and the skirt was eight-gored for fullness. Her headdress was a white floral bandeau and her bouquet of white carnations, was charmingly arranged with blue nylon net, to match her gown.

The bride, given in marriage by her father, wore a gown of antique taffeta, designed with decollete bodice. The Chantilly lace bolero had three-quarter length sleeves and a row of tiny pearl buttons down the front. The skirt dipped to a V- in the front, circled below the hipline with shirring to provide fullness. The fingertip veil of illusion fell from a pearl trimmed lace capulet. She carried a white Bible on which there were white carnations tied with cascaded loops of satin ribbon.

Bobby Fulmer of Baton Rouge served the groom as best man and Victor Whitehead and John Russell Davis were ushers.

For her daughter's wedding, Mrs. Johnson chose a light blue crystallized nylon with matching straw shell and a shoulder corsage of white carnations.

Mrs. Johnston, mother of the groom, was gowned in a one piece tan faille model, with white carnation corsage.

A reception was held, immediately following the ceremony, in Fellowship Hall. Receiving with the bride and groom were their parents and members of the bridal party.

Miss Tommie Joffrion, Marksville, presided at the crystal punch bowl. The bride's table was overlaid with a white linen cutwork cloth and decor of white gladioli, Queen Anne's lace and blue larkspur.

The wedding cake was decorated with pink roses and green leaves, topped with a miniature bride and groom.

Mrs. Edna Frantom presided at the guest register.

For traveling the bride wore a two piece suit of navy blue nubby linen, with narrow rounded collar and short puffed sleeves. The corsage from her wedding bouquet and a flat top straw sailor with ornamental bow and short mesh veil completed her ensemble.

Following a short honeymoon trip, the couple will make their home in New Orleans. Mr. Gregory will do research work at Charity Hospital during the summer months, returning to L.S.U. medical school in the fall as a second year student.

Rehearsal Supper

Mr. and Mrs. S. C. Johnston entertained at the family home at Transylvania, for members of the wedding party and guests at a rehearsal supper on the eve of the wedding date.

The bride chose this occasion to present her attendant with a lovely gift of costume jewelry. For his attendants, the groom had gifts of cuff links and matching tie pins, embossed with the medical emblem, Cadesus.

Those present to enjoy the buffet supper with the hosts, in addition to the bride and groom, were Reverend and Mrs. T.M. Lancaster, Mrs. C. R. Brown, Mr. and Mrs. A. G. Johnson, Victor Whitehead, Miss Faye Smith, Dale Johnson, Miss Tommie Sue Proctor, David Tschabold, John Russell Davis, Miss Tommie Gayle Joffrion of Marksville and Bob Fulmer of Baton Rouge.

Davis-McKinzie Vows Said In Church Ceremony

The First Methodist Church of Oak Grove was the scene on Saturday, June 2nd, of the wedding of Miss Beverly Fran McKinzie and William Horton Davis.

The beautiful candlelight ceremony was performed at 6 o'clock in the evening with the Reverend Eskel L. Tatum reading the impressive double ring service before an assemblage of relatives and friends.

The bride is the daughter of Mr. and Mrs. James L. McKinzie, Jr., of Oak Grove. His parents are Mr. and Mrs. Carl Lee Davis of Ruston.

Vows were pledged at the altar marked with a prie-dieu which was flanked with floor baskets of white carnations and greenery. Illuminating the scene were wrought iron floor candelabra holding burning white tapers. The pews were marked with white satin bows.

Preceeding the ceremony a program of nuptial music was presented by Mrs. Louise Butler, organist. Mrs. Butler accompanied the soloist, Miss Bennye Berry of Bastrop as she sang "Through The Years" and "Because".

The tapers were lighted by Miss Mary Alice Thomas and Miss Martha Anna Lipp. They wore identical frocks as the bride's maids with bandeaux of blush carnations.

Serving as bride's maids was Miss Jemmie Delle Holder, and the groom's sister, Mrs. Bryant Kennedy of Ruston was bride's matron. Miss Nancy Boyd, of Jackson, Miss. was maid of honor. All wore waltz length gowns of foam green organdie fashioned with long torso waistline, forming bows in the back. They carried lace fans adorned with blush carnations.

The bride who entered the sanctuary with her father was lovely in her wedding gown of imported eyelet organdie over white slipper satin. The long torso bodice, styled with a cowl neckline featured an eyelet yoke studded with irridescent sequins and seed pearls, which were repeated on the voluminous waltz length skirt. Her finger tip veil of illusion fell from a crownlet encrusted with sequins and seed pearls. She wore long lace gauntlets and carried a white Bible topped with a bridal bouquet of white orchids and stephanotis. Her only adornment was a string of pearls, gift of the groom.

Carl Davis, Jr., served his brother as best man. Usher-groomsmen were Larry Whitaker and Robert Cameron.

Mrs. McKinzie, mother of the bride chose a frock of blue lace with white accessories for her daughter's wedding. She pinned a corsage of gardenias at the neckline. Mrs. Davis, mother of the groom, was dressed in a gray sheer with white accessories. Her shoulder corsage was of pink gladiola.

Immediately following the ceremony a reception was held at the McKinzie home. A profusion of garden flowers were used at vantage points throughout the reception rooms. The Bride's table was overlaid with a lace cloth over pink. Placed at one end of the table was the three tiered wedding cake topped with miniature wedding bells. At the opposite end of the table was the crystal punch bowl. A mirrored garland of gardenias and burning white candles completed the table setting. Mrs. Maurice Boyd of Jackson, Miss., served the cake and Miss Nancy McCormick presided over the punch bowl. Guest were asked to sign the bride's book by Miss Martha Peden of Ruston. Miss Gail Sawyer played piano music during the evening.

Following a wedding trip along the gulf coast the couple will be at home in Ruston where both are students at La. Tech. For travel the bride changed into a toast colored silk shantung with white accessories. She pinned at her shoulder an orchid from her bridal bouquet.

There was a large number of out of town guest attending the wedding reception.

Baton Rouge Wedding Is Of Interest Here

Miss Roberta Lee Williams and Mr. William Judson Mattox II were married Sunday afternoon at a quiet ceremony held at the University Methodist Church at 12:30 o'clock in Baton Rouge.

Officiating at the double ring ceremony was the Rev. W. E. Trice.

The bride is the daughter of Mr. and Mrs. Robert W. Williams of Baton Rouge and the granddaughter of Mrs. Frank Chase and the late Mr. Chase of this city. The bridegroom's parents are Dr. and Mrs. William J. Mattox, also of Baton Rouge.

Nuptial music was provided by Miss Margaret Darden, soloist and Mrs. Audie Moffett, organist. Selections included "Because".

The bride, given in marriage by her father, chose an antique white taffeta ensemble for her wedding. She wore a small hat with short veiling and carried a white Bible topped with a purple throated orchid.

Maid of honor was Miss Mariam Oglesby, who was dressed in a light blue sheath and duster. Her hat was of blue and she carried a bouquet of pink carnations.

Mr. Robert Cash served as best man and the ushers were Mr. Bobby Williams, brother of the bride, and Mr. Robert Mattox, brother of the groom.

For her daughter's wedding, the mother of the bride wore a corded black and white suit with white accessories. She pinned a chartreuse cymbidium orchid to her costume. The mother of the groom was dressed in a pink embroidered linen sheath with white accessories and her corsage was a pink cymbidium orchid. The bride's grandmother, Mrs. Williams from Chattanooga, Tenn., was attired in a blue print dress and had a coral glamellia corsage.

Following the ceremony a reception was held at the home of the bride's parents. Arrangements of white gladioli decorated the bride's table. On the mantel was a bouquet of magnolias and arrangements of daisies.

Following the reception, Mr. and Mrs. Mattox left on a wedding trip to an undisclosed destination. Upon their return they will make their home in Baton Rouge.

MISS RUTH COCKRELL'S betrothal to Jack Steele, son of Mrs. Amma Hill Steele and the late Mr. J. C. Steele of this city, is announced today by her parents, Mr. and Mrs. U. C. Cockrell of West Monroe. The wedding will be solemnized July 21 at the First Methodist Church in West Monroe.

Fairbanks Nuptials Hold Interest

Among the interesting June weddings was that of Miss Vashti Elizabeth Ham, daughter of Mr. and Mrs. Oberlin Joseph Ham, of Fairbanks and Sam Ray Shrum, son of Mr. and Mrs. Sam Shrum, of Marble Arkansas, which was solemnized last evening at 8 p.m. in the Fairbanks Presbyterian Church, with the Reverend Ernest Holloway officiating. The church was decorated with arrangements of pink carnations and white gladioli. Behind the flowers, the altar was banked with smilax and magnolia foliage. White candles in branched candelabra formed the background. White daisies tied with white satin bows marked the family pews. Miss Jane Gill presented the nuptial music and accompanied Miss Rozelle Hightower, who sang.

The bride entered the church with her father, who gave her in marriage. She wore a gown of white Chantilly-type lace and tulle over ice blue taffeta. The lace bodice was accented with a scalloped neckline and snug fitted sleeves. The bouffant bell-shaped skirt, enhanced by scallops of lace down the front and back, terminated in a chapel length train. Her Juliet cap of lace held her finger tip veil of illusion. She carried a cascade bouquet of baby pink roses surrounded by white carnations.

Mrs. Bernice Duke, of New Orleans, was the bride's matron of honor. The other attendants included Sally Hayes, of West Monroe, Miss Carolyn Wilson, Batesville, Ark., Miss Cleta Lanningham, Fairbanks and Miss Joan Amos of Perryville. Their dresses were made alike of white taffeta and net with the bodices made of lace with sweetheart necklines and very full floor length skirts. They wore white net mittens and bandeauxs of white velevet in their hair, and carried bouquets of pink daisies. Miss Sheila Ham, niece of the bride, served as flower girl. Her frock was made of white taffeta with full net overskirt, which featured a peplum of taffeta accented with bows of the same material. She carried a white basket filled with pink rose petals.

Gerald Webb was best man and the groomsmen and ushers were Glenn Ham, Joe Ham, Jim Herring and Neil Wilkins. Glen Ham and Joe Ham, brothers of the bride, lighted the candles.

A reception immediately followed in the home of Mr. and Mrs. Glenn Ham, in Fairbanks. The mother of the bride received the guests wearing a summer tucked pin cotton, appliqued with lace medallions and rhinestones. She wore white accessories and a corsage of blue split carnations.

The house was decorated throughout with pink carnations and white gladioli. The table, where Miss Elizabeth Struben, registered the guests, held a bouquet of sweetheart roses.

The bride's table, covered with an Italian cutwork cloth was centered with the bride's bouquet. The tiered wedding cake was delicately embossed with pale pink rose buds and was topped wth a miniature bridal bouquet. At the opposite end of the table was the crystal punch bowl. Branched silver candelabra burning bridal candles were also used on the table.

Assisting were Mrs. V. L. Brazil, Mrs. L. C. Gill, Mrs. O. J. Ham, Jr., Mrs. Glenn Ham, Miss Monta Sue Johnson, and Miss Sonya Franks.

When Mr. and Mrs. Shrum left on their wedding trip to the Ozarks, she was wearing a pink silk summer suit with wide collar, trimmed in pearls. Her shoes were pink and her hat and other accessories, white. She wore a corsage of pink roses.

On their return they will reside at 125 Jackson St., West Monroe until they resume the college work this fall.

Many out of town friends and relatives were in attendance at the wedding including, Mrs. Lela Donovan, of Halifax, Nova Scotia and Mrs. Myra Hussey and Mrs. Lottie Fraser, of San Francisco, Calif.

MRS. SAM RAY SHRUM

MRS. KERMIT PAYLOR

Miss Ann Arrant Becomes Bride Of Kermit Paylor

Claiming interest at 7 o'clock Saturday evening, June 9, was the wedding of Miss Anne Arrant, daughter of Mr. and Mrs. Frank Arrant, and Kermit Paylor, son of Mrs. Eula Paylor, at the Jackson street Church of Christ. The Rev. Meredith P. Johnson performed the double ring nuptials.

A myriad of cathedral tapers illuminated the altar banked with greenery and centered with an arch entwined with southern smilax and magnolias.

Mrs. Jerry Lee and Mrs. Martti Suomi were soloists.

The bride, given in marriage by her father, was wearing a waltz-length gown fashioned of lace over net and taffeta with a sculptured bodice, small collar and long sleeves which terminated in points over the wrist. The bouffant skirt was complemented by a fingertip veil of illusion held in place by a band of seed pearls. She carried a white orchid bouquet.

Miss Lorene Arrant, a cousin of the bride, was maid of honor. Her patio - length dress was of nile green organdy over Kelly green cotton with a fitted bodice and full skirt. She wore a matching bandeau and carried a bouquet of white carnations.

Bridesmaids were Miss Carol Varner and Miss Florence Jean Filhiol. Their dresses and bouquets were identical to the maid of honor's.

DeWanna Ray, also a cousin of the bride, was flower girl. She was wearing a floor length frock of yellow dotted swiss, with a tiered skirt.

The candles were lighted by Gerald Wayne Paylor and Jeff Paylor.

Edward Taunton served the bridegroom as best man. Ushers were Max Williams and T. L. Tucker.

Mrs. Arrant, the bride's mother, chose a mauve silk dress for the occasion with white accessories and a shoulder corsage of white carnations.

The bridegroom's mother was attired in a green and white printed silk with white accessories. A white carnation corsage completed her ensemble.

A reception followed the wedding at the home of the bride's parents on the Columbia Road.

Arrangements of white gardenias and white oleander in white doeskin glass were featured throughout the reception rooms.

The bride's table, overlaid in an Italian cutwork cloth was decorated with gardenias and feverfew illuminated by white tapers in silver candle holders. The cake was surrounded by maline, feverfew and gardenias. Matching blossoms were used around the punch service where Mrs. B. E. Gambrell poured.

Serving the wedding cake were Mrs. S. A. Johnson and Mrs. Meredith Johnson.

Tea girls were Mrs. George Boozer and Mrs. Robert Edgings.

Others assisting with courtesies were Mrs. Alice Barker, Mrs. O. L. Johnson and Mrs. Una Johnson.

For a wedding trip to the Gulf coast, the bride changed to a blue linen suit with navy and white accessories. She wore the orchid from her bridal bouquet.

Both Mr. and Mrs. Paylor are graduates of Ouachita Parish High school and are attending Northeast Louisiana State College.

They will make their home at 1201 South First street.

MRS. BURTON EDWARD HILL

Miss Weems Becomes Bride In Candlelight Ceremony

In a candlelight ceremony at 7 o'clock Saturday, June 9, at the Emanuel Baptist Church, Miss Mary Joye Weems and Mr. Burton Edward Hill pledged their nuptial vows.

The bride is the daughter of Mr. Roy Weems and the late Mrs. Weems of Monroe. Mr. Hill is the son of Mrs. Clyde C. Hill and the late Mr. Hill also of this city.

The double ring ceremony was performed by the Rev. B. P. Durbin. The altar was decorated with white gladioli and baskets of greenery. Cathedral tapers entwined in fern illuminated the setting.

Miss Linda Lou Roberson, cousin of the bride, was organist and accompanied the soloist, Rommie Bryan, Jr., who sang "I Love You Truly," "Because" and the "Lord's Prayer."

The bride was given in marriage by her father. Her wedding gown was fashioned of white imported tulle with embroidered medallions. The neckline formed a graceful V which was outlined with matching embroidery. Her waist - length veil of illusion was held in place by a small fitted of tulle. She carried a white bridal Bible and a bouquet centered with a white orchid.

Mrs. Ernest L. St. John, sister of the bride, was matron of honor. Her gown was of white silk organza over taffeta featuring small sleeves, a sculptured bodice and bouffant waltz - length skirt. A sash of delicate yellow formed an oversize bow in the back.

She carried a bouquet of white carnations with yellow streamers. Matching flowers were worn in her hair.

The bridesmaid, Miss Marilyn Messer of Baton Rouge, a cousin of the bride, wore a matching dress with a mint green sash.

Mr. Albert Hill, brother of the bridegroom, served as best man. Ushers were G. Glenn Weems, Ernest L. St. John and James C. Smith.

The bridegroom's mother was attired in a gray silk dress with white accessories complemented by a white carnation corsage.

Immediately following the ceremony, a garden reception was held at the home of Mrs. Ernest St. John.

Hurricane lamps were placed at points throughout the garden. Majestic daisies and caladium leaves were used in mass arrangements outside.

The reception rooms of the St. John home were decorated with stock, gardenias and other white blossoms.

The bride's table, overlaid in a white cutwork embroidered cloth, was centered with the tiered wedding cake which was topped with a miniature bride and groom.

For a wedding trip to the Gulf coast, the bride wore a pink model with white accessories and the orchid from her bridal bouquet.

Upon return, they will make their home in Amarilla, Tex.

The bride is a graduate of Ouachita Parish High School and Bish Mathis Institute.

Among the out - of - town guests attending the wedding were Miss Mildred Newman of Port Gibson, Miss.; Mrs. William Price of Winnfield; Mrs. Bill Holder, Mrs. Lucille Rockett, Mrs. R. W. Bryan, Mrs. Grace Spurlock, all of Jonesboro; Mrs. B. L. Messer of Baton Rouge and Mrs. E. C. Roberson of Downsville.

RAILWAY CLERKS TO MEET

Ouachita Lodge No. 588, Brotherhood of Railway clerks, will meet in regular session in the Missouri Pacific Booster clubhouse Tuesday at 8 p.m. All Missouri Pacific and Illinois Central members are urged to attend.

Ever serve browned pork sausage links with sauerkraut? The two make a good main supper dish.

MR. AND MRS. WALTER M. CALDWELL, III

Sylvia Martin Is Bride Of W.M. Caldwell

The Fair Park Baptist church was the scene May 31 at 7:30 o'clock in the evening of the marriage of Miss Sylvia Martin, daughter of Reverend and Mrs. C. C. Martin, to Walter M. Caldwell, III, son of Mr. and Mrs. W. M. Caldwell, both of West Monroe. Rev. Martin officiated at the ceremony of his daughter, before an altar banked with white carnations and gladioli and burning candles in wrought iron holders. Mrs. Raymond Clark was organist and Jack Day, soloist.

The candle lighters were Miss Pamela Brooks and Miss Linda Roberts. Their gowns were of pink silk and they wore matching flowers in their hair.

The bride was lovely in a gown of bridal satin fashioned with fitted bodice and long sleeves ending in points over the hands. The very full skirt swept into a chapel train. The bride's finger tip veil fell from a pearl studded satin crown. She carried a white Bible surmounted with a white orchid surrounded with feathered carnations. Her only ornament was a string of pearls, a gift of the bridegroom.

Miss Sophia Barnett was maid of honor and Miss Yvonne Alexander, the bridesmaid. They were identically dressed in rose colored crystalline frocks and they carried bouquets of gardenias and feathered pink carnations.

Don Caldwell was his brothers' best man. Raymond Pylot, Ted Bayles and Billy Bayles were ushers.

For her daughters' wedding, Mrs. Martin wore a dress of navy blue with white accents and an orchid corsage. Mrs. Caldwell was also dressed in blue silk with which her accessories were white and her corsage was made of white carnations.

A reception immediately followed the wedding ceremony, the bride's table was centered with a tiered wedding cake embossed in pink flowers and fringed at the base, with pink carnations. Miss Jean Cameron served the cake and Miss Judy Saxon presided at the punch service. Mrs. C. H. Price, Jr. registered the guests.

Later in the evening Mr. and Mrs. Caldwell left for Defiance, Ohio, where they will make their home in the future. The bride traveled in a suit of light brown with pink accessories and the orchid from her wedding bouquet.

Playgrounds End First Week, Over 3,300 Attending

Attendance on the playgrounds for the first week was as follows: Sherrouse, 198; George Breece Manor, 250; Georgia Tucker, 198; Lida Benton, 145; Lexington, 214; Barkdull Faulk, 212; Plum Street, 250; J. S. Clark, 228; Booker T., 333; Carroll High, 201; Texas Ave. Housing Project, 403; Bryant's addition, 283; and Mt. Nebo, 411, for a total of 3,326.

This week all playgrounds will have a checker tournament for boys and girls 11 and under, 12 and 13, and 14 and 15 years of age. The playground champion of each age group will meet at Plum street on June 25 for the city championship for the white children and at Texas Avenue Housing project for the colored.

Each playground will have a pet show on Friday and ribbons will be given to the winners. All children are urged to take part in the playground program, which is open from 8:30 until 11:30 each morning.

Dodson Church Is Scene Of Nuptial Vows

MRS. BOBBY RAY MARTIN

In a candlelight ceremony, Saturday afternoon at 4 o'lcock in the Dodson Baptist church, Miss Virginia Elizabeth Bennett, daughter of Mr. and Mrs. Seaborne F. Bennett of Dodson became the bride of Mr. Bobby Ray Martin, son of Mr. and Mrs. Charles A. Martin of LaPlace. The Rev. Ray Praeger of St. Joseph performed the double ring ceremony.

The church was decorated with greenery interspersed with white blossoms outlining the bastistry archway. The altar was decorated with a fan shaped arrangement of white gladioli which was flanked on either side by seven branched candelabra burning white tapers and with floor baskets of white gladioli and greenery.

The cnadles were lighted by Brenda Payne of Dodson and Patsy Harvell of Baton Rouge, cousin of the groom.

The church organist, Mrs. Ruth Payne, rendered a program of nuptial music, and accompanied Mrs. Clayton Norred who sang "Because" and after the ceremony "The Lords' Prayer."

The bride, given in marriage by her father, was gowned in bridal lace and tulle over white satin. The elongated bodice was of lace. It featured a low neckline outlined in seed pearls and sequins with long tapering sleeves ending in a point. The sleeves were also outlined with pearls and sequins.

The full skirt was fashioned with three tiers of tulle. Her bouquet was of yellow roses centered with a yellow throated orchid.

Mrs. Dalton Abercrombia, sister of the bride, served as matron of honor. She wore a waltz-length dress of nile green lace over taffeta, the long torso styled bodice was fashioned with a high neckline and shirred sleeves. She wore a matching bandeau, mitts and satin slippers. Her bouquet was of yellow carnations.

Miss Patsy Sullivan of Alexandria and Mrs. Ed House of Minden were the bridesmaids. They were dressed in yellow lace over taffeta identicial in style to that of the matron of honor, their bandeaus, mitts and slippers also matching their dresses. They carried bouquets of green carnations.

Donna Abercrombia, niece of the bride, served as flower girl. She was in green organdy with a bouffant skirt, low neckline and puff sleeves. Around her waist was a dark green velvet sash. Her gloves were white. She carried a basket covered with green tulle ruffles and filled with shasta daisies.

Junior Abercrombia, nephew of the bride, was the ring bearer.

Girard St. Martin of Reserve served as best man. The ushers were Charles Bonnett of Alexandria, Wade Cook of Pointe-a-la-Hache and Wilson Harvell of Baton Rouge.

The bride's mother, Mrs. Bennett, chose for the wedding a beige lace dress with matching gloves, a pink hat and bag. Her corsage was also pink.

Mrs. Martin, mother of the groom, was in powder blue linen and lace. Her hat and bag were white and her corsage was pink.

Following the exchange of vows the bride's parents were hosts at a reception in their home. Flowers placed at vantage points in the reception room were similar to those in the church. The guests were met at the door by Mrs. R. W. Gates and ushered into the living room where the receiving line was formed.

Mrs. Clayton Underwood presided over the gifts and Miss Annette Kelly invited guests to sign the guest book.

The refreshment table was placed in the garden. The table was covered with white and centered with the bride's bouquet and those of the bridesmaids. The four-tiered wedding cake, surmounted by a miniature bride and groom and the crystal punch bowl garlanded at the base with fern and yellow blossoms were placed at opposite ends of the table. Miss Marie Cline and Miss Margie Seil served the cake and Mrs. K. C. Simmons poured the punch.

Mr. and Mrs. Martin left immediately following the reception for Nassau, Bahamas. For the trip Mrs. Martin changed to a suit of brown Italian silk with matching accessories. She wore the white orchid from her bridal bouquet. Upon their return, they will make their home in Lafayette.

The bride attended Dodson High school, graduated from Winnfield High School and received her diploma as registered nurse from Northwestern State College. She has attended Northwestern in Natchitoches, Northeast State College in Monroe and Louisiana College in Pineville.

The groom graduated from Reserve High school and attended Southwestern at Lafayette, before entering service where he served in the European area.

He is completing his studies at Southwestern where he is a geology major.

Out-of-town guests for the wedding included Mr. and Mrs. Richard Wells, of Memphis, Tenn.; Mr. and Mrs. Leon Adkins, Philadelphia, Pa.; Mr. Dewitt Harvell, Biloxi, Miss.; Mrs. L. V. Ashley, West Monroe; Mrs. William M. Bennett, Chatham; Miss Della Temple, Jennings; Mr. Charles Bonnett, Miss Patsy Sullivan, Mrs. R. B. Doughty, Miss Marie Cline, Miss Margie Sell, Miss Mary Standard, and Miss Mary Lou Royal, all of Alexandria; Mr. Clifton DeJeaun, Plaquemine; Mr. and Mrs. Ed House and Debby, Minden; Mrs. P. B. S. Martin, Girard, St. Martin, Reserve; Mr. and Mrs. Charles A. Martin, LaPlace; Mr. Wade Cook, Pointe-a-la-Hache; Rev. and Mrs. Ray Praeger and Libby Purcell of St. Joseph; Mrs. Tracy Carpenter, Natchitoches; Mrs. Edd Askew, Mrs. George Aleman, Mrs. Valrus Adams, and Mr. and Mrs. O. C. Kirkpatrick, all of Hodge; Mrs. Mabel Gatlin, Mrs. George Robinson, Mrs. E. L. Thompson, Mrs. J. B. Fain, Mrs. Grady Brooks, Miss Dianne Walsworth, Karen Keith, Mr. and Mrs. Dalton Abercrombia, Junior and Donna Abercrombia, all of Jonesboro; Mr. and Mrs. George Richardson, Mr. and Mrs. Lake Harvell, Patsy, Gerald, Charles, and Kenneth, Mr. and Mrs. Wilson Harvell and daughter, and Mrs. Kate Harvell all of Baton Rouge.

Girl Scout News

Nancy Martin and Marie Nelson must be excited girls now. Their duffles and the patrol equipment have already gone and now the girls can hardly wait until they leave for the Senior Roundup at Highland State Park, near Pontiac, Michigan, next week. The two girls are part of a patrol which includes two girls from Alexandria and four from Shreveport. Girls from every state will be among the 5000 campers. We are proud to be represented by such fine girls.

It's next week that cooking classes for 5th and 6th grade Scouts will begin at United Gas Service Center. Registrations was Friday. There is always a great demand for the class, so we are sure that registration reached capacity. Older girls will get a chance in August, when a class for teenagers will be held. Dates for the present class are June 25, 27, 29, and July 2, 4, 6.

The day camp committee is busy recruiting staff and program aides for the day camp at Pine Wood, July 10-19. Any adults who can serve for the eight days or any part are asked to call the Scout office or Lucy Huckabee, camp chairman and volunteer. There will be training for the jobs. Program aides are girls 15-16 years old who can help teach the various skills — campcraft, hikes, cooking, singing, games. They have fun, do a valuable job and learn a great deal, especially about working with people. They receive training too.

We were glad to hear of the honor bestowed upon three of the adult Scouts in Tallulah. At the close of the school year the troops were given a square dance and party by the American Legion Auxiliary, which sponsors the troops. At that time the Scouts gave bronze Girl Scout Statuettes to Mr. C. E. Hester and Mr. R. E. Brown, members of the troop committee. These men participated in the area study representing Madison Parish and also in the fund drive there. Mrs. Ted Pfrimmer was presented with a Certificate of Appreciation in recognition of her work as a troop leader.

The Brownie Scouts received one year membership pins and their membership cards from their leader, Mrs. Jack Lightfoot. Intermediate Scouts received membership stars, membership cards, and Child Care badges from their leader, Mrs. Leroy Smith. Now a part of the Silver Waters Council Tallulah adults have plans for training more leaders and establishing more troops in September.

Swimming goes on with enthusiastic girls and teachers. The cold weather caused them to miss two days last week, but the teachers, Patsy Pickett, Doll Savanna, and Ashley Hamilton, say that all are making progress. Julie Wooley who was scheduled to teach, went to the hospital instead. She's recovering nicely, her many friends are glad to know.

MRS. FOREST EDNEY WEST, JR.

Miss Hathcox Pledges Troth In Kansas City

Miss Dorothy Hathcox, daughter of Mr. and Mrs. Robert Clark Hathcox of Oak Ridge, became the bride of Captain Forest Edney West, Jr., son of Mr. and Mrs. Forest E. West of Seattle, Washington, at 4:30 o'clock in the afternoon, May 26, in the chapel of Saint John's Methodist Church, Kansas City, Missouri.

Reverend John A. Guice read the impressive double ring ceremony. John C. Gilbert rendered several organ selections as the guests were seated. James Lowell Hines lighted the candles.

The chapel was decorated with blue delphinium, white stock and blue corn flowers. The altar was lighted by tall brass candelabra and soft blue indirect lighting. Pew appointments were also in shades of blue.

The bride entered the church with her father, who gave her in marriage. Her bridal gown was of imported ice blue organza featuring inserts of lace in the slightly flared skirt. Scallops of lace framed the low neckline and short cap sleeves. Her hat was of matching material and lace with a shoulder length veil of illusion. She carried white roses with shower of stephanotis on a pale blue satin covered prayer book.

Captain Robert L. Kittleson served as best man for Captain West. The ushers were Major Selden V. Calhoun and William C. Hines, a cousin of the bride.

The mother of the bride chose a beige lace and chiffon gown with matching hat for her daughter's wedding. She wore an orchid corsage. Mrs. Charles Hines, the bride's aunt, wore a blue raw silk suit with brown orchid corsage.

Immediately following the ceremony a reception was held at the home of Mr. and Mrs. Hines. The receiving area was decorated in smilax, blue and white stock and specimen peonies. Assisting in the courtesies were Miss Mary Jo Traynor, who presided at the bride's book, Mrs. Noah W. See and Mrs. John Traynor.

The bride's table was covered with a cut work cloth. The three tiered wedding cake was delicately embossed and rested on ivy hearts, and punch was served from a Cloisonne bowl.

After a wedding trip to Colorado Springs and Denver, the couple will be at home in Warrensburg, Missouri. Mrs. West travelled in a navy blue suit with blue and white accessories. Her corsage was of white roses.

Couple Say Vows By Candlelight

A recent wedding of interest in Monroe was the marriage of Miss Betty Ruth Price to Jimmy Harold Whittington on June 2. The Reverend I. L. Yeager performed the ceremony in the Stone Avenue Methodist Church before a large gathering of friends and relatives of the young couple.

The bride is the daughter of Mr. and Mrs. Grover L. Price and the bridegroom is the son of the late Mr. and Mrs. Buford H. Whittington.

The church was decorated with white summer blossoms and black wrought iron candelabra holding white tapers.

Miss Elaine Hesketh at the organ accompanied Mrs. Betty Forman in her vocal solos: "Because" and "O Promise Me".

The bride entered the church with her father who gave her in marriage. Her bridal gown of white tulle and lace over slipper satin was made with a taut bodice and flowing, voluminous skirt. The waist-length veil was of white tulle, as were her gloves which were edged in with a band of white lace. The bride carried a bridal bouquet of split carnations centered with a white orchid.

Miss Beulah Burkett, maid of honor, wore a dress of lavender antique taffeta and carried a nosegay of pink carnations. Burton Russell, brother-in-law to the bridegroom, was the best man. Serving as ushers were Tommy Neff and Joe Neff, Jr.

For her daughter's wedding, and the reception which followed in the Fellowship Hall of the church, the bride's mother chose a mauve, lace dress with white accessories.

Mr. and Mrs. Whittington left immediately following the reception for a brief wedding trip to Vicksburg, Miss. They are now at home to their friends in their apartment at 112½ Linderman, West Monroe.

Among the out-of-town guests were Mrs. M. E. Goodale, Mrs. Nema Pruitt, and Mrs. B. K. Logsden and children.

MISS JUNE ALEXANDER, daughter of Mr. and Mrs. J. C. Alexander of West Monroe, will wed George Allen Hare, son of Mrs. Maurice R. Hare and the late Mr. Hare of Monroe, at 7 o'clock Friday evening, June 29, at the Loch Arbor Baptist Church.

MR. AND MRS. MORRIS P. ALBRITTON

Miss Foreman Is Bride Of Morris P. Albritton

The chapel of the First Baptist Church in West Monroe was the setting for the nuptial vows of Miss Dixie Foreman, daughter of Mr. and Mrs. A. L. Foreman, and Morris P. Albritton, son of Mr. and Mrs. Lavelle Albritton of Farmerville.

Bouquets of gladioli and white candles in candelabras decorated the altar. The Rev. Jaroy Weber performed the double ring ceremony.

Miss Carol Eady was organist and accompanied the soloist, Elvis Stout.

Given in marriage by her father, the bride was attired in a white satin embroidered organdy featuring white ruffles down the back. Her veil was of matching tulle. She carried a white orchid mounted on a white Bible.

Miss Dixie Brown was maid of honor. Her dress was of blue organdy worn with a blue satin headdress. Her heart-shaped bouquet was mounted on blue satin.

Mrs. Jimmie Sue Forman was matron of honor and Miss Bonnie Foreman bridesmaid. Their gowns matched the maid of honor's.

Sandra Kay Phillips and Barbara Frances Feazel served as flower girls and wore frocks also of blue organdy.

Hudson Lee Miller served the bridegroom as best man. Ushers were George Albritton and Blake Albritton.

The candles were lighted by Misses Linda Sue and Janice Nale, nieces of the bridegroom.

The bride's mother chose for the wedding a gray and pink printed silk with black accessories and a corsage of pink mums.

Mrs. Albritton, the bridegroom's mother, was becomingly attired in a pink lace complemented by pink and white mums.

A reception followed the wedding at 301 North Sixth street, West Monroe.

Bouquets of mums and candles were placed at points of interest throughout the reception rooms.

For a wedding trip to the Ozark Mountains, the bride changed to a light blue linen with white accessories and the orchid from her wedding bouquet.

A graduate of the West Monroe High School, the bride is attending Northeast Louisiana State College.

Mr. Albritton graduated from Farmerville High School.

Out-of-town guests were Mr. and Mrs. J. D. Vestal and Judy, Jr. and Mrs. Rodney Johnson all of Huttig, Ark., Miss Virginia McMurrian, Miss Alita Miller, Mr. and Mrs. Herbert Miller, all of Farmerville and Mr. and Mrs. Roy Nale and Mr. and Mrs. M.L. Albritton of Sterlington.

MR. AND MRS. FRANKLIN DANIEL HOAK

Miss Kilpatrick Weds Franklin Hoak In Calhoun

Miss Mary Alice Kilpatrick and Mr. Franklin Daniel Hoak exchanged nuptial vows in a double ring ceremony at the Liberty Baptist Church in Calhoun at 8 o'clock Tuesday evening, June 5. The Rev. S. W. Tullos performed the rites.

The bride is the only daughter of Mr. and Mrs. James Arthur Kilpatrick of Calhoun and the bridegroom is the son of Mr. and Mrs. W. G. Hoak of Uniontown, Penn.

Branched candelabras with white tapers, potted greenery and floor baskets of white gladioli formed the badkground for the wedding party.

Nuptial music was presented by Miss Delores Gonzales, organist, who also accompanied Miss Patricia Patterson, soloist.

Miss Wanda Faye Wilder and Miss Brenda Custer lighted the candles.

Miss Sara Saterfield served the bride as maid of honor. Her gown was a waltz-length model in pale pink lace over matching taffeta. She wore a sequin trimmed hat.

Given in marriage by her father, the bride was wearing a gown fashioned of chantilly lace over white satin The bodice was complemented by a bolero which featured a Peter Pan collar and lace covered buttons. The long sleeves ended in petal points over the wrist. Her bouffant skirt was chapel length. A close fitting rhinestone encrusted white hat with a short veil completed her ensemble. She carried a white Bible on which was mounted a bouquet of stephanotis centered with a purple-throated orchid.

Miss Marsha Johnson served as flower girl and Kenny Custer was ring bearer.

The bride's brother, James Ellis Kilpatrick, served as best man. Ushers were Thomas Wilder and Donald Heacock of Calhoun.

For her daughter's wedding, Mrs. Kilpatrick chose a dark blue crepe gown with harmonizing accessories and a corsage of white carnations.

The groom's mother was attired in a grey model with matching accessories and a white carnation corsage.

Immediately following the ceremony, a reception was held in the social rooms of the church. Receiving with the bridal couple were their parents and attendants.

Mrs. Lola Mae Richerson presided at the bride's book.

A lace cloth overlaid the bride's table which was centered an arrangement of white carnations flanked by tall candles in silver holders. The three-tiered wedding cake was served by Miss Patricia Patterson.

Sweetheart roses decorated the punch table where Mrs. LeRoy Womack presided.

Assisting in courtesies were Mrs. S. W. Tullos and Mrs. Willy Roach.

The bride is the granddaughter of the late Mr. and Mrs. Westley Kilpatrick and of Mr. and Mrs. Ben J. Kelly of Calhoun. She graduated from Calhoun High School and is a senior at Northeast Louiniana State College, majoring in elementary education.

Mr. Hoak graduated from South Uniontown High School and is attending Northeast State College. He served three years in Germany with the United States Army.

After a brief wedding trip, the couple will reside in Monroe where they both will continue their studies.

BRIDE - ELECT — Miss Ruby Whitman, daughter of the Rev. and Mrs. George W. Reynolds, will become the bride of Richard Kalil, son of Mrs. I. R. Kalil and the late Mr. Kalil of Monroe on June 30. The wedding will be solemnized in the home of Mr. and Mrs. C. L. Roberts.

Grube-Ellerbe Vows Said In Afternoon

WINNSBORO — United in marriage at 4 o'clock in the afternoon on June 3 in an impressive double-ring ceremony at the Lone Cedar Baptist church were Miss Ruth Ellerbe, daugther of Mrs. Annie Ellerbe and the late William Carey Ellerbe of this city, and Marion D. Grube, son of Mr. and Mrs. Howard Grube of Delhi.

Branched candelabra with white cathedral tapers and floor baskets of white gladioli were used on either side of the arch which was covered with glossy green magnolia leaves. The lighted tapers casting their glow on the arch, made a picturesque setting for the exchange of the vows. The Rev. Bobby Brown officiated at the impressive ceremony.

Pre-nuptial music was played by Miss Elizabeth Landis who also accompanied Miss Fleta Davis who sang.

The bride was given in marriage by her brother, William E. Ellerbe. She was wearing a waltz length gown of white slipper satin, flashioned with a full skirt. The neckline was designed in a V shape and the sleeves extended to points at the hands. Her veil of illusion was held in place by a tiara of seed pearls. She carried a white Bible topped with white gladioli and stephanotis.

Miss Jimmy Blackman was the maid of honor. Her gown was fashioned after the bride's and was designed from rose lace over taffeta. She wore pink lace mitts and carried a bouquet of green carnations.

Miss Mary Ann McDaniel of Columbia, a niece of the bride, and Mrs. James F. Fox were bridesmaids. Their gowns were identical to the honor attendant. Glenda Ruth Thornhill, niece of the bride, was flower girl. She was wearing a lavender organdy dress and she carried a nosegay of pink carnations.

RCell Gilcrease of Delhi served as best man. Ushers and groomsmen were Herschel Grube, brother of the bridegroom and J. B. Dixon.

A reception was held immediately following the wedding, at the home of Mr. and Mrs. James F. Fox.

Mrs. J. B. Dixon presided at the bride's book.

The bride's table was covered with a lace table cloth. The centerpiece was of white gladioli. The crystal punch service was placed at one end of the table and the tiered wedding cake, topped with a miniature bride and groom and decorated with white roses and butterflies, was at the opposite end.

Mrs. H. D. Dixon served the wedding cake and Mrs. Herschel Grube poured the punch. Mrs. RCell Gilcrease assisted in serving.

Later in the evening the young couple departed on their wedding trip. The bride was wearing a rust colored linen suit and she wore brown accessories and a corsage from her wedding bouquet.

After the wedding trip the couple will make their home in Delhi.

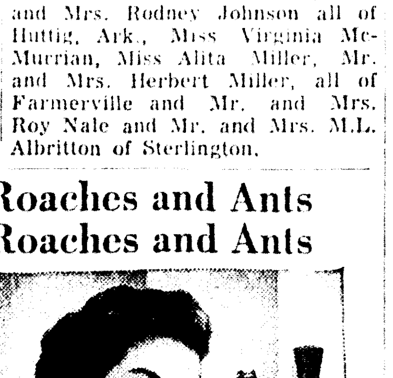
Best Way to Kill Roaches and Ants
Best Way to Kill Roaches and Ants

COCKROACHES and ants are the most difficult household pests to control. Now you can kill these pests with Johnston's Super No-Roach.

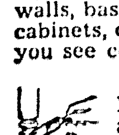
No-Roach is a white viscous substance which you apply with a brush. Within minutes it dries to form a colorless, odorless contact insecticide, that stays effective for months.



Cockroaches

Apply No-Roach to cupboard walls, baseboards, near sink and cabinets, on pipes, and wherever you see cockroaches.

Ants



Brush No-Roach around table legs and counter tops, across window sills and door sills, and across ant trails. Ants will not cross the coating. Pour a few drops into ant hills.

No-Roach is also effective against resistant roaches, spiders, silverfish, waterbugs, bed bugs and other crawling insects.

Common Sense Way

Remember, when you use Johnston's Super No-Roach, you don't have to move dishes, pots and pans, or breathe harmful vapors, as you must with contaminating sprays. Apply No-Roach just where you want it, the invisible coating stays effective for months.

Guard against crawling insects this common sense No-Roach way. 8 oz. 89¢; pt. $1.69; qt. $2.98.

It's Time To Mulch Plants

CASH
For Your
PIANO
Box 1166 Ph. 2-5700

With the hot sun beaming many hours of the day, mulch is valuable to keep soil cool and to conserve moisture. The L. S. U. experiment station conducted much experiments for five years with camellias. All the mulch materials, with the exception of vermicalite, proved satisfactory. However, mulches that tend to pack, such as peat moss and the sawdusts, are not as satisfactory as looser type mulch materials, because where they are used plant roots tend to grow above the surface of the soil and water may even be shed from the surface of the mulch. The report on mulches states pine straw is believed to be the best mulch material if it is availab.e

Soil Studies With Camellias

An experiment was also set up by the research department to determine best type soils for camellias. It is generally believed they thrive best in acid soil. To get additional information on this subject and to determine the effects of some acidifying materials an experiment was conducted. Aluminum sulphate, ammonium sulphate, zinc sulphate, phosporic acid and lime were used. Over a period of four years there was a soil pH range of 3.1 on plots receiving one third pound sulphur per square yard to 7.8 on plots receiving ⅜ pound of hydrated lime per square yard. Soil Ph on check plots varied from 6.0 to 6.6 Good growth was obtained on all plots with the exception of those that received one pound of ammonium sulphate per square yard, where plants were killed or badly injured. There was no damage to plants on plots that received one pound of aluminum sulphate per square yard. Plants on check plots made good growth. The results obtained show that when plants got sufficient nutrients from the soil to make good growth, the soil pH was of itself of no great importance.

If your plants do not look well, you may give them another application of a complete fertilizer —¼ to ½ pound to 1 square yard. After the fertilizer is applied, watering helps to prevent injury to shallow roots and renders it more quickly available for use. But do not apply fertilizer again this summer as too much new growth should not be encouraged.

New Chemical Effectively Controls Flies

All of us enjoy living out of doors during hot weather, but to enjoy it, we must control flies. More flies will begin to pester you as the weather gets warmer. Now is the time to plan to do something about controlling and preventing flies. To give you important aid with your fly control program several new chemicals are now available on the market. Several of the chemicals are available already mixed into baits, and you can mix the chemicals yourself into baits using products you have on hand, such as meal, bran and molasses. Three fly - control chemicals which you can get to use outside the home are Malathion, dipterex, and diazinon. Others of the list of new fly control chemicals are adapted for use in the barn, the dairy and in similar places. Mr. Woody Dry, assistant entomologist with agricultural extension at L. S. U., points out that the use of the right chemical at the right time will give you effective control of flies.

T. V. Show — The agent will give a demonstration Monday at Open House. Her subject is, "Three Ways to Prepare Corn to Freeze." Georgia Ruth Owens, a 4-H member, will assist. She will represent Ouachita at the 4-H Short Course with the freezing contest in July.

Couple Plan Wedding For Late Summer

Mr. and Mrs. Fletcher Ferguson of Greenville, Miss., formerly of this city, have announced the engagement of their daughter, Miss Dixie Clementine, to Franklin Dewitt Platt, son of Mr. and Mrs. Robert Baxter Platt of Marion.

Miss Ferguson is the granddaughter of Mr. and Mrs. Oscar Burke Ferguson of Saragossa, Ala., and Mrs. Albert Powers and the late Mr. Powers of Oxly, Mo. She was graduated from Greenville High School where she was a member of the National Honor Society.

A graduate of Louisiana State University, she was vice-president of Kappa Kappa Gamma sorority and was a member of the Homecoming Court in 1954.

She was a member of the Delta Debutante Club in 1952.

Mr. Platt is the grandson of the late Rev. Benjamin Franklin Platt of Marion and the late Mr. and Mrs. Cyrus White of Meridian, Miss.

He was graduated from Louisiana State University where he served as president of the College of Arts and Science, was a member of Omicron Delta Kappa and other honorary fraternities and was listed in "Who's Who In American Colleges and Universities." He has done graduate work in New York for the past year.

A late summer wedding is planned.

How To Care For Your Gladiolus

Unless it rains between now and Sunday, you'll need to do some soaking. Buds are forming now for next year's bloom. If the plants get too dry you'll not get the blossoms you want when it's blooming time.

Speaking of blooms, I know you're enjoying your gladioli cut flowers. Miss Winona Chauffe, Assistant Garden Specialist from L.S.U., gives some hints on cutting these. Since glads open in succession from the bottom upward, the best time to cut these is when the two bottom florets are open. By the time several of the blossoms of the spike are dead and you can cut them off.

When you gather the gladiolus blossoms, use short knife rather than shears. Leave four or five leaves to feed the plant and corms for next year. Cut the blooms by running the blade of the knife down between the leaves and stalk. Cut upward with a slanting motion.

It is not necessary to dig gladiolus bulbs after planting. They'll bloom for you a number of years just leaving them in the ground if you'll care for them by fertilizing. However, if you want to dig the corms, wait until six or eight weeks after they flower. The glads need that long for the corms to mature.

Lift the corms with a spading fork, as there is less danger of cutting. After lifting cut the tops close to the corms. Leave them spread for two or three weeks to cure. Then you're ready to treat to prevent thrips. Dust bulbs with a mixture of half 10 per cent D.D.T. dust and half spergon or arason dust. Now they're ready to store in open paper bags, or a ventilated basket or tray. That all sounds like so much trouble, I expect you've decided you'll leave the corms in the ground. Occasionally, though, you want them moved to another location and moving is necessary.

Not Nice News

Diseases and insects are never welcome visitors or good news, but — we have to control both or move out and turn the garden over to them. Now we are having trouble with lawn pests, — first, crawfish, the kind that builds mud chimmeys. Our department says a D. D. T. mixture of one pound of 50 per cent D.D.T. wettable powder, dissolved in ten gallons of water is the treatment, applying one ounce per hole.

Ants can be easily controlled by dusting the "haunts" with 6 percent chlordane dust. If you want to spray a large area, you can mix 2 pounds of 40 per cent or 50 per cent wettable powder to 50 gallons of water. Just spray all around the house and the entire lawn. This gets the red bugs, too.

Many of you have noticed circular, dead, brown areas in your St. Augustine lawns. The chinch bug causes this damage. Dust with 6 per cent chlordane. If you want to spray the entire lawn use 2 pounds of 40 per cent or 50 per cent wettable chlordane powder to 50 gallons of water. You have the same treatment for chinch bugs and ants. The chinch bug is a small, brownish bug, having a bad odor. He sucks the sap of grasses, being especially bad on St. Augustine. This damage is always done in a circle, leaving brown spots.

The sod webworm and white grub destroys the turf, not in a circular pattern — just great areas of the lawn will die completely. Dust this turf with 10 per cent D.D.T. and water down.

Do you have a copy of our mimeographed leaflet "Control of insect Pests of Ornamental and Flowering Shrubs?" You'll find most of the ordinary shrubs, trees and flowers with the pest that attacks each, what to use and how to mix it. Keep this copy in your dictionary or encyclopedia where you can find it when you need the information. Call 3-2251 for this leaflet.

National Dairy Month

We talked last Sunday about the different materials in milk. Now, let's see how much food we'd have to eat to get the equivalent of one quart of milk. Foods furnishing the same amount of calcium as one quart of milk are: 7¼ pounds of carrots, or 39 eggs, or 28 oranges, or 27 pounds of potatoes, or 6¾ pounds of cabbage.

Foods furnishing the same amount of riboflavin as one quart of milk are: 1 1-3 lbs. greens. or 3¼ ounces liver, or 12 large eggs, or 1½ pounds dried beans, or 2 1-3 lbs. beef, or 14 ounces of cheese.

Foods furnishing the same amount of protein as one quart of milk are: 5 large eggs, or 5½ ounces of liver, or 6 1-3 ounces fish, or 5 ounces of dried beans, or 5¾ ounces of beef, or 4 ounces of peanut butter, or 4 ounces of cheese, or 16 slices of bread.

Of each dollar, you, Mrs. Housewife, paid for milk in 1954, here is how that money was spent from cup to cow. About 47 cents out of the dollar went to the farmer, 22 cents for wages and salaries. Other costs included transportation, containers, license fees, taxes and the like. Altogether, it cost the dairy an average of 97¾ cents to buy and process each dollar's worth of milk that it sold.

That left a profit to the milkman of about 2¼ cents or about half a cent a quart. That's the story of the cost of your milk—from cow to cup.

If you yearn for pie but fear the calories, here's a recipe for a very delicious buttermilk pie:

Buttermilk Pie

2 cups buttermilk
1 cup sugar
3 eggs separated
3 tablespoons flour
½ teaspoon salt
4 tablespoons melted butter
1 teaspoon vanilla if desired

Beat egg yolks. Add sugar and flour that have been mixed. Add milk and the butter. Beat egg whites until stiff. Fold egg whites into other mixture. Bake in an uncooked pie crust for 45 minutes at 375 degrees. This serves eight people.

Garden Center Notes

By Mary M. Jardine

Summer Garden Show Held At Garden Center

The Arrangers Circle of the Twin Cities staged a beautiful summer time flower show at the Garden Center this week. High score was awarded to Mrs. Pearl Branch for her lovely arrangement featuring the Hogarth curve. A tall chartreuse vase was used for the design in rosy - pink and yellow - green. The line was established with a small bloom of the hydrangea at the top. Alstromeria seed pods (calico lily) were used to complete the line and the graceful S curve over the rim of the container. Variegated hosta leaves and green and white caladium leaves provided background material and the line was enhanced with the rosy pink hydrangeas. A very pleasing design with a great deal of distinction.

Mrs. William Bennett was awarded second place for her vertical design. A tall yellow cylinder vase of Japanese design held the placements of equisetum (horse tail rush) and nephthytis vine which was brought down the length of the container with the tip touching the black base. Phillidendron leaves were placed behind rosettes of sempervivum (hen and chickens). One cluster was brought over the rim of the container following the line of the vine. Most attractive and interesting use of material.

Mrs. Eugene Flournoy made a lovely old fashioned summer arrangement in a silver basket with a handle. The horizontal design was composed of lavender pink hydrangeas, deep pink double oleanders, pink and blue double larkspurs and blue cornflowers.

Mrs. Pearl Branch also exhibited a lovely rhythmic design in green and yellow. A large green freeform bowl was used for the swirling placements of large calla leaves bells of Ireland and pale yelow daylilies in the center. A most unusual and arresting design.

Next week Mr. John Wright of Louisiana Tech will present another flower arrangement lesson on television. The arrangements he makes will be on display at the Garden Center. Be sure to come in and see them.

Reminder of coming events: The 10th annual convention of the American Hemerocallis Society will be held in Omaha, Neb. July 17-21, 1956. There will be a one day bus trip to Shenandoah, Iowa and a trip to Boystown. For information write, Mrs. George J. Haer, secretary Omaha Hemerocallis Society, 5303 Spring Street, Omaha 7, Neb. or come by the Garden Center. We have all the information regarding rates here.

Louisiana's first Advanced Course for Accredited Judges and Flower Show Exhibitors will be held August 13-14, 1956 in Baton Rouge. Mrs. J. L. Webb, Houston, Texas will give a lecture-analyzation demonstration on table settings and decorations, Monday, August 13, Bellemont Motor hotel, 7370 Airline Highway. Dr. R. H. Hanchey, L. S. U., will give a lecture-analyzation on point - score judging on Saint Paulia, Tuesday, August 14, Allen Hall followed by Dr. W. D. Kimbrough who will give a lecture - analyzation of point - score judging on roses. Accredited judges, student judges and others interested are cordially invited to attend the lectures. Accredited judges may take the point - score examination and receive credit for the course. Please send all requests for information on the Advanced Course to Mrs. Charles S. Boone, State Flower Show chairman, 225 Patton, Shreveport, La.

BOOKS

Beasts and Men. By Pierre Gascar. Translated from French by Jean Stewart. Atlantic - Little, Brown.

Six short stories and a novelette make up this curious collection which won two important literary prizes in France and some high praise in England but which nevertheless seems unlikely to enjoy any comparable reception in this country.

The stories are quickly told:

A new recruit at the outbreak of war is assigned to tend to several hundred horses, which stampede. A boy is apprenticed to a butcher. Prisoners starve behind their barrier, while circus animals are fed behind theirs. "Gaston" is a rat that, at least symbolically, defies the rat catcher. A cat flees the apartment to be occupied by newlyweds. Dogs trained to run down uninformed fugitives practise on a man protected by heavy padding. There is a vast burial ground and there are hordes of dead.

One of the lot of seven is eminently successful: "The House of Blood." A boy apprenticed to a butcher watches while the various hepless animals are struck over the head, bled, skinned, sliced up as the carcasses steam and the blood runs hot and red. It is horrible. As the town threatens to place the entire process under formal legal restrictions, the implication is, that society itself has no objection to this Slaughter of the Innocents proveded the abattori is run according to rule.

In the others the indubitable air of gloom is not accompanied by any convincing sense of doom. The grim material goes to waste, becoming neither plot nor clearly defined mood. The translation seems good, but all this may have something in French that can't get through in English.

W. G. Rogers

Art In Review

The 12 American artists whose work is presently on view at the Museum of Modern Art are younger people whose painting and sculpture is considered among the most advanced in the western vorld.

Most of this work does not contain, either directly nor obliquely, through symbols or allegories, any allusion to facts, feelings or endeavors that fill our daily lives. The only thing these artists are interested in is to put the paint on the canvas in a purely personal way.

An extraordinary emphasis is leid on originality. Not on originality of style, however. Style would demand an organization of forms reflecting a vision of life. That is not their concern. Their originality lies just in the particular way they put the paint on the canvas. Everyone of them does it a little bit differently than the other.

These pictures can be enjoyed only by those very few whose esthetic sensitivity is incomparably more keen than their intellectual curiosity or their moral consciousness.

Whether the manifestation of a purely esthetic sensitivity can and should be called art is a debatable question. It is certainly entirely different from anything we have been accustomed to call art. The fact that it can be enjoyed only by a very small minority is not necessarily a proof that it is the art of an elite. It depends on whether one calls elite those who can unite in a meaningful whole the entire human experience or those who have developed to an extreme degree one single human sensitivity to the determent of all the rest.

It is possible that in an industrial civilization in which everything tends toward specialization art will become an experience that specializes in esthetic enjoyment exclusively. But it might also be that this situation has developed in art because western civilization has not yet produced the genius who could sum up and integrate into the great western tradition this new, interesting trend.

SOUTHERN GARDENER—

By William Lanier Hunt

Store Bulbs In Cool, Dry Place

Now is the time to dig and divide your red spiderlilies, Hall's amaryllis, sternbergias and the miniature amaryllis. All these bulbs have evergreen foliage and should never, never be tampered with while the foliage is growing during its season from the time it appears in September till it disappears in May or June. If you have some of the rare yellow spiderlilies or other kinds of this fine group of bulbs, they should be transferred now, too.

The hot weather and summer droughts discourage bulb digging in the South, and a lot of people fail to move these winter foliaged bulbs every year. Another reason for failure to transplant them lies in the fact that we forget about them because the foliage has disappeared.

If your bulbs have been flowering normally every year and you have noticed no failure to bloom normally, you may not need to divide them. In good rich soil and where they have been given an annual top dressing of bone meal, bulbs will continue to flower for as long as ten or fifteen years. When the flowering decreases, however, it is time to dig them and divide them.

All of these bulbs will stand storage on a dry floor in the shade in a cool place. The spiderlilies — particularly the red ones —will be better off planted right back in the soil before their roots dry out, but even they will take dry storage.

To bloom for you this fall, get the bulbs back into the ground at least by early September. If you fail to do this, the buds of spiderlilies will dry up. Of course, the pink Hall's amaryllis must go back sooner because they flower in mid-summer. Sternbergias and the miniature red amaryllis will bloom right in storage if they are not planted. This will not damage them, but you will miss the crop!

When you store your bulbs, they will need to be spread out so that no bulb touched another. They are full of water and will need to lose some of it by transpiration. Keep an eye on them and remove any that rot or go bad in any way. Rot can spread like wildfire through a batch of bulbs and destroy them all in a day or so. After a week or so, you can shuffle the bulbs together and rub off any soil that had clung to them. You will soon get to know the feel of a bad bulb. A bulb should feel solid when squeezed slightly. If it does not, it may have rot at the heart. Keep the doubtful bulbs in a place to themselves.

Delicious addition to a fruit salad: chill five ounces of soft cheddar cheese. Next step is to take up teaspoonfuls of the cheese and roll into small balls. Last lap: roll the balls in a half cup of finely chopped toasted nutmeats.

Rev. M'Cammon Is Pastor Assigned In L. Providence

LAKE PROVIDENCE—(Special) — Robert C. McCammon has arrived in Lake Providence to assume his new duties as pastor of the First Methodist Church here.

Reverend McCammon replaces Reverend Tomas Major Lancaster, former pastor, who accepted a position in Caddo Parish.

The new minister, who calls Pine Bluff, Arkansas home, received his bachelor's degree from Hendrix College at Conway, Arkansas and his Bachelor of Divinity from the Perkins School of Theology at Southern Methodist University, Dallas, Texas.

His first pastorate was at Wilmot, Arkansas, where he served for five years before accepting a position at the Asberry Methodist Church of Little Rock, Arkansas, as Associate Pastor.

Two years later Reverend McCammon went to Plaquemine as pastor, serving in that capacity until he accepted the present position with the Lake Providence Church.

Reverend and Mrs. McCammon and their two daughters, Janelle, 10 and Mary Susan, 6, are settled in the pastorium on Hood Street, and are being warmly welcomed into the community.

REV. FILER J. SEAL

Trenton Baptist New Church Now Will Open Doors

A newly - organized Baptist church has just called as pastor, the Rev. Filer J. Seal. This church is Trenton Baptist church at Avant and McBride streets in West Monroe.

The pastor that the church is calling is no newcomer to the Twin Cities for he served as pastor of Trinity Baptist church, West Monroe, from 1946 to 1951.

He is coming back to West Monroe after a successful pastorate at the First Baptist church in Olla.

He looks forward to a bright and highly successful ministry at the new church.

The first services will be held Sunday at the usual church service time. W. W. Neese, is superintendent of the Sunday school and Henry L. King is director of the training union.

A special invitation is extended to the public who lack any church connection. They are urgently invited to attend this new church.

Bible Words for Today

JOHN 16:23,24. "...Truly, truly, I say to you, if you ask anything of the Father, he will give it to you in my name. Hitherto you have asked nothing in my name; ask, and you will receive, that your joy may be full." (RSV)

• • •

Radio contact had been established with the beleaguered forces defending Wake Island in 1942 in a desperate effort to secure information regarding the battle for that small South Pacific outpost. Enemy forces were overwhelming—hope for a successful defense was lost, but the answer came from the Commanding Officer, "We have not yet begun to fight!"

In difference circumstances Jesus expressed this spirit in the words of this Scripture. These were strange words for many things had been asked of Jesus, yet He was saying "...until now, you have asked nothing..." Perhaps He was reminding them that they had not yet really begun to pray to the full extent of their available resources.

If individuals can say with determination "We haven't even started yet!" beginning to ask and seek for answers, expressing those answers in meaningful service, then, truly" . . . our joy may be full".

MY ANSWER by Billy Graham

QUESTION: I hear you speak of family devotions. Is a family altar really practical in this streamlined age? P. E.

ANSWER: Family devotions are not only practical, they are essential in the well adjusted home. I list below seven reasons why I consider family worship important:

1. It unifies the homelife, and puts faith in the place of friction.
2. It brings to the family group a sense of God's presence.
3. It shows the children that God is relevant to everyday living, and not just a Being to be worshipped on Sunday.
4. It gives members of the family an opportunity for self-examination and confession of sin.
5. It strengthens the members of the household for the tasks and responsibilities they are to face during the day.
6. It insulates us against the hurts and misunderstandings which come our way.
7. It supplements the work of the church, and makes of our homes a sanctuary where Christ is honored.

"And thou shalt teach them diligently unto thy children; and shalt talk of them when thou sittest in thine house . . . "Deut. 6:7.

Missionaries To Plan New Means Of Reaching Lost

Missionaries and staff members of the Board of Missions of the Methodist Church are meeting in Greencastle, Ind., June 19-26 to discuss ways of implementing plans for an evangelistic emphasis in overseas mission areas 1956-60.

The four-year evangelistic emphasis will be the focal point for the meeting, which will be the eleventh annual conference of new and furloughed Methodist missionaries. About 425 persons, including Methodist students and church workers from overseas as well as missionaries and board staff members from New York, will be on the DePauw University campus for the conference.

The theme of the conference is "Witness and Decision," which is the title selected for the four-year evangelistic emphasis. The program, adopted by the Board of Missions, calls for evangelistic emphasis in all overseas mission areas and for special efforts in northern Borneo, the Belgian Congo, Bolivia and Korea.

The keynote speech, "Witness and Decision," will be given by Dr. James K. Mathews, executive secretary of the board's Division of World Missions, at the Gobin Memorial Methodist Church on the DePauw campus. In speeches, panels and discussions in succeeding sessions, the missionaries and staff members will discuss obstacles to evangelistic advance and evangelism among the special groups, such as laymen and youth. The closing address June 26 will be given by Dr. Eugene L. Smith, general executive secretary of the Division of World Missions.

The conference is sponsored jointly by the Division of World Missions and the Department of Work in Foreign Fields of the Woman's Division of Christian Service. Both are divisions of the Board of Missions.

FIRST CHURCH OF CHRIST, SCIENTIST
No. 2nd At Auburn

"Is the Universe, Including Man, Evolved By Atomic Force?" is the subject of the Lesson - sermon in all Churches of Christ, Scientist, Sunday, June 17, 1956.

The Golden Text is: "The Lord is a great God, and a great King above all gods. In his hand are the deep places of the earth: the strength of the hills is his also" (Ps. 95:3, 4).

Among the citations which comprise the lesson - sermon is the following from the Bible: "In the beginning God created the heaven and the earth" (Gen. 1:1).

The lesson - sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The notion of a material universe is utterly opposed to the theory of man as evolved from Mind" (545).

Ross Resigns As NSC Director Of Testing Service

NATCHITOCHES, June 16 (Special) — Charles A. Ross, director of testing service at Northwestern State College for the past seven years, has resigned his position, effective September 1, Dudley G. Fulton, director of student relations, said here today.

Ross will enter Louisiana State University next fall to complete work toward a Ph. D. in sociology.

While at the college, the student counselor and testing director has been sponsor of the Student Senate, freshman class and the Canterbury Club. He organized the first amateur radio club on the campus, with an all-NSC student membership.

Why Grow Old?

By Josephine Lowman

Straight Spine Essential To Beauty Of The Back

It is too bad that we women do not have rear view mirrors so that we can see who is staring at us. Very few women ever look at themselves rear view and yet others may be more critical of our backs because they can stare at us in peace.

Let us think for a few minutes about our back and the part it plays in our attractiveness. We certainly need a straight spine on which to pin our hopes. Round shoulders make correct breathing impossible and crowd our heart and damage our appearance. Good posture is one attribute which we can take down the years with us and one which gives the illusion of youthfulness at any age.

Many people develop round shoulders during school years when they slump over desks. This was especially true before desks were adjustable to individual height. Others form this habit of poor posture when illness or fatigue or unhappiness makes them slump. Still more simply give in to the pull of gravity and unawareness of carriage.

If you have round shoulders, for whatever reason, if you have personal pride in your personal appearance or interest in your health, you should correct or improve this condition. If you have had this kind of posture for many years your chest muscles will have shortened and your back muscles will have weakened and stretched.

You will have to stretch the chest muscles and strengthen your back muscles before you will be able to assume better posture. You will have to be patient and work hard.

The following exercise is corrective to round shoulders.

Stand just inside your bedroom door, barefooted. Take hold of each side of the door casing. Keep the feet in the same place but let the heels leave the floor as you let your body weight fall forward through the door. Hold yourself with your hands. Take hold of the sides of the door at a point just below your waist. Pull yourself back and continue.

If you would like to have my exercise routine for round shoulders send a stamped, self-addressed envelope with your request for leaflet No. 7. Address Josephine Lowman in care of this newspaper.

GAMES FOR SUMMER—6

Oranges and Lemons

This is another English singing game, brought to this country long ago, and using the names of some ancient churches and districts of London:

"Oranges and lemons," say the bells of St. Clemens,
"You owe me five farthings," say the bells of St. Martins,
"When will you pay me?" say the bells of Old Bailey,
"When I grow rich," say the bells of Shoreditch,
"When will that be?" say the bells of Stepney,
"I do not know," says the great bell of Bow.
Chorus:
Here comes a candle to light you to bed;
You've been caught on the way to bed.

Two of the players join hands to form an archway, after deciding secretly that one shall be "orange" and the other "lemon". The rest of the children pass under, singing the rhyme. At the last word "bed" the arch falls to enclose the player who happens to be beneath. He says either orange or lemon, and takes his place behind the player having the name he chooses. This should be done in whispers, so the rest do not learn which is which.

The game continues until all the players are behind either orange or lemon. Then, with each player holding the waist of the person in front, the oranges and lemons have a tug-of-war.

It's most fun to really play the game, but also you can color this picture with crayons, paste it on to cardboard, cut the parts, and fit together as shown above.

(If you have an idea for a Junior Editors panel send it in care of this newspaper and it may be worth $10 to you. Violet Moore Higgins; AP Newsfeatures.) 6-16

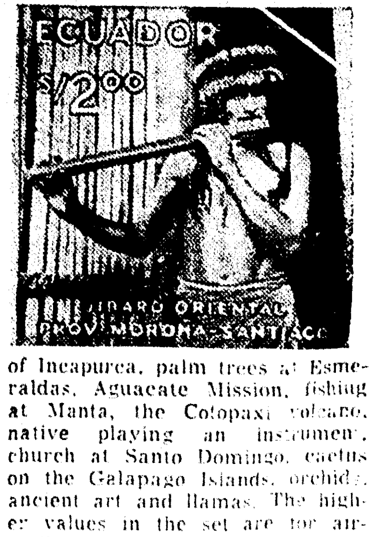
STAMPS

Ecuador completes its scenic series with 13 new stamps, reports the New York Stamp Co. Some of the scenes depicted are: the ruins of Incapurca, palm trees at Esmeraldas, Aguacate Mission, fishing at Manta, the Cotopaxi volcano, native playing an instrument, church at Santo Domingo, cactus on the Galapago Islands, orchids, ancient art and llamas. The higher values in the set are for airmail.



Here's an interesting note concerning the sale of U. S. stamps at FIPEX in New York. There were 11,930,745 FIPEX items sold totaling $450,853.59. First day postmarks on the four FIPEX issues totaled 1,856,130.

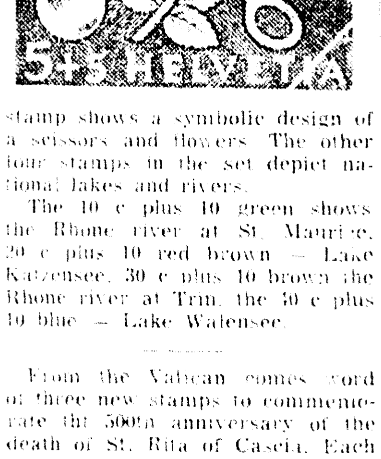
Two stamps have been issued by Cuba to honor the Masons. The 2 centavos green shows a ground view of the new 2 million dollar Grand Lodge of Cuba Temple in Havana. The 12 c airmail depicts an aerial view of the same building.

Iran has issued a new stamp homoring the upcoming Olympic Games and the 10th anniversary of the National Olympic Committee. The 5 rials lavender adhesive depicts the five - ring Olympic symbol and lion coat of arms of Iran.

Postmaster General Arthur E Summerfield has approved two new commemorative stamps to be issued in August and September. One will honor "Wheatland" — the home of James Buchanan. First day sale will be Aug. 5 at Lancaster, Pa. The other stamp will celebrate the 50th anniversary of Devils Tower National Monument at Devils Tower, Wyo. on Sept. 24.

The Women of Switzerland have received special recognition for their roles as homemakers in the 1956 Pro Patria (National Day) stamps just issued.

The 5 centimes plus 5 grey stamp shows a symbolic design of a scissors and flowers. The other four stamps in the set depict national lakes and rivers.



The 10 c plus 10 green shows the Rhone river at St. Maurice, 20 c plus 10 red brown — Lake Katzensee, 30 c plus 10 brown the Rhone river at Trin, the 40 c plus 10 blue — Lake Walensee.

From the Vatican comes word of three new stamps to commemorate the 500th anniversary of the death of St. Rita of Cascia. Each stamp has the same design of St. Rita in Augustine habit. On her forehead is a wound, the emblem of her devotion to the Crown of Thorns. On either side are roses. The 10 lire is sepia, 25 lire brown and 35 lire blue.

St. Rita was canonized in 1900.

The population of Argentina grew from 9,996,467 in 1914 to 18,928,536 in 1954.

TV notes

Macdonald Carey and Kim Hunter will co-star in "Moment of Courage," an exciting, suspense drama about a man who must make a split-second choice between a coward's life and a brave man's death, on the United States Steel Hour, Wednesday, June 20. Originally scheduled for February 20, "Moment of Courage" was preempted by an all network public affairs address by President Eisenhower.

Kim Hunter

Macdonald Carey

Steel Hour productions are telecast "live" from New York City.

Written by Henry Misrock the teleplay concerns a New York press agent, Jim Martin (Carey), who moves with his wife (Miss Hunter) and son to a "ghost town" in the West with the idea of building up the area as a tourist attraction. A "Pioneer Week," planned and publicized by Jim backfires when a bank robbery occurs in which he and his family become crucially involved.

Red Skelton's sponsor apparently was pleased with the way the comedian's program was received this season, for the show has been renewed on CBS for another 39 weeks, starting in October.

NBC is planning a new color film series based on the Ten Commandments. The plan is to hire the country's most famous writers to turn out scripts illustrating the moral precepts in modern fashion. Length of the programs has not yet been decided.

Production has started in Hollywood on the new half-hour film plays for "Ford Theater," which will be aired next season on the ABC network at 9:30 p.m. Wednesdays, beginning in October. The first of the new dramas has Laraine Day starring in "The West in Her Eyes."

The "G. E. Summer Originals" drama half-hour which gets under way on the ABC network July 3 will run through Sept. 11. These are new shows, selected "pilot" films from the huge stockpile built up in recent years by ambitious producers who hoped vainly they could develop a successful series. There are top people in this odd assortment, including James Mason, Arthur Treacher, Ben Blue, Joe E. Brown and Vivian Blaine, to name a few.

A new Sunday show on ABC for the summer, 5 to 6 p.m., is "Going Places," a live musical variety offair originating outdoors in a different locale each week.

ABC starts a new adventure series June 29 with "Combat Sergeant," a half-hour filmed item with Michael Thomas in the leading role. The stories are based on episodes in the North African campaign during World War II.

NBC has set aside the 9 to 9:30 p.m. slot Fridays, beginning in September, for a filmed series called "On Trial." Joseph Cotten will be host-narrator of the stories, which are based on famous authentic court cases. The show will be off the air every fourth Friday.

The cast of the Phil Silvers show is between shooting engagements now, but some of them aren't idle. Phil and Maurice Gosfield, who plays Doberman, have picked up some loot with an act in a Las Vegas night club. Paul Ford, the colonel, has gone to Hollywood to play the part in the film version that he created in the stage's "The Teahouse of the August Moon." Harvey Lembeck also has gone to Hollywood for a role in a new film, "The Day the Century Ended."

An original musical comedy spectacular on NBC July 15 will have Hal March of "The $64,000 Question" in the leading role. Title of the work is "The Bachelor," and the words and music are by none other than Steve Allen.

Eddie Fisher has been renewed by his sponsor for three more years and will be back on NBC in the fall. Jayc P. Morgan fills his spot this summer.

CAMERA NEWS

BABY POSE that makes maximum use of print area was shot by Tana Hoban. It is one of the picture ideas cited by magazine editor John Wolbarst.

Polaroid Cameras

In 1949 a revolutionary camera made its appearance which produced a finished print one minute after the picture was snapped. Despite its unique idea, ingenious operation and magical effect, it somehow failed to capture completely confirmed camera fans.

To many, the chief disadvantage was that the negative was destroyed in the process. This eliminated any chance of making duplicate prints or enlargements, except by rephotographing the positive. This, of course, loses sharpness. And there were many who said the new cameras didn't have the same crisp sharpness of conventional cameras to start with.

In addition, there were complaints about fading prints and first sepia tones, and the nuisance of having to coat each print to preserve it.

Even so, since 1949, the makers say a million Polaroid cameras have been sold. This is still only a small part of the 60 million cameras which the National Assn. of Photographic Manufacturers says are in use in the United States.

But changes have been made in the films, new models have appeared which at least minimize some of the objections, and many new uses for the cameras have been devised. So it's appropriate to make an up-to-date appraisal.

Film available today is moderately fast orthochromatic or extremely fast panchromatic film. The latter has a daylight ASA rating of 400 which is twice as fast as the fastest normal roll film (Tri-X, 200). Still another type of picture - in - a - minute film has unusual possibilities for making permanent type negatives. Type 43, professional pan film with a rating of 200 daylight, is coated on an acetate base instead of the usual paper base. By a special process of washing and fixing, the negative can be preserved to produce duplicate prints and enlargements.

Here are some of the special uses found for the pictures:

At a dinner party, snap pictures of the arriving guests and use the prints as place cards to guide them to their seats.

As a fund raiser for school, community or church affairs you can sell finished pictures one minute after you make them. You can add to the fun by using a humorous prop with a cut-out section for the person's head.

For autograph hounds, a signed personal picture makes a more valuable memento. In one minute you can have an on-the-spot photo for autographing.

In sports, immediate pictures are a help in correcting form, stance or grip while learning golf, tennis, diving, etc.

In photography itself, this can be an instant check-up on lighting, pose, composition and exposure before taking the picture with a conventional camera. In one minute you'll know whether any changes have to be made in any one of these factors.

Mood pictures are often determined by a photographer by varying the exposure time according to the existing light. Where there is a choice, the picture - in - a - minute camera offers an advantage. You can shoot the scene for the sky or bright portions only, for instance, and study the result immediately. It may give you a strong silhouette picture or it may help you decide that detail is necessary in the shadow portion. While you are still on the spot, you can reshoot the scene.

A few more experiments like this under varying conditions and soon you'll get the feeling of judging light and gauging exposure to obtain mood pictures. This is the beginning of creative, individual photography.

Disneyland Tour

The newest "must" for vacationers is Disneyland, described by Walt Disney as "a fabulous playground, something of a fair, a city from the Arabian nights, a Metropolis of the future, a show place of magic and living facts, but above all, a place to find happiness and knowledge."

So naturally this attraction has been added this year to the itinerary of the California Southwest Scenic Circle Tour operated by Happiness Tours of 6 East Monroe Street, Chicago, and 2 West 46th Street, New York City.

Yet this is only one of the many points of interest on this 14-day trip, scheduled to leave Chicago June 17, July 1 and then every Sunday to and including August 19, with a final tour set to leave September.

Juarez in Old Mexico gives the trip an international flavor, while three days each in Los Angeles and San Francisco hotels allow leisurely sightseeing in these fascinating cities.

On the return trip, stops are scheduled at Reno, Nevada, Salt Lake City, the Royal Gorge, Colorado Springs and Pike's Peak.

The rate on the reserved seat coach streamliner tour is $264.50, plus tax, from Chicago.

Canadian Tours Feature Banff

It's no longer unusual to see animals calmly crossing the roads in any of America's national parks. But up in Canada's oldest — and many say loveliest — national park, Banff, the animals are so tame that people say they've even learned to look both ways before venturing across the highway.

Be that as it may, Banff National Park is chock full of scenic splendor — both natural and animal — and one of Canada's most popular vacation spots. Banff Springs is just one of the many places visited on American Express' Imperial Western Tours this summer. Priced at $277, the 2-week tours depart weekly from Chicago from mid-June through August and visit Banff and Lake Louise, Vancouver, Victoria, Seattle, Portland, San Francisco, Los Angeles, San Diego, Grand Canyon, Albuquerque and Santa Fe. Prices are all - inclusive — reservations may be made at any American Express office or your local travel agent.

Record Review

Popular Records

Two years ago, at year's end, this column named what it thought were the best performances of 1954 and chose Thurl Ravenscroft as the top supporting singer.

Ravenscroft will be remembered as the man with the big, booming bass voice who helped make Rosemary Clooney's "This Old House" probably the best seller of that year.

Now Ravenscroft is trying his luck in a main role on a Bally single that couples "Oh, You Sweet One" and "I Ain't afraid." The latter is in the "Ghost Riders in the Sky" groove and is ideally tailored for Ravenscroft's rich voice.

Other promising newcomers — Lacille Watkins (Kapp) and Myoshi Umeki (Mercury). Lacille Watkins has an unusually wide range and a clear but powerful voice. Her "Maybe You'll Be There" and "His Hand Is Mine" coupling bears watching. Miss Umeki's voice is not so grandiose, but is more on the so-called sweet level with considerable warmth in the tones. Her Mercury recording of "The Little Lost Dog" should establish her.

Platter chatter — Percy Faith's arrangements of "The Rain in Spain" is an excellent instrumental version (Columbia) of one of the hit numbers from the Broadway hit, "My Fair Lady." . . . . Homer and Jetro's "Hart Brake Motel" is a funny take off on a popular rock and roll song (RCA Victor) . . . Tennessee Ernie's "Roving Gambler" (Capitol) is a good tune but not quite as twangy as the Edison version of more than 30 years ago.

For Rock and rollers — "Peace and Love" by the Five Keys (Capitol), "Drugstore Rock and Roll" by Janis Martin (RCA-Victor) "The Rockin' Ghost" by Archie Bleyer (Cadence), "Honky Tonk Rock" by Betty Johnson (Bally).

Recommended Longplays— "Little Girl Blue," 12 songs by Jeni James (M-G-M), one of the industry's most successful thrushes . . . "Picnic," soundtrack music from the movie starring Bill Holden and Kim Novak (Decca). . . "Matt Dennis Plays and Sings Matt Dennis," a dozen intimate-styled numbers by a versatile performer (Kapp), and "The Eddie Duchin Story," being selections from the movie biography of a great pop pianist (Capitol).

Fairyland Caverns

Vacation spots this summer will be as full of children as the schools are during the rest of the year. However, vacation attractions advertised as especially for children are often disappointing; parents themselves are bored or feel that the children got nothing worthwhile from the visit. For many years, an ideal attraction for the whole family have been Rock City, up on Lookout Mountain, near Chattanooga, Tenn. The trails, bridges, caverns, rocks and waterfalls are thrilling to children and parents alike, and the safe, well-maintained walks are appreciated by parents especially.

Rock city's special children's area is Fairyland Caverns, a series of caves where painters and sculptors have created scenes from many favorite fairy tales: Snow White and the Seven Dwarfs, Jack and the Beanstalk, Cinderella, Goldilocks, etc.

"Great Day in the Morning," rated one of the season's more interesting new films, has been scheduled to open today at the Jim Theatre. Starring Virginia Mayo, Robert Stack and Ruth Roman, the RKO Superscope - Technicolor attraction is based on the popular novel of the same name authored by Robert Hardy Andrews.

The story, said to be a blend of hard-hitting, action - packed outdoor adventure and tempestuous romance, deals with pre - Civil War gold raiding in Colorado. Denver, a scattered frontier settlement of the time, is the dram's chief locale. Highlight the screen play by Lesser Samuels is the violent struggle between Union and Confederate sympathizers to seize and control the gold resources of the nation.

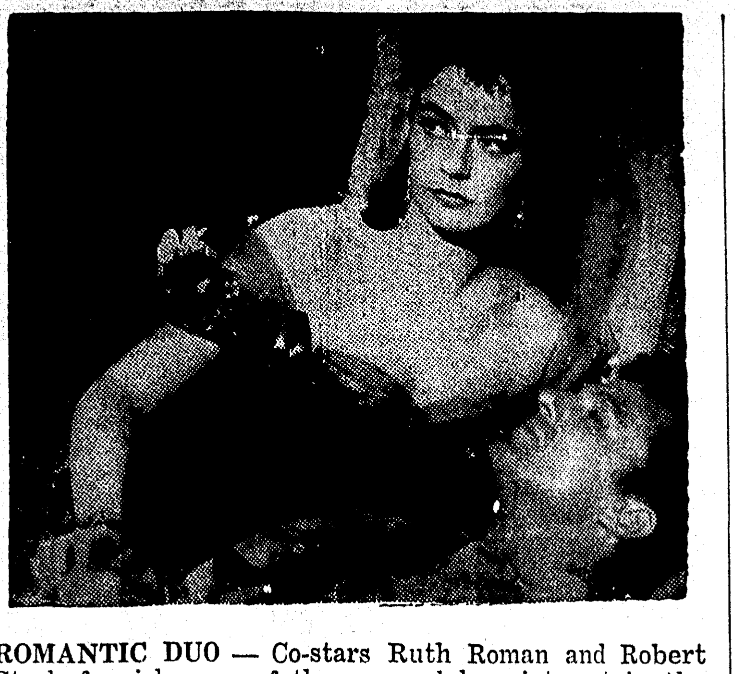
Filmed for the most part on location in and around the "ghost" mining town of Silverton, Colorado, "Great Day In the Morning" will be greeted with approval by the multitudes who enjoyed the book. According to preview reports the picture has amplified rather than altered the novel's explosive impact. Director Jacques Tourneur is declared to have captured the true warmth of the story as well as an atmosphere of factual reality.

Miss Mayo, seen in the role of Ann Merry Alaine, is credited for one of her most colorful characterizations. Ann of the story is a young pioneer girl, a newcomer in the Denver settlement soon caught in the raging whirlpool of North-South interests. The part follows that of the novel's heroine giving the star considerably more emotional latitude than in any of her previous performances.

Robert Stack as Owen Pentecost will unquestionably win many new admirers. "Great Day In the Morning" brings him to the screen as a cynical adventurer trapped in a desperate situation.

Ruth Roman has the role of Boston Grant, a professional beauty. Alex Nicol is co-starred as Kirby and the supporting cast includes Raymond Burr, Leo Gordon, Regis Toomey, Carlton Young, and Donald MacDonald.

"Great Day In The Morning" was produced by Edmund Grainger. The director of photography was William Snyder, A. S. C.



ROMANTIC DUO — Co-stars Ruth Roman and Robert Stack furnish some of the unusual love interest in the season's outstanding action melodrama, "Great Day in the Morning," Superscope-Technicolor classic produced on a grand scale for RKO by Edmund Grainger. Opens today at the Jim Theater.

Hard Of Hearing Helped By Patented Invention!

U. S. Patent No. 2, 611, 829 has made possible an eyeglass hearing aid that requires no wire, no tube, no receiver or earmold, no device that "plugs in" either ear. Developed by Acousticon, oldest and leading manufacturer of electrical hearing aids, the invention makes possible more comfortable, inconspicuous correction for thousands who have hearing difficulties.

This exclusive invention is built right into the Spectacon eyeglass hearing aid. The eyeglass frames are made by a leading optical company and are available in any size. They make no sacrifice of optical standards.

You may see for yourself how this remarkable hearing development works—how it is as easy to put on or take off as any pair of glasses. Demonstration is free—see and hear for yourself, without obligation.

Hollywood

Two-Ton Tony

HOLLYWOOD, June 16 — It's getting so you have to be a sportswriter as well as a movie reporter in Hollywood these days! In almost every studio I find a few representatives of the noble sport of fisticuffs, wearing greasepaint instead of boxing gloves and slugging it out verbally with dialog directors instead of physically, with sparring partners.

Two-ton Tony Galento is Hollywood's latest and most colorful gift from the sports arena. He is at Twentieth-Century-Fox, playing the role of bodyguard to Ernest Borgnine in "The Best Things in Life Are Free".

The 46-year old former contender for the heavyweight championship of the world is a "character" in the true sense of the world. He talks in bunches, strictly sports talk, liberally sprinkled with tough-guy stuff.

He tells you how he trained on beer in his own beer joint back in Orange, N.J., his home town, for the heavyweight crown. That fight turned out to be more dramatic than any movie, for it was with Joe Lewis. Tony tells you, with a look of wonder on his mashed-up face, "I floored the Champ in the second round, woudja b'lieve it?" Obviously, he can hardly believe it himself. But his stamina and dogged determination not to be knocked out in that classic battle, made history in the world of sports, and was in a way responsible for Tony's "acting" career.

"Actin', Tony says, "ain't any different from wrasslin' or boxin'. Dem cameras dont scare me none. Neider do de directors. But dem bums is always pullin' the count on me, just when I'm gettin' started!"

Director Michael Curtiz had thought that Tony should wear a loud striped suit for his role of bodyguard. They couldn't find one to fit the roly-poly and dressed him instead in a dark, very conservative number of the vintage of the Twenties, which is when the story takes place.

The assistant director was sure that Curtis would be displeased. But when Tony came on the set, and met Michael for the first time, the director who is a stickler for details took one look at Galento and said, "don't worry about the suit. This man is flamboyant enough. He doesn't need anything loud to build the character. He IS the character!'

Tony says, "I didn't like that very much, but he's the referee. He calls the shots. After all, I'm an actor now. I still wrassle professionally — but it's only to kill time and make extra spendin' money. Feel my hands! Soft, like a woman's. I ain't no bum no more. I'm a gentleman!"

I examined the ham - like fists. Sure enough they are soft and believe it or not, Two-Ton Tony Galento has manicured fingernails.

"I get a manicure every week," he explains proudly. "I don't want people to think I ain't got class. Besides, I got a fifteen year-old kid. I wanna make sure he don't get into the fight-racket. He's a good-lookin kid. I want him to stay that way.

Tony went on to tell me that the boy played football against his wishes — and got four front-teeth knocked out.

"Dat settled it,' boomed Tony. "I put my foot down. Dis kid's gonna stay in one piece if I have to beat him up myself to make him see it my way!'

It will come as news to the executives at the studio — who won't know about this until they read it here, that Tony hurries out of the studio every night, and goes straight to a wrestling stadium. Not to watch them, mind you — but to take part as a contender.

MIGHT AND POWER of the mammoth beasts that raged in a world-without-man, depicted in artist's representation of "The Animal World," Warner Bros. presentation in Technicolor which opens Thursday at the Paramount Theater. Written, produced and directed by Irwin Allen, the Windsor production is said to offer sights, sounds and fury never before seen on the motion picture screen.

"Animal World" Opens Thursday At Paramount

"The Animal World," the raging story of animal life from its prehistoric beginning to the present, is on the motion picture screen. Produced by Irwin Allen, the man who won an Academy Award for his film, "The Sea Around Us," "The Animal World" was filmed in Technicolor by Warner Bros. The film arrives Thursday at the Paramount Theatre for its initial local showing.

Promising startling entertainment, "The Animal World" tells a story that began two billion years ago and is still unfolding. It was written, produced and directed by Mr. Allen who in a recent interview revealed that it took well over three million feet of color film, shot by naturalists the world over, to bring to completion one of the most ambitious undertakings in the career of the young producer. A previously considered high figure of footage for important productions has been in the vicinity of three and five hundred thousand feet, a number surpassed by two and a half million feet of film by "The Animal World." With the aid and guidance of some of the world's leading consultants in the fields of paleontology, zoology, anthropology, archeology, and with the help of museums and a long list of institutes of higher learning the world over, the film took over three years of produce.

Dr. Charles L. Camp, professor of paleontology at the University of California and a leading authority on the dinosaur period, came to Warner Bros.' Burbank studios as a consultant on the film. Together with leading sculptors and artists, miniatures resembling Ceratosaurus, Stegosaurus, Triceratops, Tyrannosaurus and Brontosaurus were created. These monsters of another world battle against each other, amidst violent cataclysmic scenes of volcanic eruptions, and earthquakes, all captured in vivid Technicolor.

To achieve this difficult effect and make it appear as real as humanly possible, Allen hired two of the finest animators available, Willis O'Brien and Ray Harryhausen, both specialists in dinosaur animation, to capture scenes in which the giant animals search for food, look for mates and fight with one another. The company spent 73 days shooting the sequences, just one of the many ages of animal existence pictured in "The Animal World."

The Technicolor film has been translated into 17 foreign languages by Warner Bros. and will be presented throughout the world. Paul Sawtell composed an unusual score and conducted the orchestra for the film, a Windsor Production for Warner Bros.

The United States uses about a third of the world's goods and services.

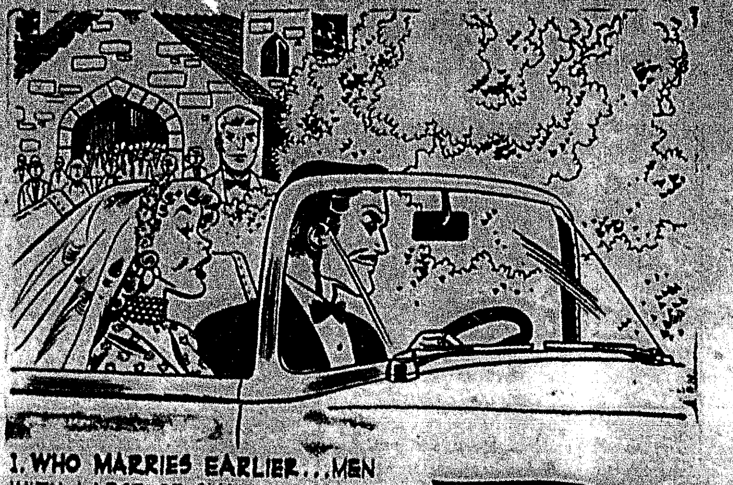
LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGAM, D. Sc.

Reg. U. S. Pat. Off.



1. WHO MARRIES EARLIER...MEN WITH LARGE OR SMALL INCOMES?
YOUR OPINION ________ 6-16

Answer To Question No. 1

1. Two sociologists have found that wealthy people marry considerably later than poor people. Men with incomes less than $2,000, marry at the average of 23; with incomes $2,000 to $2,900, at 24; incomes $3,000 to $4,000, at 26; $4,000 and up, at around 30. This is no doubt partly because most men earning larger incomes have had to take may years of education to secure such earnings. In many cases it may be a custom. Anyhow, lack of money delays some marriages.

When people fail and say, "We did our best," — is this true?

Yes——— No ———

2. Not as a rule. They mean they did their best at the moment. In about nine cases out of ten, they waste half their time thinking, "I wonder if I am doing as well as Jones or Brown," or, "wonder what the boss is thinking of me," or worrying over some personal problem. I've seldom seen anyone fail after carefully estimating his abilities and limitations, forgetting about success or failure, and devoting all his energies to the job.

Looking for a problem-solver?

Should all young people — especially students — know how to get summer jobs? Yes— No—

3. Yes. The best help is very good book — "Summer Jobs," from a study made by the editors of the Sterling Publishing Company. Tells exactly where to secure full information about hundreds of jobs everywhere, from parachute jumping ($5 to $100 a jump) to modeling, hotel, circus, camp and baby - sitting jobs, side-show "spielers," being guinea pigs for diet experiments, beauty treatments, etc.

Canned crushed pineapple makes a delicious preserve when combined with dried apricots or fresh pears. Add an orange to the pineapple-apricot mixture and a lemon to the pineapple-pear combination.

Add salt to the water when you are cooking cabbage; it improves the color and flavor and helps to retain Vitamin C.

MAY I GET A DRINK OF WATER MR. BUMSTEAD?
I DON'T KNOW WHY YOU HAVE TO COME IN MY BATHROOM TO GET A DRINK
THIS IS A DEMOCRACY, ISN'T IT?
OH, HURRY AND GET OUT
CAN I THROW THIS WATER ON YOUR BACK, MR. BUMSTEAD?
YES--YES-- JUST HURRY UP AND GET OUT
YEOW
MAMA
MR. BUMSTEAD, YOU SHOULDN'T LET YOURSELF GO LIKE THAT
I DON'T CARE-- MY BATHROOM IS NO PUBLIC RECEPTION ROOM
I DON'T CARE IF IT IS UNNEIGHBORLY--I'M GOING TO GET THE LOCK ON THAT DOOR REPAIRED
MY SON CLAIMS YOU CHASED HIM OUT OF YOUR HOUSE
MR. BUMSTEAD, I DON'T LIKE THAT LOOK IN YOUR EYES
PLEASE, MR SIMPSON, COME JUST A LITTLE CLOSER-- PLEASE-- PRETTY PLEASE
I DID IT-- I DID IT AND I'M GLAD
WHAT DID YOU DO?

dial
Aren't you glad you use Dial Soap?
(don't you wish everybody did!)

Come and get it, folks—that fresh, clean Dial feeling. No matter what you do, you always feel like you just stepped out of the shower. And the reason is—Dial removes odor-causing skin bacteria that other good soaps leave on your skin. Best of all, Dial *keeps on working*, protecting you all day—and for several days if need be. Dial's AT-7 does it. No other leading soap has it. That's why Dial—and only Dial—stops odor *before* it starts! People who use Dial say they just don't feel as clean with any other soap.

Shepilov In Cairo To Seek Mid-East Ties

Red Leader Raps Oil Monopolies, Colonial Empires

CAIRO, Egypt, June 16 (AP)—Bushy-haired Dmitri Shepilov, the strapping new Soviet foreign minister, flew into Cairo today for the obvious purpose of driving new bargains in the Middle East.

Shepilov, who is credited with initiating the deal last year by which Egypt traded cotton for Czech arms, arrived with his beautiful brunette daughter and a party of Soviet officials as Moscow announced official diplomatic recognition of Morocco and Tunisia.

Egypt has openly taken under her wing the nationalist movements which have won almost complete independence for the two North African states from France, and Moscow has encouraged the movements as a part of its "anti-colonial campaign."

The timing of the recognition of the two states appeared to be part of the many-sided Soviet campaign to woo the nations of the Middle East, Asia and the Arab world.

Shepilov's first words, as he stepped from his plane were tuned to that theme.

He said he had come from a country of socialism "which totally repudiated the policy of colonial expansion, a country whose economic structure has no place for oil monopolies or any other kind of imperialist monopolies which suck the vitality of less-developed nations."

Egyptian Foreign Minister Mahmoud Fawzi, Soviet Ambassador E. D. Kisselev, diplomatic representatives of all Communist countries, the head of Communist China's trade delegation and the Indian ambassador were on hand to greet him.

Mrs. Kisselev presented a bouquet of flowers to Shepilov's daughter, Victoria, a tall 20-year-old girl in a grey suit.

Shepilov will have talks with Premier Gamal Abdel Nasser and Hassan Ibrahim, minister of state for production affairs. The talks with Ibrahim suggested that he might have something new to offer on the Aswan Dam.

President Laughs Off Questions On Running Again

WASHINGTON, June 16 (AP) — President Eisenhower today laughed off an attempt by newsmen to find out whether he intends to stay in the presidential race. And he got his first bit of nonliquid food since undergoing major abdominal surgery a week ago.

"The doctors tell me," press secretary James C. Hagerty reported, "that you would have thought the President was eating the best steak in the world when he got those four ounces of cream of wheat, and he really enjoyed it."

Before taking an early afternoon nap Eisenhower had a soft-boiled egg and a half-slice of unbuttered whole wheat toast.

A late afternoon bulletin, at 5:30 p.m., said the President "has had another good day" and was in excellent spirits.

It was announced that he would receive custard and a glass of skim milk during the evening.

Eisenhower was propped up in bed late in the afternoon to watch the National Open golf tournament at Rochester, N. Y. on television.

Starting his second week of convalescence, Eisenhower got still another "tremendous kick," Hagerty said, out of receiving at Walter Reed Army Hsopital a cartoon signed by all the golfers taking part in the National Open tournament at the Oak Hill Country Club, Rochester, N. Y.

The cartoon carried the names of several top golfers with whom the President has played, including Ben Hogan, Carey Middlecoff, Byron Nelson and Sam Snead featuring a golfer driving, the cartoon by E. R. Messner of the Rochester, N. Y., Times-Union is captioned:

"To Ike, who has done the most for golf, get well fast."

23 Beauties Entered For 'Miss Louisiana' Contest On July 2-4

LAKE PROVIDENCE, June 16 (Special)—Plans are nearing completion for the seventh annual "Miss Louisiana, 1956" pagent to be held in Lake Providence July 2, 3 and 4, James T. Herrington, president of the sponsoring local Junior Chamber of Commerce, said today.

Twenty - three entrants have placed their names on the contestants' list so far from all over the state, Herrington said. He added that a number of others are expected, because of so many local beauty contests now being held.

Entrants who have already filed formal registration papers will represent the following cities and colleges: Amite, Arcadia, Bossier City, Baton Rouge, Delhi, Ferriday, Haynesville, Lake Charles, Lake Providence, Monroe, Oak Grove, Rayville, Ruston, Tallulah, Winnsboro, Shreveport, Minden, New Orleans. Jena, Jonesville, Natchitoches, Louisiana Tech and Northeast State College.

The pageant parade of floats will start the long list of activities at 2 p.m. Monday, July 2.

Floats from organizations within East Carroll parish and from neighboring towns, will parade down Main street to the Legion Pier. The parade will give spectators a first look at the contestants, one of whom will be chosen as "Miss Louisiana" and crowned in regal ceremonies on the night of July 4.

The all-important "Judges' tea" will be held at the American Legion Home on July 3, giving the judges a chance to become personally acquainted with the contestants.

Contesting beauties will be judged on beauty of form and face; talent; personality; charm; and intelligence.

Preliminary contests are sched-

Long Denounced By Martin; Called 'Political Madman'

BATON ROUGE, June 16 (AP)—Secretary of State Wade Martin Jr., fighting Gov. Earl Long's move to oust him as custodian of vote machines, today called Long "a political madman."

In radio and television talks Martin said "the faster the Legislature and people of Louisiana realize this, the better off every one will be."

Martin denied what he said were Long's published statements that "I threatened several members of the Legislature with recall."

Awaiting House action is an administration-backed bill to remove Martin's job as custodian of vote machines. When the bill first passed the House it only increased membership of the board which buys vote machines.

But Senate administration leaders amended it in committee to incorporate provisions of a House bill to remove Martins' job as custodian. The House was openly hostile to Long's efforts in the original bill to take vote machines out of precincts with 200 or less voters.

The governor said yesterday he could have passed the bill as he wanted, but didn't want some of his legislators to get in the habit of voting against him.

Martin said Long had persuaded the Legislature he had a mandate from the people to oust constitutional board members.

"Now he is trying to indirectly address me out of office," Martin said, "and lacking even this argument because I received a bigger vote from the people than he did—he is using tactics that cannot be explained in a democracy."

Martin contended Long had endorsed him for re-election but now he is trying to "make it appear to you (the people) and the Legislature that he has 'taken out' after me."

"Had he really wanted to take out after me, he would have picked a fight on something be-

Bloodhounds Hunt Handcuffed Negro

CLINTON, La., June 16—UP—Sheriff's deputies and bloodhounds sought today for a handcuffed Negro, who was being held for questioning in a strychnine poisoning case.

East Feliciana sheriff Arch Doughty said Willie Williams eluded deputies and no trace of him could be found.

He was being asked about the strychnine poisoning of Isiah and Hamp Matthews, who were undergoing treatment at the Clinton infirmary after drinking poisoned whisky.

Miscellany In The News

NATCHEZ, Miss., June 16 (AP)—Gov. J. P. Coleman today denied he had ordered Adams County gambling establishments to close by midnight.

Earlier, a spokesman close to the sheriff said Coleman had sent the notice to city and county officers but that the warning was not accompanied by threat of a raid.

Coleman, who was on the Gulf Coast, said in his denial that his platform last year included an anti-gambling plank but he added, "I give no warning to gamblers and other lawbreakers."

NEW ORLEANS, June 16 (AP)—Fishermen today found the body of Charles E. Morris, 43, Jackson, Miss., driver of a trailer truck that jack-knifed on the Lake Pontchartrain bridge on highway 11.

The body was taken to a Slidell funeral home, but officials said it would be brought here at the request of New Orleans police for an inquest.

Dr. H. E. Gautreaux, St. Tammany Parish coroner, said death was due to accidental drowning.

Morris was hurled into the lake when the crash occurred during rough weather Wednesday.

Ellender To Seek Further Slash In Aid

Says It Is Time To Let World Know U. S. 'Purse Flat'

WASHINGTON, June 16 —UP—The Senate Foreign Relations committee bogged down Saturday on minor amendments to the foreign aid bill and delayed until Monday a final vote on its $4.5 billion measure.

The $4.5 billion price tag represents a slash by the committee of $400 million from President Eisenhower's original request for $4.9 billion, and a restoration of $702 million of the $1.1 billion cut imposed by the House. The biggest increase was an additional $600 million for military aid, which the House cut by $1 billion.

Sen. John J. Sparkman (D-Ala.) a member of the committee, said chances were "pretty good" for the Senate retaining the $600 million in military aid. But he admitted the increase faces a hard floor fight.

Sen. Allen J. Ellender (D-La.) a persistent advocate of lower foreign aid spending, said that regardless of what the foreign relations committee recommended he would seek to cut the bill even below the House-approved total of $3.8 billion.

Ellender said in his weekly broadcast prepared for a Louisiana station that he will try to "cut the program down to the bone." He said "it is time for us to let our friends across the seas know that the era of billion dollar boondoggles has ended, that Uncle Sam's purse is flat."

Ellender, a member of the Sen-appropriations committee, said "I believe that while the House made a good beginning in cutting the President's request by $1.1 billion, further cuts can and should be made."

The Foreign Relations committee finished the major money sections of the bill Friday. It had

Former Partner Criticizes Long's Tax Measures

NEW ORLEANS, June 16 (AP) — Clem Sehrt, a close friend and former law partner of Gov. Earl Long, today urged him to go easy on taxes.

Sehrt's advice came in a lengthy telegram sent to the governor. The message reviewed Long's big victory at the polls, recounted the taxes he has proposed and listed some of the industrial expansions which Sehrt said "have begun to shrink away from us." Sehrt said, however, that "it is not too late to turn back."

"You have proposed major tax increases on gas, timber, sulphur, alcoholic beverages and the Fair Grounds race track, for which you profess love and affection, not to mention the other tax increases proposed," the telegram said.

"During that short period McGraw-Hill Publishing Company, an unbiased national publication, has stated, 'the business climate in Louisiana may be changing for the worst.'

"The Texas daily newspapers are writing that you are performing a great service for their state by making it a natural for industry to settle there instead of here.

"Already committed industrial expansion in this state in the fields of paper, chemicals, sulphur, oil, nickel and others have begun to shrink away from us. Are not those significant facts that your tax program will do damage to the economy and industrial welfare of our state?

"I firmly believe that prior to

18 Wounded By Blast Of Grenade At Constantine

ALGIERS, Algeria, June 16 (AP)—Moslem rebels dropped a hand grenade outside a busy department store in Constantine today, wounding 18 persons.

French headquarters said the grenade was lobbed from an overhanging terrace into a crowd of shoppers along the Rue Curaman, one of the busiest streets in the city of 118,000. French women and children were among the wounded.

It was the second grenade throwing of the day in the eastern Algerian city. Earlier, a nationalist threw a grenade at a police box. The grenade fell among a groop of Moslems, killing one and wounding six.

Near Constantine, rebels opened fire with a machine gun on a passenger train, killing two Moslems.

Long To Address Solons Tonight On Tax Measures

Slates Appeal For Passage Of Major Raises

Governor Expected To Seek Action On Program This Week

BATON ROUGE, June 16 (AP)—Gov. Earl K. Long braced today for an all-out effort to shove his administration program, much of it bogged down in the House, through the Louisiana Legislature.

When lawmakers come back tomorrow night to open the sixth week of their 60-day session, Long will address a joint session.

He said he would explain to the lawmakers' their "responsibility" to pass his tax bills.

Administration leaders dodged showdowns last week on a series of administration bills, primarily four tax raises requiring a two-third vote. They remain on the House calendar subject to call.

But with the session well past the mid-point, the bills face the threat of being lost in he rush to adjourn.

"They'll have to come off next week or it won't do much good," Long said.

Tax bills pushed by the governor still facing the hurdle of a two-thirds House vote include:

1. An increase from $1.03 to $3 per ton in the sulphur severance tax. Long has mentioned shaving this to $2.75.

2. A doubled timber severance levy, from 2.25 per cent to five per cent.

3. A boost from one cent to 3½ cents per 1,000 cubic feet in the gas gathering tax, although there has been talk the increase might be reduced in size.

4. An increase, from 13 per cent to 17 per cent, in the total take from parimutuel betting at New Orleans racetracks. Long wants the tax raise reduced to 15 per cent in a floor amendment.

Taxes are not the only problem for the Long leaders.

The governor's plan to call a Constitutional Convention next year, also on the House calendar awaiting call, has roused opposition from rural members.

And Long's name-calling feud with the Martins, secretary of state Wade O. Martin Jr. and his father, chairman Wade O. Martin Sr. of the Public Service Commission, is set for legislative action on three fronts.

On the House calendar is an administration bill to increase the Public Service Commission from three to five members.

Chairman Martin, forced out of the race for re-election when two Long candidates entered against him, calls the proposal a bid by Long to take over regulation of Louisiana utilities, transportation and telephone service.

Commission John J. McKeithen, a Long political ally, also opposes the bill.

The House Ways and Means Committee set a hearing Tuesday on the administration bill taking the State Insurance commissioner job away from he sectetary of state, already passed by the Senate.

Awaiting a floor vote in the Senate is a bill to strip the younger Martin of another duty, state custodian of vote machines.

As the bill passed the House, it merely increased the membership of the board to purchase voting machines. In the face of a hostile House, Long leaders wiped out provisions which would have removed voting machines from low-vote precincts.

But although it was tagged an administration setback Long told a press conference, "I could have passed the bill. But a lot of people

Speed Boat Events To Be Returned To Monroe In 'Race Of Champions'

"Speed boat racing will return to the Ouachita river on July 1, when the sports committee of the Monroe Chamber of Commerce will promote the first annual Silver Cup Race of Champions," Sports Committee Chairman Slim Scogin announced Saturday.

The races will be sanctioned by the National Outboard association, which will furnish officials and judges for the big event, and $1,300 in cash awards will be offered by local donors.

"This renewal of speed boat racing on the Ouachita at Monroe is being made possible by civic-minded business firms who believe that this clean sport should be revived in the interest of family recreation," Sports Co - chairman F. N. Steele said.

A series of 13 heats will be staged, according to the present plans offered by sports committee officials and a special scoring system will be devised, in order to determine the winner of the rotating silver cup. The giant silver cup will be engraved each year with the high-point winner's name and boat class inscribed.

"Since the races will be an annual affair, the racing sportsmen, in order to retain the giant cup, must win the Silver Cup top honors for three years," Sports Chairman Scogins said.

It was pointed out that the renewal of speed boat racing would be staged on Sunday annually in order that the entire family may plan to witness the colorful heats.

"The races definitely will not start until 1 p.m. aso as to afford ample opporunities for spectators to attend church services in their home towns or visit their congregations in the Twin Cities," Chamber Secretary Jim Williams said.

France's Pineau In U. S. To Seek Backing In Africa

WASHINGTON, June 6—UP—French Foreign Minister Christian Pineau arrived here Saturday to confer with U. S. leaders about Russia's new tactics and to seek support for France's position in troubled North Africa.

Before beginning his top-level talks with Secretary of State John Foster Dulles and other officials, Pineau spent the weekend visiting his son, 29-year-old Claude C. Pineau, manager of the local Air France office, and his two grandchildren, Claudia, 8 and Johnny 2, at their home in suburban Alexandria, Va.

Pineau's "official" visit begins Monday when he will move into Blair House, the government's guest house across Pennsylvania Avenue from the White House. He will open talks with Dulles Monday and may see President Eisenhower at Walter Reed Army hospital before leaving Friday.

Pineau, who arrived by train from New York, said in a brief speech at Union Station that he brought to Mr. Eisenhower "best wishes for a prompt recovery" from the people of France who are "united in a feeling of deep gratitude to the commander-in-chief of the army which liberated our country."

There are several U. S.-French differences which diplomats will try to straighten out during the meetings.

Pineau, who visited Moscow last month, is more optimistic about recent changes in the Soviet Union than are American leaders. He has been rather outspoken in criticizing U. S. reluctance to accept the French view that the new Soviet leaders really are seeking better relations with the West. In a recent speech, Pineau said the West "should respond to the Soviet overtures, while maintaining the necessary precautions."

Pineau also would like some public statement of U. S. support for the course France has been following in its efforts to cope with Arab nationalism in Algeria, Tunisia and Morocco.

Jes' Ramblin'

Today is Father's Day, a time when many in the United States and Canada will give expression to the love that binds fathers and their children in ties that can never be easily broken.

Through the work-a-day-year, often a father is taken for granted, little or no one thinks of what he produces by dint of hard labor, and often personal sacrifice. It is all in a day's work, a week's or month's or year's experiences. Dad too often is taken for granted by those very persons who owe so much of the necessities and joys of life to this parent.

Some such line of thought must have caused Mrs. John Bruce Dodd of Spokane, Wash. to start something at the time really new. She originated Father's day in 1910.

U. S. Vice Consul In Cyprus Slain By Bomb Attack

NICOSIA, Cyprus, June 16—UP—Cypriot extremists tossed two bombs into a downtown restaurant Saturday, killing a U.S. vice consul and wounding two other Americans.

The dead man was identified as William Boteler, U. S. vice consul in Nicosia. He was transferred here from Ankara, Turkey, just four weeks ago.

The two wounded men were believed to be U.S. Marines. One was reported in critical condition.

(In Washington, the U. S. State Department officially announced Boteler's death several hours after the bombing. The State Department gave his home address as 2480 16th St., Washington, D. C. The State Department spokesman said he had no information on other Americans who were in the restaurant at the time of the bombing.)

They were the first American casualties on Cyprus since Greek Cypriots began fighting last year to break their ties with Britain.

The three Americans were eating at the little Soho restaurant in Regina Street when the bombs were thrown. Two Cypriot youths were believed to have tossed two homemade gas-pipe grenads into the dining room.

The blasts struck with full force at the table occupied by the Americans.

Boteler was fatally wounded and died a short time later at the British military hospital. A second American was gravely wounded, and the third was only slightly hurt.

Quarles Confirms H-Bomb Dropped Far Off Target

WASHINGTON, June 16 (AP) — Secretary of Air Quarles said today that "due to human error" the H-bomb dropped by a B52 at Bikini last month burst "somewhat less than four miles short of the planned position."

In a brief formal statement answering inquiries about the missing of the target in the first American drop of a live H-bomb Quarles said.

"The error was in the manipulation of the bombing equipment and did not involve malfunction of the aircraft or any of the equipment that it carried."

He said that "while the error was considerbaly more than normally expected, it was not great enough to have a serious effect on the success of the experiment."

Quarles was asked by a newsman if the marginal error would have been serious under actual combat conditions. He replied laconically, "The arithmetic is pretty obvious."

He referred to the fact that the area of total or major destruction by an air burst of an H-bomb of about 10 megatons — the equivalent of energy yielded in the explosion of ten million tons of ordinary TNT — is estimated at about 12 miles.

Quarles said "the initial thinking" was not to make any official announcement regarding the incident. This, he said, was "not to shield any error but because it seemed wiser not to talk about the subject."

Cloudy And Damp Forecast Locally

A couple of days of cloudy, soggy weather appear to be in prospect for the Twin Cities area, the federal forecaster said last night. The outlook is for scattered showers and thunderstorms Sunday and Monday.

Scattered showers and thundershowers with little change in temperature are forecast for the Arkansas area.

Prospects Grow Dim For Pre-Election Tax Cuts; Slash In U. S. Debt Seen

WASHINGTON, June 16 —UP—Prospects for a pre-election income tax cut grew dimmer Saturday despite the certainty of a sizeable budget surplus in the fiscal year which ends July 1.

There were these developments:

1. Democrats and Republicans backed an administration proposal that the legal limit on the national debt be scaled down by $3 billion, starting July 1. This will tend to offset the budget surplus and leave less elbow room for a tax cut.

2. House Democratic leaders held a secret 90 - minute caucus Friday with Democrats on the tax writing House Ways and Means committee to consider the committee's agenda for the rest of the session. Several participants said Saturday that no one at the launch a last-minute drive to cut income taxes.

This was considered significant since a similar strategy caucus in April, 1955, signalled the start of the Democrat's abortive drive last year to cut income taxes $20 a person. The administration-opposed measure passed the House last year but was killed in the Senate.

Another setback to tax - cutting prospects is bipartisan support developing for legislation to lower the temporary ceiling on the national debt from $281 billion to $278 billion.

The debt ceiling is scheduled to drop to its permanent level of $275 billion on July 1.

Chairman Harry F. Byrd (D-Va.) of the Senate Finance committee has persuaded the administration to ask for a temporary one-year increase of only $3 billion instead of seeking another one-year extension of the temporary $6 billion increase that expires June 30.

Members predicted the $3 billion temporary increase will be approved overwhelmingly by the Ways and Means committee next Tuesday. The committee plans to vote on the legislation immediately after hearing testimony from Secretary of the Treasury George M. Humphrey at a public hearing.

250 Relatives Attend Reunion Of Russell Family

JENA, June 16 (Special) —Some 250 persons from throughout Louisiana, Arkansas and Texas attended the first annual reunion of the Russell family, held near Jena last Sunday at the Camp of E. E. Jones, a grandson of the late George Guest Russell, II.

Members of the Russell family attending the gathering all were descendants of Elijah Russell, born in England in 1793. Those present were representatives of of the eight children of George Guest Russell, oldest son of Elijah Russell, and of Thomas Russell, youngest son.

The largest family represented was that of the late James D. Russell, a son of George Guest Russell and grandson of Elijah Russell, Sr.

The oldest descendent of the Russell family present was Bingham Russell, 76, of Rusk, Texas, son of the late Elijah Russell, II. The youngest family member present was Joy Lynne Patterson, 10 months, of Sulphur, grand-daughter of Mrs. May Russell Windham who is the grand-daughter of the late William T. Russell, a son of Elijah, Sr.

Mrs. Anna Russell, 89, of Jena, wife of the late James D. Russell, also was present. She is the only living spouse of any of the children of George Guest Russell.

Moving pictures and snapshots of the gathering were made by family groups and during the afternoon, the Rev. J. P. Owens, pastor of the First Baptist church of Jena, spoke briefly, pointing out the advantages of large families and the privileges and freedom enjoyed by those present whose ancestors played their part in establishing those blessings.

The Russell family is descended from a father and three sons who came to America in the early 1800's from England. Shortly after their arrival in the United States, they became enbroiled in the War of 1812, taking up their arms for their adopted country against their homeland.

The youngest of the three sons was Elijah Russell, Sr. Emigrating from South Carolina, the family of Elijah, Sr., stopped off in Missisipi and several of his children remained there to make their home. Elijah, Sr., and sons George Guest Russell and Thomas Russell accompanied their father on into Louisiana.

George Guest Russell's descendants were Sarah (Tullos) and 24 of her descendants were present at the gathering; Elizabeth (Tullos), five descendants present; Elijah, II, six descendants present; William T., 38 descendants present; James D., 48 members of his family present; Benjamin F., 40 descendants present; George Guest, Jr., 43 members present, and Alice Jane (Sanders), seven members present.

Although there were some 250 present, "there was food enough for 500," according to A. B. Russell, of Jena.

Leo Lambertson To Be Speaker At Ahepa Meeting

Attorney Leo J. Lamberson, of South Bend, Ind., past supreme president of the Order of Ahepa, National Hellenic Fraternity, will visit Monroe to address Ahepa's district convention banquet, next Monday, June 25, according to Gus Antipas, general chairman.

Lamberson is a native of Indiana. An attorney for 19 years, Ahepa's dignitary has been active in fraternity affairs for 25 years, and visited every district in the Ahepa Domain from coast to coast, Canada, Bahama Islands, and Greece. He has personally initiated into Ahepa and signed up more governors, senators, congressmen and mayors than any other Ahepan in the fraternity's 34 year history.

He has served the fraternity for 20 consecutive years, and held various posts in his chapter, state and supreme counsellor, secretary, vice - president, and the retiring supreme president of the order last year. He is now national chairman of it's refugee program in the U. S. A., in charge of Greek refugee and orphan's program. Ahepa R. R. C. is one of 32 voluntary agencies accredited by the U. S. State Department, and gained fourth place in U. S. refugee program.

Lamberson flew to Greece last summer for negotiations with the Greek government and orphanages under current Refugee Relief program which expires Dec. 1956, unless this session of Congress votes for a brief extension of the act and to increase the quotas for orphans and Greek Veterans of the Korean War.

He is a member of the Indiana U. S. Supreme Courts, has served as St. Joseph County (Ind.) election commissioner, special judge, and deputy prosecuting attorney. Also present will be Rep. Otto Passman; Jimmy Cokinos, mayor of Beaumont, Texas; and many other distinguished guests.

Brownell Resigns As Commissioner Of U.S. Education

WASHINGTON, June 16 (AP)—Samuel M. Brownell resigned yesterday as U.S. commissioner of education to become superintendent of schools in Detroit at $30,000 a year. This is a higher salary than is paid any other official in Michigan, including the governor.

As commissioner, Brownell has received $14,800. The governor of Michigan is paid $22,500.

Brownell, 56, told a news conference shortly after President Eisenhower accepted his resignation that the Detroit offer had come up suddenly — "as a complete surprise to me" — and that his first and only personal conference with the Board of Education there was within the past two weeks.

There was no indication who would succeed Brownell, brother of Atty. Gen. Herbert Brownell Jr. He has served as commissioner for 2½ years, on leave from Yale University, where he was a professor of educational administration.

Brownell told reporters that government pay is so low in some cases that officials are not willing to stay and this poses "one of the big problems."

Brownell said he thought chances that federal school building aid legislation will pass in this session of Congress are "favorable" in view of the fact that the House Rules Committee has set hearings on the $1,600,000,000 measure for next Tuesday.

Brownell said he expects to start work at Detroit Sept. 1, under a five-year contract.

In a letter accepting the resignation, Eisenhower spoke of "the administration's loss" but said "I know that your decision has taken many days of careful thought during which you reached the conviction that in your new duties you can continue to contribute greatly to the betterment of American education and to the general good of the nation."

The bidding:

North, 1 diamond; East 1 spade; South, 2 hearts; West, Pass.

North, 3 diamonds, East, Pass; South, 4 diamonds; West, Pass.

North, 4 hearts; East, Pass; South, Pass; West, Pass.

Opening lead: King of clubs.

Having carefully set he stage for a clear-cut victory over the opposition, East found it necessary to change horses in midstream due to a neat but unforeseen maneuver of the enemy.

The final contract of four hearts was logical enough, tho some may take issue with North's final bid. Supporting with three small trumps a suit which had not been rebid will appear rather drastic. But North made the bid under circumstances which establish that he has only three hearts, for if he had four he would have raised the major suit on the previous round instead of rebidding diamonds.

West opened the king of clubs. East saw that unless a ruff could be obtained there was no hope for the defense, whereupon he overtook West's king and returned the nine of diamonds. It was, of course, his intention to run up with the ace on the first lead of trumps, put partner in by means of the queen of clubs and obtain the necessary ruff.

His purpose did not escape declarer, who improvised a method to prevent East from reaching partner's hand. That East held the queen of spades, there could be no doubt, and the bidding also rendered it highly likely that he had the ace of hearts. South therefore led a spade to his hand and returned the jack, which was overtaken with dummy's king. Then came the ten of spades, and when East covered with the queen, South declined to ruff, discarding his remaining club instead.

This put an end to East's aspirations for a ruff, for there was no way to reach partner's hand. However, another line of defense suggested itself. It depended upon West having at least three hearts headed by the nine. East continued with a fourth round of spades. South was compelled to ruff with an honor, and lead a heart honor from his hand. East won with the ace, returned the fifth round of spades, and declarer was helpless, for he could not prevent West from scoring a trick with the nine of trumps.

Shortle Qualifies For Entrance To Military Academy

NATCHITOCHES, June 16 (Special) — Dickson Shortle, a letterman on the Northwestern State College swimming team last year and a member of the student newspaper staff, has qualified for entrance into the United States Military Academy at West Point, New York, next year. He will report July 13.

Shortle, who came to Northwestern from Sewanee Military Academy of Sewanee, Tenn., received his appointment through Representative Frank Smith of the third district in Mississippi.

At Sewanee he received athletic awards in swimming, track and football, was nominated to the Cum Laude Honorary Academic Society, and was one of the very few cadet lieutenants in the history of Sewanee.

He lettered on Northwestern's swimming team this year as a freestyle sprinter, but the New Orleans freshman switched to highdiving after the season began with marked success. At New Orleans recently, he took second place in the men's three meter Junior National AAU Diving meet at a representative of NSC.

The Sulphur Severance Tax Boost

The Earl K. Long-sponsored proposal to increase the sulphur severance tax in Louisiana from $1.03 to $3 per ton has been approved by a House committee and now awaits floor action.

This proposed hike of nearly 300 per cent in the State levy upon sulphur is an ill-devised raid upon a natural resource produced in Louisiana under highly competitive conditions with those of other states, notably Texas, and foreign countries such as Mexico.

The Engineering and Mining Journal, a highly respected national publication founded in 1866, comments editorially upon the proposed sulphur tax hike, in its June issue, saying:

"JUST ONE YEAR AGO we ran an editorial showing that such countries as Peru, Canada and Southwest Africa which provide a fair and favorable economic climate for venture capital have benefited by such policies; and that other countries which resorted to high taxes and confiscation have suffered economically. We don't have to go out of the United States to study the impact of taxation. If, for instance, Minnesota had levied unrealistic taxes on new taconite industry, she would have automatically cut herself off from investments which will ultimately total $1½-billion or more.

"Now we note an ominous development in Louisiana, where Earl K. Long, brother of Huey Long, has recently taken office as governor. Under a newly introduced bill H.R. 671, the Governor and his strong following would increase the severance tax rate on sulphur from $1.03 to $3 per ton.

"If imposed, this tax will be a serious blow to Louisiana's sulphur producers and shut down some of the high-cost properties. The sulphur industry is highly competitive, and a $3 tax would put Louisiana sulphur at a severe disadvantage with sulphur from Texas where the tax is less than half of this amount. Equally serious is the fact that Mexican sulphur production is now having an appreciable effect on U. S. exports. U. S. sulphur exports are expected to fall from about 1.65-million tons in 1954 to less than 1-million tons in 1956, largely due to Mexican exports.

"With American producers facing this kind of competition, and Louisiana's economy so heavily dependent upon sulphur, the contemplated tax increase seems hard to justify. The increased revenue will not be nearly so important to Louisiana as would be convincing evidence that Louisiana wishes to offer a favorable climate for venture capital and industrialization.

"Just because a state happens to be endowed by Nature with rich deposits of major mineral does not give that state a right to extort high levies which consumers in the rest of the states will eventually have to pay. What would happen to the U. S. if Minnesota with its iron, and Arizona with its copper, and the Plateau states with their uranium resorted to economic hijacking with unreasonable severance taxes? We'd end up with an economic war between the states.

"The plain facts are that the strength of the United States rests upon the resources and industrial production which the states share with each other, and employ in the mutual defense of the nation in time of crisis. It is equally important that this relationship be maintained in time of peace."

Under the Kennon administration, Louisiana made tremendous strides toward industrialization; and the root and basis of the Kennon policy, as implemented by the Governor and the Legislature, was to encourage industrial expansion, assuring industry it would be treated fairly from a tax standpoint.

The splendid work done by civic organizations throughout the State in attracting new industries and bringing about vast expansion of existing plants brought jobs to many thousands of workers, and prosperity to many communities.

But now, industry is warning the people and the Legislature that such injustifiable tax hikes as the gas-gathering increase, the 300 per cent hike in the sulphur severance tax, and the wholly indefensible timber-taxing proposals create a climate not conducive to industrial growth.

The "political immaturity" of the Long administration and the Long-dominated Legislature threatens to undo much of the fine work done under the Kennon administration; and bring industrial growth in Louisiana to an abrupt halt.

Unless the people themselves make their sentiments known overwhelmingly, forcibly and immediately, in protest against these ill-advised tax raid upon natural resources, irreparable damage may be done to the economy of Louisiana and its communities and parishes.

Two-Way Obligation

The president of the Chamber of Commerce of the United States recently said that businessmen have both the obligation and the right to speak on political and other issues of the time. He then mentioned certain things that businessmen should be solidly against—among them, government in business, and high taxes.

This is a logical position. At the same time, businessmen must realize that what is sauce for the goose is sauce for the gander. If, as they should, they oppose costly special favors for other groups, they should be as adamant in opposing special favors for themselves. Business groups have often and deservedly lost public regard because they have supported proposals for government spending that would benefit them—while urging strict economy when it came to the other fellow.

Rain Maker At Work

The following advertisement, "WANTED—GENERAL SOAKING RAIN. PLEASE RUSH. CLIFF PERKINS," appeared in the West Branch, Iowa Times—Herbert Hoover's birthplace—on April 26. The paper went into the mail about 8 in the morning. By suppertime the rain came and brought an end to a 8-month dry spell.

It is estimated this advertisement was worth millions to the residents of Cedar County and the state of Iowa. You don't have to argue with Cliff Perkins and his friends on the power of the country press.

IN WASHINGTON

Eisenhower's Illness

WASHINGTON, D. C. — There are short and long range views of the latest Eisenhower illness.

The short - rangers wonder whether the president will change his mind about running and whether he can be reelected if he does run.

Realizing that critical decisions face him in coming months and—if he is continued in office — for the ensuing years, the long-rangers wonder whether he will be in physical shape to stand the continual pressures of another four years. They recall that the late President Roosevelt was known to be in failing health before his fourth term election, and that he made a very limited campaign, which taxed his physical stamina and possibly contributed to his sudden death five months later.

Naturally neither question can be answered with much assurance. The president might have a setback during his convalescence or in case he is renominated, during the election campaign. Physicians attending him have given opinions, based on medical histories, that if he is reelected, he will be able to function for an undeterminable time, much as he has since his announcement on Feb. 29 that he would accept renomination.

Meanwhile, despite the evident agreement of physicians and surgeons who participated in the consultations before and after his operation that he will soon be back at work, a number of other members of the medical profession, who have had no opportunity to study his case at first hand, have raised doubts whether his recovery will be as complete as the consulting doctors seem to believe.

The principal point of disagreement is whether the intestinal "detour" which the operation provided will function adequately without a subsequent operation to remove the congested portion of his intestines which resulted in an obstruction that made surgery necessary. The attending surgeons were unanimously of the opinion that no second operation, involving part of the intestine would be necessary.

In contrast to the apprehension which his close White House associates felt after his heart attack, they are now obviously confident of his early recovery and his continuance as a candidate.

Singularly, there is no recurrence of speculation heard after last September's attack that Mrs. Eisenhower and other members of his family were firmly of the opinion that he should not be a candidate. This was apparently ended by his statement at the time of his announcement that none of his relatives had at any time urged him not to run again.

If his recovery proceeds on schedule, it is now assumed in most circles that he will reaffirm his candidacy. The assumption is supported by a reliable story told this writer before the Feb. 29 announcement, to the effect that the president, during his illness, had acquired a new feeling of dedication, which he had not experienced before, to the maintenance of world peace and to the other points of his program.

Franklin D. Roosevelt undoubtedly had a similar feeling when he ran for a fourth term in the last year of World War II, though he knew that his own health was breaking. It is not uncommon for presidents of the United States to become so dedicated to the causes they espouse, accompanied by the conviction that they must continue in office.

If he declares that he feels physically fit, and there is no evidence to the contrary, the impression here is that he will defeat any candidate whom the Democrats nominate. The alternative would be that he should feel at the end of six weeks from now that he is not strong enough to carry on through the campaign, and should therefore withdraw. Of that, there is no present prospect.

In Roosevelt's case an infinitesimal portion of the electorate, including few in Washington, had any idea of his poor physical condition. Then there was no physicians' consultation and the facts disclosed after his death leave doubt that had there been one, the recommendation would have been that he withdraw. His decline became apparent only during the fall of 1944, when the most anyone heard was that he was a "very tired man".

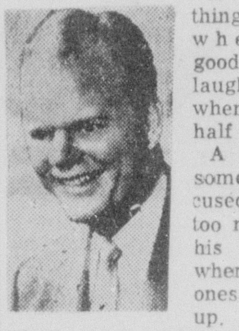
President Eisenhower has been obviously tired at no time since he returned to his White House duties. If he accepts a renomination, he will have additional reason to hold to his limited campaign of five or six speeches, and in those his television audiences will be as attentive to his physical appearance and vigor as to this presentation of issues.

For the long rangers, there is no certain answer. The next four years can be as tough on the White House occupant as any term in modern history. How Ike or any other president will stand them is something that even the best medical science cannot predict.

Paul Harvey--News

What Are Fathers Made Of?

A father is a thing that is forced to endure childbirth without an anesthetic.



A father is a thing that growls when it feels good . . . and laughs very loud when it's scared half to death.

A father is sometimes accused of giving too much time to his business when the little ones are growing up.

That's partly fear too.

Fathers are much more easily frightened than mothers.

A father never feels entirely worthy of the worship in a child's eyes.

He's never quite the hero his daughter thinks. . . never quite the man his son believes him to be. . . and this worries him, sometimes.

So he works too hard to try and smooth the rough places in the road for those of his own who will follow him.

A father is a thing that gets very angry when the first school grades aren't as good as he thinks they should be.

He scolds his son . . . though he knows it's the teacher's fault.

A father is a thing that goes away to war, sometimes . . .

And learns to swear and shoot and spit through his teeth and would run the other way except that this war is part of his only important job in life . . . which is making the world better for his child than it has been for him.

Fathers grow old faster than people.

Because they, in other wars, have to stand at the train station and wave goodbye to the uniform that climbs aboard. . .

And while mothers can cry where is shows. . . .

Fathers have to stand there and beam outside . . . and die inside.

Fathers have very stout hearts, so they have to be broken sometimes or no one would know what's inside.

Fathers are what give daughters away to other men who aren't nearly good enough . . . so they can have grandchildren that are smarter than anybody's.

Fathers fight dragons . . . almost daily.

They hurry away from the breakfast table. . .

Off to the arena which is sometimes called an office or a workshop. . . .

There, with calloused, practiced hands they tackle the dragon with three heads. . .

Weariness, Work and Monotony.

And they never quite win the fight but they never give up.

Knights in shining armor. . .

Fathers in shiny trousers. . there's little difference. . .

As they march away to work each workday.

Fathers make bets with insurance companies about who'll live the longest.

Though they know the odds they keep right on betting. . .

Even as the odds get higher and higher. . . they keep right on betting. . . more and more.

And one day they lose.

But fathers enjoy an earthly immortality. . . and the bet's paid off to the part of him he leaves behind.

I don't know. . . where a father goes. . . when he dies.

But I've an idea that after a good rest. . . wherever it is. . he won't be happy unless there's work to do.

He won't just sit on a cloud and wait for the girl he has loved and the children she bore. . .

He'll be busy there, too. . . repairing the stairs . . . oiling the gates. . . improving the streets. . . smoothing the way.

McClellan Investigation Promises Headlines

WASHINGTON, June 16 (CQ)—The Senate investigation of lobbying is about to produce some headlines after four months of unspectacular spade work.

Sen. John L. McClellan's (D Ark.) special investigating committee begins hearings Thursday (June 14) on eight organizations it says were active in the battle over the bill to exempt independent natural gas producers from federal regulation.

The hearings will involve big name politicians, businessmen, labor leaders and lobbyists who figured in the fight over the controversial measure vetoed by President Eisenhower last Feb. 17.

McClellan and his fellow investigators are trying to learn if gas bill lobbyists tried "to further their own interests by highly questionable activities," as the president charged in his veto message.

Slated to lead off the testimony very soon is the Natural Gas and Oil Resources Committee, which backed the vetoed legislation. Others who worked for the bill and have been called to testify are the Mid-Continent Gas and Oil Assn., the Joint Committee of Consumers and Small Producers of Natural Gas and the Committee for Pipe Line Companies.

Anti - gas bill groups listed by McClellan are the Council of Local Gas Companies, the National Institute of Municipal Law officers, the Mayors' Committee on Natural Gas and the United Automobile Workers (AFL-CIO).

Members of Congress from both parties reported heavy pressure on them from opposing groups in the gas bill fight. One of them, Sen. Alexander Wiley (R Wis.), has hinted that proponents of the gas bill which he opposed are working against him in his primary fight against Rep. Glenn Davis (R Wis.) Davis voted against the bill when it was before the House.

Wiley worked with at least two of the groups opposing the bill. Last Jan. 9 he addressed a Washington meeting of the council of Local Gas Companies and urged the 60-member group to use "phone calls, personal visits, telegrams, letters, postal cards, petitions and every other means available" to defeat the gas bill. The council reported spending $27,849 in its effort to beat the bill.

Wiley also led 16 "representatives of consumers" March 18 to see President Eisenhower and urge him to oppose the gas bill. Eleven of the 16 persons in the group were members of the National Institute of Municipal Law Officers.

The Mayors' Committee on Natural Gas was sparked by four prominent Democratic politicians. Directing its activities in 1955 was Joseph S. Clark, former mayor of Philadelphia and now Democratic Senatorial candidate in Pennsylvania. Two other Pennsylvania Democrats, Mayors David L. Lawrence of Pittsburgh and Richardson Dilworth of Philadelphia, are on the committee's executive board.

The chairman of the mayors' group in 1956 is Mayor Robert F. Wagner of New York City, mentioned as a possible Democratic vice presidential nominee or New York Senatorial candidate.

The mayors' committee, like NIMLO, did not register or report its spending under the Federal Regulation of Lobbying Act. Spokesmen have said they were exempt as representatives of municipalities.

The United Automobile Workers president, Walter P. Reuther, also is a powerhouse in the Democratic party. The UAW led labor's fight against the measure, but the extent of its effort is unavailable. It is not registered as a lobby.

The most prominent public figure among the groups supporting the natural gas bill that will testify is Alex M. Clark, former Republican mayor of Indianapolis. Clark drew a $5,500 salary for the first three months of 1956 as chairman of the Joint committee of Consumers and Small Producers of Natural Gas.

Clark's organization claimed support from "more than 500 mayors, small producers and consumers in more than 30 states" and reported spending $37,686 in the first quarter of 1956.

A New York public relations office, Hill and Knowlton, has been called to testify as a result of its work for the Natural Gas and Oil Resources Committee. L. F. McCollum, president of the Continental Oil Co. of Houston, Texas, and chairman of this committee, also has been called as a witness. The Gas and Oil Resources Committee represented 1,500 individuals and companies and did not register as a lobby or report its spending.

Likewise unregistered as a lobby is the Mid-Continent Oil and Gas Assn., representing more than 3,000 independent oil producers, with headquarters in Tulsa, Okla. Charleton H. Lyons of Shreveport, La., is president of the association. Claude C. Wild is registered as its lobby agent, but his last spending report was filed in 1954.

A Representative of the final group listed by McClellan, the committee for Pipe Line Companies, told Congressional Quarterly it "didn't have anything to do with the natural gas bill itself." Its concern, Executive Secretary Gordon C. Locke said, was exclusively with an amendment that would have affected petroleum pipe lines.

Louisiana Needs A Strong Second Political Party

New Orleans, La.

Editor, Morning World:

Like many sincere southern voters I believed in the conservative platform of the 1952 Republican party. I believed Eisenhower when he stated in New Orleans that he did uphold the principal of States Rights and that he did not approve of any federal interference with local educational matters.

I was then a member of the Republican party and worked for the election of "Ike" I hoped and believed that a second political party would become a reality in Louisiana. Later I was invited to run on the GOP ticket for the New Orleans Commission Council.

But then came the Republican inspired integration decision of a strangely influenced Supreme Court.

Then the Eisenhower administration conspired to bring about the completely false charges that resulted in the "censure" of the great Senator McCarthy who was exposing Communist influence in government departments. In this action the plotters in the White House followed exactly the demands being made in the Communist party newspaper, the Daily Worker.

The Eisenhower administration then proceeded to follow more advice from the Daily Worker. This was a demand for a "meeting at the Summit". Here the president gave the prestige of the United States to the ruthless rulers of the Soviet slave empire. As a result there has been a suicidal relaxation of anti-communism throughout the yet-free world.

For these and other reasons I changed my voting registration to independent.

I did not register as a Democrat because that party, both at the state and national levels through its present spokesmen have indicated that they are for Stevenson who recently bragged of his strong stand on "civil rights" to the voters of California.

What Louisiana needs is a strong second political party to properly represent all Conservative voters who believe in the preservation of Constitutional States Rights, free competitive enterprise, and in decent well - ordered representative government.

League Of Disgusted Citizens

Editor, Morning World:

So the League of Women Voters endorses bills S-252 and H-818 giving any yap the right to vote. I am a member of the League of Disgusted Citizens (also a pressure group) and I demand that my fox terrier have the right to vote, for if given an I. Q. test by a competent person, I am sure he is a much more qualified member of the electorate than some of the voters I have seen waiting in line to cast their ballot.

I can now understand what Karl Marx meant when he said, "Universal Suffrage will ultimately bring about the destruction of property rights."

I feel sure the League of Disgusted Citizens is not alone in wanting fox terriers and other dogs to vote. One thing for sure, they can't be bought for $5.00.

Hitler And Earl Long

Editor, Morning World:

Never before have I written to a newspaper with reference to politics, but I am thoroughly convinced that the time is here for the people to begin to speak. I enjoy your editorials very much. Hitler and Earl Long are two of a kind, and I sincerely agree with the man in Texas. Maybe some day the people of Louisiana will educate themselves and get rid of this type of government. Most of our Legislators don't have the guts to stand up for what is right. Louisiana is the laughing stock of the nation to have a man as governor who can't even carry on a decent conversation.

One of the best ways to fight is through our paper. Keep up your good work.

JOHN A. CUNEY.

(Editor's Note — The man in Texas as referred to, is Joseph C. Self of Victoria, Tex., who was quoted as saying, "Texas doesn't want to see Louisiana's throat cut, industry wise, but there is no reason why we shouldn't be the beneficiary if our sister state wants to commit industrial suicide".)

NEW ORLEANS, June 16 (AP) — The Central Jurisdictional Conference of the Methodist Church today elected Dr. Prince Albert Taylor Jr., bishop.

He will be assigned supervision of the Monrovia-Liberia area for the next four years.

Dr. Taylor, 49, of New Orleans, will be consecrated at services at 2:30 p.m. tomorrow at Dillard University.

Bishop Willis J. King, formerly of the Monrovia-Liberia area, has been assigned to the New Orleans area.

GULFPORT, Miss., June 16—UP—The bodies of three seamen who drowned when a raging Gulf storm sank the Tug Mary Dee Wednesday were to be shipped to their homes today.

All three bodies washed ashore yesterday, ending a two - day search by the Coast Guard which managed to save 13 crewmen of the ill-fated vessel.

S. O. Morris, Logtown, Miss., was found on the beach just hours after the bodies of Chief Engineer Louis Lynch, 55, and Negro Samuel Weston, 40, were washed ashore at Long Beach.

WASHINGTON, June 16—UP—Louisiana would get $45 million during the next two fiscal years starting July 1 in new interstate funds under the highway conference bill.

The Pelican State would get about $28.5 million in regular federal aid for primary, secondary and rural roads.

BATON ROUGE, June 16—UP—Police said today a 19-year-old Monroe woman was injured yesterday in an automobile accident on Airline highway near Baton Rouge.

They identified her as Mary Catherine Price. She apparently lost control and the car she was driving rolled over three times.

HAMMOND, La. June 16—UP—Farmer Floyd Calmes of Hammond said today his prize bull suddenly became vicious and attacked him.

Calmes received three broken ribs, and slight arm, back and head injuries.

NEW ORLEANS, June 16—UP—A Coast Guard pilot who guided a crippled helicopter through gale-force winds to rescue 10 persons will be recommended for the Air Medal.

Lt. Nicholas Ivanovsky of New York made the rescues in the tropical disturbance Wednesday at the mouth of the Mississippi River.

Lt. Cmdr. Milton B. Williams said he would recommend the medal for Ivanovsky, who aided six men marooned on the fishing vessel Milmar grounded in mud flats in Southeast Pass. He then picked up four Coast Guardsmen stranded in a wooden lighthouse.

NUTRIA TRAPPING

Twelve thousand Louisiana trappers have produced as many as 9,000,000 fur pelts in a single year. Muskrat is the most important, yielding about 6,000,000 skins per season. Louisiana produces more fur than any state of the union or any province of Canada. A new variety of furbearer, the nutria, originally from South America, has been introduced successfully into Louisiana.

Skelton Quips To Ease Tension On Stricken Plane

SAN FRANCISCO, June 16 (AP)—Sixty passengers, including Red Skelton, who took off last night from Los Angeles for Honolulu, left here this morning for the same destination.

The big Pan American plane departed at 11:45 p.m. from Los Angeles. Passengers included Skelton and his family, and singer Bob Crosby and his family.

When the plane was 300 miles on its way oil pressure trouble developed in the No. 4 engine. The pilot asked headquarters whether he should return to Los Angeles, or go to San Francisco.

He was instructed to land at San Francisco, where a spare plane was available.

Passengers said Skelton kept up a constant chatter during the flight.

Cocking an ear to strains of soothing music coming from the loudspeakers, he cracked: "It seems to me they ought to be playing 'The High and the Mighty.'"

After this reference to a movie about a transpacific plane in difficulty, he told his children sternly:

"I warned you brats not to fool with that motor."

Red's wife, Georgia, said Valentina, 10, and Richard, 9, had been up front with the captain earlier.

As the airliner neared the San Francisco runway, the comedian turned to his fellow passengers and announced:

"Ladies and Gentlemen, this is indeed an occasion. It has just taken us almost four hours to fly from Los Angeles to San Francisco in an airplane going nearly 400 miles an hour."

Los Angeles and San Francisco are approximately 350 airline miles apart.

Long also is backing legislation to oust Martin as state insurance commissioner.

Martin said Long was trying to ram through the Legislature "the same kind of insurance setup that they have in the state of Texas. . . where 41 Texas companies went broke in the last 12 years."

He also accused Sen. C. H. Downs, a Long leader and chairman of the Senate Judiciary "B" Committee, and its members, of "the lowest type of political trickery" in amending the House-passed vote machine bill.

The weight of public opinion, Martin contended, has forced Long to abandon his efforts to remove vote machines in small precincts.

uled to begin on the night of July 2, when half of the contestants will appear in bathing suit competition and the other half in talent.

On Tuesday night, second day of the contest, the first night's order will re reversed and each entrant will be judged on both classifications.

Wednesday night, July 4, third and final day of the event, will feature the top ten contestants, who will return in both bathing suits and evening gowns. Eliminations will be made until "Miss Louisiana" is selected by the judges.

The "Miss Louisiana" pageant, held in conjunction with the July 4 celebration, annually attracts thousands of visitors, some from great distances.

Always exciting, the three day event features inboard motor boat races on the beautiful Lake Providence; the pageant parade of floats; and three nights filled with gay entertainment, climaxed with the selection of Louisiana's entry into the "Miss America" contest at Atlantic City, N.J.

Herrington said today that applications for participation in the inboard motor boat races have been pouring in. He added that this portion of the program promises to be bigger than ever.

The Jaycee president also said that his organization, pageant sponsors, has secured the services of Robert William (Bob) Evans, of Helena, Ark., who will be the master of cermonies for the entire event.

Evans is well known in many parts of the nation for his Emcee ability.

planned to complete work on it Saturday and have it ready for the Senate Tuesday. But the committee mired down in a slough of lesser amendments and recessed. It will meet again Monday.

The committee rejected 9 to 4 an attempt to write into the bill a provision to tighten restrictions on imports which compete with U. S. surplus commodities. The proposal, strongly opposed by the administration, was referred to the Senate Finance committee on grounds that it is primarily a tarif matter.

The committee partially reversed itself and voted to require that at least 75 per cent of a $243 million economic aid fund for the Near East, Asia, Middle East, and Africa must be in the form of loans.

Negro Is Treated For Injury To Head

Godfrey Hill, Negro of Rayville, was receiving treatment at E. A. Conway Memorial Hospital last night after being struck on the back of the head with a brick in a disturbance at 700 DeSiard street.

Witnesses told investigating officers of the Monroe police department that Hill was struck by Mack Wallace, Negro, of Oak Ridge, when he sought to intervene in behalf of a Negro girl who Hill was chasing with a knife. The girl was identified as Margaret Jiles, of Columbia Road, Monroe. Wallace was taken into custody by police.

Cars Crash Head-On; Two Persons Injured

Two persons were treated for lacerations at St. Francis Hospital last night following a head-on collision at about 9 p.m. in the 1400 block of Joe Bill street, West Monroe.

Investigating state police identified the injured as Jasper Williams, 54, and Orelia Robinson, 8, Negroes of Route 2, West Monroe. Williams suffered a laceration of the knee and the girl received a laceration of the head.

They said a 1950 Studebaker pickup truck operated by Williams was in collision with a 1941 Pontiac driven by Thomas L. Wallace, 23.

Long Calls For Caution On 'Mixed Sports' Bill

BATON ROUGE, June 16 (AP) — Sen. W. M. Rainach, Louisiana segregation leader, said today he will study a House-passed bill outlawing interracial athletics to see how far it goes.

The Summerfield senator is chairman of the Joint Legislative Committee on segregation. His group did not sponsor the bill now ready for a Senate committee assignment.

Gov. Earl Long, asked for comment on the measure which cleared the House unanimously Thursday, said "I wish the people would be calm and not be too hasty about these things. They might learn too late how far reaching the effects would be."

The Rainach group, which initiated the successful court move outlawing activities of the National Assn. for the Advancement of Colored People in Louisiana, has won unanimous approval when either house acted on its segregation bills.

Five bills awaiting Long's promised signature will tighten segregation in classrooms, parks and waiting rooms at travel terminals.

The proposed barrier against mixed sports, affecting the Sugar Bowl and its annual bid for the nation's top teams, professional baseball and university sports, was introduced by Reps. Lawrence Gibbs of Ouachita Parish, and E. D. Gleason of Webster Parish.

Rainach also is president of the Louisiana Assn. of Citizens Councils. He has been the legislative segregation leader under both former Gov. Robert Kennon and Long.

Commenting on the Gibbs-Gleason measure, Rainach said he strongly favored it in principle, but was undecided whether legislation or public opinion should stop whites and Negroes mixing in athletic events.

Earlier this week Rainach asked postponement of another segregation bill, not offered by his group, to ban Louisiana network television programs showing whites and Negroes "as social equals." A Senate committee promptly delayed its decision.

The segregation chairman had suggested the TV matter be studied until the 1958 Legislature contending "as to this measure, segregation is accomplished by public opiniin, tradition and custom. . I hope to maintain segregation without too many laws. . . . no law is stronger than public opinion."

The proposal to ban mixed athletics probably will be assigned to a Seante judiciary committee tomorrow, or Monday, with a hearing called when and if the chairman decides on one.

The Louisiana State University board last month rejected a proposal to ban its teams from playing against teams permitting Negroes to play.

The interracial sports bill also would bar dancing, social functions, entertainments, athletic training, games, sports or contests and other such activities involving personal and social contacts between the white and Negro races.

Segregated seating would be enforced. Only religious gatherings would be exempt.

The bill provides penalties ranging up to $1,000 fine and one year in jail.

The mixed sports barrier would affect such big Louisiana schools as LSU, Tulane and Loyola of the South.

LSU will play Wisconsin here in 1958, with no advance knowledge whether the Big Ten school will bring along a Negro player. Loyola has invited several northern basketball squads for next season.

Senator Rejects Sen. Kefauver, Gov. Harriman

DENVER, June 16 (AP) — Neither New York Gov. Averell Harriman nor Sen. Estes Kefauver (D-Tenn) would be acceptable to voters in the southern states, Senator Allen J. Ellender (D-La) said in an interview today.

In his own state, he said, Adlai Stevenson currently is the most popular of any of the aspirants to the presidency.

Ellender, chairman of the Senate Committee on Agriculture and Forestry, also leveled criticism at President Eisenhower, Agriculture Secretary Benson, and the policies of the Bureau of Reclamation.

He said the President and Benson are violating the spirit and intent of the new omnibus farm law for their own political purposes to make a "showing in the corn belt where farmers have kicked up the most political dust."

He said it never was the intent of Congress that the $1,500,000 appropriated for the soil bank feature of the bill be used to pay farmers who have lost their crops through drought or flood.

Joe Anita Stone, 13, Of West Monroe, Dies

Jo Anita Stone, 13 year-old daughter of Mr. and Mrs. Sidhey Stone, 113 Apple street, West Monroe, died in a local hospital at about 5:15 p.m. yesterday following a brief illness.

She had become ill Friday afternoon.

Survivors include her parents and a sister, Debra Lea.

outlining plans to care for the thousands of spectators that are expected in Monroe and a special traffic and parking system will be released next week when Major Jack Davis, director of the Monroe traffic department, finishes the final plan.

A special program saluting the Premium sponsors and listing the official heats along with the class races and drivers will be distributed at the races.

It was pointed out by Chamber officials that there would not be any admission charges of any type connected with the event.

"We definitely want to officially invite all sports fans in Northeast Louisiana and Southern Arkansas to come to Monroe and enjoy these colorful and thrilling races," Chairman Scogin said.

Pending official sanctions from the national office of the National Outboard Association the types of classes of boats to appear in the race will be announced just as soon as possible.

Widespread publicity has already been released in several sports publications including the "official" racing journal according to Chamber officials.

The Sports committee is expecting drivers from Texas, Louisiana, Mississippi, Arkansas, Alabama and Tennessee to compete in the renewal classic.

"Our roster of entrants will definitely include several nationally known figures with perhaps two National Racing Outboard Champions," Race coordinator Howard Griffin revealed.

Further details will be announced on completing the full program's plans.

PEACH QUEENS—Two queens of the Louisiana Peach Festival are shown as the 1955 and outgoing queen, Sharon Horne of Jonesboro, left, assists "Queen Dixie Gem VI," Miss Suzonne Lindsey of Bernice, with the queen's train. Miss Lindsey was chosen queen in the annual pageant, held at Ruston Friday night.

'QUEEN DIXIE GEM VI'—Miss Suzonne Lindsey, above, 18-year-old daughter of Mr. and Mrs. George E. Lindsey, Jr., of Bernice, was crowned "Queen Dixie Gem VI" at the annual Louisiana Peach Festival, held at Ruston Friday night. Miss Lindsey is five feet, three and a half inches tall; she has brown hair and blue eyes. She is State Sweetheart of the FFA, state president of the FHA, and has served as a state officer of the Methodist Youth Fellowship for three years.

Special Summer Session Sign-Up For Music Slated

Registration for a special summer session in music for high school musicians will be held in the Fine Arts building on the Northeast State campus on Monday, from 9 until 12 noon. The session, running from June 18 to July 3, is being sponsored by the Department of Fine Arts at Northeast to give talented high school musicians an opportunity for advanced music study. A limited number of vacancies exist,, and high school may apply for admission on Monday morning. A nominal fee will be charged to cover the costs of the session.

James F. Monroe, assistant professor of music at Northeast, will serve as director of the conference, Dr. Harry M. Lemert, Fine Arts Department head, announced. Other regular members of the music faculty will complete the session staff.

The conference is designed to appeal to the more serious minded music student by placing emphasis on purely musical study rather than on related activities such as marching and twirling. Students attending will receive an intensive program of instruction, including daily classes in music literature and appreciation, music theory, band, chorus, ensemble and private instruction.

In addition, students will be treated to a series of recreation activities of a diversified nature, including movies, swimming, picnics, tennis and other forms of outdoor recreation. The session will be staffed by regular members of the college music faculty.

In addition to students from Monroe and vicinity, the session will have in attendance a number of out-of-state people including groups from Natchez and Vicksburg.

High school students desiring to apply for attendance are urged to do so on Monday as none will be accepted after that date.

New Record Set In Enrollment At Northwestern

NATCHITOCHES, June 16 (Special)—Enrollment for a summer session at Northwestern State College reached an all-time high here today, with a total of 1,552 students reported registered for classes.

An incomplete tabulation submitted late this afternoon by NSC registrar Otis R. Crew showed (by undergraduate schools) a total of 141 enrolled in arts and science, 127 in applied arts and sciences, 312 in nursing, and 646 in the school of education.

Northwestern's graduate school enrollment continued to climb, with a peak registration figure of 325 reported.

Compared to last summer's total of 1,439, also a new record, the present enrollment figure represents an increase of eight per cent over the 1955 summer.

In curricula, upper elementary students led the count, with 141 enrolled, while primary education was second with 137.

Further breakdown of figures reveals that 999 women students are enrolled, while there are 553 men. Many of the women students are in-service teachers attending summer school for additional undergraduate credit.

Nearly 6,500 students, most of them American servicemen studying in off-duty time, are enrolled in the University of Maryland's overseas program.

Monroe Teachers Will Study In Madrid, Spain

Miss Hazel Mitchell and Miss Carrie Dee Drew, both of Monroe, will study in Madrid, Spain, this summer with a Louisiana State University foreign study tour.

The tour is one of three offered by LSU to provide students an opportunity to study language in the country in which it is spoken. LSU faculty members teach University classes for three hours each day during the tour, and credit earned is applicable to an LSU degree or may be transferred to another university.

The students going to Spain sailed from Montreal, June 12. They will go to London, then to Paris and to Madrid. They will make their headquarters at the Ciudad Universitaria, Madrid, and will visit Cardoba, Granada, Murcia and Valencia.

Dr. John A. Thompson, chairman of the foreign languages department, will teach classes in lyric poetry of modern Spain and contemporary Spanish literature.

Miss Mitchell teaches at Northeast Louisiana State College, and Miss Drew teaches at a Monroe high school.

Flood Control's Grand Cld Man To Retire Soon

K. R. (CY) YOUNG

One of the grand old men of flood control in the Mississippi Valley retires June 30 after more than 40 years of battling the waters of the Ouachita and Mississippi rivers.

Kenneth R. (Cy) Young, of Monroe, gets his plaudits from the chief of engineers, Lt. Gen. S. D. Sturgis, Jr., as well as from the many officers of the corps of engineers under whom he served long and faithfully, just 14 days after the 181st anniversary of the Corps of Engineers.

Cy Young is held in high esteem by every engineer in the entire valley. He is now and always will be the authority on flood fighting in the Ouachita area, and his presence will be sorely missed when high water time comes around this next spring.

Cy was born in Fairfield, Jefferson County, Iowa, not too far from the old Mississippi, which he has spent most of his professional life battling. He attended grade and high schools in Payne County, Okla., and in Stillwater, where he graduated in Civil Engineering in 1914 from Oklahoma A. and M.

He joined forces with the Corps of Engineers in the Vicksburg district in May of 1915 as a surveyman on contract levee construction at Yancopin, Ark. He went from there to Round Lake, Miss., in charge of a levee machine, the C-1, which was the first tower machine on the Mississippi river. In 1923 he was named resident engineer at Lake Providence field office, and from March 1929 to June 1946 as area engineer of the old Western area at Monroe. In June 1946, he went back to Lake Providence as resident engineer, and in 1949 came back to Monroe as area engineer again.

In 1916, just a year after joining the district, he was in the middle of his first flood fight — sacking sand boils and wave wash on the Dennis loop in the 1916 flood. He's been in the middle ever since.

In the 1922 high water — Cy doesn't call them floods, he had charge of the levees from Eutaw Landing to the upper end of Huntington Short Line New Levee or Mound Landing. Old-time levee men will know exactly where Cy was. He says he had to raise four miles of levee approximately three feet with sand bags. This was a four foot crown levee with a small banquette section, and it was necessary to mat the entire landside slope of the levee. This was the first time that the present V-shaped ditches for levee drainage were used in the Vicksburg Engineer district. The high - water fight was mobilized in the middle of March and demobilized in the middle of May. At the peak of the fight, Cy recalls, he had over 10,000 laborers loading and placing sand bags on the levee for a two-week period.

Then the biggest high water of all times came in 1927, Cy had charge of the levees from Luna Landing, Ark., to the Arkansas-Louisiana line. His major job was to raise a mile and a half of levee known as the Lakeport levee, five and a half feet. With the steep landslide slope, Cy remembers it was necessary to mat the entire landside slope. This was the first time that lumber instead of brush was used to build the mats under the sacks. Cy states, "If the Mound Landing hadn't failed when it did, we would have had a break on the Lakeport levee as we only had six inches on free-board and had raised it as high as we could."

Back in 1928, Lt. Gen. John C. H. Lee spoke of Cy Young as a "driver," with keen common sense and stated that he knew of no better man along the river.

In August of 1928, when the areas were formed in the Vicksburg district, Cy was made assistant to the area engineer in the southern area located at Lake Providence. In December of that same year he was transferred to the district office in Vicksburg as engineer in charge of the supply section. This bit of information will come as a surprise to many of his friends in Vicksburg. He was transferred to Monroe as area engineer in March 1929.

The history of Cy's work in and around the Ouachita river and Monroe reads like the flood control history of the entire area. Between fighting the highwaters of 1929, 1932, 1937 and 1945, the flood of record on the Ouachita river, and constructing levees, sub - levees, making reservoir location surveys, ring levee systems, levee walls in Monroe and West Monroe, interior drainage systems and pumping plants at Columbia, La., channel levees on the Red River and Cane River, Wallace Lake dam, and supervising airports for CAA at Texarkana, Natchitoches, and Mansfield, La., and constructing Fire Point, Shreve Island and Colfax Cutoffs on the Red River, he was kept pretty busy. He recalls that in the high water fight on the Ouachita river in 1932, he used two and a half million sacks constructing 18 miles of sack levee between 2 and 6 feet high from Sterlington to Monroe He said the Levee Board started the high water fight in the middle of January that year and that the forces of the engineers took over the middle of February and that all of them fought the flood waters until the middle of April.

Cy is one of the very few flood fighters left who learned flood fighting from actual experience and not from schools. The Vicksburg district will sorely miss him as the Grand Old Man of the Ouachita. Monroe will miss him, even though he will continue to live out his retirement in this city.

However, if the Ouachita begins to rise any time in the future, Cy's telephone will probably ring its' head off with the City of Monroe and the engineers calling him back to duty. It is not hard to reason why this might be a possibility. He probably knows more about the Ouachita river and its behavior as a flood swollen stream than anybody on earth. That is why it's going to be awfully hard to realize that June 30 is Cy's last day with the Vicksburg District, Corps of Engineers.

Cy married Miss Olivia Roberson of Linville, Union parish, and they live at 210 Grayling Lane, Monroe. He is a member of the American Society of Civil Engineers, American Society of Military Engineers and the National Federation of Federal Employees.

DO YOU HAVE MONEY TO BURN?

FOREST FIRES COST EVERYBODY!

No, it's not just the woods owner who loses every time a wildfire burns in our forests. Money that would have gone into many other pockets is going up in smoke—money that would have gone into payrolls of people working in these burned-out forests . . . people employed in sawmills or paper mills . . . people employed by railroads that would have hauled the timber or timber products . . . people engaged in selling these products.

Then there's the money that truck dealers and service station operators would have made, that banks would have had on deposit, that people working in the wood-using industries would have had to spend with merchants. And money that would have gone into taxes for schools and roads.

Wildfires not only destroy timber. They kill wildlife and game, dry up streams, damage soil.

When fire burns in the woods, EVERYBODY LOSES.

YOU can help to prevent these losses by being careful with fire in the woods. You can also help by reporting immediately to law enforcement officials any person who intentionally sets fire to the woods. Yes, there are people who burn forests maliciously. These are the fires that generally do the most damage and are hardest to put out. Aroused citizens are urging a more strict policy of law enforcement to deal with these arsonists.

Keep in mind what wildfires can cost you, your family, your fellow citizens.
And Remember . . .

FOREST FIRE PREVENTION IS EVERYBODY'S JOB!

YMCA Camp Staff Finishes Course In Leadership

Robert E. Hanna, Jr., Chairman of the Twin Cities YMCA Camping committee, announced yesterday that the YMCA Day Camp Staff successfully completed their Leadership Training Course held last week in preparation for Day Camp which begins Monday, June 18.

Staff Members successfully completing the Leadership Course were: Program Director, Donald R. Mack; assistant program director and aquatic director, Karl Thompson; Leaders — Don Billingsley, Tommy Balding, William Ragan, Charles Wilder, Bobby Gill, John Cobb, Terry White, Ronnie Butler, Bobby Shelby, Paul J. Borden, Wayne Wood, Newt Caldwell, Jerry Harrell, George Riser, Jr., Bill Kulcke, George Patterson, Jr., Jerry Robinson, Jr., Bill Brodie, Bob Carter, John Hannah, Tommy Davenport, Phill Corder, Larry McCarthy, and Steve Henry.

The course in Leadership Training was conducted by Charles A. Wood, Jr., general secretary, and Donald R. Mack, program director.

The course included all phases of Day Camping program and techniques for working with younger boys. Training was also given in teaching the national YMCA Aquatic program, first aid, history and philosophy of the YMCA and its camping program, and the theory and practice of group work.

Re-enlistment rate of U. S. soldiers in Europe was up sharply in 1955 over 1954. During the first 10 months of the year, nearly 14,000 signed up for another hitch compared to slightly more than 4,500 in the same period of the preceding year.

Services Are Set Monday Morning For Mrs. Whatley

Death came to Mrs. Deas Summerlin Whatley shortly before midnight Friday, following a prolonged illness, in the home of her daughter, Mrs. Edward Parrish, with whom she had resided during the last ten years.

Funeral services are scheduled Monday at 10 a.m. at the Methodist Church of Rayville, and interment will be in the Masonic Cemetery under direction of Mulhearn Funeral Home, Monroe.

Officiating ministers will be Rev. Ralph Cain, pastor of Memorial Methodist Church, Monroe, who will be assisted by Rev. W. D. Boddie pastor of the Rayville Methodist Church.

Active pallbearers will include Joe Ineichen, Lee Ineichen, Hervey Mangham, William Norris Gaines, Wyatt Burk, all of Rayville, and Larkin Greer of Minden. Honorary pallbearers will be Horace Mangham, Dr. John C. Calhoun, Dr. Thomas Sayre, all of Rayville, and Dr. C. T. Yancey of Monroe.

Mrs. Whatley, 72, was a native of Rayville, where her parents, John Stalworth Summerlin and Lela McIntosh Summerlin were active and prominent citizens. Following her marriage to Hugh Walker Whatley, Sr., she continued to reside there until after her husband's death in 1934. Later she joined the Louisiana Tech staff, then resided in Farmerville until she came to Monroe to live.

For many years Mrs. Whatley was active in religious fields and Parent-Teacher work.

She was preceded in death by two brothers who were prominently identified. John Summerlin was president of the Tensas Levee Board for about thirteen years. Another brother, Tom Summerlin, gained outstanding recognition during a long period of service with the U.S. State Department here and in foreign countries. He was chief of protocol in Washington, D.C. at the time of his death in 1947.

Mrs. Whatley is survived by a sister, Mrs. Van W. Robinson of Monroe; two daughters, Mrs. Edward Parrish and Miss Ruth Whatley, both of Monroe; four sons, Edward Whatley of the Northeast State sience faculty; Maj. William Whatley, Mannheim, Germany; Hugh Walker Whatley, principal of Homer High School; John Whatley, teacher in Glendale, Arizona; and thirteen grandchildren.

Work Starting On New Radio Station Here

Howard Griffith stated Saturday that he is making progress on the construction of a new radio station on a five-acre site near West Monroe. The site is not far from Lenwil School on the Arant road. It is located at Martin and Glenn streets. It is already cleared off for the construction work.

The tower will be 290 feet tall. If the weather is favorable for outdoor work, it will be possible to get the setup ready some time in July, stated Mr. Griffith.

He stated that his downtown offices will be located at 218½ Trenton street, West Monroe, upstairs near Simmie's cafe.

The Griffith Electric company owned by Griffith, has sold its property at 3708 DeSiard street to Phillips 66 Service, which will order the razing of the building that the electric company now occupies. On this site the Phillips company will erect a large filling station that will have an entire block in the vicinity of the Northeast State college.

With the new radio station, there will be four radio stations and a TV in operation in the Twin Cities.

were on the spot. I would have been called a tyrant and dictator, and I didn't want the House members to get in the habit of voting against me."

After it got to the Senate, administration leaders, in a quick maneuver, amended the bill in committee to incorporate the provisions of a House bill which has not been heard in committee.

The bill now adds members to the Vote Machine Board, and the board has the power to name a custodian of vote machines.

After the Senate voted 22-16 Thursday to okay the committee amendments, administration leaders suspended the rules and set it for a vote on final passage tomorrow night. However, it must return to the House for concurrence in amendments, which probably will mean another bitter fight.

Clearing the Senate committee along with the voting machine bill were administration proposals to reorganize various agencies of the state, all a part of Long's plan to restore the organization to where it was when former Gov. Robert Kennon took office in 1952.

Surprisingly, these have caused little dispute, moving through the Legislature with little opposition. The game is true of a number of similar bills that breezed through the Senate and now await final House action.

The only uprising came over the Long proposal to wipe out a runoff for state officials where the governor's race is decided in the first primary.

It passed the Senate, but the House then passed Rep. J. Marshall Brown's bill, requiring a second primary in any race where a candidate didn't receive a majority.

The House probably will see the final action of the session on the controversial right to work law.

The Senate voted final passage Thursday to a bill repealing the two-year-old law banning compulsory unionism, and Long said he would sign it.

But the Senate tacked amendments on a bill restoring right to work or agricultural workers. House repeal forces asked time to study the amendments to see how far reaching they were before voting House concurrence.

The program designed by the Joint Legislative Segregation Committee to preserve racial segregation has proceeded smoothly through the Legislature.

Seven proposals already have won final passage. They include an interposition resolution declaring the Supreme Court decision unconstitutional, a resolution reestablishing the segregation committee and five bills designed to wave a legal tangle around segregation in schools, recreation facilities and travel waiting rooms.

Long has indicated he would sign the four legislative acts awaiting his signature.

Other segregation committee bills, permitting teachers to be fired for advocating racial integration, passed the House last week.

The House as passed a bill which would affect both professional baseball and college athletics. It awaits Senate commitee action as do the four segregation committee proposals.

And a Senate committee has okayed a proposal aimed at helping New Orleans bypass a federal court order to desegregate public schools. It would give the Legislaschools were for Negroes or whites, taking power to desegregate away from the New Orleans school board. It affects only Orleans Parish.

Three tax bills backed by the Louisiana Municipal Assn., to provide funds for the money-hungry cities, await House decisions. They include:

1. Authorize cities by constitutional amendment to levy a two per cent tax on gross revenues of local utilities, including telephones.
2. Raise the constitutional seven-mill property tax limit in cities to 10 mills.
3. Add 40 cents per gallon to the $1.58 per gallon liquor tax.

Blown-Out Gas Well Ignited By Naval Airmen

NEW ORLEANS, June 16 (AP) — Naval Reserve fliers today swooped down on a blown out coastal gas well and ignited it with high octane gasoline and incendiary bullets.

One pass by each of two planes reduced the well's danger to shipping and oil well operations in the area. The well blew out June 7 off Pecan Island in the Gulf off the central Louisiana coast.

Lt. Cmlr. Fred Hooks, command liaison officer of the air station, said Lt. Cmdr. Joe Morris, commanding officer of Attack Sqdn. 8-22 here, dropped two belly tanks of fuel slightly upwind from the ruptured well.

Behind Morris, Lt. Cmdr. Harold Wheelahan strafed the gasoline, igniting it and the erupting natural gas.

Hooks, who watched the operation from a third plane, said "it went off perfect."

He estimated that flames boiled up from 50 to 75 feet from the water level. That included a mound of water some 30 or 40 feet high and 500 feet across being thrown up by gas surging from ruptured pipes.

Navy officias said the Union Oil Co. of California requested their aid in igniting the well after company attempts failed.

The company said the flowing gas endangered navigation since ships' ventilation systems could take the gas inside and produce the danger of an internal explosion.

Oil experts say the well will continue to flow either until the underground reservoir is emptied or until the holes in the well's pipes can be plugged.

The company said it might try to drill a line into the well from another point and fill it with mud.

The first U. S. Census in 1790 listed 3,929,214 people.

A TRIBUTE TO FATHERS!

There's an old saying that "mother knows best." Well, it seems to us that Father, bless him, should come in for some compliments, too, once in a while. It is true, of course, that upon mother's patient shoulders rests the upbringing of the children. And that is as it should be. But let's not forget that Pa is generally the family breadwinner and it is up to him to pay the bills. When day is done and he comes home, make things as cheery and loving as you can. Have a nice dinner ready. Lay out his slippers and his beloved pipe. Show him how much you love him by being kind and considerate. He may not tell you how he appreciates these attentions. But he will . . . as all good fathers do!

(Continued From First Page)

So now for more than a half century we have observed the day, a companion piece to Mother's day. The idea spread like a forest fire and in the year 1936 a national Father's day committee was formed with New York City as headquarters.

This group just named has assumed authority of naming the Father of the Year, as an annual feature. In times past, men thus chosen have been Douglas MacArthur, Ralph J. Bunche, Dwight D. Eisenhower and Harry Truman.

The idea is fine and while not all fathers may be of such stamp as to qualify as outstanding examples, the greater number of fathers do contributte toward helping their offspring to grow up into useful lives.

Just don't overlook dad today, for he really has a reward that should be his lot in life.

Dr. James T. Horton will be missed from his pulpit which is being filled tonight by Bobby Courtney, one of the stalwart young men of the First Baptist Church. Dr. Horton is to start a revival in his brother's church at Clarksdale, Miss. that will continue all the week.

Bobby Courtney is a product of this church where he grew up and was active until the past four years which he has spent as student in L.S.U. He plans to enter a Seminary to fit for the ministry this fall.

A throw back of years in fancy resulted when the past week Monroe was host to a man who had as ancestor a man who played an important role with the founder of Monroe. Strangely enough this man had resided most of his life in Stockton, Calif. where for years he dreamed that sometime he would come to Monroe to give it a once over.

This will serve to introduce Redrick De Witt La Baume, whose great grandfather was Joseph de la Baume (Roderick has cut off as not necessary the de la to his name).

His ancestor just named was one of the chief aides of Don Juan Filhiol, this city's founder.

His father was Francis Marion La Baume, son of Hyppolite de la Baum.

The visitor stated that his father was born on the de la Baume land grant and lived there until he moved to Texas. He made the removal to escape from the scourge of yellow fever that visited Monroe.

The guest was well pleased with the cities of Monroe and West Monroe and impressed with their importance today.

His first visit here he declared was a delightful experience.

Here are some of the people who were in Monroe as guests the past week:

Billy and Charles Herring, Minden. Lt. and Mrs. Dan Trimble, Monterey, Calif., C. Douglas Jackson, Brinswick, Ga. Mrs. Lula Church, Kansas City, Kans. Mrs. M. W. Crowe, Cape Girardeau, Mo. Mr. and Mrs. G. E. Oskoian, Riverside, R.I. Mr. and Mrs. O. L. Layne, Memphis, Tenn. Mr. and Mrs. Thomas W. Gray, Whittier Alaska.

BAND MOURNING DOVES—Banding mourning doves caught in traps strategically located on old concrete slabs at Selman field are "Chili" Baur, left, biological aide, and Flavil Hollis, wildlife biologist, of the Louisiana Wildlife and Fisheries Commission. Selman field is thus proving a boon to Commission studies of dove habits. (Staff photo by Norris Vancleave.)

Doves Trapped, Banded In Study Of Their Habits

Concrete blocks scattered at random over old Selman field are proving valuable to District II of the Louisiana Wildlife and Fisheries Commission in the trapping and banding of mourning doves for migration, reproduction and general habit studies.

From grassy, secluded spots over the field, the doves gather on the concrete slabs in quest for food and find their way into grain-baited traps placed at strategic points by Wildlife and Fisheries Commission personnel. Usually from two to eight doves are found in the various traps when Commission personnel make their rounds at mid-morning and mid-afternoon.

The trapped doves are banded with the Wildlife and Fisheries tag and are then released to go their respective ways. Usually a particular drove of freed doves will fly off in the same direction, with the wind, even though individuals are released minutes apart. During the summer nesting season, adult birds trapped find their way back to nests containing on an average of two eggs.

Commission biologists explain that although doves are trapped and tagged during the nesting season, this operation does not interfere with nesting. They point out that the male bird sits on the nest while the female goes in search for food and vice versa, and that, consequently, only one bird is held away from the nest temporarily by trapping.

The frequency of re-trapping of doves indicates that the birds harbor little fear of the traps and that possibly the traps become no more than a "bread line" to more bold birds.

Selman field is one of two current banding places used by District II Commission personnel. The other, which is used entirely for banding little doves in nests, is located near Black Bayou Lake. Using ladders to climb to the nests, Commission men simply remove each little bird from a nest, band it, and then replace it.

In 1954, the first year of the dove-banding program in the district, personnel of District II banded 782 doves. Last year, in 1955, the total number banded increased to 1172 and thus far in 1956, a total of 1065 doves have been banded in the district. Among those trapped in 1955, a total of 185 were retraps. Approximately 300 have been re-trapped this year.

Wildlife biologists find the trapping and banding program very beneficial in their studies of migration, reproduction and other dove habits. Doves fly far and wide, according to migration statistics. Birds banded in District II have been killed in Texas, Georgia, Mississippi, California, Illinois, Indiana, and Arkansas, as well as at various points in Louisiana, according to bands returned to Commission personnel. On the other hand, doves tagged in Illinois, Virginia, Florida, Alabama and Mississippi and to a lesser extent in other states have been bagged in Louisiana.

Habit studies enable biologists to determine the effects of hunting pressure on dove populations and assists them in providing other information by which to regulate the hunting season and promote dove hunting in general.

The number of radios in the United States increased from 51 million to 140 million in the past 10 years.

North Dakota Agriculture College officials say it takes 12 months to produce a crop of wool, but that a few minutes careless shearing can reduce its value 10 to 25 per cent.

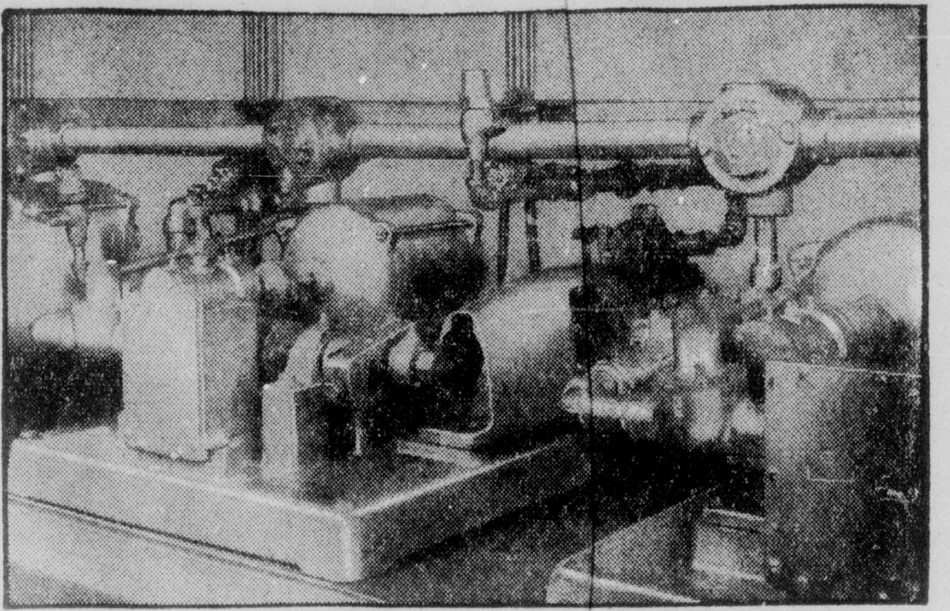
There IS A Difference In Gasolines

Only Skelly Supreme Gasoline
HAS
Keotane*



Only Skelly Supreme Gasoline has Keotane injected into it with special equipment like this at strategically located distributing points. That's why Skelly Supreme is actually different from any other gasoline—actually worth an estimated 6.1c more per gallon, at no extra cost to you.

So Different It Gives You
6.1¢ Extra Value Per Gallon
At No Extra Cost To You!

6.1¢ makes other premium gasoline expensive to use;
6.1¢ makes any regular gasoline expensive to use;
6.1¢ makes any "cut-rate" gasoline expensive to use:

Now Skelly Oil Company brings you the result of over 10 years of research and testing . . . a gasoline component so different from any other that a patent application has been filed for its use. This difference between all other gasolines and Skelly Supreme is Keotane, the remarkable gasoline formulation developed by Skelly research.

How Keotane Works

In Skelly Supreme Gasoline, Keotane works as you drive to boost your car's horsepower and gasoline mileage. The secret of Keotane's performance is its ability to dissolve sticky gum in vital carburetor and combustion areas of engines.

By dissolving gum, Keotane solves many problems of engine performance. By reducing gum in carburetors, it helps to overcome rough idling, cuts down on sputtering, stalling, choking, and improper functioning of automatic chokes. Since cars used in "stop-go" driving seem to suffer most from gum in carburetors, they can benefit especially from a switch to Skelly Supreme Gasoline with Keotane.

Gum Is Like A Glue

Keotane works *inside* your engine, too. Gum is the "glue" that holds carbon and lead deposits in the combustion chambers. As carbon and lead build *up*, horsepower, pep, and gasoline economy go *down*.

Others have attempted to neutralize carbon and lead deposits, but Skelly actually reduces them with Keotane by dissolving the glue-like gum that holds these deposits.

Full-strength, Keotane dissolves glue-like gum quickly, yet won't harm metal. Injected into Skelly Supreme Gasoline, Keotane removes gum-stuck carbon and lead as you drive. Some cars may reach their peak results in 1,000 miles. Others may take 3,000. A few, perhaps, longer. But once you reach peak results, you will hold at that level as long as you continue to use Skelly Supreme Gasoline with Keotane.

And without gum to stick to, carbon and lead go out the exhaust.

By keeping new engines clean, their power and economy is preserved. And by cleaning up older engines, much of their new-engine performance can be restored.

Tests Prove Keotane Benefits

In actual dynamometer tests, engines run on Skelly Supreme with Keotane were compared against engines run on Skelly Supreme without Keotane. Based on Southwest Research Institute data, engines that had used Keotane averaged:

12.7% gain in mileage.
The performance effect of 3 more octane points.
14.6% more horsepower output.

These and other benefits of new Keotane formula are why Skelly Supreme Gasoline offers you over 6c worth of extra values you can't get in any other gasoline.

So see your Skellyman for your copy of illustrated folder on Keotane. Then fill up with Skelly Supreme with Keotane. Over 6c extra value—no extra cost!

Estimated Extra Value Per Gallon To You, Of Skelly Supreme Gasoline With Keotane:
(Based on average current premium gasoline prices in the Midwest)

12.7% average gain in mileage	3.8c
3 octane points extra performance effect	1.0c
14.6% more horsepower output (h.p. saved or added)	.8c
Less gum and cleaner carburetors, faster starts with fewer sputters, longer life for batteries	.5c
Estimated extra value per gallon to you.	6.1c

The extra values shown above are conservative estimates by our engineers. They are not figured against inferior premium gasolines or regular grade gasolines, but against Skelly Supreme Gasoline, the best top-octane premium gasoline previously made.

Middlecoff 1-Stroke Winner Of U. S. Open

Paul Martin Looks 'Em Over

Boxing hits its high peak for Monroe this week when Promoter Gus Kallio presents his biggest card here Thursday night with 38 scheduled rounds of fighting headed by such nationally known battlers as Clarence Cook, Jimmy Perrault, Virgil Akins, Don Jose, Al Jones, and Ernie Burford for a double main event and an eight-round semi-final, plus six and four-round preliminaries.

"This is the best fight card Monroe has ever had and challenges the best New Orleans has offered outside that barge fight of Jim Corbett and John L. Sullivan for the heavyweight championship of the world in 1892," Kallio declared. "True, New Orleans goes great for Willie Pastrano and some of their home-grown boys right now, but Cook is probably more popular in this area, and Akins is a high ranking welter that even New Orleans would like to see."

Kallio looks for a jam-packed house, and if the fight fans of this area show they like the higher caliber boxing, then Kallio has aims of outdoing himself by bringing in even better cards. "I still look for a big outdoor card, and if this show Thursday is the success it seems sure to be, then I'll start working on a bigger one."

The Monroe Sports, still a far cry from the club that dominated the Cotton States League last year, are so far unable to show the Evangeline League the class they had a year ago. But Sports' followers are hopeful, remembering it was about this time a year ago before Manager Ed Head's boys really began to roll in the C.S.L.

Hitting remains the big problem with only Keith Mitchell doing constant work with a bat. Mitchell has hit .342 for his last 36 games to rank second in Evangeline batting behind Lafayette's Fred Caviness at .349 for 49 games. Bill Carr (.282) and "Blackie" Millet (.282) are the next top hitters for the Headmen. Biggest disappointment has been Roy Mantle who is far below his '55 Cotton States average.

Latest Evangeline figures show Roy a .216. He should be hitting at least a third better and will work during the current four-day lull of inaction in the league to start that batting average building when the Sports return to work against Lafayette Wednesday. The enforced idleness is the gap in the schedule caused by the collapse of New Iberia.

Young Jackie Rivers claimed his first club tournament of importance when the Monroe youngster won the annual Tallulah Golf Tournament last Sunday by beating out another Monroe golfer, Clyde Nash, in the finals.

Nash had earlier passed the semi-finals by beating out his own son, Roy. "The Old Man" must feel he's got lots of stamina yet for he wore out the kid in overtime to win in 25 holes. Of course, Roy isn't a kid anymore, and will be serving warning of revenge if they're ever paired together again.

On another golfing front, Clifford Ann Creed, the Opelousas Miss just out of high school, won her second straight Louisiana Women's Amateur when she defeated Wanda Sanches, Baton Rouge, in the 36-hole finals in Lafayette Friday, 1 up. It was a repeat final of a year ago when Miss Creed beat Miss Sanches in the state title meet at Bayou DeSiard Country Club here.

Allison Keeps New England Welter Title

BOSTON, June 16 (AP)—Barry Allison of Springfield scored a blood-soaked technical knockout over Don Williams of Worcester at 2:00 of the fifth round tonight to successfully defend his New England welterweight boxing championship at Fenway Park.

Allison weighed 151, Williams 154.

In a New England lightweight title match, busy Bobby Courchesne of Holyoke punched Curly Monroe of Worcester into exhaustion to lift his crown. The decision was unanimous. Courchesne weighted 132½, Monroe 135.

Hogan Shares 2nd Place With Boros In Tight Tourney

ROCHESTER, N.Y., June 16—UP—Dr. Cary Middlecoff, a man with a seven-year itch, scratched out a final round 35-35—70 Saturday to nose out record-hungry Ben Hogan for the U.S. Open golf championship with a 72-hole aggregate of 281.

Seven long years the slender dentist from Memphis and Dallas had waited since the day he first won "the big one." That time, back in 1949, Hogan was on the sidelines with near-fatal automobile accident injuries.

But Saturday as Middlecoff set the pace over rugged Oak Till Country Club, it was the mighty Hogan — seeking a record fifth championship — who took a run at him and failed to catch him.

Bantam Ben had his chance. And, as they hammered down the cloudy stretch, so did two others — former champion Julius Boros and 36-year-old Ted Kroll.

None of them could make it.

Hogan failed first, as the nervous Middlecoff fidgeted in the club house. But needing two final pars, Bantam Ben missed a three-foot putt on the 17th hole and finished with a 35-35—70 for a 282.

Thus, when it was over, Middlecoff stood alone at 281; Hogan and Boros at 282; Kroll all the way back at 285 with Peter Thomson and Ed Furgol; Arnold Palmer at 287; Ken Venturi, the low amateur at 289; and young Wesley Ellis, Doug Ford and Jerry Barber at 290 to round out the first 10.

And once again it was disappointment for Slammin' Sammy Snead as he turned in a 35-38—73 for a 26 which was 15 shots behind. But his loss was buried in the wake of the three who gave it the big try and failed.

Then it was Boros, the burly, quiet man with the ice-water nerves who took it away from Hogan at Dallas in 1952. The "Moose" had his shot for at least a tie when he went gunning for a birdie on the final hole — and missed a 14-foot putt by inches for a 35-34—69 which tied Hogan for second at 213.

But Middlecoff, so nervous he couldn't sit still and admitting "I'll settle right now to get into a playoff," still wasn't out of the woods. Because out there making another run was the pressurized Kroll, a man who learned how to take it as a sergeant on Anzio Beach.

Ted gave it the big try as he tried to cap his ..."long, hard scramble." He went ahead momentarily on the 14th with a birdie, lost that shot back with a bogey on the 15th — and then needed three pars in for a tie.

But once again the breaks went against the man from Fort Lauderdale, just as they did in the long ago when shrapnel cut him dow in Italy. For Kroll missed his tee shot, smashed grimly forward and, when that horrible hole was over, had hacked out a triple bogey seven.

That finished what was a real scrambling day for Middlecoff, because he almost kicked this one away after taking a one-stroke lead on the morning round with a 70. For as they went to it int he afternoon he looked like he was going to run away and hide — and he almost just ran away.

Because going to the last three holes Cary was two under par, and then he ran into a pair of frightening bogeys. Both times it was approach irons which went astray and then, on the 72nd hole he hooked his approach into the rough again.

But Middlecoff, who had said before the tournament "I'll take 281 and never leave the locker room," proved then that he was a real champion. Standing ankle deep in the rough, he flocked a wedge shot which rolled 60 feet across the green and bit to a stop a 70. For as they' went to it in the ran it down for a par — and what finally proved to be his margin of victory.

DeMarco Claims Decision In Bout Against Martinez

BOSTON, June 16 (AP) —Chunky Tony DeMarco added boxing skills to his slugging power tonight for a unanimous 10-round decision over Vince Martinez at Fenway Park. The triumph moved DeMarco closer to a shot at the welterweight title he once held.

Demarco now has won 44 fights as against six defeats and a draw. Martinez record is 50-4.

Demarco is ranked the No. 2 welterweight contender and Martinez No. 4.

DeMarco had the Paterson, N.J., rhymba-master in trouble in the 10th round as he pounded him rubbery-legged at the ropes. But as in previous spots the game Martinez hung on and fought back.

However, it was DeMarco's ability to box with the clever Jersey cutie which enabled him to set up Martinez. Boston's Tony, a notorious head-hunter in his earlier days, landed damaging body blows that were decisive.

Judge John Norton voted 98-95 for DeMarco, Judge Joe Santoro had it 91-87 and Referee Jimmy McCarron 96-93. The AP agreed with McCarron.

Sturdivant's Two-Hitter Conquers Cleveland, 3-1

CLEVELAND, June 16 (AP)—Tom Sturdivant's 26-year-old righthander, handcuffed the Cleveland Indians with only two hits while striking out eleven tonight as the New Yor Yankees beat the Tribe, 3-1, before a crowd of 40,964 at Municipal Stadium.

The victory was the second straight for the Yankees in the current three-game series and the fourth for the season for Sturdivant against one loss.

Monroe Juniors Take Over Lead In West League

FARMERVILLE, La., June 16 (Special)—Jim Atlick tossed a one-hitter at the Farmerville Legion Juniors here tonight for the Monroe Legionaries to roll into first place in the West League, 8-0. Pinton, pitching for the Farmerville club, rapped the only safety of the evening off the fireballer the third base line in the fifth frame.

A two-run ralley in the first inning gave the Monroe youths the lead which they never relinquished. "Spec" Lewis singled to start the game and was brought home on Bob Groves' sacrifice and Mickey Yerger's hit. Lerger was thrown out but Dickie Crowe marked the other talley with a walk, Atlick's long single, and a wild pitch.

Redlegs Nose Out Giants In Eleven Inning Scrap, 3-1

NEW YORK, June 16 (AP)—The Cincinnati Redlegs put together a single, two walks, a sacrifice bunt, sacrifice fly, and a wild pitch for two runs in the 11th inning today to defeat the New Yorkers 3-1. The victory left the Redlegs a half game behind second place Brooklyn and a game and a half out of first.

Curtis Joins Jack Snow Against Hurley, Terror

Jack Curtis, the Louisiana heavyweight wrestling champion from Vicksburgh, Miss., joins a new partner, Jack Snow of Marshall, Tex., for a tag team main event against Frank Hurley and Golden Terror at Gus Kallio's Arena here Tuesday night.

Little is known here of Snow, but Curtis declares he's a good man to go along with and that should suit Kallio's customers who are already sold on the former world's light-heavy king.

GOLDEN TERROR

Hurley, who made his debut here last week along with the Golden Terror, is claimant to the Australian heavyweight crown and the Terror is the latest of masked maulers to appear on the southern mat circuit.

The relay scramble will have a time limit of 90 minutes with two dalls to win.

Cornell Oarsman Cop Rowing Title

SYRACUSE, N.Y., June 16 (AP)—Cornell's smooth and powerful defending champions applied the pressure in the last quarter mile today to sweep their second straight Inercollegiate Rowing Association title by a whopping 2 1-4 lengths over surprising Navy on Onondaga Lake.

Favored to win, the rangy Big Red sweepswingers did it like true champions in a power-packed final drive that solidified their position as one of the prime favorites for the Olympic trials on Onondaga June 28-30.

Navy finished strong, too, to beat out a valiant Wisconsin eight, which had battled Cornell most of the way, by nearly a length for the place position. Washington's previously undefeated Huskies were fourth, just two-tenths of a second behind Wisconsin.

Stanford, a contender through the middle of the three-mile classic, faded to fifth followed by Pennsylvania, Princeton, Syracuse, Massachusetts Institute of Technology (M.I.T.), California, Boston University, and Columbia.

Friend Wins 11th As Bucs Shut Out Cardinals, 2-0

Lee Walls Socks Two-Run Homer To Save Triumph

PITTSBURGH, June 16 (AP)—Lee Walls, one of the "come-through" kids, preserved the Pittsburgh Pirates National League lead today with a 2-run homer that beat the St. Louis Cardinals 2-0 in a game called after 7 innings because of pouring rain.

The shutout was victory No. 11 for Bobby Friend, the major leagues' winningest pitcher. He has lost three games.

And he now has blanked the Cardinals for 27 consecutive innings, counting a recent 6-0 shutout in nine innings and a 2-0 victory in 11 frames.

Walls' homer came in the second inning and was the second and last hit the Bucs managed to muster off Herman Wehmeier. It came with Frank Thomas on base—he had singled—and soared over the scoreboard in left field to decide the game.

The victory was doubly sweep to the Pirates since it came at the expense of Wehmeier. The burly Cardinal pitcher had beaten the Bucs twice previously this season and has a lifetime record of 25-9 against Pittsburgh. For the season he now is 2-6.

Walls' homer was his sixth of the season, and together with Friends' courageous clutch pitching kept the Bucs safely in front of the onrushing Brooklyn Dodgers. At least three times previously this season the young rightfielder has come through with game-winning hits for extra bases, and time and again his sparkling play afield has choked off opposition threats.

Grimm Quits Milwaukee

NEW YORK, June 16—UP—Charley Grimm resigned Saturday night as manager of the Milwaukee Braves and was replaced by Coach Fred Haney.

The announcement of the change in pilots was made here by club president Lou Perini, about 24 hours after the United Press had exclusively reported that Grimm's ouster was imminent.

Perini said Grimm's resignation was accepted "with great reluctance" and the president added that he has asked Grimm to remain in the Braves' organization as director of player procurement.

He said Grimm has decided to take a few days to "make up his mind" on this offer and will return to his home in the meantime.

Haney has served as a coach this year under Grimm, being hired by the Braves after he was released as manager of the Pittsburgh Pirates at the end of the 1955 season. Regarded as a "pepper-pot" manager, he is viewed by many baseball observers as a different type leader than the easy-going Grimm.

Grimm, 57, came to the end of the line at a time when the Braves had lost 12 of their last 17 games. Although they had been expected to battle the Brooklyn Dodgers year-long for the pennant and did lead the league for some time, they now are in fifth place, four games out of first place.

Grimm has been the only manager the Braves have had in their Milwaukee home. He replaced Tommy Holmes as skipper in the middle of the 1952 season while the team still was based in Boston. Under him, the Braves finished seventh, second, third, and second again last year.

All-Stars Start Practice July 19 For Brown Tilt

CHICAGO, June 15—UP—Coach E. L. (Curley) Lambeau Friday announced selection of the 51-man college All-Star squad he is counting on to ring up a second straight victory over the pro champion Cleveland Browns.

Lambeau, veteran pro player and coach, personally selected this year's squad as he did the 1955 team which engineered a 30-27 triumph over the Browns.

The All - Star game, begun in by the Chicago Tribune Charities, Inc., will be played Aug. 10 in Soldiers Field here.

Assisting Lambeau in choosing the collegiate team were Heartley (Hun) Anderson, Hampton Pool and Steve Owen, who also were his assistants last year.

The All-Stars, all of whom have accepted invitations to play, will report July 19 at Northwestern University and begin practice the following day.

Here is the complete list of the 1956 all-stars:

Ron Beagle, Navy; Willie Berzinski, La Crosse, Wis., State; Bruce Bosley, West Virginia; M. L. Brackett, Auburn; Jim Brown, UCLA Harold Burnine, Missouri; Bob Burris, Oklahoma; Preston Preston Carpenter, Arkansas; Howard Cassady, Ohio State; Don Chandler, Florida; Joe Childress, Auburn; Erik Christensen, Richmond; Leon Clarke, Southern California.

Frank D'Agostino, Auburn; Art Davis, Mississippi State; John Dittrich, Wisconson; Gary Glick, Colorado AM; Don Goss, Southern Methodist; Forrest Gregg, Southern Methodist; Jim Haluska, Wisconsin; Bill Hercsman, Texas Tech; Don Holleder, Army; Chales Horton, Vanderbilt; Sam Huff, West Virginia; James Katcavage, Dayton; Dick Klawitter, South Dakota State; Joe Krupa, Purdue; Jack Losch, Miami; Don McIlhenny, Southern Methodist; Herb Nakken, Utah; Joe Marconi, West Virginia;

Jim Nense, Notre Dame; Henry Moore, Arkansas; Lenny Moore, Pennsylvania State; Earl Morrall, Michigan State; Cecil Morris, Oklahoma; Bob Moss, West Virginia; Dick Mruley, Purdue; Frank Pajaczkowski, Richmond; John Paluck, Pittsburgh; Bob Pellegrini, Maryland; Hugh Pitts, Texas Christian; Jerry Reichow, Iowa; Larry Ross, Denver; Don Schaefer, Notre Dame; Bob Skoronski, Indiana; Jim Taylor, Baylor; Ed Vincent, Iowa; Vere Wellman, Wichita; George Welsh, Navy, and Jim Wolf, Louisville.

19 Big 8 Batters Hit Better Than .300 First Round

RUSTON, La., June 16 (Special)—After one round of play in the Big Eight the scorekeepers report 19 men hitting better than .300. The two leading pitchers are Hollis Morton of Homer and Bill Halley of Bernice with three wins against no losses. Pel Austin of Bernice, who led the Cotton States League in hitting a few years back, along with teammate Bill Halley are the home run kings with three each. James Carroll Farrar of Minden has two homers to his credit.

Excellent crowds have attended the first round of games and this season has indications of being the best in the eleven years that the Big Eight has been in operation. Now that Springhill has been given permission to use Jerry White, a former Shreveport Sports pitcher, their win column should have a few additions. The teams are well balanced and so far the games have been very close.

The Big Eight will make an unusual experiment by playing seven inning ball games during the third round of play which begins June 26 and ends July 7. Some of the games have almost reached the three-hour mark and one or two lasted three and a half hours. Every effort has been made to speed up the games but modern techniques of stalling, too many mound changes and unnecessary delays have caused many baseball fans to stay away from the park.

Columbia Blanks Mer Rouge, 4-0, On Hester's 1-Hitter

COLUMBIA, La., June 16 (Special)—Jimmy Dale Hester barely missed a no-hitter as he hurled Columbia's American Legion Juniors to a 4-0 victory over Mer Rouge on the Grayson diamond this afternoon for Columbia's second East League victory of the season. Hester came through with a one-hitter, a fourth inning single by Sellers.

Smith and J. Hester led a seven-hit attack for Columbia, each with two safe blows in three times at bat.

Columbia backed Hester with errorless ball in the well played game that saw Mer Rouge charged with only one miscue.

Needles Drives To Belmont Wire For $83,600 Win

NEW YORK, June 16 (AP) — Florida's favorite horse, Needles, dawdled along in last place like an Everglades alligator for almost a mile today, then proved his claim to the 3-year-old championship by roaring down the stretch to win the 88th Belmont Stakes.

The handsome bay son of Ponder bounced back with the old last quarter kick that brought him victory in the Kentucky Derby May 5, as he zoomed home for a neck decision over C. V. Whitney's Career Boy.

The Calumet Farm's Fabius, who upset Needles in the Preakness May 19 and thus prevented Needles from becoming the first triple crown winner since 1948, finished third in the field of eight.

Fabius, who had taken the lead going into the final bend but couldn't hold it in the furious stretch drive, dropped back and finished third, a length and a half behind Career Boy. In fact, Fabius was lucky to have third money, beating out Laudy Lawrence's Beau Diable by a head for the show money.

A Belmont Park crowd of 32,441 had established Needles as the 13-20 favorite.

The winner, ridden by jockey Dave Erb, and owned by Bonnie Heath of Fort Lauderdale, Fla., and Jack Dudley of Stillwater, Okla., paid $3.30, $2.40 and $2.10 while Career Boy, coupled with Whitney's Jazz Age in the wagering, returned $2.90 and $2.20. Fabius paid $2.30 to show.

Bastrop Juniors Cut Down Delhi In 4-3 Contest

DELHI, La., June 16 (Special)—The Bastrop American Legion Juniors knocked Delhi out of a share of first place in the district's East League today, 4-3, as the Morehouse parish club strengthened its position in the league race. The same clubs meet here again Monday with second place in the circuit's standings at stake.

But Bastrop had to put down a last inning rally when Delhi, trailing 4-1, used a base on balls and two hits to fire a two-run uprising that was just short of catching the visitors.

Delhi, led by George Brown's two-for-three, and Hobson's double, longest hit of the game, outhit Bastrop, 7 to 6. Naff and Watson each got two hits for Bastrop.

Snider HR Makes Margin As Bums Fell Braves, 3-2

BROCKLYN, June 16 (AP)—Duke Snider, the big slugger of Brooklyn's surge toward the top, led off the eighth inning with his 15th home run today for Brooklyn's sixth straight victory, 3-2 over the slumping Milwaukee Braves.

While the Dodgers have moved into the thick of the pennant race by taking 10 of their last 12 games, the Braves dropped into fifth by losing 12 of their last 17.

Clem Labine was credited with his fifth victory and Ernie Johnson was charged with his first defeat.

In the ninth the Braves staged a threat when a single by Del Crandall, a sacrifice and a walk to pinch hitter Del Rice put men on first and second with only one out. Labine struck out Danny O'Connell and retired Bill Bruton on a force play.

Harshman Blanks Solons On 4 Hits; Chisox Win, 7-0

CHICAGO, June 16 (AP) — Lefty Jack Harshman yielded just four hits and Jim Rivera banged a three-run homer today to pace the second-place Chicago White Sox to a 7-0 triumph over the last-place Washington Senators.

In his shutout, Harshman struck out six, walked four and yielded harmless singles to Karl Olson in the second, Jim Lemon in the fourth, Pete Runnels in the eighth and Ed Fitzgerald in the ninth.

Shows Families How To Have More Money Each Month.

J. E. WOOD
Manager

Everyone would like more money every month.

The local manager of Aetna Finance Co. now offers families here a "fresh start" plan that provides $20 to $1500 cash to consolidate bills with one payment a month.

"Usually it means less to pay," he said "and the family then has more money each month for other needs."

Payments often can be reduced as much as 50%. Those interested are invited to call, J. E. Wood, Manager, Aetna Finance Co. at 204 North Second Street, Phone 3-6634.—Adv.

Saturday's Games

Hunt & Whitaker vs. Clay Oil & Gas, 1 p.m.

Best V-8 vs. People's Homestead, 2:30 p.m.

Dew Music took over the lead in the Southside "A" League yesterday with a 16-13 whipping of Monroe Glass. Mills and Walls were the Dew battery; Crews and Eppinette were the defeated mates. M.G.M. eked past Monroe Lions, 14-13, with each club getting three hits. Hill was the winner with McMillian serving as catcher. Lewis, Hammonds, and Welch formed the losing battery.

In Southside "B" League action, Hunt & Whitaker topped People's Homestead, 7-6. Skeen gave up only two hits to the Homesteaders to claim the triumph. Dossett was the loser. Stadtler led Hunt & Whitaker at the plate with three-for-three. Best V-8 climbed into first place via their 18-6 conquer of Clay Oil & Gas. Wilkerson was on the hill for the winners, and Howard hurled for the Oilers.

The Shreveport Sports are wallowing in seventh place in Texas League standings with no immediate prospects for getting out—but you wouldn't know it by club batting averages.

The Sports led the league in team hitting last week with a healthy .292 average while the Houston Buffs — number two in standings as of Friday — trailed with .287.

Shreveport's Ev Joyner was leading in individual batting through Wednesday with a gaudy .394. Ken Guettler continued to provide the long ball punch for the Sports, upping his home run total to 30 for the season.

Houston's Harry Walker was second among regular hitters with .356, closely pressed by Dallas catcher Ray Debek with .350.

Joyner also led in the total hits department with 97 to his credit while Houston's Bobby Smith chopped out 82. Dick Gray of Fort Worth and Bob Will of Tulsa each had 81.

In two-base hits, the Sports outfielder was far ahead with 23. Gray and Jasper Spears of Fort Worth held the honors in triples with 7 apiece.

The Cats' Rudy Paynich led the pitching parade with 10 victories against only a single loss. The Fort Worth twirler also had completed seven games to tie in that department with Bobby Greason of Houston, who had 9 wins against 4 losses.

Shreveport's Freddy Martin had toiled in the most games — 29 — and Tulsa's Al Larry had the most innings worked to his credit with 103.

Tom Hughes of Houston was the league's strike out king with 86.

COOK'S OPPONENT—Jimmy Perrault, (above), St. Paul, Minn., faces Clarence Cook, Oak Grove and Bastrop, in a scheduled ten rounds at Gus Kallio's Arena here Thursday in one half of a double main event card.

Capacity Turnout Expected To Jam Arena For Fights

Clarence Cook, Virgil Akins, Jimmy Perrault, Don Jose and others appearing on Promoter Gus Kallio's double main event boxing card here Thursday night see promise of a capacity house as advanced ticket sales are already booming for what Kallio labels as "the biggest" fight attraction ever brought to the Twin Cities.

Kallio announced lwst night that almost all of the $5.50 ringside tickets have already gone, and the lower priced pasteboards are being taken up faster than for any previous boxing shows of his promotion.

Cook, the classy middleweight from Oak Grove and Bastrop, is a local favorite and a big drawing card, but fight fans of this area are also offered Akins, the high ranked Negro welterweight from St. Louis Mo., who handed Cook one of the two defeats in his professional career at Dallas, Tex., last winter. Akins is also a television fighter, appearing on several TV fight programs, and he is considered an outstanding contender for the world's welterterweight title.

Cook, the ex-Oak Grove High School champion who left a paper mill job at Bastrop to work under fight manager Eddie Yawitz out of St. Louis last spring, is dated for half of the double main in a ten-rounder with Jimmy Perrault of St. Paul, Minn. Both are expected to weigh in at around 156 pounds.

Akins is matched for the other 10-rounder with Don Jose, an up-and-coming Negro battler from Oakland, Calif., who has nine victories against a single defeat in his pro career.

Undefeated Ernie Burford, unbeaten Memphis middleweight, is paired with Al Jones, St. Louis, Mo., for the eight-round semi-final. Burford, aiming for an autumn date with Akins, recently won four main events at New Orleans, and Jones, who has lost only his first pro match, is riding a string of eight consecutive victories.

A six-rounder has been scheduled for Jessie Goins, Negro welterweight of Monroe, against Hip Di Diddy Kid, Memphis, Tenn., and Promoter Kallio still hasn't announced the rivals for the four-round preliminary due to start the Thursday night fireworks at 8 o'clock.

Kallio last night said the Cook-Perrault scrap is being given special consideration as a Cook victory is expected to earn him the much-talked-about shot at Del Flanagan, while Perrault, if victorious, is due to get a fall appointment with Akins at St. Paul.

Bobby Manziel and Loy Scarborough are due to serve as referees.

The advanced ticket sale is being conducted from Kallio's Monroe residence office, 1101 Jackson street; at City C and A Club, Bastrop; and Pippin's Cafe, Oak Grove. The prices scale from $5.50 for the first four ringside rows, to $3.50 for other ringsides, $3.50 for first row balcony, and $2 for general admission.

Charles (Chuck) Mather, coach of Kansas University, will headline a staff of instructors at the third annual football clinic set here for March 23-24.

Red Hose Shade Bengals In 12th For 6-5 Victory

DETROIT, June 16 (AP)—Slender Gene Stephens, a replacement for Ted Williams, singled across relief pitcher Dave Sisler with the winning run in the 12th inning today as the Boston Red Sox edged the Detroit Tigers, 6-5.

The victory, Sisler's third against two losses, returned the Bosox to sole possession of fourth place in the American League. The game-winning blow came off Virgil Trucks, third Detroit pitcher, and was only the second base hit the 37-year-old righthander permitted in four and one-third innings.

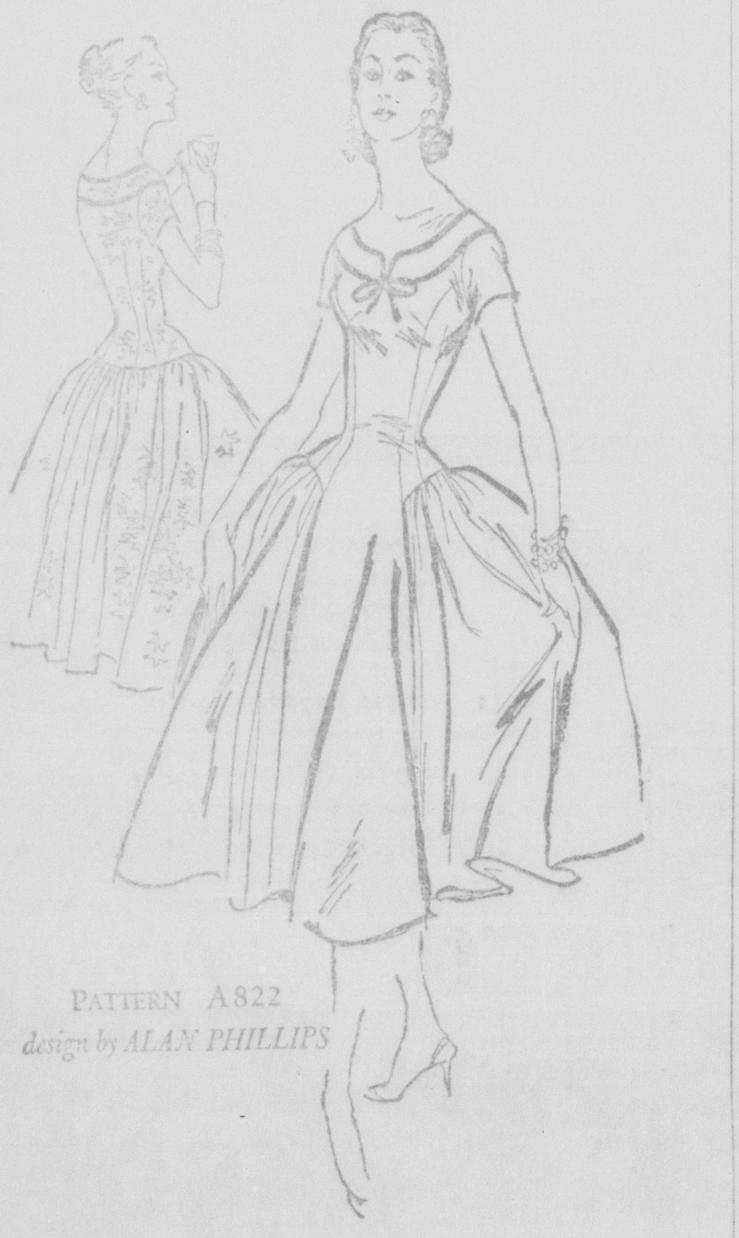
FAVORED PRINCESS TEMPERS THIS SUMMER'S FULL SKIRT



PATTERN A822

design by ALAN PHILLIPS

PROMINENT DESIGNER—Skirts in full motion—sway cooly to a summer's breeze, or the rhythm of a graceful dance. Pictured here, the new voluminous skirting at its beautiful extreme—smooth in princess effect, then paneled off into a myriad of soft gathers. Alan Phillips talented American designer, credits this dress with a wonderful way of flattering every figure! His Original for Richard Cole—a fine imported cotton; deep velvet ribbon imparting new emphasis to the cool yoked neckline. "Your readers might prefer a silk, or the sheer beauty of lawn and dotted swiss," adds this prominent designer. "And of course, my favorite cottons—blooming more brightly than ever this season."

Pattern A822 is available in Misses' Sizes 10, 12, 14, 16 and 18. Size 16 requires 5¼ yards 35-inch fabric.

Send fifty cents (in coins) for Pattern A822 to Morning World, Pattern Department, P. O. Box 59, Old Chelsea Station, New York 11, N. Y. Please print plainly your name, address with zone, style number and size.

9-Year-Old Negro Boy Injured When Struck By Truck

A nine-year-old Negro boy suffered minor bruises and scratches at about 1:15 p.m. yesterday when struck by a pickup truck at the intersection of Cypress and Benson the boy failed to look and stepped

West Monroe police identified the boy as Rufus Jensen, of 326 Benson street. Witnesses told police that the boy failed to look and stepped out in front of the truck when the vehicle was already too close to stop. He was treated at E. A. Conway Memorial hospital, where he was taken by a Kilpatrick Funeral ambulance.

Police identified the driver of the pickup truck as James Payne, 16, of Route 4, West Monroe.

FREDRICK ST.

YOU'LL FIND it hard to believe, but here's a "charmer-of-a" 2 bedroom home on the Northside of Monroe on a 75' corner lot that only $200 down on G. I. financing buys! It has: asbestos siding; spacious kitchen with natural wood cabinets and washer plumbing; new water tank and other features that we'll gladly show today.

HINKLE DRIVE

THREE BEDROOMS for only $10,150! Yep, and that ain't all, for this immaculate home also possesses: attic fan and wall furnaces, copper plumbing, excellent cabinet space, a relaxing 10'x14' screened porch, double carport, fenced backyard and . . . it's just a "stone's throw" to the W. Monroe High School.

SOUTH 6TH

LOOKING for a reasonably priced home that can be purchased on an assumption loan! Well . . . here's the place! It has: a 20'x12' living room; 2 bedrooms; walk-in closet in hall; it's only 3 years old and $1053 cash is all it takes!

1513 NORTH 6TH (W. MONROE)

ONLY $850 down on FHA buys all the following exciting features of this charmer; 2 nice bedrooms, carport and storage; copper plumbing; attic fan and wall furnaces; has a 75' lot (with several nice trees) and, it's just a couple' blocks to W. Monroe High and Millsaps Grammar School.

CIRCLE DRIVE

It's splendid value and . . . only $150 down on a G. I. loan turns the key! Among its 896 sq. feet are: (2) spacious bedrooms; nice size living room and separate dining room, oak floors, carport and 62'x198' lot. It's priced at $7500.

ISLAND DRIVE

Completely carpeted. Completely air-conditioned, and absolutely one of the better values on the Northside. Among the 1440 sq. feet are: (3) comfortable size bedrooms; tile bath; central heating; wall-to-wall carpeting throughout, well-portioned kitchen with nice cabinet space. tile counter tops and its all on a 100-x-150' lott in a wonderful neighborhood.

BAYOU DESIARD

Heres truly one of Monroe's showplaces in a bayou home! The 180' bayou lot has had meticulous attention from the beginning and the brick home is a wonderful combination of the following features: 3 nice size bedrooms (or 2 and a den); a 19'x14' living room and . . . a 12'x14' dining room; wall - to - wall carpeting throughout house; (2) complete tile baths; central heating; insulated throughout; the 12'x16' kitchen has spacious cabinet space, Formica cabinet tops, dishwasher, and breakfast area. There's also a double attached garage and separate utility room. We'll gladly show today.

SMITH

$200 down on a G.I. loan buys all the following good features in this College Area location: (3) roomy bedrooms; large living room and separate dining room; floor furnace; house insulated (wall and ceiling); 1153 sq. feet of living area and more! We'll gladly show today!

BELMONT DRIVE

How would you like to have 1¼ acres covered with trees plus a new 3 bedroom and den home on it! This fine brick has; 2 baths, central heating; beautiful kitchen with built-in range and oven; living room's carpeted; has double garage and "Loads" of other features. We'll gladly show today.

MILTON

Take a "gander" at what $700 down on a G.I. loan buys in Marie Place: (3) nice size bedrooms; tile bath; bleaming oak floors; forced - air heating; a 12'x20' living room; a 10'x12' pine-paneled kitchen with dishwasher and disposal; beautifully landscaped 75'x150' lot (back yards fenced!) And, (4) air-conditioning units go, too! It's "whooping" good value!

ESSEX

Here's a "charmer" that's just gone on the market in Marie Place with the following features: (2) bedrooms and a paneled den (all have sliding door closets); ceramic tile bath (with shower); glistening hardwood floors throughout; a very nice size living room (on the rear) with one wall mostly glass completely draped; has central heating; a 9'x20' kitchen with wonderful cabinet space and space for washer and dryer. This one has everything! It's vacant!

CIVIC

Here 'Tis! Yep, here's that well-located Northside home with a separate dining room, and 3 bedrooms "to boot"! Seriously, here's splendid value in a wonderfully-conditioned brick home with: 1452 sq. feet of living area; beautiful oak floors; tile bath; floor furnaces; fenced back yard; and its on a 75' corner lot.

GRAMMONT

It'll thrill you just to look at the inside of this good buy, for it's been completely redecorated from floor to ceiling. Among its 1100 sq. feet are the following: (2) spacious bedrooms; large living room and separate dining room; beautiful oak floors and a 200' corner lot! $1250 down on FHA buys it!

ALABAMA

Nope, it's no mistake . . . here's a 3 bedroom home, for only $7600, and . . . it's been completely redecorated! It possesses: 1156 sq. feet; hardwood floors: 50'x150' lot and other features! $750 down makes the move.

SOUTH 1ST

$600 DOWN on FHA makes the move into this "neat as a pin" 2 bedroom home with: 2 bedrooms; nice oak floors, 6'x7' store room and a host of other features that we'll gladly show today.

FLORIDA

Easy as pie to buy G. I., or for that matter, it's also easy to buy FHA! $150 down G. I., or $600 down FHA buys all the following: 2 bedrooms, nice size kitchen with excellent cabinet space, floor furnace; carport and storage and other features.

MITCHELL LANE

HERE'S THE ultimate in a well - located and well - planned home in W. Monroe! It consists of: nice size living room and separate dining room; roomy breakfast room; well - arranged kitchen; (2) comfortable bedrooms, one with walk-in closet, the other has a cedar closet; has central heating and attic fan; a 10'x24' screen porch; double garage and it's just one block to Mitchell Lane Grammar! $1,850 down on an FHA loan makes the move!

SPENCER

Here 'tis-Yep, it's got everything a fine home should have. Roominess, nice architectural style, wonderful location and large lot! Among this one's 2300 sq. feet of living area are: 3 large bedrooms (smallest is 15x13'); spacious 24'x14' living room with an elegant floor-to-ceiling Dormeyer window; separate dining room; a wonderful 21'x13' kitchen; a spacious 15'x24' paneled den; 2 full baths; more closet space than you could imagine; garage with 12'x12' storage room; servant's toilet and a 100'x150' lot. It's vacant!

7 From Ouachita Listed On Honor Roll At NSC

NATCHITOCHES, June 16 (Special) — Seven Ouachita Parish students were listed on the Northwestern State College honor roll for the spring semester. To make the list a student must earn at least a 2.0 or "B" average on all work carried for the semester.

The students earning the coveted honor were Vashti Ham, home economics major from Fairbanks; Beverly Ann Baxter, upper elementary; Betty Jean Fite, nursing; Marjorie Anne Graham, nursing, all from Monroe.

Students from West Monroe were Clyde Birch Fulton, Jr., mathematics. Ada Sue Roach, nursing, and Lila Wolff, nursing.

Jane Fuller Leads Class Taking Test At Louisiana Tech

RUSTON, June 16 (Special) — Jane Fuller, daughter of Mr. and Mrs. Robert Lane Fuller of Ruston, led the class of beginning freshmen taking the College Ability Test at Louisiana Tech, the guidance office at Tech reported today. Miss Fuller, who graduated from the Ruston High School in May, scored 98 points out of a possible 110.

Two students tied for second place with 96 points. The were Gerald Dyson, son of Mr. and Mrs. G. I. Dyson of Ruston, and Gail Waugh, daughter of Mr. and Mrs. R. G. Waugh of Tallulah.

Ranking third was Harlan Humphries of Ouachita Parish High School, who tallied 95 points. He is the son of Mr. and Mrs. Jake B. Humphries of 607 Lakeshore Drive, Monroe.

In fourth place was Romona Neal of Ouachita Parish High School, whose score was 93. Her parents are Mr. and Mrs. W. A. Neal of Perryville.

Ennis Mitchell Midyett, son of Mrs. Grace R. Midyett of Pelican, ranked fifth with 92 points.

Two students trying for sixth place with 91 points were Marshall Bice, son of Mr. and Mrs. Clarence Bice of Ruston, and Jackie Lucille Martin, daughter of Mr. and Mrs. H. L. Martin of Columbia.

The College Ability Test used at Tech this summer replaces the psychological tests formerly administered to beginning freshman at the college. Word usage, mathematical problems and other questions comprise the College Ability Test, which is prepared for national use by the Educational Testing Service of Princeton, N. J. The test is designed to show how students rank with each other.

A PICTURE A DAY—Probably the most photographed infant in the Twin Cities is Sandra Rose Herring, daughter of Mr. and Mrs. Joe L. Herring, 1408 Filhiol Avenue, Monroe. Sandra Rose had her picture taken each day of her life until she attained the age of one year on June 13. Her father was the family photographer at the outset, but before the year-long ordeal was complete, Mrs. Herring, also, had become a photographer. Left to right, above photo, Sandra Rose is pictured at 14 days, 67 days, 123 days and 297 days.

Jena Doctor Is Recalled To Duty With U. S. Navy

JENA, June 16, (Special —Dr. W. D. Swackhamer, associated with the Jena hospital for the past five years, has been recalled to duty with the U.S Navy and will report to the Oakland (Calif.) Naval hospital effective June 23.

Dr. Swackhamer graduated from the Tulane university school of medicine in 1948 and served one year with the Navy after a year's internship at the Charity hospital in New Orleans. After his return from service, he took an additional year of internship at the Huey Long hospital in Pineville before coming to Jena to set up his practice where he is associated with the Jena hospital.

Since leaving active duty, Dr. Swackhamer has continued in the inactive Naval reserve in the rank of lieutenant (j.g.).

Until he receives his permanent duty station, Dr. Swackhamer's wife and three children will remain in Jena. As soon as he is permanently based, they will join him.

Following his 18-month tour of active duty, Dr. Swackhamer said he plans to return to Jena to resume his practice.

The loss of Dr. Swackhamer is the second within a short time from the staff of the Jena hospital. Dr. B. E. Doughty announced recently he plans to resign from the hospital and move his family to Vidalia where he will set up his practice "about the middle of July."

Sheriff Arrests Two Negroes In Slashing Cases

Two Negroes were placed in jail following two separate cutting scrapes, the Ouachita Sheriff's office announced Saturday.

Clara Mae Mack was lodged in jail and charged with aggravated battery after an investigation made by officers of a fight behind a house on Ridge Avenue about 1:30 a.m. Saturday, tht Sheriff's officer said.

Robert Mack, Negro, stated that his wife had attacked him with a broken wine bottle. He was bleeding profusely when officers reached him. They gave first aid until an ambulance arrived to take the man to a hospital, it was reported.

Charlie Bell, 44, was picked up and charged with aggravated battery on two counts, officers said.

About 9:15 p.m. officers were called to pick up Bell, who was said to have been drunk and to have admitted stabbing Felman Jackson and Herbert Young. He told officers that they jumped on him and he slashed them in self-defense, the sheriff's office reported.

Jackson and Young were getting medical attention when located, officers said. They told officers that they and four other witnesses found Bell drunk in a ditch and that when they picked him up to try to identify and help him home, he attacked two of them with a knife.

Will Atkinson Is Seriously Ill; Once City Officer

Will Atkinson, 103 Johnston street, has been removed to his home after six days in St. Francis hospital.

His condition was not greatly improved but he was anxious to get home and was removed Thursday to his residence.

He is well known here, where he has resided almost since the turn of the century. For a time he was associated with the real estate firm of Blanks and Breard, which was owner of extensive real estate interests.

Later Mr. Atkinson was elected, during the Bernstein administration, to the office of commissioner of parks and streets. The city of Monroe recreation department was formed when Mr. Atkinson served as official.

MRS WILLIAM HUGHES TUCKER

Quiet Ceremony Unites Miss Bogel And Mr. Tucker

Miss Llylwyn Elizabeth Bogel, daughter of Mr. and Mrs. Philip Raymond Bogel, became the bride of Mr. William Hughes Tucker in a quiet ceremony held Saturday morning, June 9, at 10 o'clock in Trinity Luthern Church. Mr. Tucker is the son of Mr. and Mrs. Richard Hale and the grandson of Mrs. William Clark Hughes and the late Mr. Hughes of Shreveport.

Officiating at the wedding was the Rev. Arthur Betz. Only members of the couple's immediate families were present for the occasion.

Arrangements of palms, white gladioli and stock formed a traditional background for the vows.

Nuptial selections including "O Perfect Love" and "The Lord's Prayer" were played by Mrs. Eloy Fominaya, organist.

Given in marriage by her father, the bride was wearing a waltz-length gown of champagne chiffon fashioned with sculptured bodice of pin-tucks and round satin-bound neckline complemented by cap sleeves. A satin cummerbund accentuated the waistline. Her shoulder-length veil was attached to a matching hat designed in leaf shape and embossed in seed pearls. She carried a white orchid enfolded by stephanotis and feathered carnations, mounted on a white Bible.

The bride's sister-in-law, Mrs. Ray E. Bogel of Dallas, Tex., was her only attendant. Her gown was also a chiffon creation in matching length and two shades of blue. She wore an identical hat and carried a modern cascade of rainbow daisies.

Ray E. Bogel, brother of the bride, served the bridegroom as best man.

Mrs. Bogel chose for her daughter's wedding a mauve dress with matching accessories complemented by an orchid.

Mrs. Hale was becomingly attired in a light blue model with white accessories. She also wore an orchid.

A reception followed the ceremony at the home of the bride's parents, 1002 Civic street.

For a wedding trip to Shreveport and Hot Springs, Ark., the bride wore a black and white linen suit with matching accessories.

The couple will soon reside on West Avenue in Monroe where their new home is nearing completion.

A member of Epsilon Mu and Beta Sigma Phi, the bride graduated from Waco schools in Waco, Texas.

Mr. Tucker attended Centenary College and Louisiana State University where he holds membership in Kappa Alpha fraternity.

Among those from out-of-town attending the wedding were Mr. and Mrs. Frank Walker and children, Ann Elizabeth, Frank, Jr., and Lila of Lake Charles, Mrs. William Clark Hughes of Shreveport and Mr. and Mrs. Ray E. Bogel and children, Phillip and Michael of Dallas, Tex.

Rehearsal Party

A private dining room at Bayou DeSiard Country Club provided the setting for the rehearsal dinner given Friday night by Mr. and Mrs. Richard Hale in honor of their son and his fiancee.

For the occasion, the room was beautifully decorated in pink and white. Centering the dinner table, overlaid in pink, was a silver epergne arrangement of white stock, agapanthus, white carnations and pink flocked fern. Pink tapers illuminated the room.

On the buffet was a similar composition in pink and white enhanced by a silver candelabra with pink candles.

Guests included members of the wedding party and their immediate families.

Church Ceremony Unites Couple

LAKE PROVIDENCE — A beautiful and impressive ceremony at seven in the evening of June 6th, united in marriage Miss Lola Janette Smith, daughter of Mr. and Mrs. Albert Graves Johnson and Roy Lee Gregory, son of Mrs. S. C. Johnston and the late Mr. Gregory of Transylvania.

A bridal theme of green and white was used throughout the decorations in the sanctuary of the Methodist Church. English ivy formed the background entwining the chancel rail and the wrought iron standards in which tall white tapers burned. White taffeta bows and fern marked the reserved pews for the families and relatives.

The double ring ceremony was performed by Rev. Thomas Major Lancaster.

David Tschabold, organist, provided a background of music. Miss Tommie Sue Proctor, was soloist.

Miss Faye Smith, sister of the bride, and her only attendant, was lovely in a princess style ice silk nylon. The bodice had a V neckline, both front and back, and the skirt was eight-gored for fullness. Her headdress was a white floral bandeau and her bouquet of white carnations, was charmingly arranged with blue nylon net, to match her gown.

The bride, given in marriage by her father, wore a gown of antique taffeta, designed with decollete bodice. The Chantilly lace bolero had three-quarter length sleeves and a row of tiny pearl buttons down the front. The skirt dipped to a V- in the front, circled below the hipline with shirring to provide fullness. The fingertip veil of illusion fell from a pearl trimmed lace capulet. She carried a white Bible on which there were white carnations tied with cascaded loops of satin ribbon.

Bobby Fulmer of Baton Rouge served the groom as best man and Victor Whitehead and John Russell Davis were ushers.

For her daughter's wedding, Mrs. Johnson chose a light blue crystallized nylon with matching straw shell and a shoulder corsage of white carnations.

Mrs. Johnston, mother of the groom, was gowned in a one piece tan faille model, with white carnation corsage.

A reception was held, immediately following the ceremony, in Fellowship Hall. Receiving with the bride and groom were their parents and members of the bridal party.

Miss Tommie Joffrion, Marksville, presided at the crystal punch bowl. The bride's table was overlaid with a white linen cutwork cloth and decor of white gladioli, Queen Anne's lace and blue larkspur.

The wedding cake was decorated with pink roses and green leaves, topped with a miniature bride and groom.

Mrs. Edna Frantom presided at the guest register.

For traveling the bride wore a two piece suit of navy blue nubby linen, with narrow rounded collar and short puffed sleeves. The corsage from her wedding bouquet and a flat top straw sailor with ornamental bow and short mesh veil completed her ensemble.

Following a short honeymoon trip, the couple will make their home in New Orleans. Mr. Gregory will do research work at Charity Hospital during the summer months, returning to L.S.U. medical school in the fall as a second year student.

Rehearsal Supper

Mr. and Mrs. S. C. Johnston entertained at the family home at Transylvania, for members of the wedding party and guests at a rehearsal supper on the eve of the wedding date.

The bride chose this occasion to present her attendant with a lovely gift of costume jewelry. For his attendants, the groom had gifts of cuff links and matching tie pins, embossed with the medical emblem, Cadesus.

Those present to enjoy the buffet supper with the hosts, in addition to the bride and groom, were Reverend and Mrs. T.M. Lancaster, Mrs. C. R. Brown, Mr. and Mrs. A. G. Johnson, Victor Whitehead, Miss Faye Smith, Dale Johnson, Miss Tommie Sue Proctor, David Tschabold, John Russell Davis, Miss Tommie Gayle Joffrion of Marksville and Bob Fulmer of Baton Rouge.

Baton Rouge Wedding Is Of Interest Here

Miss Roberta Lee Williams and Mr. William Judson Mattox II were married Sunday afternoon at a quiet ceremony held at the University Methodist Church at 12:30 o'clock in Baton Rouge.

Officiating at the double ring ceremony was the Rev. W. E. Trice.

The bride is the daughter of Mr. and Mrs. Robert W. Williams of Baton Rouge and the granddaughter of Mrs. Frank Chase and the late Mr. Chase of this city. The bridegroom's parents are Dr. and Mrs. William J. Mattox, also of Baton Rouge.

Nuptial music was provided by Miss Margaret Darden, soloist and Mrs. Audie Moffett, organist. Selections included "Because".

The bride, given in marriage by her father, chose an antique white taffeta ensemble for her wedding. She wore a small hat with short veiling and carried a white Bible topped with a purple throated orchid.

Maid of honor was Miss Mariam Oglesby, who was dressed in a light blue sheath and duster. Her hat was of blue and she carried a bouquet of pink carnations.

Mr. Robert Cash served as best man and the ushers were Mr. Bobby Williams, brother of the bride, and Mr. Robert Mattox, brother of the groom.

For her daughter's wedding, the mother of the bride wore a corded black and white suit with white accessories. She pinned a chartreuse cymbidium orchid to her costume. The mother of the groom was dressed in a pink embroidered linen sheath with white accessories and her corsage was a pink cymbidium orchid. The bride's grandmother, Mrs. Williams from Chattanooga, Tenn., was attired in a blue print dress and had a coral glamellia corsage.

Following the ceremony a reception was held at the home of the bride's parents. Arrangements of white gladioli decorated the bride's table. On the mantel was a bouquet of magnolias and arrangements of daisies.

Following the reception, Mr. and Mrs. Mattox left on a wedding trip to an undisclosed destination. Upon their return they will make their home in Baton Rouge.

Davis-McKinzie Vows Said In Church Ceremony

The First Methodist Church of Oak Grove was the scene on Saturday, June 2nd, of the wedding of Miss Beverly Fran McKinzie and William Horton Davis.

The beautiful candlelight ceremony was performed at 6 o'clock in the evening with the Reverend Eskel L. Tatum reading the impressive double ring service before an assemblage of relatives and friends.

The bride is the daughter of Mr. and Mrs. James L. McKinzie, Jr., of Oak Grove. His parents are Mr. and Mrs. Carl Lee Davis of Ruston.

Vows were pledged at the altar marked with a prie-dieu which was flanked with floor baskets of white carnations and greenery. Illuminating the scene were wrought iron floor candelabra holding burning white tapers. The pews were marked with white satin bows.

Preceeding the ceremony a program of nuptial music was presented by Mrs. Louise Butler, organist. Mrs. Butler accompanied the soloist, Miss Bennye Berry of Bastrop as she sang "Through The Years" and "Because".

The tapers were lighted by Miss Mary Alice Thomas and Miss Martha Anna Lipp. They wore identical frocks as the bride's maids with bandeaux of blush carnations.

Serving as bride's maids was Miss Jemmie Delle Holder, and the groom's sister, Mrs. Bryant Kennedy of Ruston was bride's matron. Miss Nancy Boyd, of Jackson, Miss. was maid of honor. All wore waltz length gowns of foam green organdie fashioned with long torso waistline, forming bows in the back. They carried lace fans adorned with blush carnations.

The bride who entered the sanctuary with her father was lovely in her wedding gown of imported eyelet organdie over white slipper satin. The long torso bodice, styled with a cowl neckline featured an eyelet yoke studded with irridescent sequins and seed pearls, which were repeated on the voluminous waltz length skirt. Her finger tip veil of illusion fell from a crownlet encrusted with sequins and seed pearls. She wore long lace gauntlets and carried a white Bible topped with a bridal bouquet of white orchids and stephanotis. Her only adornment was a string of pearls, gift of the groom.

Carl Davis, Jr., served his brother as best man. Usher-groomsmen were Larry Whitaker and Robert Cameron.

Mrs. McKinzie, mother of the bride chose a frock of blue lace with white accessories for her daughter's wedding. She pinned a corsage of gardenias at the neckline. Mrs. Davis, mother of the groom, was dressed in a gray sheer with white accessories. Her shoulder corsage was of pink gladiola.

Immediately following the ceremony a reception was held at the McKinzie home. A profusion of garden flowers were used at vantage points throughout the reception rooms. The Bride's table was overlaid with a lace cloth over pink. Placed at one end of the table was the three tiered wedding cake topped with miniature wedding bells. At the opposite end of the table was the crystal punch bowl. A mirrored garland of gardenias and burning white candles completed the table setting. Mrs. Maurice Boyd of Jackson, Miss., served the cake and Miss Nancy McCormick presided over the punch bowl. Guest were asked to sign the bride's book by Miss Martha Peden of Ruston. Miss Gail Sawyer played piano music during the evening.

Following a wedding trip along the gulf coast the couple will be at home in Ruston where both are students at La. Tech. For travel the bride changed into a toast colored silk shantung with white accessories. She pinned at her shoulder an orchid from her bridal bouquet.

There was a large number of out of town guest attending the wedding reception.

Fairbanks Nuptials Hold Interest

Among the interesting June weddings was that of Miss Vashti Elizabeth Ham, daughter of Mr. and Mrs. Oberlin Joseph Ham, of Fairbanks and Sam Ray Shrum, son of Mr. and Mrs. Sam Shrum, of Marble Arkansas, which was solemnized last evening at 8 p.m. in the Fairbanks Presbyterian Church, with the Reverend Ernest Holloway officiating. The church was decorated with arrangements of pink carnations and white gladioli. Behind the flowers, the altar was banked with smilax and magnolia foliage. White candles in branched candelabra formed the background. White daisies tied with white satin bows marked the family pews. Miss Jane Gill presented the nuptial music and accompanied Miss Rozelle Hightower, who sang.

The bride entered the church with her father, who gave her in marriage. She wore a gown of white Chantilly-type lace and tulle over ice blue taffeta. The lace bodice was accented with a scalloped neckline and snug fitted sleeves. The bouffant bell-shaped skirt, enhanced by scallops of lace down the front and back, terminated in a chapel length train. Her Juliet cap of lace held her finger tip veil of illusion. She carried a cascade bouquet of baby pink roses surrounded by white carnations.

Mrs. Bernice Duke, of New Orleans, was the bride's matron of honor. The other attendants included Sally Hayes, of West Monroe, Miss Carolyn Wilson, Batesville, Ark., Miss Cleta Lanningham, Fairbanks and Miss Joan Amos of Perryville. Their dresses were made alike of white taffeta and net with the bodices made of lace with sweetheart necklines and very full floor length skirts. They wore white net mittens and bandeauxs of white velevet in their hair, and carried bouquets of pink daisies. Miss Sheila Ham, niece of the bride, served as flower girl. Her frock was made of white taffeta with full net overskirt, which featured a peplum of taffeta accented with bows of the same material. She carried a white basket filled with pink rose petals.

Gerald Webb was best man and the groomsmen and ushers were Glenn Ham, Joe Ham, Jim Herring and Neil Wilkins. Glen Ham and Joe Ham, brothers of the bride, lighted the candles.

A reception immediately followed in the home of Mr. and Mrs. Glenn Ham, in Fairbanks. The mother of the bride received the guests wearing a summer tucked pin cotton, appliqued with lace medallions and rhinestones. She wore white accessories and a corsage of blue split carnations.

MRS. SAM RAY SHRUM

The house was decorated throughout with pink carnations and white gladioli. The table, where Miss Elizabeth Struben, registered the guests, held a bouquet of sweetheart roses.

The bride's table, covered with an Italian cutwork cloth was centered with the bride's bouquet. The tiered wedding cake was delicately embossed with pale pink rose buds and was topped wth a miniature bridal bouquet. At the opposite end of the table was the crystal punch bowl. Branched silver candelabra burning bridal candles were also used on the table.

Assisting were Mrs. V. L. Brazil, Mrs. L. C. Gill, Mrs. O. J. Ham, Jr., Mrs. Glenn Ham, Miss Monta Sue Johnson, and Miss Sonya Franks.

When Mr. and Mrs. Shrum left on their wedding trip to the Ozarks, she was wearing a pink silk summer suit with wide collar, trimmed in pearls. Her shoes were pink and her hat and other accessories, white. She wore a corsage of pink roses.

On their return they will reside at 125 Jackson St., West Monroe until they resume the college werk this fall.

Many out of town friends and relatives were in attendance at the wedding including, Mrs. Lela Donovan, of Halifax, Nova Scotia and Mrs. Myra Hussey and Mrs. Lottie Fraser, of San Francisco, Calif.

MRS. KERMIT PAYLOR

Miss Ann Arrant Becomes Bride Of Kermit Paylor

Claiming interest at 7 o'clock Saturday evening, June 9, was the wedding of Miss Anne Arrant, daughter of Mr. and Mrs. Frank Arrant, and Kermit Paylor, son of Mrs. Eula Paylor, at the Jackson street Church of Christ. The Rev. Meredith P. Johnson performed the double ring nuptials.

A myriad of cathedral tapers illuminated the altar banked with greenery and centered with an arch entwined with southern smilax and magnolias.

Mrs. Jerry Lee and Mrs. Martti Suomi were soloists.

The bride, given in marriage by her father, was wearing a waltz-length gown fashioned of lace over net and taffeta with a sculptured bodice, small collar and long sleeves which terminated in points over the wrist. The bouffant skirt was complemented by a fingertip veil of illusion held in place by a band of seed pearls. She carried a white orchid bouquet.

Miss Lorene Arrant, a cousin of the bride, was maid of honor. Her patio - length dress was of nile green organdy over Kelly green cotton with a fitted bodice and full skirt. She wore a matching bandeau and carried a bouquet of white carnations.

Bridesmaids were Miss Carol Varner and Miss Florence Jean Filhiol. Their dresses and bouquets were identical to the maid of honor's.

DeWanna Ray, also a cousin of the bride, was flower girl. She was wearing a floor length frock of yellow dotted swiss, with a tiered skirt.

The candles were lighted by Gerald Wayne Paylor and Jeff Paylor.

Edward Taunton served the bridegroom as best man. Ushers were Max Williams and T. L. Tucker.

Mrs. Arrant, the bride's mother, chose a mauve silk dress for the occasion with white accessories and a shoulder corsage of white carnations.

The bridegroom's mother was attired in a green and white printed silk with white accessories. A white carnation corsage completed her ensemble.

A reception followed the wedding at the home of the bride's parents on the Columbia Road.

Arrangements of white gardenias and white oleander in white doeskin glass were featured throughout the reception rooms.

The bride's table, overlaid in an Italian cutwork cloth was decorated with gardenias and feverfew illuminated by white tapers in silver candle holders. The cake was surrounded by maline, feverfew and gardenias. Matching blossoms were used around the punch service where Mrs. B. E. Gambrell poured.

Serving the wedding cake were Mrs. S. A. Johnson and Mrs. Meredith Johnson.

Tea girls were Mrs. George Boozer and Mrs. Robert Edgings.

Others assisting with courtesies were Mrs. Alice Barker, Mrs. O. L. Johnson and Mrs. Una Johnson.

For a wedding trip to the Gulf coast, the bride changed to a blue linen suit with navy and white accessories. She wore the orchid from her bridal bouquet.

Both Mr. and Mrs. Paylor are graduates of Ouachita Parish High school and are attending Northeast Louisiana State College.

They will make their home at 1201 South First street.

MRS. BURTON EDWARD HILL

Miss Weems Becomes Bride In Candlelight Ceremony

In a candlelight ceremony at 7 o'clock Saturday, June 9, at the Emanuel Baptist Church, Miss Mary Joye Weems and Mr. Burton Edward Hill pledged their nuptial vows.

The bride is the daughter of Mr. Roy Weems and the late Mrs. Weems of Monroe. Mr. Hill is the son of Mrs. Clyde C. Hill and the late Mr. Hill also of this city.

The double ring ceremony was performed by the Rev. B. P. Durbin. The altar was decorated with white gladioli and baskets of greenery. Cathedral tapers entwined in fern illuminated the setting.

Miss Linda Lou Roberson, cousin of the bride, was organist and accompanied the soloist, Rommie Bryan, Jr., who sang "I Love You Truly," "Because" and the "Lord's Prayer."

The bride was given in marriage by her father. Her wedding gown was fashioned of white imported tulle with embroidered medallions. The neckline formed a graceful V which was outlined with matching embroidery. Her waist - length veil of illusion was held in place by a small fitted of tulle. She carried a white bridal Bible and a bouquet centered with a white orchid.

Mrs. Ernest L. St. John, sister of the bride, was matron of honor. Her gown was of white silk organza over taffeta featuring small sleeves, a sculptured bodice and bouffant waltz - length skirt. A sash of delicate yellow formed an oversize bow in the back.

She carried a bouquet of white carnations with yellow streamers. Matching flowers were worn in her hair.

The bridesmaid, Miss Marilyn Messer of Baton Rouge, a cousin of the bride, wore a matching dress with a mint green sash.

Mr. Albert Hill, brother of the bridegroom, served as best man. Ushers were G. Glenn Weems, Ernest L. St. John and James C. Smith.

The bridegroom's mother was attired in a gray silk dress with white accessories complemented by a white carnation corsage.

Immediately following the ceremony, a garden reception was held at the home of Mrs. Ernest St. John.

Hurricane lamps were placed at points throughout the garden. Majestic daisies and caladium leaves were used in mass arrangements outside.

The reception rooms of the St. John home were decorated with stock, gardenias and other white blossoms.

The bride's table, overlaid in a white cutwork embroidered cloth, was centered with the tiered wedding cake which was topped with a miniature bride and groom.

For a wedding trip to the Gulf coast, the bride wore a pink model with white accessories and the orchid from her bridal bouquet.

Upon return, they will make their home in Amarilla, Tex.

The bride is a graduate of Ouachita Parish High School and Bish Mathis Institute.

Among the out - of - town guests attending the wedding were Miss Mildred Newman of Port Gibson, Miss.; Mrs. William Price of Winnfield; Mrs. Bill Holder, Mrs. Lucille Rockett, Mrs. R. W. Bryan, Mrs. Grace Spurlock, all of Jonesboro; Mrs. B. L. Messer of Baton Rouge and Mrs. E. C. Roberson of Downsville.

RAILWAY CLERKS TO MEET

Ouachita Lodge No. 588, Brotherhood of Railway clerks, will meet in regular session in the Missouri Pacific Booster clubhouse Tuesday at 8 p.m. All Missouri Pacific and Illinois Central members are urged to attend.

Ever serve browned pork sausage links with sauerkraut? The two make a good main supper dish.

MR. AND MRS. WALTER M. CALDWELL, III

Sylvia Martin Is Bride Of W.M. Caldwell

The Fair Park Baptist church was the scene May 31 at 7:30 o'clock in the evening of the marriage of Miss Sylvia Martin, daughter of Reverend and Mrs. C. C. Martin, to Walter M. Caldwell, III, son of Mr. and Mrs. W. M. Caldwell, both of West Monroe. Rev. Martin officiated at the ceremony of his daughter, before an altar banked with white carnations and gladioli and burning candles in wrought iron holders. Mrs. Raymond Clark was organist and Jack Day, soloist.

The candle lighters were Miss Pamela Brooks and Miss Linda Roberts. Their gowns were of pink silk and they wore matching flowers in their hair.

The bride was lovely in a gown of bridal satin fashioned with fitted bodice and long sleeves ending in points over the hands. The very full skirt swept into a chapel train. The bride's finger tip veil fell from a pearl studded satin crown. She carried a white Bible surmounted with a white orchid surrounded with feathered carnations. Her only ornament was a string of pearls, a gift of the bridegroom.

Miss Sophia Barnett was maid of honor and Miss Yvonne Alexander, the bridesmaid. They were identically dressed in rose colored crystalline frocks and they carried bouquets of gardenias and feathered pink carnations.

Don Caldwell was his brothers' best man. Raymond Pylot, Ted Bayles and Billy Bayles were ushers.

For her daughters' wedding, Mrs. Martin wore a dress of navy blue with white accents and an orchid corsage. Mrs. Caldwell was also dressed in blue silk with which her accessories were white and her corsage was made of white carnations.

A reception immediately followed the wedding ceremony, the bride's table was centered with a tiered wedding cake embossed in pink flowers and fringed at the base, with pink carnations. Miss Jean Cameron served the cake and Miss Judy Saxon presided at the punch service. Mrs. C. H. Price, Jr. registered the guests.

Later in the evening Mr. and Mrs. Caldwell left for Defiance, Ohio, where they will make their home in the future. The bride traveled in a suit of light brown with pink accessories and the orchid from her wedding bouquet.

Dodson Church Is Scene Of Nuptial Vows

In a candlelight ceremony, Saturday afternoon at 4 o'lcock in the Dodson Baptist church, Miss Virginia Elizabeth Bennett, daughter of Mr. and Mrs. Seaborne F. Bennett of Dodson became the bride of Mr. Bobby Ray Martin, son of Mr. and Mrs. Charles A. Martin of LaPlace. The Rev. Ray Praeger of St. Joseph performed the double ring ceremony.

The church was decorated with greenery interspersed with white blossoms outlining the bastistry archway. The altar was decorated with a fan shaped arrangement of white gladioli which was flanked on either side by seven branched candelabra burning white tapers and with floor baskets of white gladioli and greenery.

The cnadles were lighted by Brenda Payne of Dodson and Patsy Harvell of Baton Rouge, cousin of the groom.

The church organist, Mrs. Ruth Payne, rendered a program of nuptial music, and accompanied Mrs. Clayton Norred who sang "Because" and after the ceremony "The Lords' Prayer."

The bride, given in marriage by her father, was gowned in bridal lace and tulle over white satin. The elongated bodice was of lace. It featured a low neckline outlined in seed pearls and sequins with long tapering sleeves ending in a point. The sleeves were also outlined with pearls and sequins.

The full skirt was fashioned with three tiers of tulle. Her bouquet was of yellow roses centered with a yellow throated orchid.

Mrs. Dalton Abercrombia, sister of the bride, served as matron of honor. She wore a waltz-length dress of nile green lace over taffeta, the long torso styled bodice was fashioned with a high neckline and shirred sleeves. She wore a matching bandeau, mitts and satin slippers. Her bouquet was of yellow carnations.

MRS. BOBBY RAY MARTIN

Miss Patsy Sullivan of Alexandria and Mrs. Ed House of Minden were the bridesmaids. They were dressed in yellow lace over taffeta identicial in style to that of the matron of honor, their bandeaus, mitts and slippers also matching their dresses. They carried bouquets of green carnations.

Donna Abercrombia, niece of the bride, served as flower girl. She was in green organdy with a bouffant skirt, low neckline and puff sleeves. Around her waist was a dark green velvet sash. Her gloves were white. She carried a basket covered with green tulle ruffles and filled with shasta daisies.

Junior Abercrombia, nephew of the bride, was the ring bearer.

Girard St. Martin of Reserve served as best man. The ushers were Charles Bonnett of Alexandria, Wade Cook of Pointe-a-la-Hache and Wilson Harvell of Baton Rouge.

The bride's mother, Mrs. Bennett, chose for the wedding a beige lace dress with matching gloves, a pink hat and bag. Her corsage was also pink.

Mrs. Martin, mother of the groom, was in powder blue linen and lace. Her hat and bag were white and her corsage was pink.

Following the exchange of vows the bride's parents were hosts at a reception in their home. Flowers placed at vantage points in the reception room were similar to those in the church. The guests were met at the door by Mrs. R. W. Gates and ushered into the living room where the receiving line was formed.

Mrs. Clayton Underwood presided over the gifts and Miss Annette Kelly invited guests to sign the guest book.

The refreshment table was placed in the garden. The table was covered with white and centered with the bride's bouquet and those of the bridesmaids. The four-tiered wedding cake, surmounted by a miniature bride and groom and the crystal punch bowl garlanded at the base with fern and yellow blossoms were placed at opposite ends of the table. Miss Marie Cline and Miss Margie Sell served the cake and Mrs. K. C. Simmons poured the punch.

Mr. and Mrs. Martin left immediately following the reception for Nassau, Bahamas. For the trip Mrs. Martin changed to a suit of brown Italian silk with matching accessories. She wore the white orchid from her bridal bouquet. Upon their return, they will make their home in Lafayette.

The bride attended Dodson High school, graduated from Winnfield High School and received her diploma as registered nurse from Northwestern State College. She has attended Northwestern in Natchitoches, Northeast State College in Monroe and Louisiana College in Pineville.

The groom graduated from Reserve High school and attended Southwestern at Lafayette, before entering service where he served in the European area.

He is completing his studies at Southwestern where he is a geology major.

Out - of - town guests for the wedding included Mr. and Mrs. Richard Wells, of Memphis, Tenn.; Mr. and Mrs. Leon Adkins, Philadelphia, Pa.; Mr. Dewitt Harvell, Biloxi, Miss.; Mrs. L. V. Ashley, West Monroe; Mrs. William M. Bennett, Chatham; Miss Della Temple, Jennings; Mr. Charles Bonnett, Miss Patsy Sullivan, Mrs. R. B. Doughty, Miss Marie Cline, Miss Margie Sell, Miss Mary Standard, and Miss Mary Lou Royal, all of Alexandria; Mr. Clifton DeJeaun, Plaquemine; Mr. and Mrs. Ed House and Debby, Minden; Mrs. P. B. S. Martin, Girard, St. Martin, Reserve; Mr. and Mrs. Charles A. Martin, LaPlace; Mr. Wade Cook, Pointe - a - la - Hache; Rev. and Mrs. Ray Praeger and Libby Purcell of St. Joseph; Mrs. Tracy Carpenter, Natchitoches; Mrs. Edd Askew, Mrs. George Aleman, Mrs. Valrus Adams, and Mr. and Mrs. O. C. Kirkpatrick, all of Hodge; Mrs. Mabel Gatlin, Mrs. George Robinson, Mrs. E. L. Thompson, Mrs. J. B. Fain, Mrs. Grady Brooks, Miss Dianne Walsworth, Karen Keith, Mr. and Mrs. Dalton Abercrombia, Junior and Donna Abercrombia, all of Jonesboro; Mr. and Mrs. George Richardson, Mr. and Mrs. Lake Harvell, Patsy, Gerald, Charles, and Kenneth, Mr. and Mrs. Wilson Harvell and daughter, and Mrs. Kate Harvell all of Baton Rouge.

Girl Scout News

Nancy Martin and Marie Nelson must be excited girls now. Their duffles and the patrol equipment have already gone and now the girls can hardly wait until they leave for the Senior Roundup at Highland State Park, near Pontiac, Michigan, next week. The two girls are part of a patrol which includes two girls from Alexandria and four from Shreveport. Girls from every state will be among the 5000 campers. We are proud to be represented by such fine girls.

It's next week that cooking classes for 5th and 6th grade Scouts will begin at United Gas Service Center. Registrations was Friday. There is always a great demand for the class, so we are sure that registration reached capacity. Older girls will get a chance in August, when a class for teenagers will be held. Dates for the present class are June 25, 27, 29, and July 2, 4, 6.

The day camp committee is busy recruiting staff and program aides for the day camp at Pine Wood, July 10-19. Any adults who can serve for the eight days or any part are asked to call the Scout office or Lucy Huckabee, camp chairman and volunteer. There will be training for the jobs. Program aides are girls 15-16 years old who can help teach the various skills — campcraft, hikes, cooking, singing, games. They have fun, do a valuable job and learn a great deal, especially about working with people. They receive training too.

We were glad to hear of the honor bestowed upon three of the adult Scouts in Tallulah. At the close of the school year the troops were given a square dance and party by the American Legion Auxiliary, which sponsors the troops. At that time the Scouts gave bronze Girl Scout Statuettes to Mr. C. E. Hester and Mr. R. E. Brown, members of the troop committee. These men participated in the area study representing Madison Parish and also in the fund drive there. Mrs. Ted Pfrimmer was presented with a Certificate of Appreciation in recognition of her work as a troop leader.

The Brownie Scouts received one year membership pins and their membership cards from their leader, Mrs. Jack Lightfoot. Intermediate Scouts received membership stars, membership cards, and Child Care badges from their leader, Mrs. Leroy Smith. Now a part of the Silver Waters Council Tallulah adults have plans for training more leaders and establishing more troops in September.

Swimming goes on with enthusiastic girls and teachers. The cold weather caused them to miss two days last week, but the teachers, Patsy Pickett, Doll Savanna, and Ashley Hamilton, say that all are making progress. Julie Wooley who was scheduled to teach, went to the hospital instead. She's recovering nicely, her many friends are glad to know.

MRS. FOREST EDNEY WEST, JR.

Miss Hathcox Pledges Troth In Kansas City

Miss Dorothy Hathcox, daughter of Mr. and Mrs. Robert Clark Hathcox of Oak Ridge, became the bride of Captain Forest Edney West, Jr., son of Mr. and Mrs. Forest E. West of Seattle, Washington, at 4:30 o'clock in the afternoon, May 26, in the chapel of Saint John's Methodist Church, Kansas City, Missouri.

Reverend John A. Guice read the impressive double ring ceremony. John C. Gilbert rendered several organ selections as the guests were seated. James Lowell Hines lighted the candles.

The chapel was decorated with blue delphinium, white stock and blue corn flowers. The altar was lighted by tall brass candelabra and soft blue indirect lighting. Pew appointments were also in shades of blue.

The bride entered the church with her father, who gave her in marriage. Her bridal gown was of imported ice blue organza featuring inserts of lace in the slightly flared skirt. Scallops of lace framed the low neckline and short cap sleeves. Her hat was of matching material and lace with a shoulder length veil of illusion. She carried white roses with shower of stephanotis on a pale blue satin covered prayer book.

Captain Robert L. Kittleson served as best man for Captain West. The ushers were Major Selden V. Calhoun and William C. Hines, a cousin of the bride.

The mother of the bride chose a beige lace and chiffon gown with matching hat for her daughter's wedding. She wore an orchid corsage. Mrs. Charles Hines, the bride's aunt, wore a blue raw silk suit with brown orchid corsage.

Immediately following the ceremony a reception was held at the home of Mr. and Mrs. Hines. The receiving area was decorated in smilax, blue and white stock and specimen peonies. Assisting in the courtesies were Miss Mary Jo Traynor, who presided at the bride's book, Mrs. Noah W. See and Mrs. John Traynor.

The bride's table was covered with a cut work cloth. The three tiered wedding cake was delicately embossed and rested on ivy hearts, and punch was served from a Cloisonne bowl.

After a wedding trip to Colorado Springs and Denver, the couple will be at home in Warrensburg, Missouri. Mrs. West travelled in a navy blue suit with blue and white accessories. Her corsage was of white roses.

DO THIS FIRST
- Send for a doctor -- immediately.
- Keep the patient warm.
- Determine if patient has taken
  (1) A POISON: something not meant to be taken internally . . . or
  (2) AN OVERDOSE: a food or drug taken in excessive quantity.
- While waiting for physician, give appropriate counterdose below.
- But do not force any liquids on the patient — if he is unconscious.

To Find the Correct Counterdose
- In one of the lists printed at left, find substance causing the trouble.
- Next to that substance is a number. This refers to counterdose bearing same number in the section below.

MISS REBECCA FOSTER'S approaching marriage to Gerald M. Johnson, son of Mrs. H. R. Bailey of Sterlington and the late Mr. G. E. Johnson of Calhoun, is announced by her parents, Mr. and Mrs. Clifford A. Foster of Calhoun. The wedding will be an event of August 17 at 8 o'clock in the evening at the Liberty Baptist Church in Calhoun.

MR. AND MRS. JIMMY HAROLD WHITTINGTON

Couple Say Vows By Candlelight

A recent wedding of interest in Monroe was the marriage of Miss Betty Ruth Price to Jimmy Harold Whittington on June 2. The Reverend I. L. Yeager performed the ceremony in the Stone Avenue Methodist Church before a large gathering of friends and relatives of the young couple.

The bride is the daughter of Mr. and Mrs. Grover L. Price and the bridegroom is the son of the late Mr. and Mrs. Buford H. Whittington.

The church was decorated with white summer blossoms and black wrought iron candelabra holding white tapers.

Miss Elaine Hesketh at the organ accompanied Mrs. Betty Forman in her vocal solos: "Because" and "O Promise Me".

The bride entered the church with her father who gave her in marriage. Her bridal gown of white tulle and lace over slipper satin was made with a taut bodice and flowing, voluminous skirt. The waist-length veil was of white tulle, as were her gloves which were edged in with a band of white lace. The bride carried a bridal bouquet of split carnations centered with a white orchid.

Miss Beulah Burkett, maid of honor, wore a dress of lavender antique taffeta and carried a nosegay of pink carnations. Burton Russell, brother-in-law to the bridegroom, was the best man. Serving as ushers were Tommy Neff and Joe Neff, Jr.

For her daughter's wedding, and the reception which followed in the Fellowship Hall of the church, the bride's mother chose a mauve, lace dress with white accessories.

Mr. and Mrs. Whittington left immediately following the reception for a brief wedding trip to Vicksburg, Miss. They are now at home to their friends in their apartment at 112½ Linderman, West Monroe.

Among the out-of-town guests were Mrs. M. E. Goodale, Mrs. Nema Pruitt, and Mrs. B. K. Logsden and children.

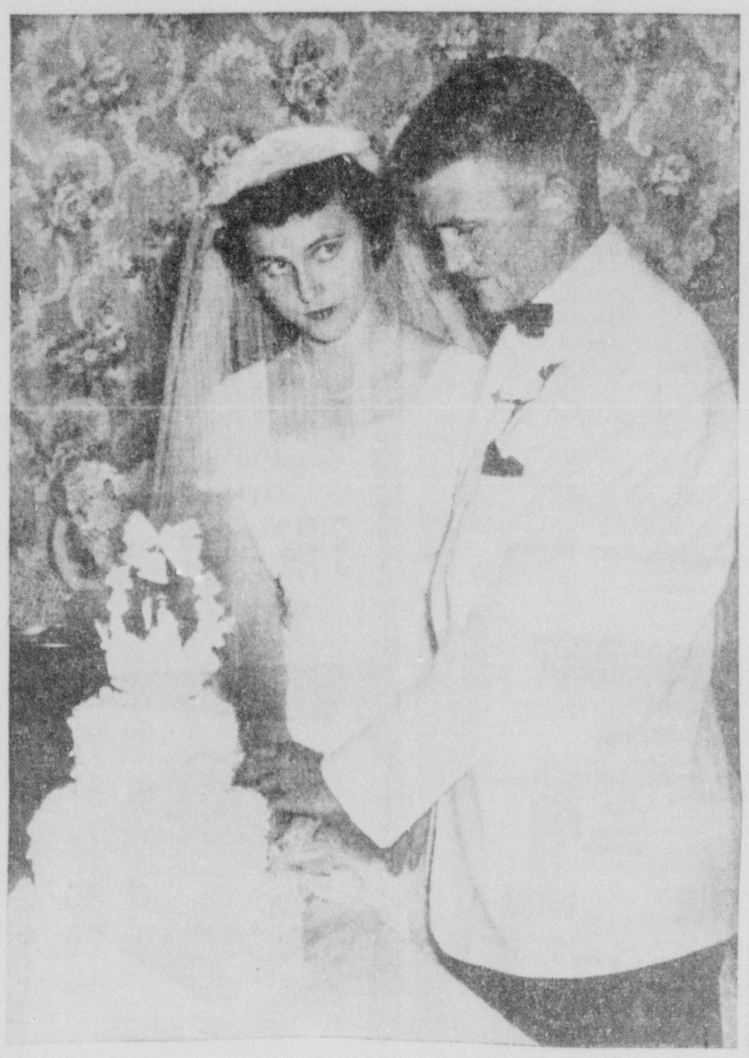
MISS JUNE ALEXANDER, daughter of Mr. and Mrs. J. C. Alexander of West Monroe, will wed George Allen Hare, son of Mrs. Maurice R. Hare and the late Mr. Hare of Monroe, at 7 o'clock Friday evening, June 29, at the Loch Arbor Baptist Church.



MR. AND MRS. MORRIS P. ALBRITTON

Miss Foreman Is Bride Of Morris P. Albritton

The chapel of the First Baptist Church in West Monroe was the setting for the nuptial vows of Miss Dixie Foreman, daughter of Mr. and Mrs. A. L. Foreman, and Morris P. Albritton, son of Mr. and Mrs. Lavelle Albritton of Farmerville.

Bouquets of gladioli and white candles in candelabras decorated the altar. The Rev. Jaroy Weber performed the double ring ceremony.

Miss Carol Eady was organist and accompanied the soloist, Elvis Stout.

Given in marriage by her father, the bride was attired in a white satin embroidered organdy featuring white ruffles down the back. Her veil was of matching tulle. She carried a white orchid mounted on a white Bible.

Miss Dixie Brown was maid of honor. Her dress was of blue organdy worn with a blue satin headdress. Her heart-shaped bouquet was mounted on blue satin.

Mrs. Jimmie Sue Forman was matron of honor and Miss Bonnie Foreman bridesmaid. Their gowns matched the maid of honor's.

Sandra Kay Phillips and Barbara Frances Feazel served as flower girls and wore frocks also of blue organdy.

Hudson Lee Miller served the bridegroom as best man. Ushers were George Albritton and Blake Albritton.

The candles were lighted by Misses Linda Sue and Janice Nale, nieces of the bridegroom.

The bride's mother chose for the wedding a gray and pink printed silk with black accessories and a corsage of pink mums.

Mrs. Albritton, the bridegroom's mother, was becomingly attired in a pink lace complemented by pink and white mums.

A reception followed the wedding at 301 North Sixth street, West Monroe.

Bouquets of mums and candles were placed at points of interest throughout the reception rooms.

For a wedding trip to the Ozark Mountains, the bride changed to a light blue linen with white accessories and the orchid from her wedding bouquet.

A graduate of the West Monroe High School, the bride is attending Northeast Louisiana State College.

Mr. Albritton graduated from Farmerville High School.

Out-of-town guests were Mr. and Mrs. J. D. Vestal and Judy, Jr. and Mrs. Rodney Johnson all of Huttig, Ark., Miss Virginia McMurrian, Miss Alita Miller, Mr. and Mrs. Herbert Miller, all of Farmerville and Mr. and Mrs. Roy Nale and Mr. and Mrs. M.L. Albritton of Sterlington.

Best Way to Kill Roaches and Ants
Best Way to Kill Roaches and Ants

COCKROACHES and ants are the most difficult household pests to control. Now you can kill these pests with Johnston's Super No-Roach.

No-Roach is a white viscous substance which you apply with a brush. Within minutes it dries to form a colorless, odorless contact insecticide, that stays effective for months.

Cockroaches

Apply No-Roach to cupboard walls, baseboards, near sink and cabinets, on pipes, and wherever you see cockroaches.

Ants

Brush No-Roach around table legs and counter tops, across window sills and door sills, and across ant trails. Ants will not cross the coating. Pour a few drops into ant hills.

No-Roach is also effective against resistant roaches, spiders, silverfish, waterbugs, bed bugs and other crawling insects.

Common Sense Way

Remember, when you use Johnston's Super No-Roach, you don't have to move dishes, pots and pans, or breathe harmful vapors, as you must with contaminating sprays. Apply No-Roach just where you want it, the invisible coating stays effective for months.

Guard against crawling insects this common sense No-Roach way. 8 oz. 89¢; pt. $1.69; qt. $2.98.

MR. AND MRS. FRANKLIN DANIEL HOAK

Miss Kilpatrick Weds Franklin Hoak In Calhoun

Miss Mary Alice Kilpatrick and Mr. Franklin Daniel Hoak exchanged nuptial vows in a double ring ceremony at the Liberty Baptist Church in Calhoun at 8 o'clock Tuesday evening, June 5. The Rev. S. W. Tullos performed the rites.

The bride is the only daughter of Mr. and Mrs. James Arthur Kilpatrick of Calhoun and the bridegroom is the son of Mr. and Mrs. W. G. Hoak of Uniontown, Penn.

Branched candelabras with white tapers, potted greenery and floor baskets of white gladioli formed the badkground for the wedding party.

Nuptial music was presented by Miss Delores Gonzales, organist, who also accompanied Miss Patricia Patterson, soloist.

Miss Wanda Faye Wilder and Miss Brenda Custer lighted the candles.

Miss Sara Saterfield served the bride as maid of honor. Her gown was a waltz-length model in pale pink lace over matching taffeta. She wore a sequin trimmed hat.

Given in marriage by her father, the bride was wearing a gown fashioned of chantilly lace over white satin. The bodice was complemented by a bolero which featured a Peter Pan collar and lace covered buttons. The long sleeves ended in petal points over the wrist. Her bouffant skirt was chapel length. A close fitting rhinestone encrusted white hat with a short veil completed her ensemble. She carried a white Bible on which was mounted a bouquet of stephanotis centered with a purple-throated orchid.

Miss Marsha Johnson served as flower girl and Kenny Custer was ring bearer.

The bride's brother, James Ellis Kilpatrick, served as best man. Ushers were Thomas Wilder and Donald Heacock of Calhoun.

For her daughter's wedding, Mrs. Kilpatrick chose a dark blue crepe gown with harmonizing accessories and a corsage of white carnations.

The groom's mother was attired in a grey model with matching accessories and a white carnation corsage.

Immediately following the ceremony, a reception was held in the social rooms of the church. Receiving with the bridal couple were their parents and attendants.

Mrs. Lola Mae Richerson presided at the bride's book.

A lace cloth overlaid the bride's table which was centered an arrangement of white carnations flanked by tall candles in silver holders. The three-tiered wedding cake was served by Miss Patricia Patterson.

Sweetheart roses decorated the punch table where Mrs. LeRoy Womack presided.

Assisting in courtesies were Mrs. S. W. Tullos and Mrs. Willy Roach.

The bride is the granddaughter of the late Mr. and Mrs. Westley Kilpatrick and of Mr. and Mrs. Ben J. Kelly of Calhoun. She graduated from Calhoun High School and is a senior at Northeast Louiniana State College, majoring in elementary education.

Mr. Hoak graduated from South Uniontown High School and is attending Northeast State College. He served three years in Germany with the United States Army.

After a brief wedding trip, the couple will reside in Monroe where they both will continue their studies.

BRIDE - ELECT — Miss Ruby Whitman, daughter of the Rev. and Mrs. George W. Reynolds, will become the bride of Richard Kalil, son of Mrs. I. R. Kalil and the late Mr. Kalil of Monroe on June 30. The wedding will be solemnized in the home of Mr. and Mrs. C. L. Roberts.

Grube-Ellerbe Vows Said In Afternoon

WINNSBORO — United in marriage at 4 o'clock in the afternoon on June 3 in an impressive double-ring ceremony at the Lone Cedar Baptist church were Miss Ruth Ellerbe, daugther of Mrs. Annie Ellerbe and the late William Carey Ellerbe of this city, and Marion D. Grube, son of Mr. and Mrs. Howard Grube of Delhi.

Branched candelabra with white cathedral tapers and floor baskets of white gladioli were used on either side of the arch which was covered with glossy green magnolia leaves. The lighted tapers casting their glow on the arch, made a picturesque setting for the exchange of the vows. The Rev. Bobby Brown officiated at the impressive ceremony.

Pre-nuptial music was played by Miss Elizabeth Landis who also accompanied Miss Fleta Davis who sang.

The bride was given in marriage by her brother, William E. Ellerbe. She was wearing a waltz length gown of white slipper satin, flashioned with a full skirt. The neckline was designed in a V shape and the sleeves extended to points at the hands. Her veil of illusion was held in place by a tiara of seed pearls. She carried a white Bible topped with white gladioli and stephanotis.

Miss Jimmy Blackman was the maid of honor. Her gown was fashioned after the bride's and was designed from rose lace over taffeta. She wore pink lace mitts and carried a bouquet of green carnations.

Miss Mary Ann McDaniel of Columbia, a niece of the bride, and Mrs. James F. Fox were bridesmaids. Their gowns were identical to the honor attendant. Glenda Ruth Thornhill, niece of the bride, was flower girl. She was wearing a lavender organdy dress and she carried a nosegay of pink carnations.

RCell Gilcrease of Delhi served as best man. Ushers and groomsmen were Herschel Grube, brother of the bridegroom and J. B. Dixon.

A reception was held immediately following the wedding, at the home of Mr. and Mrs. James F. Fox.

Mrs. J. B. Dixon presided at the bride's book.

The bride's table was covered with a lace table cloth. The centerpiece was of white gladioli. The crystal punch service was placed at one end of the table and the tiered wedding cake, topped with a miniature bride and groom and decorated with white roses and butterflies, was at the opposite end.

Mrs. H. D. Dixon served the wedding cake and Mrs. Herschel Grube poured the punch. Mrs. RCell Gilcrease assisted in serving.

Later in the evening the young couple departed on their wedding trip. The bride was wearing a rust colored linen suit and she wore brown accessories and a corsage from her wedding bouquet.

After the wedding trip the couple will make their home in Delhi.

It's Time To Mulch Plants

CASH
For Your
PIANO
Box 1166 Ph. 2-5700

With the hot sun beaming many hours of the day, mulch is valuable to keep soil cool and to conserve moisture. The L. S. U. experiment station conducted much experiments for five years with camellias. All the mulch materials, with the exception of vermicalite, proved satisfactory. However, mulches that tend to pack, such as peat moss and the sawdusts, are not as satisfactory as looser type mulch materials, because where they are used plant roots tend to grow above the surface of the soil and water may even be shed from the surface of the mulch. The report on mulches states pine straw is believed to be the best mulch material if it is available

Soil Studies With Camellias

An experiment was also set up by the research department to determine best type soils for camellias. It is generally believed they thrive best in acid soil. To get additional information on this subject and to determine the effects of some acidifying materials an experiment was conducted. Aluminum sulphate, ammonium sulphate, zinc sulphate, phosporic acid and lime were used. Over a period of four years there was a soil pH range of 3.1 on plots receiving one third pound sulphur per square yard to 7.8 on plots receiving ⅜ pound of hydrated lime per square yard. Soil Ph on check plots varied from 6.0 to 6.6 Good growth was obtained on all plots with the exception of those that received one pound of ammonium sulphate per square yard, where plants were killed or badly injured. There was no damage to plants on plots that received one pound of aluminum sulphate per square yard. Plants on check plots made good growth. The results obtained show that when plants got sufficient nutrients from the soil to make good growth, the soil pH was of itself of no great importance.

If your plants do not look well, you may give them another application of a complete fertilizer —¼ to ½ pound to 1 square yard. After the fertilizer is applied, watering helps to prevent injury to shallow roots and renders it more quickly available for use. But do not apply fertilizer again this summer as too much new growth should not be encouraged.

New Chemical Effectively Controls Flies

All of us enjoy living out of doors during hot weather, but to enjoy it, we must control flies. More flies will begin to pester you as the weather gets warmer. Now is the time to plan to do something about controlling and preventing flies. To give you important aid with your fly control program several new chemicals are now available on the market. Several of the chemicals are available already mixed into baits, and you can mix the chemicals yourself into baits using products you have on hand, such as meal, bran and molasses. Three fly - control chemicals which you can get to use outside the home are Malathion, dipterex, and diazinon. Others of the list of new fly control chemicals are adapted for use in the barn, the dairy and in similar places. Mr. Woody Dry, assistant entomologist with agricultural extension at L. S. U., points out that the use of the right chemical at the right time will give you effective control of flies.

T. V. Show — The agent will give a demonstration Monday at Open House. Her subject is, "Three Ways to Prepare Corn to Freeze." Georgia Ruth Owens, a 4-H member, will assist. She will represent Ouachita at the 4-H Short Course with the freezing contest in July.

MISS ADA LYNNE GATES

Miss Gates Will Wed On June 23 In Dodson Church

Mr. and Mrs. Morris G. Gates of Dodson announce the approaching marriage of their daughter, Ada Lynne to Mr. Kenneth Lane Hightower of Shreveport, son of Mr. and Mrs. K. C. Hightower of Dodson.

The wedding will be an event of June 23rd at eight o'clock in the evening at the Dodson Baptist Church with Reverend Ray E. Prager of St. Joseph, former pastor, officiating.

Maternal grandparents of the bride-elect are the late Mr. John Mixon and Mrs. Ella Puckit Mixon, residents of Winn Parish. Mr. and Mrs. S. G. Gates of Sikes are her paternal grandparents.

Mr. Hightower is descended maternally from the late Mr. and Mrs. T. L. Jones who were pioneer residents of Dodson. His paternal grandparents are the late Mr. R. R. Hightower and Mrs. Hightower of Ruston.

Mrs. Doyle R. Parker of Monroe will serve her sister as matron of honor. Bridesmaids will be Miss Katherine Chandler and Miss Linnie Vee Higgs of Dodson.

Kermit Mixon Simmons will serve the prospective groom as best man.

Ushers will be Harry David Simmons and Jerone Murphey of Dodson.

MISS GAYLIA JEANNINE IRBY is betrothed to Charles Williams. She is the daughter of Mr. and Mrs. W. E. Irby and Mr. Williams' parents are Mr. and Mrs. H. P. Williams, both of West Monroe. The Rev. O. P. Brazer will officiate at the ceremony to be solemnized June 29.

MISS SYLVIA DAWN SMITH'S engagement to Wayne Goyne, son of J. E. Goyne, Jr., of Crossett, Ark., and the late Mrs. Goyne is announced by her parents, Mrs. Lois P. Smith and H. G. Smith, of Bastrop. The wedding will be celebrated there late in the summer.

Try adding chunks of tuna to a tossed green salad and serve as a main course for lunch. Slices of radish or pimiento strips will add color.

Ever add ground cooked ham to mashed potatoes for croquettes?

Schedule Change For X-Ray Unit Announced Here

A change in the schedule of the Mobile X-Ray unit now operating in Ouachita parish has been announced by Dr. W. Carroll Summer of the health unit.

"The unit will continue at No. 3rd and Louisville ave. through June 19," states Dr. Summer. "It will then re-locate on Grammont at the corner of 14th street on June 20 for one day only. This will make the services of the unit available to employees of Kellogg Lumber company and to all residents of this area during the hours from 9 a.m. to 12 noon and 1 p.m. to 4 p.m."

"We are well pleased with the number of people responding to this service in Ouachita parish," Dr. Summer continued. "A total of 3168 chest x-rays have been made during the period June 4 through June 14. We urge all who have not had chest x-rays to take advantage of this opportunity."

Dates and locations of the unit during the rest of the month are:

June 21 — A. M. Selig Mfg. Co., Thomas Avenue (8 a.m.- 12 noon); Thomas avenue and Jackson st. (3 p.m.- 8 p.m.).

June 22 — Sears Town on Louisville ave. (9-12 a.m. 1-6 p.m.).

—une 26 — Foster Homes, Renwick addition, (12-5 p.m. 6-9 p.m.)

June 27 — Carver Homes Texas ave. (12-5 p.m. 6-9 p.m.)

June 28-29 Commercial Solvents, Sterlington.

MISS DIXIE CLEMENTINE FERGUSON

Couple Plan Wedding For Late Summer

Mr. and Mrs. Fletcher Ferguson of Greenville, Miss., formerly of this city, have announced the engagement of their daughter, Miss Dixie Clementine, to Franklin Dewitt Platt, son of Mr. and Mrs. Robert Baxter Platt of Marion.

Miss Ferguson is the granddaughter of Mr. and Mrs. Oscar Burke Ferguson of Saragossa, Ala., and Mrs. Albert Powers and the late Mr. Powers of Oxly, Mo. She was graduated from Greenville High School where she was a member of the National Honor Society.

A graduate of Louisiana State University, she was vice-president of Kappa Kappa Gamma sorority and was a member of the Homecoming Court in 1954.

She was a member of the Delta Debutante Club in 1952.

Mr. Platt is the grandson of the late Rev. Benjamin Franklin Platt of Marion and the late Mr. and Mrs. Cyrus White of Meridian, Miss.

He was graduated from Louisiana State University where he served as president of the College of Arts and Science, was a member of Omicron Delta Kappa and other honorary fraternities and was listed in "Who's Who In American Colleges and Universities." He has done graduate work in New York for the past year.

A late summer wedding is planned.

To test whether a syrup is at the hard-crack stage, drop half a teaspoon of it in cold water. If the syrup separates into hard brittle threads it's at the specified stage.

Boil tiny new potatoes in their skins, then peel, douse with butter and turn into a serving dish. Spoon cooked buttered green peas over the potatoes. Good with hamburgers or meat loaf.

How To Care For Your Gladiolus

Unless it rains between now and Sunday, you'll need to do some soaking. Buds are forming now for next year's bloom. If the plants get too dry you'll not get the blossoms you want when it's blooming time.

Speaking of blooms, I know you're enjoying your gladioli cut flowers. Miss Winona Chauffe, Assistant Garden Specialist from L.S.U., gives some hints on cutting these. Since glads open in succession from the bottom upward, the best time to cut these is when the two bottom florets are open. By the time several of the blossoms of the spike are dead and you can cut them off.

When you gather the gladiolus blossoms, use short knife rather than shears. Leave four or five leaves to feed the plant and corms for next year. Cut the blooms by running the blade of the knife down between the leaves and stalk. Cut upward with a slanting motion.

It is not necessary to dig gladiolus bulbs after planting. They'll bloom for you a number of years just leaving them in the ground if you'll care for them by fertilizing. However, if you want to dig the corms, wait until six or eight weeks after they flower. The glads need that long for the corms to mature.

Lift the corms with a spading fork, as there is less danger of cutting. After lifting cut the tops close to the corms. Leave them spread for two or three weeks to cure. Then you're ready to treat to prevent thrips. Dust bulbs with a mixture of half 10 per cent D.D.T. dust and half spergon or arason dust. Now they're ready to store in open paper bags, or a ventilated basket or tray. That all sounds like so much trouble, I expect you've decided you'll leave the corms in the ground. Occasionally, though, you want them moved to another location and moving is necessary.

Not Nice News

Diseases and insects are never welcome visitors or good news, but — we have to control both or move out and turn the garden over to them. Now we are having trouble with lawn pests, — first, crawfish, the kind that builds mud chimmeys. Our department says a D. D. T. mixture of one pound of 50 per cent D.D.T. wettable powder, dissolved in ten gallons of water is the treatment, applying one ounce per hole.

Ants can be easily controlled by dusting the "haunts" with 6 percent chlordane dust. If you want to spray a large area, you can mix 2 pounds of 40 per cent or 50 per cent wettable powder to 50 gallons of water. Just spray all around the house and the entire lawn. This gets the red bugs, too.

Many of you have noticed circular, dead, brown areas in your St. Augustine lawns. The chinch bug causes this damage. Dust with 6 per cent chlordane. If you want to spray the entire lawn use 2 pounds of 40 per cent or 50 per cent wettable chlordane powder to 50 gallons of water. You have the same treatment for chinch bugs and ants. The chinch bug is a small, brownish bug, having a bad odor. He sucks the sap of grasses, being especially bad on St. Augustine. This damage is always done in a circle, leaving brown spots.

The sod webworm and white grub destroys the turf, not in a circular pattern — just great areas of the lawn will die completely. Dust this turf with 10 per cent D.D.T. and water down.

Do you have a copy of our mimeographed leaflet "Control of insect Pests of Ornamental and Flowering Shrubs?" You'll find most of the ordinary shrubs, trees and flowers with the pest that attacks each, what to use and how to mix it. Keep this copy in your dictionary or encyclopedia where you can find it when you need the information. Call 3-2251 for this leaflet.

National Dairy Month

We talked last Sunday about the different materials in milk. Now, let's see how much food we'd have to eat to get the equivalent of one quart of milk. Foods furnishing the same amount of calcium as one quart of milk are: 7¼ pounds of carrots, or 39 eggs, or 28 oranges, or 27 pounds of potatoes, or 6¾ pounds of cabbage.

Foods furnishing the same amount of riboflavin as one quart of milk are: 1 1-3 lbs. greens. or 3¼ ounces liver, or 12 large eggs, or 1½ pounds dried beans, or 2 1-3 lbs. beef, or 14 ounces of cheese.

Foods furnishing the same amount of protein as one quart of milk are: 5 large eggs, or 5½ ounces of liver, or 6 1-3 ounces fish, or 5 ounces of dried beans, or 5¾ ounces of beef, or 4 ounces of peanut butter, or 4 ounces of cheese, or 16 slices of bread.

Of each dollar, you, Mrs. Housewife, paid for milk in 1954, here is how that money was spent from cup to cow. About 47 cents out of the dollar went to the farmer, 22 cents for wages and salaries. Other costs included transportation, containers, license fees, taxes and the like. Altogether, it cost the dairy an average of 97¾ cents to buy and process each dollar's worth of milk that it sold.

That left a profit to the milkman of about 2¼ cents or about half a cent a quart. That's the story of the cost of your milk—from cow to cup.

If you yearn for pie but fear the calories, here's a recipe for a very delicious buttermilk pie:

Buttermilk Pie

2 cups buttermilk
1 cup sugar
3 eggs separated
3 tablespoons flour
½ teaspoon salt
4 tablespoons melted butter
1 teaspoon vanilla if desired

Beat egg yolks. Add sugar and flour that have been mixed. Add milk and the butter. Beat egg whites until stiff. Fold egg whites into other mixture. Bake in an uncooked pie crust for 45 minutes at 375 degrees. This serves eight people.

Garden Center Notes

Summer Garden Show Held At Garden Center

The Arrangers Circle of the Twin Cities staged a beautiful summer time flower show at the Garden Center this week. High score was awarded to Mrs. Pearl Branch for her lovely arrangement featuring the Hogarth curve. A tall chartreuse vase was used for the design in rosy - pink and yellow - green. The line was established with a small bloom of the hydrangea at the top. Alstromeria seed pods (calico lily) were used to complete the line and the graceful S curve over the rim of the container. Variegated hosta leaves and green and white caladium leaves provided background material and the line was enhanced with the rosy pink hydrangeas. A very pleasing design with a great deal of distinction.

Mrs. William Bennett was awarded second place for her vertical design. A tall yellow cylinder vase of Japanese design held the placements of equisetum (horse tail rush) and nephthytis vine which was brought down the length of the container with the tip touching the black base. Philodendron leaves were placed behind rosettes of sempervivum (hen and chickens). One cluster was brought over the rim of the container following the line of the vine. Most attractive and interesting use of material.

Mrs. Eugene Flournoy made a lovely old fashioned summer arrangement in a silver basket with a handle. The horizontal design was composed of lavender pink hydrangeas, deep pink double oleanders, pink and blue double larkspurs and blue cornflowers.

Mrs. Pearl Branch also exhibited a lovely rhythmic design in green and yellow. A large green free-form bowl was used for the swirling placements of large calla leaves bells of Ireland and pale yelow daylilies in the center. A most unusual and arresting design.

Next week Mr. John Wright of Louisiana Tech will present another flower arrangement lesson on television. The arrangements he makes will be on display at the Garden Center. Be sure to come in and see them.

Reminder of coming events: The 10th annual convention of the American Hemerocallis Society will be held in Omaha, Neb. July 17-21, 1956. There will be a one day bus trip to Shenandoah, Iowa and a trip to Boystown. For information write, Mrs. George J. Haer, secretary Omaha Hemerocallis Society, 5303 Spring Street, Omaha 7, Neb. or come by the Garden Center. We have all the information regarding rates here.

Louisiana's first Advanced Course for Accredited Judges and Flower Show Exhibitors will be held August 13-14, 1956 in Baton Rouge. Mrs. J. L. Webb, Houston, Texas will give a lecture-analyzation demonstration on table settings and decorations, Monday, August 13, Bellemont Motor hotel, 7370 Airline Highway. Dr. R. H. Hanchey, L. S. U., will give a lecture-analyzation on point - score judging on Saint Paulia, Tuesday, August 14, Allen Hall followed by Dr. W. D. Kimbrough who will give a lecture - analyzation of point - score judging on roses. Accredited judges, student judges and others interested are cordially invited to attend the lectures. Accredited judges may take the point - score examination and receive credit for the course. Please send all requests for information on the Advanced Course to Mrs. Charles S. Boone, State Flower Show chairman, 225 Patton, Shreveport, La.

BOOKS

Beasts and Men. By Pierre Gascar. Translated from French by Jean Stewart. Atlantic - Little, Brown.

Six short stories and a novelette make up this curious collection which won two important literary prizes in France and some high praise in England but which nevertheless seems unlikely to enjoy any comparable reception in this country.

The stories are quickly told:

A new recruit at the outbreak of war is assigned to tend to several hundred horses, which stampede. A boy is apprenticed to a butcher. Prisoners starve behind their barrier, while circus animals are fed behind theirs. "Gaston" is a rat that, at least symbolically, defies the rat catcher. A cat flees the apartment to be occupied by newlyweds. Dogs trained to run down uninformed fugitives practise on a man protected by heavy padding. There is a vast burial ground and there are hordes of dead.

One of the lot of seven is eminently successful: "The House of Blood." A boy apprenticed to a butcher watches while the various hepless animals are struck over the head, bled, skinned, sliced up as the carcasses steam and the blood runs hot and red. It is horrible. As the town threatens to place the entire process under formal legal restrictions, the implication is, that society itself has no objection to this Slaughter of the Innocents proveded the abattori is run according to rule.

In the others the indubitable air of gloom is not accompanied by any convincing sense of doom. The grim material goes to waste, becoming neither plot nor clearly defined mood. The translation seems good, but all this may have something in French that can't get through in English.

W. G. Rogers

Art In Review

The 12 American artists whose work is presently on view at the Museum of Modern Art are younger people whose painting and sculpture is considered among the most advanced in the western world.

Most of this work does not contain, either directly nor obliquely, through symbols or allegories, any allusion to facts, feelings or endeavors that fill our daily lives. The only thing these artists are interested in is to put the paint on the canvas in a purely personal way.

An extraordinary emphasis is leid on originality. Not on originality of style, however. Style would demand an organization of forms reflecting a vision of life. That is not their concern. Their originality lies just in the particular way they put the paint on the canvas. Everyone of them does it a little bit differently than the other.

These pictures can be enjoyed only by those very few whose esthetic sensitivity is incomparably more keen than their intellectual curiosity or their moral consciousness.

Whether the manifestation of a purely esthetic sensitivity can and should be called art is a debatable question. It is certainly entirely different from anything we have been accustomed to call art. The fact that it can be enjoyed only by a very small minority is not necessarily a proof that it is the art of an elite. It depends on whether one calls elite those who can unite in a meaningful whole the entire human experience or those who have developed to an extreme degree one single human sensitivity to the deteriment of all the rest.

It is possible that in an industrial civilization in which everything tends toward specialization art will become an experience that specializes in esthetic enjoyment exclusively. But it might also be that this situation has developed in art because western civilization has not yet produced the genius who could sum up and integrate into the great western tradition this new, interesting trend.

SOUTHERN GARDENER—

By William Lanier Hunt

Store Bulbs In Cool, Dry Place

Now is the time to dig and divide your red spiderlilies, Hall's amaryllis, sternbergias and the miniature amaryllis. All these bulbs have evergreen foliage and should never, never be tampered with while the foliage is growing during its season from the time it appears in September till it disappears in May or June. If you have some of the rare yellow spiderlilies or other kinds of this fine group of bulbs, they should be transferred now, too.

The hot weather and summer droughts discourage bulb digging in the South, and a lot of people fail to move these winter foliaged bulbs every year. Another reason for failure to transplant them lies in the fact that we forget about them because the foliage has disappeared.

If your bulbs have been flowering normally every year and you have noticed no failure to bloom normally, you may not need to divide them. In good rich soil and where they have been given an annual top dressing of bone meal, bulbs will continue to flower for as long as ten or fifteen years. When the flowering decreases, however, it is time to dig them and divide them.

All of these bulbs will stand storage on a dry floor in the shade in a cool place. The spiderlilies — particularly the red ones —will be better off planted right back in the soil before their roots dry out, but even they will take dry storage.

To bloom for you this fall, get the bulbs back into the ground at least by early September. If you fail to do this, the buds of spiderlilies will dry up. Of course, the pink Hall's amaryllis must go back sooner because they flower in mid-summer. Sternbergias and the miniature red amaryllis will bloom right in storage if they are not planted. This will not damage them, but you will miss the crop!

When you store your bulbs, they will need to be spread out so that no bulb touched another. They are full of water and will need to lose some of it by transpiration. Keep an eye on them and remove any that rot or go bad in any way. Rot can spread like wildfire through a batch of bulbs and destroy them all in a day or so. After a week or so, you can shuffle the bulbs together and rub off any soil that had clung to them. You will soon get to know the feel of a bad bulb. A bulb should feel solid when squeezed slightly. If it does not, it may have rot at the heart. Keep the doubtful bulbs in a place to themselves.

Delicious addition to a fruit salad: chill five ounces of soft cheddar cheese. Next step is to take up teaspoonfuls of the cheese and roll into small balls. Last lap: roll the balls in a half cup of finely chopped toasted nutmeats.

Rev. M'Cammon Is Pastor Assigned In L. Providence

LAKE PROVIDENCE—(Special) — Robert C. McCammon has arrived in Lake Providence to assume his new duties as pastor of the First Methodist Church here.

Reverend McCammon replaces Reverend Tomas Major Lancaster, former pastor, who accepted a position in Caddo Parish.

The new minister, who calls Pine Bluff, Arkansas home, received his bachelor's degree from Hendrix College at Conway, Arkansas and his Bachelor of Divinity from the Perkins School of Theology at Southern Methodist University, Dallas, Texas.

His first pastorate was at Wilmot, Arkansas, where he served for five years before accepting a position at the Asberry Methodist Church of Little Rock, Arkansas, as Associate Pastor.

Two years later Reverend McCammon went to Plaquemine as pastor, serving in that capacity until he accepted the present position with the Lake Providence Church.

Reverend and Mrs. McCammon and their two daughters, Janelle, 10 and Mary Susan, 6, are settled in the pastorium on Hood Street, and are being warmly welcomed into the community.

Official Board Of Wisner Church Assumes Office

WISNER, La. (Special) — The Official Board of the Wisner Methodist Church re-elected most of the 1955 officers at its reorganization meeting this week, according to Rev. James A. Knight, pastor of the church.

Harry W. Gilbert was re-elected chairman, W. S. Knotts re-elected vice-chairman, J. C. Brewer, Jr. re-elected treasurer, A. J. Ensminger, secretary. Ushers re-elected were W. A. Tucker, A. D. Moore, Jr., W. E. Carroll and E.S. Brown, Jr. Other members of the Board are E. O. Cannon, C. D. Coburn, Sr., George Carroll, H.A. Cruce, C. H. Foster, Jr., M. E. McKee, Carl Shipp, Jr., Ray McManus, Mrs. H. A. Cruce, Mrs. W. D. Goodman and Mrs. Kirk T. Warner.

Bible Words for Today

JOHN 16:23,24. "...Truly, truly, I say to you, if you ask anything of the Father, he will give it to you in my name. Hitherto you have asked nothing in my name; ask, and you will receive, that your joy may be full." (RSV)

* * *

Radio contact had been established with the beleaguered forces defending Wake Island in 1942 in a desperate effort to secure information regarding the battle for that small South Pacific outpost. Enemy forces were overwhelming—hope for a successful defense was lost, but the answer came from the Commanding Officer, "We have not yet begun to fight!"

In difference circumstances Jesus expressed this spirit in the words of this Scripture. These were strange words for many things had been asked of Jesus, yet He was saying "...until now, you have asked nothing..." Perhaps He was reminding them that they had not yet really begun to pray to the full extent of their available resources.

If individuals can say with determination "We haven't even started yet!" beginning to ask and seek for answers, expressing those answers in meaningful service, then, truly" ... our joy may be full".

REV. FILER J. SEAL

Trenton Baptist New Church Now Will Open Doors

A newly-organized Baptist church has just called as pastor, the Rev. Filer J. Seal. This church is Trenton Baptist church at Avant and McBride streets in West Monroe.

The pastor that the church is calling is no newcomer to the Twin Cities for he served as pastor of Trinity Baptist church, West Monroe, from 1946 to 1951.

He is coming back to West Monroe after a successful pastorate at the First Baptist church in Olla.

He looks forward to a bright and highly successful ministry at the new church.

The first services will be held Sunday at the usual church service time. W. W. Neese, is superintendent of the Sunday school and Henry L. King is director of the training union.

A special invitation is extended to the public who lack any church connection. They are urgently invited to attend this new church.

Former Mission Worker Named To Head Ga. College

Eugene Clayton Calhoun, Jr. has been elected president of Paine College, Augusta, Georgia. He assumed that post on June 15. Elected by the Board of Trustees of the college, Dr. Calhoun will succeed the retiring president, Dr. Edmund C. Peters.

A native of Douglas, Georgia, the new president is the son of Eugene Clayton Calhoun, Sr. and Gussie Barnes Calhoun, who are at president residents of Perry, Florida. He was educated in the public schools of Florida and was graduated with the A. B. degree from Florida Southern College, Lakeland, Florida, later obtaining a B. D. degree from Southern Methodist University. He has done graduate work at Soochow University School of Chinese Languages, Boston University School of Theology and the University of California School of Oriental Languages and Culture.

A former missionary to China, Dr. Calhoun was evacuated from that country in 1940 and since that time has held pastorates in Florida and North Carolina. At present he is pastor of Riverside Methodist Church, Miami, Flordia.

MY ANSWER by Billy Graham

QUESTION: I hear you speak of family devotions. Is a family altar really practical in this streamlined age? P. E.

ANSWER: Family devotions are not only practical, they are essential in the well adjusted home. I list below seven reasons why I consider family worship important:

1. It unifies the homelife, and puts faith in the place of friction.

2. It brings to the family group a sense of God's presence.

3. It shows the children that God is relevant to everyday living, and not just a Being to be worshipped on Sunday.

4. It gives members of the family an opportunity for self-examination and confession of sin.

5. It strengthens the members of the household for the tasks and responsibilities they are to face during the day.

6. It insulates us against the hurts and misunderstandings which come our way.

7. It supplements the work of the church, and makes of our homes a sanctuary where Christ is honored.

"And thou shalt teach them diligently unto thy children; and shalt talk of them when thou sittest in thine house . . . "Deut. 6:7.

AULDS CHAPEL SPEAKER—The Rev. Paul Mercer (above) of Lewisville, Tex., where he is pastor of the Lewisville Bible school, will lead evangelistic meetings June 18-24 at 7:45 p.m. in Aulds Chapel, Route 2, Downsville.

Missionaries To Plan New Means Of Reaching Lost

Missionaries and staff members of the Board of Missions of the Methodist Church are meeting in Greencastle, Ind., June 19-26 to discuss ways of implementing plans for an evangelistic emphasis in overseas mission areas 1956-60.

The four-year evangelistic emphasis will be the focal point for the meeting, which will be the eleventh annual conference of new and furloughed Methodist missionaries. About 425 persons, including Methodist students and church workers from overseas as well as missionaries and board staff members from New York, will be on the DePauw University campus for the conference.

The theme of the conference is "Witness and Decision," which is the title selected for the four-year evangelistic emphasis. The program, adopted by the Board of Missions, calls for evangelistic emphasis in all overseas mission areas and for special efforts in northern Borneo, the Belgian Congo, Bolivia and Korea.

The keynote speech, "Witness and Decision," will be given by Dr. James K. Mathews, executive secretary of the board's Division of World Missions, at the Gobin Memorial Methodist Church on the DePauw campus. In speeches, panels and discussions in succeeding sessions, the missionaries and staff members will discuss obstacles to evangelistic advance and evangelism among the special groups, such as laymen and youth. The closing address June 26 will be given by Dr. Eugene L. Smith, general executive secretary of the Division of World Missions.

The conference is sponsored jointly by the Division of World Missions and the Department of Work in Foreign Fields of the Woman's Division of Christian Service. Both are divisions of the Board of Missions.

CHURCH OF CHRIST

FIRST CHURCH OF CHRIST, SCIENTIST
No. 2nd At Auburn

"Is the Universe, Including Man, Evolved By Atomic Force?" is the subject of the Lesson-sermon in all Churches of Christ, Scientist, Sunday, June 17, 1956.

The Golden Text is: "The Lord is a great God, and a great King above all gods. In his hand are the deep places of the earth: the strength of the hills is his also" (Ps. 95:3, 4).

Among the citations which comprise the lesson-sermon is the following from the Bible: "In the beginning God created the heaven and the earth" (Gen. 1:1).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The notion of a material universe is utterly opposed to the theory of man as evolved from Mind" (545).

Ross Resigns As NSC Director Of Testing Service

NATCHITOCHES, June 16 (Special) — Charles A. Ross, director of testing service at Northwestern State College for the past seven years, has resigned his position, effective September 1, Dudley G. Fulton, director of student relations, said here today.

Ross will enter Louisiana State University next fall to complete work toward a Ph. D. in sociology.

While at the college, the student counselor and testing director has been sponsor of the Student Senate, freshman class and the Canterbury Club. He organized the first amateur radio club on the campus, with an all-NSC student membership.

Why Grow Old?

By Josephine Lowman

Straight Spine Essential To Beauty Of The Back

It is too bad that we women do not have rear view mirrors so that we can see who is staring at us. Very few women ever look at themselves rear view and yet others may be more critical of our backs because they can stare at us in peace.

Let us think for a few minutes about our back and the part it plays in our attractiveness. We certainly need a straight spine on which to pin our hopes. Round shoulders make correct breathing impossible and crowd our heart and damage our appearance. Good posture is one attribute which we can take down the years with us and one which gives the illusion of youthfulness at any age.

Many people develop round shoulders during school years when they slump over desks. This was especially true before desks were adjustable to individual height. Others form this habit of poor posture when illness or fatigue or unhappiness makes them slump. Still more simply give in to the pull of gravity and unawareness of carriage.

If you have round shoulders, for whatever reason, if you have personal pride in your personal appearance or interest in your health, you should correct or improve this condition. If you have had this kind of posture for many years your chest muscles will have shortened and your back muscles will have weakened and stretched.

You will have to stretch the chest muscles and strengthen your back muscles before you will be able to assume better posture. You will have to be patient and work hard.

The following exercise is corrective to round shoulders.

Stand just inside your bedroom door, barefooted. Take hold of each side of the door casing. Keep the feet in the same place but let the heels leave the floor as you let your body weight fall forward through the door. Hold yourself with your hands. Take hold of the sides of the door at a point just below your waist. Pull yourself back and continue.

If you would like to have my exercise routine for round shoulders send a stamped, self-addressed envelope with your request for leaflet No. 7. Address Josephine Lowman in care of this newspaper.

GAMES FOR SUMMER—6

Oranges and Lemons

This is another English singing game, brought to this country long ago, and using the names of some ancient churches and districts of London:

"Oranges and lemons," say the bells of St. Clemens,
"You owe me five farthings," say the bells of St. Martins,
"When will you pay me?" say the bells of Old Bailey,
"When I grow rich," say the bells of Shoreditch,
"When will that be?" say the bells of Stepney,
"I do not know," says the great bell of Bow.
Chorus:
Here comes a candle to light you to bed;
You've been caught on the way to bed.

Two of the players join hands to form an archway, after deciding secretly that one shall be "orange" and the other "lemon". The rest of the children pass under, singing the rhyme. At the last word "bed" the arch falls to enclose the player who happens to be beneath. He says either orange or lemon, and takes his place behind the player having the name he chooses. This should be done in whispers, so the rest do not learn which is which.

The game continues until all the players are behind either orange or lemon. Then, with each player holding the waist of the person in front, the oranges and lemons have a tug-of-war.

It's most fun to really play the game, but also you can color this picture with crayons, paste it on to cardboard, cut the parts, and fit together as shown above.

(If you have an idea for a Junior Editors panel send it in care of this newspaper and it may be worth $10 to you. Violet Moore Higgins; AP Newsfeatures.) 6-16

STAMPS

Ecuador completes its scenic series with 13 new stamps, reports the New York Stamp Co. Some of the scenes depicted are: the ruins

of Incapurca, palm trees at Esmeraldas, Aguacate Mission, fishing at Manta, the Cotopaxi volcano, native playing an instrument, church at Santo Domingo, cactus on the Galapago Islands, orchids, ancient art and llamas. The higher values in the set are for airmail.

Here's an interesting note concerning the sale of U. S. stamps at FIPEX in New York. There were 11,900,745 FIPEX items sold totaling $450,853.59. First day postmarks on the four FIPEX issues totaled 1,856,130.

Two stamps have been issued by Cuba to honor the Masons. The 2 centavos green shows a ground view of the new 2 million dollar Grand Lodge of Cuba Temple in Havana. The 12 c airmail depicts an aerial view of the same building.

Iran has issued a new stamp homoring the upcoming Olympic Games and the 10th anniversary of the National Olympic Committee. The 5 rials lavender adhesive depicts the five - ring Olympic symbol and lion coat of arms of Iran.

Postmaster General Arthur E Summerfield has approved two new commemorative stamps to be issued in August and September. One will honor "Wheatland" — the home of James Buchanan. First day sale will be Aug. 5 at Lancaster, Pa. The other stamp will celebrate the 50th anniversary of Devils Tower National Monument at Devils Tower, Wyo. on Sept. 24.

The Women of Switzerland have received special recognition for their roles as homemakers in the 1956 Pro Patria (National Day) stamps just issued.

The 5 centimes plus 5 grey

stamp shows a symbolic design of a scissors and flowers. The other four stamps in the set depict national lakes and rivers.

The 10 c plus 10 green shows the Rhone river at St. Maurice, 20 c plus 10 red brown — Lake Katzensee, 30 c plus 10 brown the Rhone river at Trin, the 40 c plus 10 blue — Lake Walensee.

From the Vatican comes word of three new stamps to commemorate tht 500th anniversary of the death of St. Rita of Cascia. Each stamp has the same design of St. Rita in Augustine habit. On her forehead is a wound, the emblem of her devotion to the Crown of Thorns. On either side are roses. The 10 lire is sepia, 25 lire brown and 35 lire blue.

St. Rita was canonized in 1900.

The population of Argentina grew from 9,996,467 in 1914 to 18,928,536 in 1954.

TV Notes

Macdonald Carey and Kim Hunter will co-star in "Moment of Courage," an exciting, suspense drama about a man who must

Kim Hunter

Macdonald Carey

make a split-second choice between a coward's life and a brave man's death, on the United States Steel Hour, Wednesday, June 20. Originally scheduled for February 20. "Moment of Courage" was preempted by an all network public affairs address by President Eisenhower.

Steel Hour productions are telecast "live" from New York City. Written by Henry Misrock the teleplay concerns a New York press agent, Jim Martin (Carey), who moves with his wife (Miss Hunter) and son to a "ghost town" in the West with the idea of building up the area as a tourist attraction. A "Pioneer Week," planned and publicized by Jim backfires when a bank robbery occurs in which he and his family become crucially involved.

Red Skelton's sponsor apparently was pleased with the way the comedian's program was received this season, for the show has been renewed on CBS for another 39 weeks, starting in October.

NBC is planning a new color film series based on the Ten Commandments. The plan is to hire the country's most famous writers to turn out scripts illustrating the moral precepts in modern fashion. Length of the programs has not yet been decided.

Production has started in Hollywood on the new half-hour film plays for "Ford Theater," which will be aired next season on the ABC network at 9:30 p.m. Wednesdays, beginning in October. The first of the new dramas has Laraine Day starring in "The West in Her Eyes."

The "G. E. Summer Originals" drama half-hour which gets under way on the ABC network July 3 will run through Sept. 11. These are new shows, selected "pilot" films from the huge stockpile built up in recent years by ambitious producers who hoped vainly they could develop a successful series. There are top people in this odd assortment, including James Mason, Arthur Treacher, Ben Blue, Joe E. Brown and Vivian Blaine, to name a few.

A new Sunday show on ABC for the summer, 5 to 6 p.m., is "Going Places," a live musical variety offair originating outdoors in a different locale each week.

ABC starts a new adventure series June 29 with "Combat Sergeant," a half-hour filmed item with Michael Thomas in the leading role. The stories are based on episodes in the North African campaign during World War II.

NBC has set aside the 9 to 9:30 p.m. slot Fridays, beginning in September, for a filmed series called "On Trial." Joseph Cotten will be host-narrator of the stories, which are based on famous authentic court cases. The show will be off the air every fourth Friday.

The cast of the Phil Silvers show is between shooting engagements now, but some of them aren't idle. Phil and Maurice Gosfield, who plays Doberman, have picked up some loot with an act in a Las Vegas night club. Paul Ford, the colonel, has gone to Hollywood to play the part in the film version that he created in the stage's "The Teahouse of the August Moon." Harvey Lembeck also has gone to Hollywood for a role in a new film, "The Day the Century Ended."

An original musical comedy spectacular on NBC July 15 will have Hal March of "The $64,000 Question" in the leading role. Title of the work is "The Bachelor," and the words and music are by none other than Steve Allen.

Eddie Fisher has been renewed by his sponsor for three more years and will be back on NBC in the fall. Jaye P. Morgan fills his spot this summer.

CAMERA NEWS

BABY POSE that makes maximum use of print area was shot by Tana Hoban. It is one of the picture ideas cited by magazine editor John Wolbarst.

Polaroid Cameras

In 1949 a revolutionary camera made its appearance which produced a finished print one minute after the picture was snapped. Despite its unique idea, ingenious operation and magical effect, it somehow failed to capture completely confirmed camera fans.

To many, the chief disadvantage was that the negative was destroyed in the process. This eliminated any chance of making duplicate prints or enlargements, except by rephotographing the positive. This, of course, loses sharpness. And there were many who said the new cameras didn't have the same crisp sharpness of conventional cameras to start with.

In addition, there were complaints about fading prints and first sepia tones, and the nuisance of having to coat each print to preserve it.

Even so, since 1949, the makers say a million Polaroid cameras have been sold. This is still only a small part of the 60 million cameras which the National Assn. of Photographic Manufacturers says are in use in the United States.

But changes have been made in the films, new models have appeared which at least minimize some of the objections, and many new uses for the cameras have been devised. So it's appropriate to make an up-to-date appraisal.

Film available today is moderately fast orthochromatic or extremely fast panchromatic film. The latter has a daylight ASA rating of 400 which is twice as fast as the fastest normal roll film (Tri-X, 200). Still another type of picture - in - a - minute film has unusual possibilities for making permanent type negatives. Type 43, professional pan film with a rating of 200 daylight, is coated on an acetate base instead of the usual paper base. By a special process of washing and fixing, the negative can be preserved to produce duplicate prints and enlargements.

Here are some of the special uses found for the pictures:

At a dinner party, snap pictures of the arriving guests and use the prints as place cards to guide them to their seats.

As a fund raiser for school, community or church affairs you can sell finished pictures one minute after you make them. You can add to the fun by using a humorous prop with a cut-out section for the person's head.

For autograph hounds, a signed personal picture makes a more valuable memento. In one minute you can have an on-the-spot photo for autographing.

In sports, immediate pictures are a help in correcting form, stance or grip while learning golf, tennis, diving, etc.

In photography itself, this can be an instant check-up on lighting, pose, composition and exposure before taking the picture with a conventional camera. In one minute you'll know whether any changes have to be made in any one of these factors.

Mood pictures are often determined by a photographer by varying the exposure time according to the existing light. Where there is a choice, the picture - in - a - minute camera offers an advantage. You can shoot the scene for the sky or bright portions only, for instance, and study the result immediately. It may give you a strong silhouette picture or it may help you decide that detail is necessary in the shadow portion. While you are still on the spot, you can reshoot the scene.

A few more experiments like this under varying conditions and soon you'll get the feeling of judging light and gauging exposure to obtain mood pictures. This is the beginning of creative, individual photography.

Travel

Disneyland Tour

The newest "must" for vacationers is Disneyland, described by Walt Disney as "a fabulous playground, something of a fair, a city from the Arabian nights, a Metropolis of the future, a show place of magic and living facts, but above all, a place to find happiness and knowledge."

So naturally this attraction has been added this year to the itinerary of the California Southwest Scenic Circle Tour operated by Happiness Tours of 6 East Monroe Street, Chicago, and 2 West 46th Street, New York City.

Yet this is only one of the many points of interest on this 11-day trip, scheduled to leave Chicago June 17, July 1 and then every Sunday to and including August 19, with a final tour set to leave September.

Juarez in Old Mexico gives the trip an international flavor, while three days each in Los Angeles and San Francisco hotels allow leisurely sightseeing in these fascinating cities.

On the return trip, stops are scheduled at Reno, Nevada, Salt Lake City, the Royal Gorge, Colorado Springs and Pike's Peak.

The rate on the reserved seat coach streamliner tour is $264.50, plus tax, from Chicago.

Canadian Tours Feature Banff

It's no longer unusual to see animals calmly crossing the roads in any of America's national parks. But up in Canada's oldest — and many say loveliest — national park, Banff, the animals are so tame that people say they've even learned to look both ways before venturing across the highway.

Be that as it may, Banff National Park is chock full of scenic splendor — both natural and animal — and one of Canada's most popular vacation spots. Banff Springs is just one of the many places visited on American Express' Imperial Western Tours this summer. Priced at $277, the 2-week tours depart weekly from Chicago from mid-June through August and visit Banff and Lake Louise, Vancouver, Victoria, Seattle, Portland, San Francisco, Los Angeles, San Diego, Grand Canyon, Albuquerque and Santa Fe. Prices are all - inclusive — reservations may be made at any American Express office or your local travel agent.

Fairyland Caverns

Vacation spots this summer will be as full of children as the schools are during the rest of the year. However, vacation attractions advertised as especially for children are often disappointing; parents themselves are bored or feel that the children got nothing worthwhile from the visit. For many years, an ideal attraction for the whole family have been Rock City, up on Lookout Mountain, near Chattanooga, Tenn. The trails, bridges, caverns, rocks and waterfalls are thrilling to children and parents alike, and the safe, well-maintained walks are appreciated by parents especially.

Rock city's special children's area is Fairyland Caverns, a series of caves where painters and sculptors have created scenes from many favorite fairy tales: Snow White and the Seven Dwarfs, Jack and the Beanstalk, Cinderella, Goldilocks, etc.

Record Review

Popular Records

Two years ago, at year's end, this column named what it thought were the best performances of 1951 and chose Thurl Ravenscroft as the top supporting singer.

Ravenscroft will be remembered as the man with the big, booming bass voice who helped make Rosemary Clooney's "This Old House" probably the best seller of that year.

Now Ravenscroft is trying his luck in a main role on a Bally single that couples "Oh, You Sweet One" and "I Ain't afraid." The latter is in the "Ghost Riders in the Sky" groove and is ideally tailored for Ravenscroft's rich voice.

Other promising newcomers — Lacille Watkins (Kapp) and Myoshi Umeki (Mercury). Lacille Watkins has an unusually wide range and a clear but powerful voice. Her "Maybe You'll Be There" and "His Hand Is Mine" coupling bears watching. Miss Umeki's voice is not so grandiose, but is more on the so-called sweet level with considerable warmth in the tones. Her Mercury recording of "The Little Lost Dog" should establish her.

Platter chatter — Percy Faith's arrangements of "The Rain in Spain" is an excellent instrumental version (Columbia) of one of the hit numbers from the Broadway hit, "My Fair Lady." . . . . . Homer and Jetro's "Hart Brake Motel" is a funny take off on a popular rock and roll song (RCA Victor) . . . Tennessee Ernie's "Roving Gambler" (Capitol) is a good tune but not quite as twangy as the Edison version of more than 30 years ago.

For Rock and rollers —"Peace and Love" by the Five Keys (Capitol), "Drugstore Rock and Roll" by Janis Martin (RCA-Victor) "The Rockin' Ghost" by Archie Bleyer (Cadence), "Honky Tonk Rock" by Betty Johnson (Bally).

Recommended Longplays— "Little Girl Blue," 12 songs by Joni James (M-G-M), one of the industry's most successful thrushes . . . "Picnic," soundtrack music from the movie starring Bill Holden and Kim Novak (Decca). . . "Matt Dennis Plays and Sings Matt Dennis," a dozen intimate-styled numbers by a versatile performer (Kapp), and "The Eddie Duchin Story," being selections from the movie biography of a great pop pianist (Capitol).

"Great Day in the Morning," rated one of the season's more interesting new films, has been scheduled to open today at the Jim Theatre. Starring Virginia Mayo, Robert Stack and Ruth Roman, the RKO Superscope - Technicolor attraction is based on the popular novel of the same name authored by Robert Hardy Andrews.

The story, said to be a blend of hard-hitting, action - packed outdoor adventure and tempestuous romance, deals with pre - Civil War gold raiding in Colorado. Denver, a scattered frontier settlement of the time, is the dram's chief locale. Highlight the screen play by Lesser Samuels is the violent struggle between Union and Confederate sympathizers to seize and control the gold resources of the nation.

ROMANTIC DUO — Co-stars Ruth Roman and Robert Stack furnish some of the unusual love interest in the season's outstanding action melodrama, "Great Day in the Morning," Superscope-Technicolor classic produced on a grand scale for RKO by Edmund Grainger. Opens today at the Jim Theater.

Filmed for the most part on location in and around the "ghost" mining town of Silverton, Colorado, "Great Day In the Morning" will be greeted with approval by the multitudes who enjoyed the book. According to preview reports the picture has amplified rather than altered the novel's explosive impact. Director Jacques Tourneur is declared to have captured the true warmth of the story as well as an atmosphere of factual reality.

Miss Mayo, seen in the role of Ann Merry Alaine, is credited for one of her most colorful characterizations. Ann of the story is a young pioneer girl, a newcomer in the Denver settlement soon caught in the raging whirlpool of North-South interests. The part follows that of the novel's heroine giving the star considerably more emotional latitude than in any of her previous performances.

Robert Stack as Owen Pentecost will unquestionably win many new admirers. "Great Day In the Morning" brings him to the screen as a cynical adventurer trapped in a desperate situation.

Ruth Roman has the role of Boston Grant, a professional beauty. Alex Nicol is co-starred as Kirby and the supporting cast includes Raymond Burr, Leo Gordon, Regis Toomey, Carlton Young, and Donald MacDonald.

"Great Day In The Morning" was produced by Edmund Grainger. The director of photography was William Snyder, A. S. C.

Hard Of Hearing Helped By Patented Invention!

U. S. Patent No. 2, 611, 829 has made possible an eyeglass hearing aid that requires no wire, no tube, no receiver or earmold, no device that "plugs in" either ear. Developed by Acousticon, oldest and leading manufacturer of electrical hearing aids, the invention makes possible more comfortable, inconspicuous correction for thousands who have hearing difficulties.

This exclusive invention is built right into the Spectacon eyeglass hearing aid. The eyeglass frames are made by a leading optical company and are available in any size. They make no sacrifice of optical standards.

You may see for yourself how this remarkable hearing development works—how it is as easy to put on or take off as any pair of glasses. Demonstration is free—see and hear for yourself, without obligation.

Two-Ton Tony

HOLLYWOOD, June 16 — It's getting so you have to be a sportswriter as well as a movie reporter in Hollywood these days! In almost every studio I find a few representatives of the noble sport of fisticuffs, wearing greasepaint instead of boxing gloves and slugging it out verbally with dialog directors instead of physically, with sparring partners.

Two-ton Tony Galento is Hollywood's latest and most colorful gift from the sports arena. He is at Twentieth-Century-Fox, playing the role of bodyguard to Ernest Borgnine in "The Best Things in Life Are Free".

The 46-year old former contender for the heavyweight championship of the world is a "character" in the true sense of the world. He talks in bunches, strictly sports talk, liberally sprinkled with tough-guy stuff.

He tells you how he trained on beer in his own beer joint back in Orange, N.J., his home town, for the heavyweight crown. That fight turned out to be more dramatic than any movie, for it was with Joe Lewis. Tony tells you, with a look of wonder on his mashed-up face, "I floored the Champ in the second round, woudja b'lieve it?" Obviously, he can hardly believe it himself. But his stamina and dogged determination not to be knocked out in that classic battle, made history in the world of sports, and was in a way responsible for Tony's "acting" career.

"Actin', Tony says, "ain't any different from wrasslin' or boxin'. Dem cameras dont scare me none. Neider do de directors. But dem bums is always pullin' the count on me, just when I'm gettin' started!"

Director Michael Curtiz had thought that Tony should wear a loud striped suit for his role of bodyguard. They couldn't find one to fit the roly-poly and dressed him instead in a dark, very conservative number of the vintage of the Twenties, which is when the story takes place.

The assistant director was sure that Curtis would be displeased. But when Tony came on the set, and met Michael for the first time, the director who is a stickler for details took one look at Galento and said, "don't worry about the suit. This man is flamboyant enough. He doesn't need anything loud to build the character. He IS the character!'

Tony says, "I didn't like that very much, but he's the referee. He calls the shots. After all, I'm an actor now. I still wrassle professionally — but it's only to kill time and make extra spendin' money. Feel my hands! Soft, like a woman's. I ain't no bum no more. I'm a gentleman!"

I examined the ham - like fists. Sure enough they are soft and believe it or not, Two-Ton Tony Galento has manicured fingernails.

"I get a manicure every week," he explains proudly. "I don't want people to think I ain't got class. Besides, I got a fifteen year-old kid. I wanna make sure he don't get into the fight-racket. He's a good-lookin kid. I want him to stay that way.

Tony went on to tell me that the boy played football against his wishes — and got four front-teeth knocked out.

"Dat settled it,' boomed Tony. "I put my foot down. Dis kid's gonna stay in one piece if I have to beat him up myself to make him see it my way!'

It will come as news to the executives at the studio — who won't know about this until they read it here, that Tony hurries out of the studio every night, and goes straight to a wrestling stadium. Not to watch them, mind you — but to take part as a contender.

MIGHT AND POWER of the mammoth beasts that raged in a world-without-man, depicted in artist's representation of "The Animal World," Warner Bros. presentation in Technicolor which opens Thursday at the Paramount Theater. Written, produced and directed by Irwin Allen, the Windsor production is said to offer sights, sounds and fury never before seen on the motion picture screen.

"Animal World" Opens Thursday At Paramount

"The Animal World," the raging story of animal life from its prehistoric beginning to the present, is on the motion picture screen. Produced by Irwin Allen, the man who won an Academy Award for his film, "The Sea Around Us," "The Animal World" was filmed in Technicolor by Warner Bros. The film arrives Thursday at the Paramount Thea--tre for its initial local showing.

Promising startling entertainment, "The Animal World" tells a story that began two billion years ago and is still unfolding. It was written, produced and directed by Mr. Allen who in a recent interview revealed that it took well over three million feet of color film, shot by naturalists the world over, to bring to completion one of the most ambitious undertakings in the career of the young producer. A previously considered high figure of footage for important productions has been in the vicinity of three and five hundred thousand feet, a number surpassed by two and a half million feet of film by "The Animal World." With the aid and guidance of some of the world's leading consultants in the fields of paleontology, zoology, anthropology, archeology, and with the help of museums and a long list of institutes of higher learning the world over, the film took over three years of produce.

Dr. Charles L. Camp, professor of paleontology at the University of California and a leading authority on the dinosaur period, came to Warner Bros.' Burbank studios as a consultant on the film. Together with leading sculptors and artists, miniatures resembling Ceratosaurus, Stegosaurus, Triceratops, Tyrannosaurus and Brontosaurus were created. These monsters of another world battle against each other, amidst violent cataclysmic scenes of volcanic eruptions, and earthquakes, all captured in vivid Technicolor.

To achieve this difficult effect and make it appear as real as humanly possible, Allen hired two of the finest animators available, Willis O'Brien and Ray Harryhausen, both specialists in dinosaur animation, to capture scenes in which the giant animals search for food, look for mates and fight with one another. The company spent 73 days shooting the sequences, just one of the many ages of animal existence pictured in "The Animal World."

The Technicolor film has been translated into 17 foreign languages by Warner Bros. and will be presented throughout the world. Paul Sawtell composed an unusual score and conducted the orchestra for the film, a Windsor Production for Warner Bros.

The United States uses about third of the world's goods and services.

1. WHO MARRIES EARLIER...MEN WITH LARGE OR SMALL INCOMES?
YOUR OPINION ______ 6-16

Answer To Question No. 1

1. Two sociologists have found that wealthy people marry considerably later than poor people. Men with incomes less than $2,000, marry at the average of 23; with incomes $2,000 to $2,900, at 24; incomes $3,000 to $4,000, at 26; $4,000 and up, at around 30. This is no doubt partly because most men earning larger incomes have had to take may years of education to secure such earnings. In many cases it may be a custom. Anyhow, lack of money delays some marriages.

When people fail and say, "We did our best," — is this true?

Yes——— No ———

2. Not as a rule. They mean they did their best at the moment. In about nine cases out of ten, they waste half their time thinking, "I wonder if I am doing as well as Jones or Brown," or, "wonder what the boss is thinking of me," or worrying over some personal problem. I've seldom seen anyone fail after carefully estimating his abilities and limitations, forgetting about success or failure, and devoting all his energies to the job.

Looking for a problem-solver?

Test yourself and find the cause and cure in "Solving Personal Problems," a nonprofit booklet available from Dr. A. E. Wiggam, c-o this newspaper. Enclose 15c, coin only, and stamped, fully addressed reply envelope.

Should all young people — especially students — know how to get summer jobs? Yes— No—

3. Yes. The best help is very good book — "Summer Jobs," from a study made by the editors of the Sterling Publishing Company, Tells exactly where to secure full information about hundreds of jobs everywhere, from parachute jumping ($5 to $100 a jump) to modeling, hotel, circus, camp and baby - sitting jobs, side-show "spielers," being guinea pigs for diet experiments, beauty treatments, etc.

Canned crushed pineapple makes a delicious preserve when combined with dried apricots or fresh pears. Add an orange to the pineapple-apricot mixture and a lemon to the pineapple-pear combination.

Add salt to the water when you are cooking cabbage; it improves the color and flavor and helps to retain Vitamin C.

The PHANTOM
By LEE FALK and WILSON McCOY
"PIRATE DAY" IN BENGALI, WHEN ALL THE TOWN DRESSES AS PIRATES
WHY ARE YOU INSPECTING ALL OF OUR 'TREASURE SACKS'?
BECAUSE THERE'S A MILLION IN STOLEN JEWELS IN ONE OF THEM~SAY, WHO LEFT THAT?
THIS IS SO HEAVY~MAMA, I'M SUPPOSED TO WAIT FOR A MAN
YOU'VE HAD A LONG DAY, DEAR. TIME FOR BED
HEY, YOU~ COME BACK!
YOU CAN'T LEAVE THAT STUFF CLUTTERING UP THE STREET WON'T YOUR KID WANT THOSE TOYS?
?
SURE~I WAS IN A HURRY I FORGOT.
BUT, DADDY, THE MAN WILL GIVE ME FIVE DOLLARS AND MY SACK BACK~
POOR CHILD~ SO SLEEPY HE DOESN'T KNOW WHAT HE'S SAYING
I'LL CARRY YOUR SACK, JUNIOR. HMM. IT IS HEAVY
MY SACK!
WHY WAS THAT MAN SO NERVOUS? WHY DID HE LEAVE THOSE TOYS? WHY CARRY THEM IN THE FIRST PLACE?
A CHILD WOULD CARRY TOYS~NOT A MAN~HMM~IT'S JUST A HUNCH~ TAXI~
WILSON McCOY 6-17
WHAT DID YOU PUT IN YOUR SACK~ YOUR ELECTRIC TRAIN? I'LL HAVE A LOOK.
IT'S NOT MINE.
IF HE LOOKS IN THERE I'LL USE MY GUN~
CONT'D.

GEE! THIS IS THE LIFE. I FEEL JUST LIKE SHUCKIN' OFF MY DUDS AND TAKIN' A SWIM FOR MYSELF.
OH, BOY! COUNT ME IN, UNCLE WILLIE.
6-17
COME ON, KAYO. LAST ONE IN IS A ORGAN GRINDER'S MONKEY.
WOT TH'?
OOP!
OH, I'M SO SORRY, SUGAR.
WELL, YOU'LL BE A LOT SORRIER. GET ME OUT OF HERE!
Reg. U. S. Pat. Off.: © 1956 by News Syndicate Co. Inc.
HEY! DON'T DO THAT! HONEY, YOU'RE TIPPING IT OVER.' LET GO!
ALL RIGHT. DO IT YOUR OWN WAY!
HURRY UP! I WANT TO GO HOME.
MY DEAR, I'M NOT ENJOYING THIS ANY MORE THAN YOU ARE.
WHOA! WHAT ARE YOU DOING, DEARIE?
YOU'LL FIND OUT! IF YOU THINK I'M GOIN' TO WEAR THESE WET CLOTHES ALL TH' WAY HOME AND CATCH MY DEATH OF COLD YOU'RE SADLY MISTAKEN.
TELL HIM I DEMAND A APOLOGY OR YOU'LL GIVE HIM A PUNCH IN TH' NOSE... THAT BUS DRIVER LAUGHED, YES, LAUGHED RIGHT IN MY FACE.

SMILIN' JACK
THE CORNERED IMPOSTOR TRIES TO GET AWAY— BUT JACK STOPS HIM!
LATER—THE GIRLS JILTED BY THE IMPOSTOR IDENTIFY HIM!
CALM DOWN, GIRLS··· HE'LL GET THE WORKS! HE'S WANTED IN SEVERAL STATES!
??
THE MOVIE FINISHED, JACK AND SABLE FLY HOME!
··SO JOLLY HAS STARTED DATING! IT'S HARD TO REALIZE HE'S A YOUNG MAN NOW!
YES, AND THAT'S WHEN PARENTS START WORRYING! THERE'S SO MUCH TALK ABOUT JUVENILE ESCAPADES!
TRUE, SABLE— IT'S MAKING MANY FOLKS THINK NEARLY ALL KIDS ARE BAD!
···BUT STATISTICS SHOW THAT MOST YOUNG PEOPLE ARE BASICALLY GOOD!
—BUT THEY MUST HAVE LOVE, GUIDANCE AND UNDERSTANDING FROM THEIR PARENTS!
UNFORTUNATELY, SOME MISGUIDED KIDS BECOME VANDALS!

JOLLY'S CROWD IS NOT LIKE THAT, BUT I HEAR THEY'RE SPEED CRAZY!
UNCONTROLLED SPEED CRAZE IS A TERRIFYING PROBLEM, BUT JOLLY IS LEVEL-HEADED! I THINK WE CAN TRUST HIM!
MEANWHILE
JETT! THIS CROWDED ROAD ISN'T A RACE TRACK! SLOW DOWN!
DON'T BE A SQUARE, JOLLY! I CAN'T LET SPARKY OUTRUN US! NOTHIN'S GONNA HAPPEN TO US!

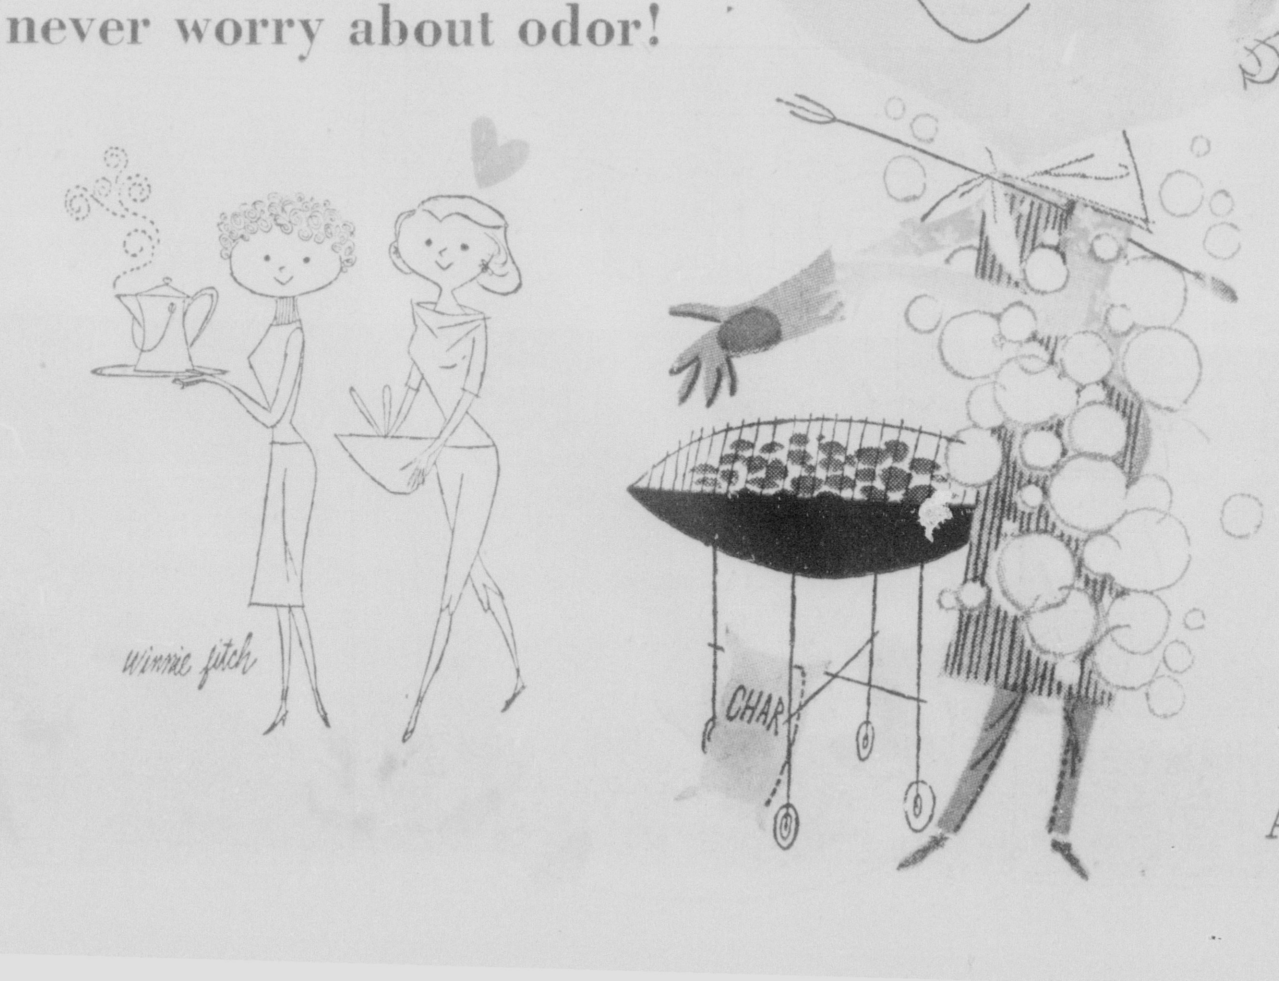
It's that DIAL feeling—

you never worry about odor!



winnie fitch
CHAR

Come and get it, folks—that fresh, clean Dial feeling.

No matter what you do, you always feel like you just stepped out of the shower. And the reason is—Dial removes odor-causing skin bacteria that other good soaps leave on your skin. Best of all, Dial *keeps on working*, protecting you all day—and for several days if need be. Dial's AT-7 does it. No other leading soap has it. That's why Dial—and only Dial—stops odor *before* it starts! People who use Dial say they just don't feel as clean with any other soap.
